Subject: No real or personal property taxes ever paid by hospital

As an offer of proof that hospital has been supported since beginning by local and state government.

Dear Mr. Peterson,

Per our conversation on Wednesday, November 30, 2016, I have completed my research on the taxable past history of the St. Joseph Hospital. I could find no record to indicate that the hospital has been assessed or taxed for any real or personal property since its inception in 1902.

If you find you have further questions, please do not hesitate to contact me.

Sincerely,
