Date Evidence Accepted:	Analyst:		
11/10/2015	Jamie Femreite		
Case Name(s):			
Subject - CODY W ROLAND			
Subject - BRIAN S WOOD			

EVIDENCE DESCRIPTION:

Item 5: Cylindrical metal "projectile" with a brass colored casing and silver colored core Item 5.1: Swab collected from the "projectile"

CONCLUSIONS AND INTERPRETATIONS:

Results from presumptive chemical tests performed on Item 5 indicated the presence of blood; however, serological tests to determine the species of origin were not performed due to limited sample size.

DNA testing may be attempted upon request and submission of documentation authorizing the consumption of Item 5.1, as well as submission of a known reference sample from Brian Wood, Cody Roland, and Jack Yantis. Please contact the laboratory regarding the resubmission of evidence.

DISPOSITION OF EVIDENCE:

All items have been returned to the main laboratory evidence vault for return to the submitting agency.

REMARKS:

I declare under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

Jamie Femreite / Forensic Scientist

Issue Date: 11/20/2015

Laboratory Case Number: M2015-4084 Report No.: 4

Toxicology Report Supplement

ROUTINE DRUG SCREEN:

Methamphetamine, Methadone, Cannabinoids (Cannabis), Cocaine Metabolite, Opiate Class Compounds, Benzodiazepine Class Compounds (additional compounds may also be included) All positive results reported have been confirmed by GC-MS or LC-MS QQQ.

UPON REQUEST:

Alcohol / Inhalants (e.g. Toluene and Xylenes). Pharmaceutical preparations not covered under routine drug screen

COMMENTS:

- 1. A negative finding does not indicate that no drug was present; only that it was not detected by our testing protocols.
- 2. A positive Cannabinoid result indicates that the subject has been exposed to cannabinoids (cannabis).
- 3. The current blood toxicology analytical methods used by ISP Forensic Services are limited in the types and concentrations of benzodiazepines that can be confirmed.
- 4. ISP Forensic Services is currently unable to detect cannabimimetic substances and/or their metabolites in toxicology samples. These substances are commonly known as "spice" or "synthetic cannabinoids."
- 5. Due to the variable pharmacological factors which affect drug metabolism (drug dose, route of administration, and rates of metabolism and excretion), determination of time since use and the level of impairment cannot be established solely on the basis of the results of the blood or urine testing.
- 6. When a suitable blood sample is available, urine alcohol analysis will not be pursued unless there are extenuating circumstances surrounding the case, and permission has been granted.
- 7. For DUI, the blood or urine results should be considered in conjunction with observations of impairment.
- 8. ISP Forensic Services does not perform testing for sugar levels, insulin, or any metals (such as lithium, mercury or arsenic) in either blood or urine.

STORAGE OF TOXICOLOGY COLLECTION KITS:

It is the best practice to store urine and blood specimens refrigerated, at minimum, to prevent degradation of any drug compounds present in the sample.

SAMPLE RETURN POLICY:

Upon completion of analysis, our laboratory will return the specimen to the agency from which it was submitted. The original submittal form (containing the external chain-of-custody) for toxicology cases will be returned with the evidence.

RE: Final Report (CFH1039003-0_F1)

Gunshot Residue Analysis Case Number: M15000140

Victim: YANTIS, Jack Subject: ROLAND, Cody

RJ Lee Group Work Order Number: CFH1039003-0

INTRODUCTION

One gunshot residue (GSR) kit and two items of clothing were received on November 10, 2015 from the Idaho State Police for GSR analysis. Particle extraction samples were collected from the items of clothing at RJ Lee Group using adhesive stubs. The samples were identified as follows:

Client Sample ID	RJLG Sample Number
Yantis Right Back	10349318
Yantis Right Palm	10349319
Yantis Left Back	10349320
Yantis Left Palm	10349321
Yantis Control	10349322
Roland Uniform Shirt	10349323
Roland Uniform Shirt Right Side PE	10349323A
Roland Uniform Shirt Left Side PE	10349323B
Roland Uniform Pants	10349324
Roland Uniform Pants Right Leg PE	10349324A
Roland Uniform Pants Left Leg PE	10349324B

The samples from the GSR kit were placed directly into the PSEM (PERSONAL SEM®) for analysis without any further preparation.

The particle extraction samples from the clothing were carbon coated and then placed directly into the PSEM (PERSONAL SEM®) for analysis.

WWW.RJLG.COM

350 Hochberg Road, Monroeville, PA 15146 | PH: 724.325.1776 | F: 724.733.1799

RJ Lee Group Report Number CFH1039003-0_F1 Page 2 of 12

SEM ANALYSIS

The samples were initially examined using manual microscopy to set run parameters and sample analysis area. They were then analyzed using an automated scanning electron microscope (PERSONAL SEM®) equipped with a full gunshot residue analysis package, including automated stage, backscattered electron (BSE) detector, energy dispersive x-ray spectrometer (EDS) and automated GSR analysis software.

The SEM analysis, on a particle-by-particle basis, retains the individual feature characteristics and can relate the presence of lead (Pb), antimony (Sb) and barium (Ba) to a single particle. When the instrument detects particles with the presence of Pb, Sb and/or Ba, it flags the particles as potential GSR. The images are stored along with the composition and coordinate data for relocation and confirmation by manual microscopy after the automated analysis is completed. A summary run sheet is printed with stored images and spectral data for relocation and confirmation applications. Representative flagged particles are relocated for compositional confirmation.

A particle is confirmed as being characteristic of GSR when Pb, Sb, and Ba, condense into a single particle, exhibiting the proper morphology and chemistry. Any particle, with these features, and a combination of two of the three elements (Pb/Sb and Pb/Ba or Sb/Ba) is classified as a two component particle. Any particle with one of the three elements (Pb, Sb, or Ba) that exhibits the proper morphology and chemistry is classified as a one component particle.

ANALYTICAL RESULTS

A list of confirmed particles detected during the analysis is as follows:

Sample ID	RJLG Sample No.	Classification and Number of Particles
¹ Yantis Right Back	10349318	Total Particles Characteristic of GSR — 1 Total Two Component Particles — ≥ 21
¹ Yantis Right Palm	10349319	Total Particles Characteristic of GSR — 8 Total Two Component Particles — ≥ 24
¹ Yantis Left Back	10349320	Total Particles Characteristic of GSR – 19 Total Two Component Particles – ≥ 28
Yantis Left Palm	10349321	Total Particles Characteristic of GSR – 25 Total Two Component Particles – ≥ 28
Yantis Control	10349322	No GSR related particles
^{1, 2} Roland Uniform Shirt Right Side PE	10349323A	Total Particles Characteristic of GSR -≥ 33 Total Two Component Particles -≥ 34
¹ Roland Uniform Shirt Left Side PE	10349323B	Total Particles Characteristic of GSR - ≥ 24 Total Two Component Particles - ≥ 22

Sample ID	RJLG Sample No.	Classification and Number of Particles
¹ Roland Uniform Pants	10349324A	Total Particles Characteristic of GSR - ≥ 21
Right Leg PE		Total Two Component Particles – ≥ 29
¹ Roland Uniform Pants	10349324B	Total Particles Characteristic of GSR – 13
Left Leg PE		Total Two Component Particles – ≥ 26

¹ The element tin (Sn) was found in combination with two-component, and/or characteristic of GSR particles.

CONCLUSIONS

Jack Yantis

Right Back (RJLG sample number 10349318) contained a particle characteristic of GSR and two component particles (see Figure 1). One component particles were also detected.

Right Palm (RJLG sample number 10349319) contained particles characteristic of GSR and two component particles (see Figure 2). One component particles were also detected.

Left Back (RJLG sample number 10349320) contained particles characteristic of GSR and two component particles (see Figure 3). One component particles were also detected.

Left Palm (RJLG sample number 10349321) contained particles characteristic of GSR and two component particles (see Figure 4). One component particles were also detected.

Control (RJLG sample number 10349322) contained no GSR related particles.

Cody Roland Uniform Shirt

Right Side PE (RJLG sample number 10349323A) contained particles characteristic of GSR and two component particles (see Figure 5). One component particles were also detected.

Left Side PE (RJLG sample number 10349323B) contained particles characteristic of GSR and two component particles (see Figure 6). One component particles were also detected.

Cody Roland Uniform Pants

Right Leg PE (RJLG sample number 10349324A) contained particles characteristic of GSR and two component particles (see Figure 7). One component particles were also detected.

Left Leg PE (RJLG sample number 10349324B) contained particles characteristic of GSR and two component particles (see Figure 8). One component particles were also detected.

² Full user defined area was not analyzed.

QUALIFIERS

GSR can be deposited by circumstances such as discharging a firearm, being in the proximity of a discharging firearm or coming into contact with a surface/object that has GSR on it.

Two component and one component particles are found in GSR but may also originate from other sources.

The absence of GSR does not eliminate the possibility that the subject handled or discharged a firearm.

These results are submitted pursuant to RJ Lee Group's current terms and conditions of sale, including the company's standard warranty and limitation of liability provisions. No responsibility or liability is assumed for the manner in which the results are used or interpreted. The submitted items are being returned to your office and are enclosed.

RE: Final Report (CFH1039003-0_F1)

Gunshot Residue Analysis Case Number: M15000140

Victim: YANTIS, Jack Subject: ROLAND, Cody

RJ Lee Group Work Order Number: CFH1039003-0

Introduction

One gunshot residue (GSR) kit and two items of clothing were received on November 10, 2015 from the Idaho State Police for GSR analysis. Particle extraction samples were collected from the items of clothing at RJ Lee Group using adhesive stubs. The samples were identified as follows:

Client Sample ID	RJLG Sample Number
Yantis Right Back	10349318
Yantis Right Palm	10349319
Yantis Left Back	10349320
Yantis Left Palm	10349321
Yantis Control	10349322
Roland Uniform Shirt	10349323
Roland Uniform Shirt Right Side PE	10349323A
Roland Uniform Shirt Left Side PE	10349323B
Roland Uniform Pants	10349324
Roland Uniform Pants Right Leg PE	10349324A
Roland Uniform Pants Left Leg PE	10349324B

The samples from the GSR kit were placed directly into the PSEM (PERSONAL SEM $^{\circ}$) for analysis without any further preparation.

The particle extraction samples from the clothing were carbon coated and then placed directly into the PSEM (PERSONAL SEM*) for analysis.

WWW.RJLG.COM

RJ Lee Group Report Number CFH1039003-0_F1 Page 2 of 12

SEM ANALYSIS

The samples were initially examined using manual microscopy to set run parameters and sample analysis area. They were then analyzed using an automated scanning electron microscope (PERSONAL SEM®) equipped with a full gunshot residue analysis package, including automated stage, backscattered electron (BSE) detector, energy dispersive x-ray spectrometer (EDS) and automated GSR analysis software.

The SEM analysis, on a particle-by-particle basis, retains the individual feature characteristics and can relate the presence of lead (Pb), antimony (Sb) and barium (Ba) to a single particle. When the instrument detects particles with the presence of Pb, Sb and/or Ba, it flags the particles as potential GSR. The images are stored along with the composition and coordinate data for relocation and confirmation by manual microscopy after the automated analysis is completed. A summary run sheet is printed with stored images and spectral data for relocation and confirmation applications. Representative flagged particles are relocated for compositional confirmation.

A particle is confirmed as being characteristic of GSR when Pb, Sb, and Ba, condense into a single particle, exhibiting the proper morphology and chemistry. Any particle, with these features, and a combination of two of the three elements (Pb/Sb and Pb/Ba or Sb/Ba) is classified as a two component particle. Any particle with one of the three elements (Pb, Sb, or Ba) that exhibits the proper morphology and chemistry is classified as a one component particle.

ANALYTICAL RESULTS

A list of confirmed particles detected during the analysis is as follows:

Sample ID	RJLG Sample No.	Classification and Number of Particles
¹ Yantis Right Back	10349318	Total Particles Characteristic of GSR – 1 Total Two Component Particles – ≥ 21
¹ Yantis Right Palm	10349319	Total Particles Characteristic of GSR – 8 Total Two Component Particles – ≥ 24
¹ Yantis Left Back	10349320	Total Particles Characteristic of GSR – 19 Total Two Component Particles – ≥ 28
Yantis Left Palm	10349321	Total Particles Characteristic of GSR – 25 Total Two Component Particles – ≥ 28
Yantis Control	10349322	No GSR related particles
^{1, 2} Roland Uniform Shirt Right Side PE	10349323A	Total Particles Characteristic of GSR – ≥ 33 Total Two Component Particles – ≥ 34
¹ Roland Uniform Shirt Left Side PE	10349323B	Total Particles Characteristic of GSR - ≥ 24 Total Two Component Particles - ≥ 22

RJ Lee Group Report Number CFH1039003-0_F1 Page 3 of 12

Sample ID	RJLG Sample No.	Classification and Number of Particles
¹ Roland Uniform Pants Right Leg PE	10349324A	Total Particles Characteristic of GSR - ≥ 21 Total Two Component Particles - ≥ 29
¹ Roland Uniform Pants Left Leg PE	10349324B	Total Particles Characteristic of GSR – 13 Total Two Component Particles – ≥ 26

¹ The element tin (Sn) was found in combination with two-component, and/or characteristic of GSR particles.

CONCLUSIONS

Jack Yantis

Right Back (RJLG sample number 10349318) contained a particle characteristic of GSR and two component particles (see Figure 1). One component particles were also detected.

Right Palm (RJLG sample number 10349319) contained particles characteristic of GSR and two component particles (see Figure 2). One component particles were also detected.

Left Back (RJLG sample number 10349320) contained particles characteristic of GSR and two component particles (see Figure 3). One component particles were also detected.

Left Palm (RJLG sample number 10349321) contained particles characteristic of GSR and two component particles (see Figure 4). One component particles were also detected.

Control (RJLG sample number 10349322) contained no GSR related particles.

Cody Roland Uniform Shirt

Right Side PE (RJLG sample number 10349323A) contained particles characteristic of GSR and two component particles (see Figure 5). One component particles were also detected.

Left Side PE (RJLG sample number 10349323B) contained particles characteristic of GSR and two component particles (see Figure 6). One component particles were also detected.

Cody Roland Uniform Pants

Right Leg PE (RJLG sample number 10349324A) contained particles characteristic of GSR and two component particles (see Figure 7). One component particles were also detected.

Left Leg PE (RJLG sample number 10349324B) contained particles characteristic of GSR and two component particles (see Figure 8). One component particles were also detected.

² Full user defined area was not analyzed.

RJ Lee Group Report Number CFH1039003-0_F1 Page 4 of 12

QUALIFIERS

GSR can be deposited by circumstances such as discharging a firearm, being in the proximity of a discharging firearm or coming into contact with a surface/object that has GSR on it.

Two component and one component particles are found in GSR but may also originate from other sources.

The absence of GSR does not eliminate the possibility that the subject handled or discharged a firearm.

These results are submitted pursuant to RJ Lee Group's current terms and conditions of sale, including the company's standard warranty and limitation of liability provisions. No responsibility or liability is assumed for the manner in which the results are used or interpreted. The submitted items are being returned to your office and are enclosed.

- 1. On November 1, 2015, at approximately 9:09 PM, Detectives from the Idaho State Police, District Three Office responded to an officer involved shooting which occurred at 2562 US Highway 95, Council, Adams County, Idaho. The shooting involved Adams County Sheriff's Deputy Roland, Adams County Sheriff's Deputy Wood, and Jack YANTIS. I was assigned as the lead detective.
- 2. I assigned Idaho State Police Detective Walker to process the scene of the shooting. Walker was assisted by Idaho State Police Detective DeBie, and Evidence Technician Hendershot. The shooting took place on the roadway in front of YANTIS' residence and a search of the area located at 2562 US Highway 95 was conducted. Refer to Detective Walker's report for further details.
- 3. Idaho State Police Detective Gooch was assigned as first contact officer and met with Deputies Roland and Wood at the Adams County Sheriff's office located at 201 Industrial, Council, Adams County, Idaho. Refer to Gooch's report for further details.
- 4. Idaho State Police Detective Sergeant Boone was assigned to canvas the area of the crime scene. Sergeant Boone conducted interviews of several witnesses in the area of the critical incident. Refer to Sergeant Boone's report for further details.
- 5. The investigation is ongoing.

LABORATORY REPORT

To: Rodney O. Draper

Date: December 8, 2015

Salt Lake City

Case ID No.: 282A-SU-6764232

Lab No.: 2015-02796-3

Communication(s):

November 24, 2015

Agency Reference(s):

Subject(s):

Brian S. Wood; Cody W. Roland

Victim(s):

Jack Yantis

Discipline(s):

Chemistry - Paints/Polymers

FBI Laboratory Evidence Designator(s):

Item 1

Two cartridges from rifle of Jack Yantis (1B1, E5381516)

Item 2

Baton from Cody Roland (1B5, E5381520)

Item 3

Bullet (1B4, E5381519)

Item 4

Bullet (1B3, E5381518)

Item 5

Belt with accessories from Cody Roland (1B2, E5381517)

This report contains the results of the requested paint and polymer examinations.

Results of Examinations:

The Item 2 baton and Item 5 belt with accessories were examined for the presence of red material transfer. Red marks were observed on the end of Item 2, but none were observed on Item 5. The red marks on Item 2 were examined and determined to be paint, whereas the tips of Item 1 are plastic. Therefore, a tip like those from Item 1 is not the source of the red marks on Item 2 (Elimination).

Visual and stereomicroscopical exams and Fourier transform infrared spectroscopy (FTIR) were used in the examination of these items of evidence.

UNCLASSIFIED

UNCLASSIFIED

Interpretation:

The following descriptions are meant to provide context to the conclusions reached in this report. Every type of conclusion may not be applicable in every case nor for every material.

Type I Association: Physical/Fracture Match — The compared items exhibit physical features that demonstrate they were once part of the same object.

Associations of Evidence with Class Characteristics:

Class characteristics are physical and/or chemical properties that place an item within a particular group of items. Associations of class evidence can have varying degrees of significance. As the size of the class decreases, the significance of the association between items in that class increases. A class association does not definitively establish that the items came from the same source.

Type II Association: Association with atypical characteristics — An association in which items could not be differentiated based on observed and/or measured properties and/or chemical composition. Therefore, the possibility that the items came from the same source cannot be eliminated. Further, the items share unusual characteristics that would not be expected to be encountered in the relevant population.

Type III Association: Association with typical characteristics — An association in which items could not be differentiated based on observed and/or measured properties and/or chemical composition. Therefore, the possibility that the items came from the same source cannot be eliminated. Other items have been manufactured that would also be indistinguishable from the submitted items and could be encountered in the relevant population.

Type IV Association: Association with limited characteristics/examinations—
An association in which items could not be differentiated based on observed and/or measured properties and/or chemical composition. Therefore, the possibility that the items came from the same source cannot be eliminated. As compared to the categories above, this type of association has decreased evidential value as a result of items that are more commonly encountered in the relevant population, the inability to perform a complete analysis, or minor variations observed in the data.

Inconclusive – No conclusion could be reached regarding an association or an elimination between the items.

Elimination/Exclusion – The compared items exhibit differences in observed and/or measured properties and/or chemical composition that demonstrate they did not originate from the same source.

FORENSIC FIREARM AND TOOLMARK REPORT

Case Agency(s):	Agency Case No(s).:	Laboratory Case No.:	
ISP-CONFIDENTIAL D3	M15000140	M2015-4084	
Date(s) of Offense:	Investigating Officer(s):	Report No.:	
11/1/2015	Jason Horst	8	
Date Evidence Accepted:	Analyst:		
12/8/2015	Stuart Jacobson		
Case Name(s):			
Subject - BRIAN S WOOD			
Subject - JACK FRED YANTIS			
Subject - CODY W ROLAND			

EVIDENCE DESCRIPTION:

- **7** Agency exhibit no. **150002830-3**. Box containing Ruger Model 77 Mark II, 204 Ruger caliber bolt action rifle, serial number 790-97365.
- **8** Agency exhibit no. **150002761-1**. Plastic gun case containing Lewis Machine & Tool Model Defender 2000, 223 Remington (5.56 X 45MM) caliber, semi-automatic rifle, serial number LMT 35830.
- 9 Agency exhibit no. 150002882-1. Box containing piece of asphalt with defect.
- **10** Agency exhibit no. **150003761-16**. Box containing Glock Model 30, 45 ACP caliber, semi-automatic pistol, serial number DKY931US.

CONCLUSIONS AND INTERPRETATIONS:

Evidence item 7 was test fired and found to function normally. It has a trigger pull of between 2 1/2 and 2 3/4 pounds.

Evidence item 8 was test fired and found to function normally. It has a trigger pull of between 4 3/4 and 5 pounds.

Evidence item 10 was test fired and found to function normally. It has a trigger pull of between 6 1/4 and 6 1/2 pounds.

Evidence item 9 was visually and microscopically examined for bullet fragments and none were observed. The defect in item 9 was chemically tested for the presence of lead and copper and a small amount of lead and copper was detected.

Laboratory Case Number: M2015-4084	Report No.:	8
Laboratory Case Number: Wizo13-4064	Report No	O

DISPOSITION OF EVIDENCE:

Testfire(s) from Laboratory Item No(s). 10, 8 and 7 have been retained by the laboratory. All remaining items will be returned to the submitting agency.

REMARKS:

I declare under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

Stuart Jacobson / Forensic Scientist

Analyst:		
Jennifer (Jennie) Ayers		
Case Name(s):		
Subject - BRIAN S WOOD		
Subject - JACK FRED YANTIS		
Subject - CODY W ROLAND		

On November 2, 2015, at approximately 1314 hours, Forensic Scientist I Hailey Youngling and I responded to the Ada County Coroner's office in Boise, Idaho, to assist Idaho State Police with the collection of post mortem fingerprints.

The decedent was in a black body bag; the evidence seals were broken. The bag was identified with a tag labeled "Jack Yantis", "case number: 2015-01", and "Adams County Coroner".

On the decedent's right hand, there were areas of damage, including the thenar area of palm, right index finger, right middle finger, and right ring finger. On the decedent's left hand, there was damage to the left ring finger and the left little finger. The proximal joint of the left little finger was still attached to the hand, the middle joint was missing, and a piece which appeared to be the distal joint was present with the body, but contained a very small amount of pattern area.

With my assistance, Hailey Youngling collected the following exemplars: one set of inked fingerprints, one set of fully rolled finger prints from the right hand, portions of the right palm, one set of fully rolled finger prints from the left hand, and the left palm.

We cleared the Ada County Coroner's office at 1450 hours. The finger and palm print exemplars were turned over to Detective Vickie Gooch at 1525 hours.

#### **REMARKS:**

I declare under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

On November 01, 2015, members of the Idaho State Police District III Investigations Unit responded to an officer-involved critical incident in Adams County, Council, Idaho, involving two Adams County Sheriff's Department members, Deputy Cody Roland and Deputy Brian Wood, and one suspect, identified as Jack YANTIS.

Idaho State Police Detectives Victoria M. Gooch and Jason Horst were assigned to the First Contact Team, responsible for processing the evidence associated with Deputy Roland and Deputy Wood, including their uniforms, firearms, equipment, blood and urine.

Idaho State Police Corporal Quinn Carmack assisted Detectives Gooch and Horst with this assignment.

DOB					

#### **Narrative**

- 1. On November 01, 2015, members of the Idaho State Police District III Investigations Unit responded to an officer-involved critical incident in Adams County, 201 Industrial Avenue, Council, Idaho involving two Adams County Sheriff's Department members, Deputy Cody Roland and Deputy Brian Wood, and the suspect, identified as Jack YANTIS.
- 2. At approximately 8:35 p.m., Idaho State Police Detective Sergeant Robert Boone contacted me to advise of the Critical Incident in Adams County and to request for me to travel to the crime scene to assist on processing the scene.
- 3. At approximately 10:48 p.m., I arrived at the Adams County Sheriff's Department and was met by Idaho State Police Patrol Sergeant Kirk Grothaus who advised that two Adams County Sheriff's Department Deputies, Cody Roland and Brian Wood, and a local rancher, later identified as Jack YANTIS. Sgt. Grothaus advised me that he had secured Deputy Wood's rifle which he advised was used during the Critical Incident. Sgt. Grothaus advised that the rifle was currently secured in the trunk of Idaho State Police Trooper Mark Wright's state-issued vehicle and that the vehicle was in the parking lot of the Adams County Sheriff's Department. I requested Sgt. Grothaus to keep the rifle in the trunk of Trooper Wright's vehicle until a later time.
- 4. I requested Sergeant Grothaus to remain with me until other personnel from District III Investigations arrived so that we could remain with the involved officers, which Sergeant Grothaus advised were being attended to by the Adams County Sheriff, Ryan Zollman.
- 5. At approximately 11:15 p.m., Lt. Jack Catlin and Detective Jason Horst arrived at the Adams County Sheriff's Department and Lt. Catlin assigned myself and Detective Horst to the First Contact Team duties, which required the processing of Deputy Roland and Deputy Wood's uniforms, firearms, equipment, blood and urine.
- 6. At approximately 11:22 p.m., I requested through Idaho State Police Dispatch to have Idaho State Police Corporal Quinn Carmack respond to the Adams County Sheriff's Department to assist me and Detective Horst with this assignment, primarily to photograph both deputies and any evidence collected from them.
- 7. Sergeant Grothaus had advised me upon my arrival that he had already collected Deputy Roland's urine and had it secured in the sheriff's department patrol area. Sergeant Grothaus further advised he had used a urine kit obtained from the Adams County Sheriff's Department jail.
- 8. At approximately 11:37 p.m., Corporal Carmack arrived at the Adams County Sheriff's Department and immediately began assisting on the processing of Deputy Cody Roland. Deputy Roland was asked if how he was dressed accurately represented how he was during the Critical Incident and he advised yes. After the initial photographs, Deputy Roland's duty belt, including his handgun which he stated was used during the Critical Incident. Also secured by Detective Horst was Deputy Roland's uniform shirt, uniform pants, uniform baseball cap, two belts, his ballistics vest, t-shirt and boots.
- 9. In order to assist the crime scene personnel with processing of the crime scene and recovering evidence specific to this Critical Incident, I asked Deputy Roland how many rounds he believed he fired during the Critical Incident and he advised he thought he had fired between 3-4 rounds.
- 9. At my request, Sheriff's Zollman contacted a local physician and his wife, a registered nurse, to draw the blood on both deputies. At this time, I requested Corporal Carmack to provide me two blood kits he had in his Idaho State Police patrol unit so that I could coordinate the drawing of both deputies' blood. Corporal Carmack provided to me two blood kits.
- 10. On November 02, 2015, at approximately 12:16 a.m., I met with Dr. Brad Mangum and his wife, Lisa Mangum, who confirmed she was a registered nurse. Dr. Mangum advised that he was going to have his wife, Lisa Mangum, draw the blood of both deputies since she had more experience in blood draws.
- 11. At approximately 12:21 a.m., I witnessed the blood draw on Deputy Cody Roland. Lisa Mangum drew the blood and I completed the proper forms, including the acknowledgment from Deputy Roland about the purpose of

#### **Narrative**

the blood draw.

- 12. I requested Sgt. Grothaus to fill out an evidence receipt and date and time the receipt for when he obtained Deputy Roland's urine. Sgt. Grothaus completed the form, which I had provided to him and I secured the urine belonging to Deputy Roland at this time as well as the blood kit containing Deputy Roland's blood.
- 13. Myself, Detective Horst and Corporal Carmack then proceeded to process Deputy Brian Wood in the same manner as Deputy Roland. Deputy Wood was asked if how he was dressed accurately represented how he was during the Critical Incident and he advised yes with the exception that his body camera and rifle were removed from him at the scene.
- 14. In order to assist the crime scene personnel with processing of the crime scene and recovering evidence specific to this Critical Incident, I asked Deputy Wood what weapon he used and how many rounds he believed he fired during the Critical Incident and he advised he used his rifle during the incident and thought he had fired between 6-7 rounds at the bull and 6-7 rounds at Mr. YANTIS.
- 15. Detective Horst obtained Deputy Wood's uniform pants, uniform shirt, ballistics vest, t-shirt, boots, and I requested Detective Horst to collect blood from two areas on Deputy Wood's right forearm, above the wrist bone, which he advised was blood transferred from Mr. YANTIS onto him when he responded to Mr. YANTIS after he had been shot. Detective Horst used cotton swabs provided to me by Sheriff Zollman. I secured sterile water from Corporal Carmack who advised he had an un-opened bottle of water in his patrol unit. I took possession of both swabs from Detective Horst after he swabbed the suspected blood from Deputy Wood.
- 16. At this time, I also requested Sgt. Grothaus to retrieve Deputy Wood's rifle from the trunk of Trooper Wright's patrol unit.
- 17. On November 02, 2015, at approximately 12:28 a.m., Detective Horst obtained the urine from Deputy Brian Wood using a urine kit from the Adams County Jail. Immediately following obtaining of the urine sample, I witnessed Lisa Mangum obtain the blood from Deputy Brian Wood using a blood kit provided by Corporal Carmack. Lisa Mangum drew the blood and I completed the proper forms, including the acknowledgment from Deputy Wood about the purpose of the blood draw.
- 18. At approximately 12:45 a.m., Detective Horst and I began to secure the evidence for transport.
- 19. Detective Horst and I secured Deputy Roland's handgun, identified as a Glock Model 30, Serial #DKY931. We located inside the chamber of the handgun one live round, a Winchester .45 auto hallow-point, and a ten-round magazine with four live rounds. All three of these items were placed in a box provided by the Adams County Sheriff's Department for transport. Deputy Roland's duty belt with accessories was also placed into a box for transport and the uniform clothing and other items worn by Deputy Roland were placed into separate evidence bags for transport back to the Meridian ISP Complex.
- 20. Detective Horst and I secured Deputy Wood's rifle, described as a Lewis Machine and Tool Defender 2000, Serial #LMT35830, and one live round from the chamber, further described as a Remington .223 Speer live round, as well as a (30) thirty round P-Mag magazine live rounds remaining in the magazine. These three items were placed into hard back rifle case provided to me by Sgt. Grothaus who advised he received the case from Sheriff Zollman. (1) One Axon Body Camera, Serial Number X78021462, and a Motorola handheld radio, which had also been secured from Deputy Wood at the same time his rifle was secured at the original crime scene and subsequently placed into the trunk of Trooper Mark Wright's patrol unit with the rifle, were placed into a separate box for transport back to the Meridian ISP Complex. These two additional items (Body Camera and the Motorola Radio were initially made a part of the Exhibit (BW-1) assigned to the rifle, however, on November 04, 2015, the Body Camera was turned over to Detective Bret Kessinger for downloading purposes and the handheld Motorola radio was turned over to Investigative Assistant Danielle Hendershot).
- 21. Deputy Wood's duty belt and handgun were placed into a box for transport back to the Meridian ISP Complex. Deputy Wood advised he did not use his handgun at any time during the Critical Incident. Deputy Wood's uniform clothing and other items worn by Deputy Wood during the Critical Incident were placed into separate evidence bags for transport back to the Meridian ISP Complex.

## FIRST CONTACT TEAM Idaho State Police

#### **Narrative**

- 22. All evidence secured by myself and Detective Horst was maintained in Chief Deputy Jeff Brown's office until my departure from the Adams County Sheriff's Department. Either myself, Detective Horst, Sgt. Grothaus, and Trooper Carmack were the one's only allowed into the room, and Sheriff Zollman was requested to stand guard on the outside of the room when Detective Horst and I were moving the items of evidence from the room to my vehicle for transportation back to the Meridian ISP Complex.
- 23. On November 02, 2015, at approximately 1:00 a.m., I departed from the Adams County Sheriff's Department with the evidence secured in my state-issued vehicle and I arrived at the Meridian ISP Complex at approximately 2:45 a.m. I placed all items of evidence in the Meridian ISP evidence lockers with the exception of the blood and urine kits, which I placed in the refrigerator/freezer in the Meridian ISP evidence area.
- 24. I completed transferring the evidence from my state-issued vehicle into the evidence lockers at approximately 3:30 a.m. this same date.
- 25. On November 04, 2015, Detective Horst and I processed the weapons associated with Deputy Roland and Wood.
- 26. Deputy Roland's weapon which he stated was used during the Critical Incident was identified as a Glock Model 30 (.45) caliber handgun, black in color, with one live round in the chamber (identified as a Winchester .45 auto hallowpoint). The ten round magazine located in the handgun had (4) four remaining live rounds (Winchester .45 auto rounds).
- 27. Deputy Roland's duty belt contained a Motorola radio in a holster; a Gerber brand all purpose tool inside a case; (2) handcuff cases without handcuffs; OC Spray in a holster; an ASP in a holster; one Blackhawk handgun holster which housed the Glock Model 30 handgun; and a double-stack magazine carrier with two magazines (one with twelve (12) live Winchester .45 auto hallowpoint rounds and the second magazine with (14) live Winchester .45 auto hallowpoint rounds.
- 28. Deputy Wood's rifle was identified as a Lewis Machine and Tool Defender 2000 (5.56 mm) Rifle, Serial #LMT35830, manufactured in Milan, Illinois, black in color, with one live round in the chamber (a Remington .223 Speer round) and a P-Mag magazine with a (30) thirty round capacity, holding (11) .223 live rounds.
- 29. I photographed both weapons as they were being processed by Detective Horst and myself before they were re-boxed separately and the boxes with the guns were sealed. The magazines and ammunition were also photographed before being placed into evidence bags and sealed.
- 30. On November 05, 2015, Idaho State Police Detective Sergeant Jim Christensen and Investigative Assistant Danielle Hendershot, as well as Boise State University Student-Intern Nate Long processed the other items of evidence obtained from Deputy Roland and Deputy Wood's on November 01, 2015 and November 02, 2015 while at the Adams County Sheriff's Department. The remaining items of evidence were also photographed by myself during the processing of those items before being placed into evidence bags.
- 30. I temporarily assigned the following exhibit numbers to the evidence, with the exception of the blood an urine, associated with Deputy Cody Roland until the Tiburon Case Management System assigned Tag #150002761 to the evidence.
- a. CR-1 Deputy Roland's Glock Model 30 handgun, Serial #DKY931, black in color
- b. CR-2 (1) live Winchester .45 auto hallowpoint round
- c. CR-3 (1) 30-round magazine with (4) four live rounds
- d. CR-4 Deputy Roland's Duty Belt with accessories
- e. CR-5 Magazine from CR-4 with (12) twelve live rounds
- f. CR-6 Magazine from CR-4 with (14) fourteen live rounds
- g. CR-7 Urine Kit
- h. CR-8 Blood Kit
- i. CR-9 Gildan Size XL Uniform Shirt w/cloth Adams County Sheriff's Office badge
- j. CR-10 Riggs brand Workwear Wranglers, Size 38x36
- k. CR-11 US Armour Ballistics Vest (Size LL + 2; LF + 1), Manufactured in 2010
- I. CR-12 Adams County Sheriff's Department baseball cap with cloth badge

## LAKEY INTRVIEW Idaho State Police

#### Narrative

- MP 142. He met Royce at the fire station and they responded in Squad 1 for extrication. Upon arrival, they parked just north of the victim's car. EMS was on scene and had one patient in their ambulance. Lakey, Royce and other fireman cut the roof off of the car and assisted EMT's remove the Female passenger from the vehicle.
- 4.Royce moved their emergency vehicle up the hill and parked it in the driveway of the Yantis residence. Royce returned down the hill and assisted him and EMS putting the female on a backboard.
- 5.Lakey asked Jerimiah Conaway to do traffic control on the south end and Sam McConnell to do traffic control on the north end of the scene to get south bound traffic moving first as the ambulance would need room to turn around
- 6. They had the female on a backboard at the back of the first ambulance waiting for the second ambulance, when he heard a volley of shots (unknown how many) he assumed they were putting the bull down. He had been told there was an injured bull which was agitated.
- 7. When the second ambulance arrived, they removed the gurney from the ambulance and was in the process of loading the female patient into the second ambulance, when he heard another volley of shots. Maybe two volleys. He estimated the distance from the ambulances to the shooting scene to be approximately fifty yards. Both Ambulances were facing north offset, both were running, both are diesels. There were a few minutes between the volleys of shots. Lakey heard loud voices around the time of the second volley. Lakey was unable to tell what was being said.
- 8. Over Royce's radio he heard "Shots Fired". He and Royce ran up the hill. When they got up to approximately the skid steer he saw a person laying on the ground with a Deputy holding the persons arm behind the persons back. He saw a second person lying on his left side with blood coming out. Someone was yelling to get EMT's.
- 9.Lakey ran back down the hill to the ambulances. He told the EMT's that they were needed up the hill, someone had been shot and was bleeding. He went back up the hill with the EMT's who told him they needed an airway kit so he returned to the Ambulance where Dan gave him a kit. He and Dan returned up the hill, he saw the EMT's roll the victim onto his back and they were checking him.
- 10. The other person who was lying on the ground handcuffed was hollering the name "Jack". Lakey then recognized the person whom the EMT's were working on as Jack Yantis. He then started to go back down the hill.
- 11.Lakey heard a Deputy talking sternly to someone telling them to put those down, leave them alone, and don't pick them up. He turned around and saw a guy in camo picking up brass, he put them down. The guy looked at the Deputy and then again started to pick up brass. The Deputy then placed the guy against the vehicle and handcuffed him.
- 12.Lakey then saw Mrs. Yantis start to pick up some. Lakey asked her not do that, because he did not want to see her get restrained. Mrs. Yantis stopped and stepped back. Lakey continued down the hill.
- 13.Lakey advised that when the Sheriff got on scene they diverted traffic, cars around the scene, the semi trucks waited.
- 14.There was a dog in the car when they were doing the extrication which was in a cage. The Chief was going to take the dog to Town to a vet and drop his daughter, a fire cadet, off.
- 15.Lakey remembered the following person at the shooting scene when he responded to the shots fired call. Two Deputies, Jack Yantis, Mrs. Yantis, male in camo jacket, person handcuffed on ground, and possibly one other person. He also saw a rifle with a scope lying near the fog line in the north bound lane. During all of the shooting, Lakey was behind the Ambulances. He did not see the shooting.
- 16. This interview was completed at approximately 5:32 p.m.

- 1. On November 02, 2015, at approximately 9:38 a.m., myself, Idaho State Police Detective Victoria M. Gooch, and Idaho State Police Detective Jason Horst attended the autopsy of Jack Fred YANTIS at the Ada County Coroner's Office, 5550 Morris Hill Road, Boise, Ada County, Idaho.
- 2. Present during the autopsy were Ada County Coroner's Office Forensic Pathologist Dr. Glen Groben; Ada County Coroner's Office Forensic Supervisor Laura Larson; Ada County Coroner's Office Deputy Coroner Sabra Haney; BSU Student-Interns assigned to the Ada County Coroner's Office, Jessica McDonald and Shy Tovar; Adams County Deputy Coroner Ben Warner, Probation and Parole Officer Chad Loughran, who was identified as assisting Deputy Coroner Ben Warner; BSU Student-Intern assigned to the Idaho State Police District III Investigations Office, Nate Long; Detective Horst and myself.
- 3. Once the body bag was opened, the following projectiles were immediately identified and recovered by Coroner's Office personnel:
- (2) Two loose projectiles ((1) .45 caliber and (1) .223 round) were located within the body bag, one of those projectiles was located from the left side of Mr. YANTIS's thermal top;

During the autopsy, the following projectiles were recovered from Mr. YANTIS's body by Dr. Glen Groben:

- (1) .223 round was recovered from the back of Mr. YANTIS, from underneath the skin;
- (1) jacket fragment from the abdomen of Mr. YANTIS;
- (1) piece of jacket fragment from a chest wound from Mr. YANTIS;
- (1) projectile from the lower back of Mr. YANTIS.
- 4. During the autopsy, Dr. Groben identified the possible injuries sustained by Mr. YANTIS:

Approximately (5) gunshot wounds were identified in Mr. YANTIS's right arm; approximately (1-2) gunshot wounds to Mr. YANTIS's left hand which resulted in the loss of the little finger on the left hand of Mr. YANTIS; approximately (2) intermediary impact wounds to the chest area; (1) bullet hole on the right side of Mr. YANTIS's body; (1) bullet hole to the right arm of Mr. YANTIS; (3) holes in the lower left abdomen of Mr. YANTIS, which Dr. Groben believes came from (1) projectile.

5. On November 02, 2015, I contacted the Idaho State Police Forensic Lab Manager Rylene Nowlin and Fingerprint Section Manager Tina Walthall (Meridian Forensic Lab) and requested assistance of the Forensic Lab to obtain the fingerprints of Mr. YANTIS at the conclusion of the autopsy. It was determined at this time that the

#### **Narrative**

fingerprints of Mr. YANTIS would be obtained at approximately 1:15 p.m. this same date by lab personnel from ISP.

- 6. On November 02, 2015, I was provided the Major Prints (5 print cards) from Hailey Youngling, a Forensic Scientist from the ISP Forensic Lab. I secured the fingerprint cards into the evidence area of the Meridian ISP Complex.
- 7. All items of evidence secured from the autopsy of Mr. YANTIS were initially left with the Ada County Coroner's Office until I took possession of the following items on November 05, 2015:
- a. (1) Cammo baseball cap
- b. (1) Beanie cap
- c. (1) Pair eyeglasses with headband
- d. (1) Down vest coat
- e. (1) Down jacket
- f. (1) White in color long-john shirt
- g. (1) Blue shirt
- h. (1) Pair gray sweatpants
- i. (1) Pair blue sweatpants
- j. (1) Pair long underwear
- k. (1) Left sock
- I. (1) Right sock
- m.(1) Left shoe
- n. (1) Right shoe
- o. Contents of Mr. YANTIS's pockets including the following: (5) paper tissues; (1) white handkerchief; (1) headlamp flashlight; (1) plastic bag; (2) pocket knives;
- miscellaneous plastic wrap; (2) cans Copenhagen; (1) Coosie (a sleeve for a beverage bottle or can); (1) miscellaneous rock; (1) metal nut.
- p. (1) GSR Kit
- q. (1) Purple top tube of chest blood
- r. #1 projectile from body bag
- s. #2 jacket frag from abdomen
- t. #3 projectile from lower back
- u. #4 projectile frag from chest wound
- v. #5 projectile on back under skin
- w. #6 projectile-left side thermal top
- 8. On November 07, 2015, the Idaho State Police Tiburon Case Management System assigned Tag #150002806 to the evidence from the autopsy and to the Fingerprint cards provided to me by Idaho State Police Forensic Scientist Hailey Youngling.
- 9. All items of evidence were submitted to the Meridian Idaho State Police Evidence lockers with the exception of the vial of blood, which was submitted into the refrigerator in the evidence area.
- 10. On November 04, 2015, Dr. Glen Groben contacted me and requested photographs of the damages sustained to Mr. YANTIS's rifle during the critical incident. Dr. Groben requested the photographs of the rifle to make a determination of the relationship between the damages to the rifle and the wounds sustained by Mr. YANTIS during the course of the critical incident. Detective Horst and Investigative Assistant Hendershot took photographs of the damage sustained to Mr. YANTIS's rifle and downloaded the photographs onto a CD. I took the CD to the Ada County Coroner's office this same date and turned the disk over to Ginger Piersol, Administrative Assistant Specialist at the Ada County Coroner's Office, requesting that she provide the CD to Dr. Groben.
- 11. On November 02, 2015, I requested Adams County Deputy Coroner Ben Warner to provide a copy of the autopsy photographs to me.
- 12. On November 16, 2015, at approximatley 11:30 a.m., I traveled to Payette County with Boise State University Intern Nate Long and obtained a copy of the CD containing the autopsy photographs from Adams County Deputy

#### **Narrative**

Coroner Ben Warner. I returned to the Meridian ISP Complex with the CD and secured the CD into the ISP Evidence lockers this same date.

13. On November 19, 2015, at approximatley 3:00 p.m., I took the CD provided to me by Adams County Deputy Coroner Ben Warner from an evidence holding locker and I requested CFE Vincent Montoya to make a copy of the CD containing the autopsy photographs. At this time, both CFE Montoya and I discovered the CD provided to me by Ben Warner on November 16, 2015 was empty. I contacted Deputy Coroner Ben Warner and requested a copy of the autopsy photographs and he advised that he would work to resolve this issue.

14. As of November 19, 2015, ISP does not have a copy of the CD of the autopsy photographs.

b.She is employed as a disp		unteer Eme	ergency N	/ledical	echnician	by Adam	is County Sheriffs	
Office. She has been emplo	yed since							

- c.She responded to the initial call for medical assistance regarding a motor vehicle crash involving a cow on Highway 95, mile post 142, north of Council, Idaho.
- d.She arrived on scene and immediately began providing aid to the occupants involved in the crash.
- e.While inside the ambulance she heard an initial volley of shots fired south of the incident and assumed the cow was being put down.
- f.Several minutes later she was told an individual was down and needed medical assistance north of the ambulance. She left the ambulance and walked north.
- g.She saw EMT Cannfield kneeling over the patient, who was lying on the ground. Blood was coming from his mouth and she checked for a pulse and could not find one.
- h.She saw Rowdy Paradis lying on the ground yelling about getting a gun and killing families.
- i. She rolled the victim, Jack Yantis, from his left side onto his back as she assessed the injuries. She immediately knew he was deceased.
- j. She saw the bull attempting to get up off the ground and feared for her safety.

# GIPE INTERVIEW Idaho State Police

#### **Narrative**

k.She saw Deputy Wood kneeling on the ground and figured he was going into shock. She escorted Deputy Wood into an ambulance for assessment. Both deputies were in the Meadows Valley ambulance.

I.She and Jeff Canfield taped the hands and legs of the deceased, Jack Yantis. To keep the arms and legs from falling off the backboard.

m. She moved the body from the left side to the back for assessment. She rolled the body onto its right side to place the back board under the body.

- n.During her time working on Jack Yantis, Rowdy Paradis continually yelled threats.
- o.She has concerns Rowdy will take retributions against the county and the deputies.
- p.She did not see any part of the shooting or events leading up to the shooting.
- q. See CD for full audio interview
- 2.At approximately 10:59 a.m. the interview ended.

#### Narrative

1.On November 3, 2015, at approximately 11:25 a.m. Idaho State Police Detective Ken White and I interviewed Dan Huter, at the Adams County Ambulance facility, reference his involvement and knowledge regarding the officer involved shooting on Hwy 95 mile post 142, Council, Adams County Idaho, on November 1, 2015. HUTER provided the following information:

a.He is the current Adams County Ambulance director and has worked on the Adams County Ambulance service for 36 years.

b.He arrived and immediately began administering aid to the driver and passenger of the vehicle involved in the crash.

c.He heard approximately 3 shots and assumed the officers were putting the bull down.

d.A second ambulance arrived; they immediately started loading the patient when he heard the second volley of shots. Shortly thereafter people were yelling for medical assistance and equipment north of the crashed vehicle.

e.He went forward and recognized Jack Yantis on the ground; EMT Crissy Gipe pulled up Jack's shirt and said he was deceased.

f. The body was approximately 35 yards north of the crashed vehicle.

g.He had heard approximately 3 shots and approximately 5 to 8 minutes later he heard the second volley of shots; approximately 5 shots.

h.Sam McConnell, a volunteer firefighter was at the scene and possibly saw everything.

i. See audio CD for full interview

2.At approximately 11:36 a.m. the interview ended.

- 1.On November 3, 2015, at approximately 3:07p.m. Idaho State Police Detective Ken White and I interviewed Sam McConnell, at the McCall Police Department, reference his involvement and knowledge regarding the officer involved shooting on Hwy 95 mile post 142, Council, Adams County Idaho, on November 1, 2015. McConnell provided the following information:

a. His contact phone number is

He currently lives in

- b.He is self employed as a construction/ builder.
- c.He has volunteered as an Adams County firefighter for approximately 4 years.
- d.He responded to the first page regarding the motor vehicle and cow crash on highway 95.
- e.He drove his personal truck to the scene, arriving on the north side of the crash. He parked his truck approximately 300 feet north of the crashed car.
- f.He took over traffic control on the north end of the scene.
- g.He saw Deputy Wood attempting to box in the irrate bull and keep it from the roadway.
- h. The bull started to charge towards the personnel on the scene.
- i. He saw Deputy Wood fire his rifle into the bull approximately 3 to 4 times. The bull laid down in front of his truck on the side of the road.
- j.He saw a four wheeler, with two people and one male arrive from the Yantis driveway.
- k.He saw and heard Jack Yantis yelling at Deputy Wood; telling the deputy to put the "fucking" gun away, along with other profanities.

I.He saw Jack Yantis with a rifle in his hands. He did not see the rifle elevated or pointed at anyone. Jack was extremely pissed off at the situation and the deputies.

# MCCONNELL INTERVIEW Idaho State Police

#### **Narrative**

m.He was told to move three cars out of the area. He turned his back to the scene as he directed the cars to a wide spot to the south of the scene.

- n.While moving cars, he heard more yelling, but could not recall what was said.
- o.He heard another short volley of shots being fired and assumed the deputy had shot the bull again. Almost immediately he heard another volley of shots being fired.
- p.He heard yelling for medical assistance being needed. He ran down to the ambulance and told them to come up to the scene.
- q.He went back to the north and directed a male in a silver Prius, to back up away from the scene.
- r.He thinks the Prius was from Washington and the driver was just driving through the area.
- s.He has worked a lot with Deputy Wood, he knows Deputy Wood would only shoot someone if his or someone's life is in danger.
- t.He directed traffic on the north end until relieved by investigators.
- u. See video recording (DVD) for full interview
- 2.At approximately 3:40 p.m. the interview ended.

#### **Summary Narrative**

On November 1, 2015, at about 2009 hours, I, Master Corporal Mark D. Wright, was dispatched to assist the Adams County Sheriff's Office with a crash and subsequent shooting investigation. I arrived at 2046 hours and met with Adams County Sheriff Ryan Zollman. I could see Meadows Valley Firefighter Doug Buys holding an AR15 rifle standing near the deceased victim in the southbound lane of US Highway 95. Sheriff Zollman told me the rifle belonged to Adams County Deputy Brian Wood. The rifle was fired at some point during the incident. I requested Buys place the rifle in the back seat of my patrol car. Buys had on latex gloves and I asked him to just set it in my car. I did not touch the weapon. Buys was also in possession of Dep. Wood's patrol radio. He placed the radio in my patrol car as well. I checked on the condition of Dep. Wood and Dep. Cody Roland. They were both sitting in the Meadows Valley Ambulance together. Deputy Wood gave me his Taser body camera. I placed the camera in the back seat of my patrol car.

I secured the scene until Idaho State Police Investigators arrived. Idaho State Police Sgt. Kirk Grothaus transported Deputy Roland to the Adams County Sheriff's Office using my patrol car. Dep. Roland sat in the front seat. I stayed at the scene.

End of report.

# TPR WRIGHT SUPP Idaho State Police

#### **Narrative**

told by the RCC that a vehicle hit a cow on US Highway 95 near milepost 142 and the owner of the vehicle had been shot. I was enroute to the scene at 2020 hours.

- 2. While enroute, RCC told me that the owner of the cow had been shot and was deceased. RCC advised that the shooting may have been officer involved. The Meadows Valley Fire Department was blocking US95 at New Meadows to all southbound traffic. I arrived at 2046 hours. There was a long line of stopped traffic on US95 in the southbound lane. I drove past all the traffic toward the front of the line. I saw an ambulance parked near the front of the line of traffic and drove next to it. I saw Adams County Sheriff Ryan Zollman and Adams County Chief Deputy Sheriff Jeff Brown waving me to stop.
- 3. I began my in car video camera as I was turning onto State Highway 55 enroute to the scene. It continued to record until after I got a scene size up. I will begin matching my contact on scene with my time on the video recording by including the time on the video in parenthesis. Sheriff Zollman met me as I got out of my patrol car(20:47:27) and started to tell me what had happened. Sheriff Zollman told me a car hit a cow on the highway injuring the cow. Sheriff Zollman continued that the cow was "put down" by "Brian" (later identified as Adams County Deputy Brian Wood). Sheriff Zollman said the owner of the cow "comes up, agitated" and walks up to Brian and pushes him then sticks the barrel of the rifle in Cody's (later identified as Adams County Deputy Cody Roland) stomach and Brian shot him. Sheriff Zollman then said, "That's what Brian and Cody told me happened. Um, they're both pretty shook up." Sheriff Zollman told me Brian shot him 3 or 4 times with his AR and then Cody fired at him as well with a .45. Sheriff Zollman said they shot the cow 8 or 10 times too.

Sheriff Zollman told me there were shell casings all over. He said he didn't know how many were from Jack. He then said, "Jack never fired out of it, as far as I know."

I asked Sheriff Zollman if Cody and Brian were separated. He told me they were sitting in the Meadows Valley Ambulance together. He said they were together when he got there. Sheriff Zollman told me there was a firefighter directing traffic named Sam McConnell that saw the whole thing. He told me McConnell was directing traffic while the bull was still on the fight. Sheriff Zollman said McConnell told him he saw the whole thing. He continued, "Sam said what they did, is what they had to do. That guy come up and shoved the gun right in one officer's stomach and the other one shot him."

- 4. Sheriff Zollman told me about the crash victims briefly and said one had to be Lifeflighted. He pointed to 3 EMTs(20:50:20) and told me they had been here since it happened. One of the EMTs was holding a rifle. Sheriff Zollman told me Brian handed the rifle to the EMT and told him to hold it for ISP. Sheriff Zollman asked me if I wanted to take possession of it. Sheriff Zollman told me he was not going to touch anything. I approached the EMT who I know to be Doug Buys from the Meadows Valley Fire Department. I instructed Buys to place the gun and radio he had into the back seat of my patrol car(20:52:20). Buys said he arrived with the ambulance well after the fact. He said Brian was standing next to the body with the gun on his shoulder. Buys said Brian looked distraught. They put him in the ambulance to check his condition. That is when Brian handed the rifle and his portable radio to Buys.
- 5. Sheriff Zollman told me Cody and Brian had been together for over an hour. He said the family of the victim had been together. He said the wife of the victim had been Lifeflighted for a possible heart attack after the incident.
- 6. I instructed Sheriff Zollman to start a scene log and put crime scene tape around the scene(20:54:25). Sheriff Zollman instructed Adams County Sgt. Chris Green to run the tape and begin a log with everyone that was or had been at the scene.
- 7. I contacted RCC by radio and advised them that the road blockage was going to be extended. I confirmed with RCC that Idaho State Police Detectives were enroute(20:56:10).
- 8. I walked to the ambulance where Deputies Wood and Roland were inside(20:58:12) to check on their condition. I asked both Wood and Roland if they were ok. I then asked if either of them had a body camera with them. Wood told me he did have a body camera. He said, "You can take it, you're going to take it. I turned it on because of the incident with the cow. And, I can check now and it's showing that it's on standby. It's showing it's not recording, so it won't have anything on it." I asked Wood if that meant it was on, but just not recording. He

Report Officer	Printed At	
3475/WRIGHT, MARK D	12/10/2015 09:31	Page 2 of 3

Supplement No 0008

# TPR WRIGHT SUPP Idaho State Police

#### **Narrative**

answered, "Turned on but yeah, not recording." I asked Roland if he wore a body camera. He answered, "I do, but not on traffic crashes." I asked if there was any other audio. They both said no. As I was leaving(20:59:28), Cody said, "Hey Mark, I hope it didn't get messed with. The suspect's rifle was thrown out of the road. And it has a casing in it." I told Cody that I didn't touch it but I wondered how it got there. Wood said, "I threw it. The guy was still, at that time, still alive and I threw it away from him." I told both of them to not say anything more and that we would talk with them later. I placed the body camera given to me by Wood into the back seat of my patrol car.

- 9. Idaho State Police Master Corporal Vic McCarthy arrived on scene at 2057 hours. I discussed getting Roland and Wood separated and taken from the scene with MCpl. McCarthy and Sheriff Zollman. After discussing a few options of getting them away from the scene, I advised Sheriff Zollman to consider getting Roland and Wood to separate hotels in McCall or New Meadows. Sheriff Zollman asked me if Roland could sit in my patrol car. I told him that he could sit in my front seat.
- 10. I told MCpl. McCarthy the story that I had heard up to that point to catch her up. Sheriff Zollman brought Roland out to my patrol car(21:07:32). I asked if Roland had any evidence on him. Roland said, "I gotta get this shirt turned in. It went down my right side." Sheriff Zollman said, "The bullet did?" Roland said, "Yeah." I asked, "The bullet from what?" Roland said, "That rifle." I asked, "So he did fire a shot at you?" Roland said, "Yeah."

I told Roland to sit in my front seat until we figured out where he would go. I got into my car and turned around and drove to edge of the crime scene tape facing North. I shut off my camera at that point.

- 11. I took my digital photo camera and walked through the scene. I took 14 photos of the scene to preserve what I could until detectives got there. The vehicle accident also took place in that area, but the crashed vehicle had already been moved and loaded onto a tow truck prior to my arrival.
- 12. Idaho State Police Sgt. Kirk Grothaus arrived on scene at 2122 hours. I briefed Sgt. Grothaus on the incident and what steps I had taken so far. Sgt. Grothaus took my patrol vehicle with Roland inside to the Adams County Sheriff's Office. The rifle, portable radio, and Taser body camera all belonging to Wood were still in my back seat when Sgt. Grothaus transported Roland to the Sheriff's Office.
- 13. MCpl. McCarthy and I performed scene security until ISP Detectives arrived to process the scene. At 0031 hours, Sgt. Grothaus returned to the scene with my patrol vehicle. Roland, the rifle, the portable radio and the Taser body camera were no longer in my patrol vehicle. I continued scene security until 0304 hours. I was the last person to clear the scene and I opened the highway.

End of report.

Nar	rative											

- 1. On November 6, 2015, at approximately 12:00 p.m., Detective Troy DeBie and I analyzed, documented, and downloaded the video files on Adams County Sheriff's Deputy Brian Wood's in-car Watchguard video camera, serial number: DV-10-112961, from his patrol vehicle. I photographed the Watchguard video camera, serial number: DV-10-112961, saved these photos to a CD, and submitted the disk to evidence (Item#150002846, Tag# 1).
- a. I noted the Watchguard video camera, serial number: DV-10-112961 date was correct and time was three (3) minutes slow.
- b. September 5, 2015, at approximately 8:28 a.m. was the most recent video recording in the system.
- c. Detective DeBie selected for download to disk all video on November 1, 2015; there was no video on that date.
- d. The video available on the Watchguard video camera, serial number: DV-10-112961 were videos created on July 27, 2015 at approximately 15:42 hours and 17:56 hours, July 28, 2015 at approximately 11:26 hours and 11:30 hours, July 29, 2015 at approximately 17:47 hours (two videos), 17:48 hours, 17:49 hours, 18:17 hours, and 18:21 hours, three (3) videos on July 30, 2015 at approximately 8:30 hours, August 13, 2015 at approximately 13:40 hours, and a traffic stop from September 5, 2015 at approximately 8:28 hours. Detective DeBie downloaded fifteen (15) videos from those dates onto a DVD.
- 2. I submitted Detective DeBie's video disk into evidence (Item#150002846, Tag# 2).

## J CANFIELD INTVW Idaho State Police

#### **Narrative**

require more people to assist. He assisted with both patients involved in the collision.

- b. Just as he assisted with loading the female passenger from the car crash in the ambulance, he heard the gunshots. Soon after that, he heard someone yelling that someone had been hit by gunshots and requested Emergency Medical Technicians (EMT) to respond.
- c. He and Tom Griffith headed up the hill to assist. He saw three people on the ground. The last deputy up the hill pointed to the last person up the hill and told him that he is the one that needs help.
- d. Chrissy Gipe was right behind him and the victim was on his side. He put his ear near the victim to hear for breathing. Gipe was tapping him on the shoulder trying to get a response. There was no response so he rolled the victim over onto his back and opened his airway. Partially coagulated blood came out of his mouth.
- e. He requested airway and oxygen and someone went to get the oxygen bag. He told Gipe they would start compressions. Gipe opened up Jack's jacket and shirt and saw bullet holes and felt they would not have success with Cardio Pulmonary Resuscitation (CPR). They checked Jack's pulse and there was none. The victim's pupils were fixed. Gipe agreed that CPR would not have any effect.
- f. They asked one of the fireman to bring a backboard so they could secure the body and cover it up. They secured his hands and wrists with tape and covered him up so he would not fall off the backboard.
- g. Gipe knew some of the family members that were there. She brought Jack Yantis' daughter Sarah, who is a paramedic, over to see the body. Sarah wanted them to start CPR and use a Cardiac Implantable Electric Device (IED) to resuscitate Yantis. They explained to her that there was no reason to do that and that Yantis was beyond resuscitation.
- h. One of Sarah's friends took her back. He and Gipe were requested by Sheriff Hollman to stand by and insure no one interfered with Yantis' body. They stayed for approximately a half hour, possibly longer.
- i. At the time of the shooting, he felt they were approximately fifty (50) yards down the road helping at the ambulance. He thought that the deputies were taking care of the injured bull.
- j. Due to his poor hearing and eyesight, he was unsure of the number of shots or who was nearby the shooting when he responded to Yantis. He saw other people lying on the ground but was not able to see any further detail. He was confused which person was the victim until the deputy pointed out who to treat. He did not hear anything about what had happened. At the time, he was not sure who had even shot Yantis. He thought one of the people on the ground had shot Yantis.
- k. One of the other EMTs asked him for his heart monitor. They took it to a group of people about one hundred (100) feet away. They put someone in the back of the van and Gipe said they are putting Donna Yantis in the back of the ambulance; Donna Yantis is Jack Yantis' wife.
- 3. The interview was concluded approximately 11:25 a.m.

## J ALMACK INTVW Idaho State Police

#### **Narrative**

- a. He was not on-call that night. He received a call requesting more Emergency Medical Technicians (EMT) to respond. He went to the Adams County Ambulance Center to prepare the second ambulance, waited for two EMTs to arrive from Indian Valley, and then responded with them to the scene.
- b. Upon arrival, he positioned his ambulance next to the ambulance that was already at the scene. After parking the ambulance, he got out of the ambulance and heard gunfire. He thought he heard approximately three (3) shots, a brief pause, and then several more shots in rapid succession; possibly seven (7) rounds total.
- c. He thought the first shot was to stop the bull, but after hearing more shots, he dropped to the ground.
- d. After he got up, he assisted with securing the gurney, carrying the female passenger from the vehicle crash into the first ambulance. He got into the ambulance and continued to monitor her status. After about five (5) minutes monitoring the female crash victim, he heard Dan Huter ask for help with airways up the hill with someone down. Huter left with oxygen bottle and airways. He continued to monitor the female crash victim. When Huter returned, Huter told him that there was a fatality up the hill. He thought the fatality perhaps had come from a ricochet or inadvertent shooting. An officer had not been shot.
- e. He left the scene to transport the female car passenger to the airport to airlift her to the hospital and had no other observations on the scene.
- f. He did not hear any yelling or anything prior to the gunfire. The ambulance is a diesel engine and he could not hear anything other than the gunfire.
- g. He could tell the shooting was coming from up above them, but he could not determine anything further. They all supposed that the volume of gunfire had been necessary to put the bull down.
- h. He doesn't know anything about the family or any other information.
- i. His wife is a dental assistant locally and a male patient in the office heard from a woman named Cindy Last Name Unknown (LNU) that lives in the apartments above the florist shop in Council, Idaho. Cindy LNU stated to him she saw the entire shooting. Cindy LNU told him that she was the first vehicle stopped at the scene.
- 3. The interview was concluded at approximately 11:47 a.m.

Supplement No 0012

# T GRIFFITH INTVW Idaho State Police

#### **Narrative**

- a. He was dispatched to the crash and he assisted the male driver of the crash to the ambulance, assisted with getting necessary equipment for the Emergency Medical Technicians (EMT), and directing traffic as necessary. He was an EMT when he was a police officer years ago.
- b. When the shooting occurred, it happened approximately fifteen (15) yards up the hill and his back was turned. He was busy assisting with the crash victims. He thought there was a lot of shots to put a bull down by the deputies. He heard a "shots fired," call come over the radio.
- c. He went up the hill and saw Jeff Canfield and Chrissy Gipe working on the shooting victim. He saw Gipe raise the victim's shirt, saw the bullet holes, and determined that the shooting victim was gone. He saw blood and air from the lungs coming out of the shooting victim. He returned to his duties with the injured from the car crash. He transported the male from the car crash to Cambridge where Weiser Ambulance transported him to the hospital.
- d. Directly after the shooting, he could not make out faces, but saw people handcuffed on the ground. He saw a rifle on the ground, the stock was broken and he thought it had been shot.
- e. He did not hear any statements from the deputies following the shooting.
- f. He thought he heard twelve (12) shots. The shots were fired in two (2) volleys, a two (2) second delay between volleys. He thought all shots fired sounded like 9 mm rounds being fired. He thought the rifle shots would have been more definite. He thought the shots were to put down the steer. The steer was still alive when he went up the hill to see the shooting victim. He did not recall hearing any shouts or argument prior to the shooting.
- 3. The interview was concluded at approximately 11:34 a.m.

# LAKEY INTRVIEW Idaho State Police

#### **Narrative**

- MP 142. He met Royce at the fire station and they responded in Squad 1 for extrication. Upon arrival, they parked just north of the victim's car. EMS was on scene and had one patient in their ambulance. Lakey, Royce and other fireman cut the roof off of the car and assisted EMT's remove the Female passenger from the vehicle.
- 4.Royce moved their emergency vehicle up the hill and parked it in the driveway of the Yantis residence. Royce returned down the hill and assisted him and EMS putting the female on a backboard.
- 5.Lakey asked Jerimiah Conaway to do traffic control on the south end and Sam McConnell to do traffic control on the north end of the scene to get south bound traffic moving first as the ambulance would need room to turn around.
- 6. They had the female on a backboard at the back of the first ambulance waiting for the second ambulance, when he heard a volley of shots (unknown how many) he assumed they were putting the bull down. He had been told there was an injured bull which was agitated.
- 7. When the second ambulance arrived, they removed the gurney from the ambulance and was in the process of loading the female patient into the second ambulance, when he heard another volley of shots. Maybe two volleys. He estimated the distance from the ambulances to the shooting scene to be approximately fifty yards. Both Ambulances were facing north offset, both were running, both are diesels. There were a few minutes between the volleys of shots. Lakey heard loud voices around the time of the second volley. Lakey was unable to tell what was being said.
- 8. Over Royce's radio he heard "Shots Fired". He and Royce ran up the hill. When they got up to approximately the skid steer he saw a person laying on the ground with a Deputy holding the persons arm behind the persons back. He saw a second person lying on his left side with blood coming out. Someone was yelling to get EMT's.
- 9.Lakey ran back down the hill to the ambulances. He told the EMT's that they were needed up the hill, someone had been shot and was bleeding. He went back up the hill with the EMT's who told him they needed an airway kit so he returned to the Ambulance where Dan gave him a kit. He and Dan returned up the hill, he saw the EMT's roll the victim onto his back and they were checking him.
- 10. The other person who was lying on the ground handcuffed was hollering the name "Jack". Lakey then recognized the person whom the EMT's were working on as Jack Yantis. He then started to go back down the hill.
- 11.Lakey heard a Deputy talking sternly to someone telling them to put those down, leave them alone, and don't pick them up. He turned around and saw a guy in camo picking up brass, he put them down. The guy looked at the Deputy and then again started to pick up brass. The Deputy then placed the guy against the vehicle and handcuffed him.
- 12.Lakey then saw Mrs. Yantis start to pick up some. Lakey asked her not do that, because he did not want to see her get restrained. Mrs. Yantis stopped and stepped back. Lakey continued down the hill.
- 13.Lakey advised that when the Sheriff got on scene they diverted traffic, cars around the scene, the semi trucks waited.
- 14. There was a dog in the car when they were doing the extrication which was in a cage. The Chief was going to take the dog to Town to a vet and drop his daughter, a fire cadet, off.
- 15.Lakey remembered the following person at the shooting scene when he responded to the shots fired call. Two Deputies, Jack Yantis, Mrs. Yantis, male in camo jacket, person handcuffed on ground, and possibly one other person. He also saw a rifle with a scope lying near the fog line in the north bound lane. During all of the shooting, Lakey was behind the Ambulances. He did not see the shooting.
- 16. This interview was completed at approximately 5:32 p.m.

#### Narrati<u>ve</u>

- 1.On Wednesday November 4, 2015, at approximately 10:36 a.m. Detective Kessinger and I arrived at the Yantis Ranch located at 2562 Highway 95 Council Idaho. We were met by Rowdy Paradis, Jerry Yantis and Jeanne Howe a family friend.
- 2.Rowdy used a skid steer and loaded the bull carcass onto our trailer. We secured the bull to the trailer covered by a tarp. I gave a receipt for the bull to Jerry Yantis, who signed the receipt.
- 3.Detective Kessinger and I delivered the bull to the University of Idaho, Cain Veterinary Teaching Center, located at 1020 E Homedale Rd Caldwell Idaho for the purpose of medical examination

### Summary Narrative

On November 6, 2015, Idaho State Police Detectives Gene Wunsch contacted Kevin J. DARRAH reference his knowledge regarding the officer involved shooting on Hwy 95 mile post 142, Council, Adams County Idaho, on November 1, 2015.

#### **Narrative**

1.On November 6, 2015, at approximately 9:15 a.m. I made telephone contact at number with Kevin DARRAH regarding his social media face book postings regarding the officer involved shooting on Hwy 95 mile post 142, Council, Adams County Idaho, on November 1, 2015. DARRAH provided the following information:

a.He was parked on Hwy 95 approximately 300 feet north of the incident in his semi truck.

b.He attempted to take 3 photographs of the incident while parked. The photographs were too dark so he deleted them from his phone.

c.He learned the details about the incident from the clerk at the gas station in Council.

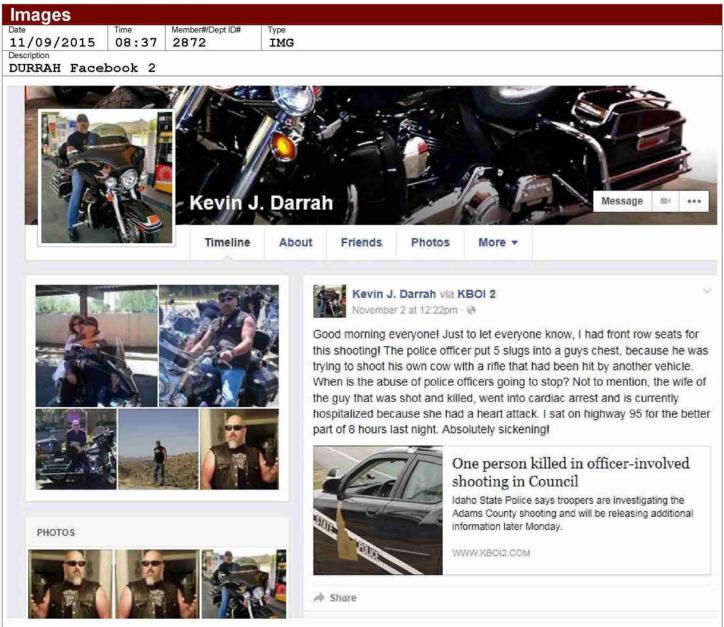

d.He denied posting any negative remarks on the incident on face book

e.He had nothing else to say and hung up the phone.

2.At approximately 9:18 a.m. the interview ended.

### Kevin J. Darrah via KBOI 2

November 2 at 12:22pm - 🐶

Good morning everyone! Just to let everyone know, I ha this shooting! The police officer put 5 slugs into a guys c trying to shoot his own cow with a rifle that had been hit When is the abuse of police officers going to stop? Not t the guy that was shot and killed, went into cardiac arrest hospitalized because she had a heart attack. I sat on hic part of 8 hours last night. Absolutely sickening!

# One person killed in or shooting in Council

Idaho State Police says troopers Adams County shooting and will I information later Monday.

Joe Lombardo Kevin it's Idaho, right? Careful my brother you were the witness to a Murder. That was not an accidental shooting. I'm sorry you had to go through that.

1 · November 2 at 12:46pm

Kevin J. Darrah

Kevin J. Darrah Yeah it's just messed up brother! I'm still trying to wrap my head around it. That guy did nothing wrong, worst case scenario, if I was the cop, I would have let him shoot his cow, and then proceeded from there on discharging a firearm. I mean this town was so small, it covered maybe eight or ten city blocks at best. It was out in the middle of nowhere, on a two-lane road. Just so happened I had to be one of the first ones on the accident scene. It was the local police department that was responsible state police got involved and had probably 8 or 10 SUV's out there. And of course they had two ambulances, and an evidence truck showed up about two to three hours before they finally collected everything and opened up the highway. The highway was closed from 7 p.m. to about 3 a.m. this morning

November 2 at 1:01pm

- 1. On November 5, 2015, at approximately 11:35 p.m., Idaho State Police Detective Jason Horst and I interviewed Courtney Stanford at the Payette County Sheriff's Office reference her knowledge of the critical incident involving two Adam's County Sheriff's Deputies and Jack Yantis. Present during the interview was her father, Shawn Stanford. Courtney Stanford informed us of the following:
- a. Her name is Courtney Stanford and date of birth is
- b. Her dad (referring to Shawn Stanford) was the chief and she was a cadet in their department (referring to the Council Fire Department).
- c. She went out with her dad on the car crash (referring to the vehicle accident between a Subaru stationwagon and a farm animal on US Highway 95/November 1, 2015).

Report Officer	Printed At	
2564/BANDA, JOE	12/01/2015 13:27	Page 1 of 4

- d. They (referring to her dad and herself) were for the second truck (referring to a fire engine truck) to arrive and she was putting her stuff (referring to gear) on.
- e. She was holding flashlights for the EMTs while they cut the car open (referring to extricating a person out of a vehicle).
- f. They (referring to the EMTs) were helping the lady (referring to Dori E. Garner) set a neck brace and a back brace to keep her stable.
- g. They (referring to the EMTs) moved her (referring to Garner) from the car to a backboard and carried her to the back of the first ambulance which had arrived first.
- h. They (referring to EMTs) were going to put her (referring to Garner) in the ambulance then decided against it and waited for the second ambulance.
- i. They (referring to EMTs) set her (referring to Garner) on the tailgate of the ambulance so they could strap her down to the board so she wouldn't roll off.
- j. Crissy (referring to Crissy Gipe), one of the EMTs asked her to get the gauze from the car they (referring to the EMTs working on Garner) had used earlier, to wrap the her (referring to Garner) hands because they were pretty torn.
- k. As they (referring to the EMTs) were waiting for the second ambulance, she went and grabbed Crissy's (referring to Crissy Gipe) purse which was at the car (referring to the Subaru stationwagon).
- Gipe asked her to put the purse in the side of the ambulance.
- m. She went to the side of the ambulance and Royce (referring to Royce Bauer) came running and yelling "we need more EMTs up here."
- n. She heard four gunshots at the time the second ambulance arrived and they (referring to the EMTs) were moving the lady (referring to Garner) to the second ambulance.
- o. The bull was laying across the street (drew a rough draft picture of the bull's location in reference to the highway and the vehicles parked at the scene), up from the location of the two ambulances.
- p. There was a guy (could not make out who the guy was but known to this investigation as Yantis) standing next to the bull (drew an "X" in front of the bull's head).
- q. There was a deputy (could not make out who the deputy was but known to this investigation as Roland) standing on the road up a little bit (drew an "X" northeast from the "X" indicating Yantis' location).
- r. There was another guy (could not make out who the person was) standing on the other side of the highway (drew an "X" west of the "X" indicating Yantis' location).
- s. The deputy yelled to the guy by the bull "put your weapon down and get on the ground." The guy wasn't listening.
- t. The guy (referring to the person standing across Yantis) was yelling "this is stupid, this is his bull, this is his ranch, I can't believe you're doing this."
- u. There were five or six gunshots which went off.
- v. More EMTs and firefighters came running up the street during this time.
- w. Royce (referring to Royce Bauer) had the guy (referring to the guy across from Yantis) on the ground and had his knee on him.
- y. She could not tell what the guy (known to this investigation as Yantis), standing by the bull was wearing because it was too dark.
- z. The guy standing across from the guy (known to this investigation as Yantis) standing by the bull was wearing

Report Officer	Printed At

#### **Narrative**

a cammo jacket.

- aa. The guy (known to this investigation as Roland) standing northeast of the guy (known to this investigation as Yantis) standing by the bull was wearing deputy's clothes.
- bb. The deputy was pointing something at Yantis. It looked like a tazer or a gun. It didn't look like a rifle.
- cc. She cupped her hands together, indicating a double-hand grip of a handgun with the arms extended out.
- dd. She thought it was a tazer but it could have been his (referring to the Roland) pistol.
- ee. She said a tazer looks like a gun to her but it was dark and she was south of their location.
- ff. The deputy was pointing in the direction of the man standing by the bull (known to this investigation as Yantis' location).
- gg. The man in the cammo jacket did not have any guns with him.
- hh. After the guy (referring to the guy wearing the cammo jacket) was yelling, there were five or six more gunshot going off.
- ii. There were people running up the street and Royce (referring Royce Bauer) had a knee on the guy (referring to the guy wearing the cammo jacket) on the ground.
- jj. She did not remember seeing any other deputies.
- kk. She remembered the gunshots going off really fast (one, two, three, four, five).
- II. The first gunshots went off slow (one..., two..., three..., four...). The last five or six went by really fast.
- mm. The series of gunshots prior to the last ones were slow. The second series of gunshots were fast. She did not remember a single shot go off first then the series of gunshots.
- nn. She did not remember anything else because her dad told her to stand by the command truck.
- oo. She was standing about (what Detective Horst estimated to be) fifty yards from the area (referring to the area of the where the men were standing).
- pp. She remembered a four-wheeler parked in the area of the man standing by the bull.
- qq. She only remembered seeing the man standing by the bull, the deputy and the man who was wearing the cammo jacket.
- rr. She did not step around to the side of the ambulance until after the first four gunshots went off. She remembered the deputy pointing something at the guy (referring to Yantis) before the second shots.
- ss. She remembered only two series of gunshots, the first being slow and the second being fast.
- tt. Royce (referring to Royce Bauer) put the guy in the cammo jacket on the ground because the guy in the cammo jacket was running towards the deputy.
- At approximately 11:50 a.m., Detective Horst terminated the interview.
- 3. At approximately 11:51 a.m., Detective Horst reopened the interview with Courtney Stanford. She informed us of the following:
- a. The man standing by the bull (known to this investigation as Yantis) was standing there, facing the deputy because he had his back to her.
- b. The guy wearing the cammo jacket was yelling at the deputy "this is stupid, this is his ranch, he is doing what's right." He was running towards the deputy, when Royce (referring to Royce Bauer) put him on the ground.
- c. There were people running, and the lady was being put in the ambulance during this time.

DOB														

- 1. On November 2, 2015, at approximately 10:20 p.m., I arrived on the scene of the officer involved shooting located at 2562 Hwy 95, Council, Idaho.
- 2. Upon arrival, I was advised of the circumstances surrounding the incident and informed that three individuals standing near the scene were possible witnesses.
- 3. I approached the three individuals later identified as Rowdy Paradis, Joe Rumsey and Mike Armistead. I identified myself and informed them of the responding crime scene investigators and the need for detectives to receive their statements. They agreed to return to the Jack Yantis residence until the scene could be secured and Idaho State Police Detectives could conduct the interviews.
- 4. At approximately 11:27 p.m., Detective Troy DeBie and I met with Rowdy Paradis, Joe Rumsey and Mike Armistead at that the Yantis residence for the purpose of obtaining statements. The interviews were recorded (Item 150002814 #1).
- Rowdy Paradis provide the following details:
- a. He, Jack, Donna and Joe were eating dinner. They had just finished up when they received a telephone call from the Sheriff's office regarding a bull that had been injured in an accident on the highway. The Sheriff's Department requested them to come take care of the bull because it was wounded and on the fight.
- b. He went out, grabbed his pistol, when Jack said no and told him to get the rifle. Jack headed down on the four wheeler with nothing (weapons) he sent Donna down with the rifle and he grabbed the "little cat" to take it down.
- c. Before Jack got down there to contain the situation, the officers shot the bull.
- d. Jack walked over towards the bull, He (Paradis) pulled the little cat around the emergency vehicle and then parked it over on the road where it is now.
- e. He (Rowdy) got of the "little cat" grabbed the chain out of the bucket just in case they needed to drag the bull out of the road so they could get traffic going again.
- f. Jack walked up behind the bull, the bull was facing the big hole, the one fenced off by that grassy area.
- g. Jack raised the gun up to shoot the bull when one of the officers grabbed Jack and jerked him backwards and then everyone started "fucking shooting".
- h. He was "hollering at them to stop shooting, yelling "what the fuck are you doing?".
- i. Paradis stated,"the sheriff's office called them and asked them to go down and take care of it."
- j. He stated, "he was trying to figure out why this happened, they shot a family man out from under the dinner

Report Officer	Printed At		
2968/BOONE, ROBERT	12/10/2015 10:24	Page 2 of 4	

#### **Narrative**

table for doing something they asked him to take care of."

- k. He was standing in front of the bob cat or little cat bucket about where the second cone was sitting in front of the track loader. When the shooting happened, he was close enough that one of the shell casings hit him.
- I. Immediately after the shooting, He started yelling and trying to get to Jack, but the officer with the AR turned the gun on him. He did not know why the officer had the AR out anyway.
- m. The bull was laying in front of the dodge pickup. When it started out, the bull was up in the Yantis driveway. Before they could get down there to take care of the bull, the officers kept harassing the bull, the bull made its way out to the middle of the road so they "filled him full of lead". Next to the dodge pickup was where the bull ended up.
- n. Jack did not want to shoot right at the pickup, so he walked around and was just going to shoot the bull in the back of his head.
- o. Jack had his finger on the trigger. Jack was trying to take care of it (shooting the bull). He had no idea why the cop grabbed Jack or what was said, but the officer jerked Jack backwards and Jack stumbled and the officers started shooting.
- p. He was in the little cat when Jack walked up to the bull, he did not hear any conversation between Jack and the officers. When he got out of the little cat, he did not hear any conversation between the officers and Jack. Based upon what he was seeing, it seemed like the officers knew what he was doing and Jack seemed to know what he was doing.
- q. Jack walked past the officers and walked up like he knew what he was going to do.
- r. As far as he knew, there was no altercation between Jack and the officers right up until the officer grabbed Jack as he was getting ready to shoot the bull. That was when the officer pulled jack backwards and then "all hell broke loose".
- s. He did not know any of the officers involved.
- t. The officer with the AR-15 was "all jazzed up", was not sure if he was always like that or if he was just excited over having shot the bull. He believed it was the officer with the AR-15 who had "unloaded on the bull before that".
- u. He was not sure but thought it may have been the guy with the AR who shot Jack first. He said the other officer had a pistol. He thought the guy with the pistol hit Jack's gun. Jack still had his gun down across himself and Jack got shot there in the gun. He believed it was the guy with the pistol who shot Jack's gun.
- v. He was standing about "from me to you" (approximately 10 feet) from the shooting.
- w. The officers would not let him go to Jack or help. The paramedics and officers did not even try to help Jack, they just called the coroner, they did not call life flight.
- x. Paradis stated "He just ended up with a gun pointed at the back of his head over it, he was handcuffed, they (the officers) threw Donna on the ground." "It was like they just lost their minds for a minute, panicked...I don't know what the hell they thought he was going to do with that gun, but he came down there to do what he was supposed to do".
- y. He advised this was a simple project. It happens to them quite a bit on the highway. They deal with this all the time, It is not a huge deal and it "damn sure isn't worth dying over a damned angus cow."
- Joe Rumsey stated the following:
- a. He did not see that much because he was behind the ambulance when it all went down.
- b. He heard Rowdy yelling for them to stop shooting.
- c. He was not there when they shot the bull, he just heard them shooting the bull.

Supplement No 0017

- 7. Mike Armistead stated the following:
- a. He was in town when the shooting happened and Joe Rumsey called him. Jack's daughter was a paramedic and Joe called him to get her, so he grabbed Jack's daughter and headed up to the scene.
- 8. The interview was recorded and secured as evidence reference Tag# 150002814 Item #1.

- 1. On November 2, 2015 at approximately 4:06 PM, Idaho State Police Sergeant Boone and I conducted an interview of Joe Ross and Wendy Hafer at the conducted an interview of Joe Ross and Wendy Hafer at the conducted an interview was in reference to the officer involved shooting on Hwy 95 mile post 142, Council, Adams County Idaho, on November 1, 2015 at approximately 7:26 PM. The location of the incident was 2562 Hwy 95, Council, ID 83612. Ross and Hafer told us the following:
- a. At approximately 7:31 PM they were stopped on the road (southbound US HWY 95) by a person on the road with a stop sign and green vest who did not appear to have a uniform on. They could see flashing lights farther down the road and a white dodge pickup parked facing south on the east side of the road.
- b. Just past the person in the vest, they could see an officer who at first they thought was there possibly to take pictures if someone was injured in a crash.
- c. Shortly after, they saw a dark shadow come up out of the ditch in front of the white dodge pickup which they recognized to be an Angus bull.
- d. They noticed the officer had a long rifle of some kind and shot at the bull 7 to 8 times rapidly as it came into the roadway.
- e. After the bull was shot by the officer, the bull laid down in the roadway next to the white dodge pickup; the bulls head was still up.
- f. Shortly after, the flagger asked them and the vehicle behind them to pull down the roadway, past the bull, and park in a turnout off the main roadway, on the west shoulder of the highway.
- g. As they drove past the bull they could see an excavator (skid loader), four-wheeler, and a couple ranchers driving down the hill on the driveway.
- h. The four-wheeler was parked and there was a woman and a man at the four-wheeler handling a long rifle of some kind. They did not appear to be angry.
- i. Shortly after they parked in the turnout past the bull they heard five more rapid fire shots which sounded like the same type of gun as the first round of gunfire they heard when the bull was shot.
- They only recalled seeing one deputy the whole time.
- k. After the second round of gunfire, they heard yelling and screaming. "What the fuck are you, what the fuck are you thinking, what are you shooting, what are you people thinking, you fucker son of a bitch".
- I. The skid loader hindered their view and they could not see what was going on. He did see an officer who had the woman down on the ground. They heard someone yelling "get on the ground" several times. The woman was

#### **Narrative**

being patted down by an officer. The woman was telling the officer she did not have any weapons and yelling "what did you just open fire for"?

- m. The flagger ran down to the crash scene to alert the EMTs at the crash scene there was a shooting and they needed the EMTs' assistance.
- n. EMTs ran north to assist at the shooting scene as well as an ambulance.
- o. The flagger told them if they could get through the crash scene to the south they could leave, at which point they did. They drove past the crash scene and saw a Subaru that
- p. The reason they called was because they believed there was an inconsistency between what they heard the night of the shooting and the way it was reported in the paper. He heard five shots and he believed it sounded the same as the shots fired at the bull.
- q. They did not hear any verbal confrontation before the last set of shots. They could not remember if the skid loader was running.
- r. He shoots a lot and knows the difference between how different guns sound when fired. He did not believe there was any other guns fired except the one they saw shoot the bull.
- s. They thought the vehicle behind them was a dark sedan and they remembered a woman in it who also asked what had happened.
- t. As they were driving home the dark sedan was following behind them and a green dodge pickup with an aluminum gooseneck trailer passed them both at some point.
- u. He remembered hearing the sound of a chain being dropped into the skid loader at some point.
- v. She remembered the bull went towards the officer the first time the officer fired at the bull. The officer was standing directly across the road from where the bull was when the officer fired at the bull. The officer was on the west fog line and the bull was on the east fog line.
- w. They did not remember if there were any other cars behind them and the dark sedan.
- x. After the officer shot the bull it took them approximately 45 seconds to drive down to the turn out. They sat in the parked vehicle with their windows down for approximately one minute before they heard the second round of gunfire. They did not hear any yelling until after the second round of gunfire.
- At approximately 4:35 PM the interview was ended.

- 1. On November 2, 2015, at approximately 8:30 pm, I received a telephone call from Idaho State Police Detective Sergeant Robert Boone asking me to respond to the crime scene of an officer involved shooting in the area of U.S. Highway 95, near milepost 142, Adams County, Idaho.
- 2. At approximately 11:15 pm, ISP Investigative Assistant (IA) Danielle Hendershot and I arrived at the crime scene. IA Hendershot and I, along with Idaho State Police Detective Troy DeBie, were briefed about the incident by Idaho State Police Sergeant Robert Boone. We were told a traffic crash involving a car and a bull occurred on U.S. Highway 95, near milepost 142. Sometime after the crash, the owner of the bull arrived on scene and after making contact with Adams County Sheriff's Deputies Cody ROLAND and Brian WOOD, shots were fired by all three. The owner of the bull was struck several times by gunfire and died at the scene.

Report Officer	Printed At	
2868/WALKER, SEAN	12/01/2015 13:28	Page 6 of 8

- 3. At approximately 11:35 pm, IA Hendershot, Detective DeBie, and I entered the crime scene and conducted a walk through. During the walk through we observed the following:
- a. One Adams County Sheriff's Office patrol pickup truck parked facing southbound on U.S. Highway 95 on the east shoulder of southbound U.S. Highway 95.
- b. Parked to the west of the Sherriff's pickup, on the west side of US highway 95, was an unoccupied CAT skid steer.
- c. Parked to the northeast of the CAT skid steer, in the northbound lane of U.S. Highway 95, was a green, Honda Rubicon. (Later determined belonged to Jack YANTIS).
- d. Parked to the north of the Rubicon, on the east shoulder of U.S. Highway 95, was a white Dodge pickup, bearing Idaho license plates 2A13906. (Later determined belonged to a volunteer firefighter who had left the scene). Near the right front corner of the Dodge pickup was a deceased black bull facing southeast, laying on its right side.
- e. To the northeast of the Dodge pickup, was the covered body of a deceased adult male. The body was covered with a blanket and was lying on his back, on an EMS back board. The body was in the southbound lane of U.S. Highway 95 with his head to the northwest.
- f. Throughout the scene, first responders had marked several items with orange traffic cones. These items included several empty bullet cartridges (of differing calibers), pieces of buttons from the deceased male's shirt, a disconnected portion of the deceased male's finger, pieces of a broken forend stock from a rifle, and a Ruger M77 rifle with a scope, and broken forend stock. The Ruger rifle was to the east of the deceased male's body, on the east shoulder of U.S. Highway 95.
- g. I photographed the items marked by the prior officers on scene, with their traffic cones still in place.
- 4. At approximately 12:30 am (now 11/3/2015), the walk through was completed and the following assignments were made: I would photograph the scene and all evidence located and collected. IA Hendershot was assigned to sketch the scene and assist with collection of evidence. I would collect all evidence from the scene. ISP Trooper and crash Reconstructionist Quinn Carmack was assigned to measure the crime scene.
- 5. At approximately 1:50 am, IA Hendershot and I started marking evidence with numbered placards. I photographed and Trooper Carmack measured all items of evidence. The following evidence was collected and photographed:
- a. Item 001- Jack YANTIS' body (not collected).
- b. Item 002- Broken wood pieces from Item 003.
- c. Item 003- Jack YANTIS' Ruger M77 rifle (serial number 790-97365), chambered in .204 caliber, with broken forend stock. There was one (1) spent case in the chamber and two (2) live rounds in the magazine. (Entered into evidence as Item 3-rifle; Item 4-one (1) spent .204 caliber Hornady case; Item 5-two (2) live .204 caliber Hornady rounds).
- d. Item 004- Disconnected finger tip from Jack YANTIS' left hand (photographed only). (Entered into evidence as Item 6).
- e. Item 005- Metal piece of button from Jack YANTIS' shirt (Entered into evidence as Item 7).
- f. Item 006- Metal piece of button from Jack YANTIS' shirt (Entered into evidence as Item 8).
- g. Item 007- Two (2) bullets. (Entered into evidence as Item 9-deformed rifle bullet; Item 10-deformed handgun bullet).
- h. Item 008- Metal piece of button from Jack YANTIS' shirt (Entered into evidence as Item 11).
- i. Item 009- Body of deceased black bull (not collected) (Entered into evidence as Item 12).

Narrative								

- 1. On November 3, 2015, I downloaded the contents of a Patrol Eyes body camera, serial number: PE0593 in possession of Deputy Cody Roland of the Adams County Sheriff's Office on the night of the officer involved shooting on November 1, 2015. Detective Troy DeBie of the Idaho State Police and I observed Adams County Undersheriff Jeff Brown retrieve this body camera from the truck that Deputy Roland was driving on November 1, 2015.
- a. I connected the Patrol Eyes body camera, serial number: PE0593 to the lab computer and downloaded the folder contents. The only files present were log files showing camera activity from May 13, 2015 until November 4, 2015. I noted the logs typically document camera power on, recording start/stop, and power down. The log automatically updates any activity performed on the camera. I saved the log and folder contents to a CD and submitted the disk to evidence (Item#150002848, Tag# 1).
- b. I checked the camera's date and time: November 4, 2015 11:10 hours; the camera logs are in twenty-four (24) hour or military time. The actual date and time was November 3, 2015 at approximately 10:22 hours. The body camera date and time was approximately one (1) day and one (1) hour fast.
- c. I photographed the camera. I saved the photographs to a CD and submitted the CD to evidence (Item#150002848, Tag# 3).
- d. The November 1, 2015 log shows the camera was powered on at approximately 13:09:39 hours with no other logged activity; corrected for date and time discrepancy, this activity actually took place on October 31, 2015.
- e. The November 4, 2015 log was created when I powered the camera on to complete the log download on November 3, 2015.
- f. There were no video of picture files in the file folders of the camera.
- g. Per the log files, the last notation of a recording being created was on October 26, 2015 starting at approximately 19:47:18 hours and ending the same date at approximately 20:02:53 hours.
- 2. On November 9-11, 2015, I imaged and performed analysis of the image of the Patrol Eyes body camera, model number: SC-DV1, serial number: PE0593.
- a. I started the lab computer with Windows Vista. I connected the Patrol Eyes body camera, model number: SC-DV1, serial number: PE0593 to the lab computer and imaged the camera using EnCase software. Upon completion, I verified the image. I found the Patrol Eyes body camera had a FAT32 partition 14.5 gigabytes in size. After imaging the Patrol Eyes body camera, I secured it in a temporary evidence locker until I submitted it into evidence.

#### M15000140

Supplement No 0020

## ROLAND BODY CAMERA Idaho State Police

- b. All log files corresponded to my previously documented handling of the Patrol Eyes body camera, model number: SC-DV1, serial number: PE0593. There were seventeen (17) video files present in the unallocated space of the memory. Each video file had date and time stamps in the metadata which showed there were video files recorded on September 9, 2015 at approximately 13:23:42 hours, October 17, 2015 at approximately 9:34:38 hours, October 18, 2015 at approximately 11:40:39 hours, October 18, 2015 at approximately 14:26:55 hours, October 19, 2015 at approximately 12:24:31 hours, October 24, 2015 at approximately 12:14:58 hours, October 24, 2015 at approximately 19:27:26 hours, October 24, 2015 at approximately 19:56:04 hours, October 25, 2015 at approximately 11:59:07 hours, October 25, 2015 at approximately 15:11:34 hours, October 25, 2015 at approximately 17:12:50 hours, October 25, 2015 at approximately 17:26:16 hours, October 25, 2015 at approximately 17:58:03 hours, October 25, 2015 at approximately 19:06:36 hours, October 26, 2015 at approximately 19:47:18 hours. These files correspond to recording started log files on the camera.
- c. As of this writing, I have been unable view these video files from the unallocated space of the memory due to file corruption or codec issues. There were no video or picture files in the allocated portion of the memory.
- d. The log entry from November 1, 2015, indicated a system power on at approximately 13:09:39 hours and no other activity; corrected for the date and time discrepancy on the camera, this event actually took place on October 31, 2015.
- e. The log entries from November 4, 2015 at approximately 10:58 hours, 11:00 hours, 11:08 hours, 11:10 hours, 11:12 hours, November 10, 2015 at approximately 10:02 hours, 11:10 hours, and 11:11 hours, and November 11, 2015 at approximately 10:34 hours, 10:35 hours, 10:36 hours, and 15:37 hours were log entries from each time I powered on the device to download the logs or perform forensic imaging. Corrected for date discrepancies on the camera, these activities actually took place one day earlier on each event: November 3, 9, and 10, 2015. The Patrol Eyes body camera automatically creates log files in the memory of the camera with any power on activity.
- 3. I submitted the Patrol Eyes body camera, serial number: PE0593 into evidence (Item#150002848, Tag# 1). The image, analysis, and examiner casework notes are archived and maintained at the Idaho State Police Region 3 Investigations Office.

- 1. On November 3, 2015, I downloaded the contents of Axon body camera, serial number: X78021462 in possession of Deputy Brian Wood of the Adams County Sheriff's Office on the night of the officer involved shooting on November 1, 2015. Detective Vicki Gooch collected Deputy Wood's Axon body camera on November 1, 2015 (reference report M15000140, Supplement 0001).
- a. I started the lab computer and started the Axon Evidence Sync software. Earlier, Deputy Wood gave me his proprietary download cable for the Axon body camera. I connected the Axon body camera to the lab computer.
- b. I observed that the digital data on the Axon body camera, serial number: X78021462, matched the physical serial number printed on the body of the camera. I photographed the Axon body camera, serial number: X78021462, saved the photos to a CD, and submitted the disk to evidence (Item#150002849, Tag# 5).

## WOODS AXON BODYCAM M15000140 Idaho State Police

### Narrative

- c. I observed that the last time the camera had a video file entry was on October 24, 2015 at 17:20:30 hours and contained thirty one (31) video files beginning on July 29, 2015 at 14:50:54 hours. I downloaded the latest video file from October 24, 2015, captured screenshots of the camera logs, saved the screenshots to a CD, and submitted the disk to evidence (Item#150002849, Tag# 3).
- d. I downloaded all the videos from Deputy Wood's Axon body camera, serial number: X78021462, saved them to two (2)DVDs, and submitted the DVDs into evidence (Item#150002849, Tag# 1-2).
- e. I maintained the Axon body camera, serial number: X78021462 in a temporary evidence holding locker during my analysis and examination. At the conclusion of my downloads and analysis, I submitted the Axon body camera, serial number: X78021462 into evidence (Item#150002849, Tag# 4).
- f. At the writing of this report, forensic analysis is not possible and I have been in consultation with the manufacturer, Taser International, to see if there are any other options for further review.

Summary Narrative

On November 05, 2015, Idaho State Police Detectives Troy DeBie and Sean Walker attended the necropsy of the cattle bull owned by Jack YANTIS at the Caine Vet Center, 1020 East Homedale Road, Caldwell, Canyon County, Idaho.

Present during the necropsy were Idaho Department of Fish and Game Wildlife Veterinarian Mark Drew and Idaho Department of Agriculture Assistant Veterinarian Scott Liebsle.

- 1. On November 05, 2015, at approximately 11:00 a.m., Idaho State Police Detective Sean Walker and I attended the necropsy of a cattle bull owned by Jack YANTIS at the Caine Vet Center, 1020 East Homedale Road, Caldwell, Canyon County, Idaho.
- 2. Present during the necropsy were Idaho Department of Fish and Game Wildlife Veterinarian Mark Drew and Idaho Department of Agriculture Assistant Veterinarian Scott Liebsle. I took photographs during the procedure.
- 4. During the necropsy, Veterinarian Mark Drew identified the 8 possible injuries sustained by the bull:
- (1) A knife wound made postmortem to relieve gas pressure in the carcass.
- (2) An open wound in the hide with an associated tract into the muscle where a bullet was located.
- (3) An open wound in the hide with an associated tract into the muscle where metal fragments were located.
- (4) An open wound in the hide with an associated tract into the muscle.
- (5) An open wound in the hide with an associated tract into the muscle.
- (6) An open wound in the hide with an associated tract into the muscle.
- (7) An open wound in the hide on the skull with an associated tract into the bone, muscle, and nasal contents where possible metal fragments were located.
- (8) An open wound in the hide with a shard of glass present.
- 5. Detective Walker collected the following items for evidence:
- a. A bullet found in wound #2.
- b. Metal fragments found in wound #3.
- c. Piece of glass found in wound #8.
- d. Nasal contents with possible metal fragments from wound #7.

#### THE WILDLIFE HEALTH LABORATORY IDAHO DEPARTMENT OF FISH AND GAME

1820 Trout Road Eagle, Idaho 83616 (208) 939-9171 wildlifelab@idfg.idaho.gov

### PRELIMINARY LABORATORY REPORT

Data contained within this report should be considered provisional and subject to change. Final report will be issued after all testing is completed. Please notify the Wildlife Health Lab of any corrections to collection information. Use of this data for publication is prohibited without approval from the Wildlife Health-Forensic Laboratory.

N15-593p2

Date Died:

Nov. 1, 2015

Date Received:

Nov. 5, 2015

Date Necropsied: Nov. 5, 2015

**Date of Report:** 

Nov. 30, 2015

Animal:

Domestic cow, adult male. Red plastic ear tag 4Y in right ear, Idaho

trich tag, yellow in left ear. ISP case # M15000140

Condition:

non-refrigerated, extremely autolytic and bloated

Weight:

nd. Approximately 2000-2500#

Collection site:

Highway 95, mile post 141

Collector:

Jason Horst, Idaho State Police

Address:

District 3 – Investigations 700 S. Stratford Drive

Meridian, Idaho 83642

Remarks: The bull was struck by a vehicle around 6:30 pm. A series of gunshots was fired at the bull to try to euthanize it. There was an altercation with the owner with shots fired resulting in the death of the owner. The bull was removed from the accident site but died at the owner's home corrals around 8:30 pm. A legal case is pending.

Cc: Sean Walker, ISP; Troy DeBie, ISP; Bill Barton, ISDA; Brad Compton, BOW

### Results:

#### **Gross Examination**

External: Carcass is extremely bloated, gas filled, and malodorous. The right rear leg is broken with exposed bone. There is an opening, approximately 5 cm long, in the skin just below and behind the left front leg where CVTC staff tried to relieve gas pressure in the carcass.

Body condition: Excellent with excellent fat depots.

Muscular/Skeletal: There is a comminuted, compound fracture approximately midshaft of the right rear metatarsal bone. Both rear legs were severed (left near the hock joint and right approximately midshaft of the metatarsal bone) to free the carcass from the hoist. There is extensive bruising and hemorrhage on the left neck and shoulder area, with some bruising over other parts of the thorax and abdomen. The muscles in this area are extremely autolytic and gas filled with extensive decomposition of these tissues. There is a small laceration on the medial (towards the middle of body) aspect of the right front leg near the fetlock that is oozing bloody reddish fluid and foam.

There were 8 openings in the underside of the skin (#1-8) with associated wounds or tracts in the underlying muscles and tissues.

Wound #1 – Located in the middle to dorsal aspect (towards the backbone) of the left flank, approximately 4.5 cm x 2 cm, with greenish discoloration of the edges and the underside of the skin. The wound penetrated the skin and upper part of the abdominal wall, but did not penetrate the abdominal wall. There is no bruising or hemorrhage around the wound.

Wound #2 – Located over the left lateral (towards the side) and caudal (towards the tail) aspect of the neck just in front of the left front leg, approximately 0.6 cm in diameter, overlying a tract that angles slightly downward, medially (towards the middle of body) and caudally (towards the tail) into the neck muscles. It is surrounded by a large area of hemorrhage within and between the muscles.

Wound #3 – Located on the ventral (towards the sternum or abdomen midline) aspect of the left thorax over rib #5, approximately 1 cm in diameter, and overlying a tract that enters the chest cavity. Rib #5 is splintered by the bullet likely fragmenting the bullet as it entered the chest cavity. There is extensive hemorrhage around the rib and intercostal muscles along the bullet tract.

Wound #4 – Located over the left lateral (towards the side) and caudal (towards the tail) aspect of the neck just in front of the left shoulder, approximately 0.6 cm in diameter, and overlying a tract which angles medially (towards the middle of body) into the underlying muscles with extensive hemorrhage.

Wound #5 – Located over the left lateral (towards the side) and ventral (towards the sternum or abdomen midline) aspect of the neck, midway between the shoulder and the skull, approximately 0.6 cm in diameter, and overlying a tract which angles medially (towards the middle of body) and caudally (towards the tail) towards the thoracic inlet. There is extensive hemorrhage along the tract

Wound #6 – Located over the left lateral (towards the side) aspect of the neck, midway between the shoulder and the skull and just below midway on the lateral (towards the side) aspect, approximately 0.6 cm in diameter which angles slightly downward and medially (towards the middle of body) in to the neck. There is extensive hemorrhage along the tract.

Wound #7 – Located over the bridge of the nose about half way between the nasal pad and the eyes, approximately 0.6 cm diameter, with abundant hemorrhage. The bullet tract penetrates the skull at an approximate 10-15° angle towards the larynx. This tract appears to follow muscle planes towards the thoracic inlet.

Wound #8 – A nearly vertical laceration of the skin, approximately 1.5-2 cm long, located approximately 30 cm dorsal (towards the backbone) and caudal (towards the tail) to Wound #1 that penetrates the outermost portion of the abdominal muscle and is surrounded by a 10-15 cm diameter area of hemorrhage. A large shard of glass is present in the wound in the abdominal muscle.

A bullet is found embedded in the muscle of the neck to the right of the trachea approximately 5 cm under the skin. The bullet is surrounded by hemorrhage and blood clots and appears to be associated with bullet tracts from wounds #6 or 7.

EENT: The tongue is enlarged with gas and protrudes from the oral cavity. Teeth appear normal with moderate wear.

Heart: Extremely autolytic with brown discoloration. There is a small laceration of the left apex that pierces the ventricle that is associated with fragments of the bullet from Wound #3. There are minimal blood clots in the heart.

Lungs: Extremely autolytic and discolored. There are multiple lacerations of the ventral aspect of the caudal left lobe associated with fragments of the bullet from Wound #3. There are multiple lacerations of the right cranial lung lobe. There is a very large blood clot in the thoracic cavity. There is a puncture of the dorsal aspect of the trachea just caudal to the larynx in line with a bullet tract (possibly # 2, 5 or 7).

Liver: NE Kidney: NE

GI tract: The esophagus is extremely distended and ruptured in several places in the neck and thorax with rumen contents spilling into the surrounding tissues. The remainder of the GI tract was not examined

Spleen: NE Pancreas: NE

Gonads: Autolytic. NVL

CNS: NE

#### Samples taken:

Histology: Bacteriology: Parasitology:

Virology:

Other: X-rays of skull and blood clots in nasal cavities. Blood clots and bone fragments from nasal cavity frozen for fragment retrieval.

#### Results:

Histology:

Bacteriology:

Parasitology:

Virology:

Other: X-ray – multiple metal fragments from the entrance wound in the bridge of the nose that outline a bullet tract that angles towards the larynx. Multiple metal fragments in the nasal turbinates and blood clots within them.

**Preliminary Diagnosis:** Multiple gunshot wounds to neck, chest, and head; laceration to left flank; massive blood loss into the chest cavity.

#### **Final Diagnosis:**

**Comment:** The extent of the autolysis makes it difficult to distinguish hemorrhage associated with blunt force trauma from congestion and decomposition. It appears that the left chest wound likely was the fatal gunshot. The gunshots to the left neck and front of the left shoulder created some significant tracts and hemorrhage but did not

#### N15-593

appear fatal. The gunshot wound to the head was not fatal but was associated with hemorrhage in the nasal sinuses, cranial aspect of the ventral neck, and associated structures.

Wound #1 and the incision near the left front leg were made by CVTC staff to try to deflate the gas in the abdomen and chest of the carcass after its arrival at the CVTC.

The bullet found in the neck could not be assigned to a wound because of the extensive autolysis and decomposition of the animal, especially in the neck area. The muscles in this area were very gas filled and undergoing liquefaction from decomposition. The close proximity of all the bullet tracts and the overlapping hemorrhage patterns also obscured the tracing of the bullet tracts.

Extensive X-rays of the bullet wounds in the neck was not possible as the size of the bull exceeded the capacity of the X-ray equipment available.

Ву

Mark L. Drew, DVM

By

Scott Leibsle, DVM

#### **Acronym Definitions:**

NVL = no visible lesions

NE = not examined

Bacteriology - OP = oropharyngeal swab

NA = nasal swab

Virology – IFA

IFA = Indirect fluorescent assay

DFA = Direct fluorescent assay

Serology -

BAV = Bovine Adenovirus BCV = Bovine Coronavirus

BRSV = Bovine Respiratory Syncytial Virus

BVD = Bovine Viral Diarrhea

BT = Bluetongue

EHD = Epizootic Hemorrhagic Disease

IBR = Infectious Bovine Rhinotracheitis Virus

PI3 = Parainfluenza 3

OPP = Ovine Progressive Pneumonia

#### Directions-

Medial – towards the middle of body

Lateral – towards the side Cranial – towards the head Caudal – towards the tail

Ventral - towards the sternum or abdomen midline

Dorsal - towards the backbone

Narrative	

- 1. On November 10, 2015, at approximately 9:45 a.m., Investigative Assistant Danielle Hendershot and I, retrieved the following items from evidence; a down jacket (evidence tag #150002806, item #5), a white long john-shirt (evidence tag #150002806, item #6), and a blue shirt (evidence tag #150002806, item #7). The items had shown signs of leaking through the packaging. They were unpackaged and hung to allow them to dry in a secure evidence storage area.
- 2. On November 12, 2015, at approximately 9:00 a.m., we gathered the items and repackaged them. I created a new item for the packaging that was replaced (evidence tag #150002844, item #1).

### Narrative

1. On November 9, 2015, at approximately 2:45 p.m., Detective Jason Horst, Investigative Assistant Danielle Hendershot, and I, examined Cody ROLAND'S duty belt and gear for any evidence. Detective Horst located a mark on the top portion of the ASP. There was a red mark and what appeared to be a possible impact point with

- 1. On November 1, 2015, at approximately 10:45 p.m., I interviewed Jacob Qualls an emergency responder for Adams County Paramedics near the scene of the shooting located at 2562 US Highway 95, Council, Adams County, Idaho.
- 2. Qualls informed me he had taken a video of Donna Yantis as he transported her in the ambulance. I retrieved a copy of the video from his cell phone. He stated he did not witness the shooting and responded only after it had occurred. Once he arrived on scene he saw the bull still wondering around. He saw Crissy Gipe, an EMS responder, near a body on a backboard. She indicated to him the person was deceased. He then dealt with who he believed was the family of who had been shot. He stated he would write everything down and get a copy of his statement to me.
- 3. On November 12, 2015, at approximately 10:08 a.m., I received an email from Qualls with his final statement. His statement was:

"Troy - I apologize for not getting this to you sooner. I have added additional thoughts, but did not change the 'draft' you were given by the other investigators. Thanks - Mac

PS - I will be in court today in Boise. I can be reached on my cell phone at possibly as late as 4pm/5pm.

As Meadows Valley Ambulance was responding to the incident at Mile Post 142 on highway 95, we asked dispatch what we were headed to. Dispatch advised that it was a shooting. Radio further advised the patient was on a backboard on the north side of the crash scene.

On arrival, I found Crissy Gipe crouched near what appeared to be an adult on a backboard. The patient was covered with a blanket. The patient was lying in the southbound lane and pool of blood was around the patient. The ambulance parked in the northbound lane facing south near the body. A few minutes later we found we were parked over the top a finger-tip.

Miss Gipe was known to me to a licensed EMT with Council EMS and dispatcher for Adams County Sheriff's Office. She indicated that the patient was deceased. Deputy Brian Wood was crouched near the body about two to three feet away. I indicated to my crew on the 2nd Meadows Valley Ambulance unit to take the officer to the ambulance to keep him away from the body. Deputy Wood appeared to be or had been crying and seemed in shock over the matter. He had a black type rifle on his left shoulder. When I stated that he should go with the 2nd ambulance crew he stated he needed to give his gun to EMT Doug Buys, in which he did.

I asked EMT Gipe where I was needed and she indicated that the family was close by and would need some assistance. I then went to the opposite side of the road and found Sarah Yantis, Mrs. Yantis (wife of the deceased), Rowdy Paradis, Sarah Yantis' husband (name unknown) and infant child along with another gentleman about 40 to 50 years of age. Mr. Rowdy Paradis was in two sets of handcuffs as was the other gentleman. They indicated that Mrs. Yantis and Rowdy Paradis had witnessed the shooting.

Statements I heard at this point, and I am unsure who stated them, but was from the Yantis/Paradis party: They shot him.

I expect this in California or Fruitland, but not here.

Why did Council Ambulance not save my dad?

They will get their due. (or something very similar)

"Can you get these cuffs off of me?" - Rowdy Paradis

"They cuffed mom spread eagle." - Sarah Yantis

They called for him to kill the cow, but they 'couldn't do it right'.

Report Officer | Printed At | 12/01/2015 13:32 | Page 2 of 4

### Supplement No 0026

### QUALLS INTERVIEW Idaho State Police

### **Narrative**

"They shot the cow four times and couldn't even do that right."

There was some indication from the Yantis family that led me to believe that the deceased may have reached for an officer's weapon and was then shot.

When some of the questions were asked, I wanted to be able to provide some answers to help diffuse the situation, specifically if attempts were made to save the deceased and if the cuffs could be removed.

I told the Yantis family that I would find out what I could and return. I quickly walked to EMT Gipe and stated the family would like to know why nothing was done. Gipe indicated that he was shot at least four times in the abdomen. I looked down and to my experience saw the blood around the body which led me to believe there was enough blood on the ground that lifesaving measurers would not have been successful, knowing the EMS Basic capabilities of the rural EMS unit. At about this time I found Sheriff Zollman on scene. He was also attempting to diffuse the situation. He indicated to the Yantis party (specifically Mr. Rowdy Paradis) that he would find out why the cuffs were on him and go from there.

There was enough discussion of violence (retaliation) that I began to speak to Sarah Yantis and Mrs. Yantis to try to find a place for them to go. It was at this point that I and Sarah Yantis noticed that Mrs. Yantis began holding her fist tightly to her chest. I requested our 12-Lead machine (which monitors vital signs) and was able to get a blood pressure on Mrs. Yantis and eventually we were able to get her to sit on an UTV. A measurement of an extremely high blood pressure indicated that Mrs. Yantis health was of a major concern at this time. We moved her to a gurney and loaded her into our ambulance which had been pulled up. We performed a 12-Lead on Mrs. Yantis and the machine indicated an "Acute MI" with ST Elevation. We called for an air ambulance and once en route requested them to meet us somewhere between Council & Cambridge.

At one point during the transport, Sarah who was riding with us took a phone call. Mrs. Yantis' vital signs were not stable. Mrs. Yantis began to ask if she is flown to Boise, who would tell her story to the cops. I advised her that I could take a video of her telling her story. She did tell the story and that video was transferred to Detective Troy DeBie with Idaho State Police as promised around 11pm on the night of the incident.

My goals while on scene were first the safety of myself and my crew, the participants' safety and the bystanders. Subjectively I have always found it better to remove witnesses and/or victims from the immediate scene and to separate parties involved to help diffuse tense situations.

A few afterthoughts -

On arrival of our ems units the cow was still alive and seemed agitated. It appeared to be severely injured, but was still attempting to get up.

Mrs. Yantis' demeanor did not match that of what I thought would be for someone that just lost a spouse, but could have been masked by her acute myocardial infarction (heart attack).

Sarah Yantis, Rowdy Pardis and the other gentleman in handcuffs demeanor was that of anger, but not quite rage. By separating and encouraging Sarah Yantis to come with her mother away from the scene in the ambulance, her anger seemed to diminish slightly.

Completed 11/2/2015 - 1800 hours

Jacob "Mac" Qualls, EMS Chief - Meadows Valley Ambulance Service

On further thoughts -

Mrs. Yantis may have been very quiet not because of the incident but because of the cardiac distress. One thing that I did not see anyone move anything that I would have considered evidence, neither shell casings, the body of Mr. Yantis, the bull or vehicles.

Mrs. Yantis, as well as Sarah stated that Mrs. Yantis had been placed in cuffs and 'spread eagle' for a time. I did not notice any bruising on Mrs. Yantis' wrists and she was not wearing handcuffs when I saw her.

# QUALLS INTERVIEW Idaho State Police

### **Narrative**

I did not see Susan Greggerson at the scene, which was widely advertised on social media. The only semi-truck that I saw on scene was afterwards in the large pullout south of the scene several hundred yards. The semi was facing north towards the scene. There were no semi's in the southbound lane on the north side of the scene.

I want to reiterate that Deputy Brian Wood was very emotional and upset. He would only hand over his weapon to Doug Buys. (AR-15, I believe).

- "Can you get these cuffs off of me?" Rowdy Paradis
- "They cuffed mom spread eagle." Sarah Yantis
- They called for him to kill the cow, but they 'couldn't do it right'.
- "They shot the cow four times and couldn't even do that right."

There was some indication from the Yantis family that led me to believe that the deceased may have reached for an officer's weapon and was then shot.

When some of the questions were asked, I wanted to be able to provide some answers to help diffuse the situation, specifically if attempts were made to save the deceased and if the cuffs could be removed.

I told the Yantis family that I would find out what I could and return. I quickly walked to EMT Gipe and stated the family would like to know why nothing was done. Gipe indicated that he was shot at least four times in the abdomen. I looked down and to my experience saw the blood around the body which led me to believe there was enough blood on the ground that lifesaving measurers would not have been successful, knowing the EMS Basic capabilities of the rural EMS unit. At about this time I found

Sheriff Zollman on scene. He was also attempting to diffuse the situation. He indicated to the Yantis party (specifically Mr. Rowdy Paradis) that he would find out why the cuffs were on him and go from there.

There was enough discussion of violence (retaliation) that I began to speak to Sarah Yantis and Mrs. Yantis to try to find a place for them to go. It was at this point that I and Sarah Yantis noticed that Mrs. Yantis began holding her fist tightly to her chest. I requested our 12-Lead machine (which monitors vital signs) and was able to get a blood pressure on Mrs. Yantis and eventually we were able to get her to sit on an UTV. A measurement of an extremely high blood pressure indicated that Mrs. Yantis health was of a major concern at this time. We moved her to a gurney and loaded her into our ambulance which had been pulled up. We performed a 12-Lead on Mrs. Yantis and the machine indicated an "Acute MI" with ST Elevation. We called for an air ambulance and once en route requested them to meet us somewhere between Council & Cambridge.

At one point during the transport, Sarah who was riding with us took a phone call. Mrs. Yantis' vital signs were not stable. Mrs. Yantis began to ask if she is flown to Boise, who would tell her story to the cops. I advised her that I could take a video of her telling her story. She did tell the story and that video was transferred to Detective Troy DeBie with Idaho State Police as promised around 11pm on the night of the incident.

My goals while on scene were first the safety of myself and my crew, the participants' safety and the bystanders. Subjectively I have always found it better to remove witnesses and/or victims from the immediate scene and to separate parties involved to help diffuse tense situations.

A few afterthoughts -

On arrival of our ems units the cow was still alive and seemed agitated. It appeared to be severely injured, but was still attempting to get up.

Mrs. Yantis' demeanor did not match that of what I thought would be for someone that just lost a spouse, but could have been masked by her acute myocardial infarction (heart attack).

Sarah Yantis, Rowdy Pardis and the other gentleman in handcuffs demeanor was that of anger, but not quite rage. By separating and encouraging Sarah Yantis to come with her mother away from the scene in the ambulance, her anger seemed to diminish slightly.

- 1. On November 1, 2015, at approximately 10:45 p.m., I interviewed Jacob Qualls an emergency responder for Adams County Paramedics near the scene of the shooting located at 2562 US Highway 95, Council, Adams County, Idaho.
- 2. Qualls informed me he had taken a video of Donna Yantis as he transported her in the ambulance. I retrieved a copy of the video from his cell phone. He stated he did not witness the shooting and responded only after it had occurred. Once he arrived on scene he saw the bull still wondering around. He saw Crissy Gipe, an EMS responder, near a body on a backboard. She indicated to him the person was deceased. He then dealt with who he believed was the family of who had been shot. He stated he would write everything down and get a copy of his statement to me.
- 3. On November 12, 2015, at approximately 10:08 a.m., I received an email from Qualls with his final statement. His statement was:

"Troy - I apologize for not getting this to you sooner. I have added additional thoughts, but did not change the 'draft' you were given by the other investigators. Thanks - Mac

PS - I will be in court today in Boise. I can be reached on my cell phone at possibly as late as 4pm/5pm.

As Meadows Valley Ambulance was responding to the incident at Mile Post 142 on highway 95, we asked dispatch what we were headed to. Dispatch advised that it was a shooting. Radio further advised the patient was on a backboard on the north side of the crash scene.

On arrival, I found Crissy Gipe crouched near what appeared to be an adult on a backboard. The patient was covered with a blanket. The patient was lying in the southbound lane and pool of blood was around the patient. The ambulance parked in the northbound lane facing south near the body. A few minutes later we found we were parked over the top a finger-tip.

Miss Gipe was known to me to a licensed EMT with Council EMS and dispatcher for Adams County Sheriff's Office. She indicated that the patient was deceased. Deputy Brian Wood was crouched near the body about two to three feet away. I indicated to my crew on the 2nd Meadows Valley Ambulance unit to take the officer to the ambulance to keep him away from the body. Deputy Wood appeared to be or had been crying and seemed in shock over the matter. He had a black type rifle on his left shoulder. When I stated that he should go with the 2nd ambulance crew he stated he needed to give his gun to EMT Doug Buys, in which he did.

I asked EMT Gipe where I was needed and she indicated that the family was close by and would need some assistance. I then went to the opposite side of the road and found Sarah Yantis, Mrs. Yantis (wife of the deceased), Rowdy Paradis, Sarah Yantis' husband (name unknown) and infant child along with another gentleman about 40 to 50 years of age. Mr. Rowdy Paradis was in two sets of handcuffs as was the other gentleman. They indicated that Mrs. Yantis and Rowdy Paradis had witnessed the shooting.

Statements I heard at this point, and I am unsure who stated them, but was from the Yantis/Paradis party: They shot him.

I expect this in California or Fruitland, but not here.

Why did Council Ambulance not save my dad?

They will get their due. (or something very similar)

"Can you get these cuffs off of me?" - Rowdy Paradis

"They cuffed mom spread eagle." - Sarah Yantis

They called for him to kill the cow, but they 'couldn't do it right'.

# QUALLS INTERVIEW Idaho State Police

### Narrative

"They shot the cow four times and couldn't even do that right."

There was some indication from the Yantis family that led me to believe that the deceased may have reached for an officer's weapon and was then shot.

When some of the questions were asked, I wanted to be able to provide some answers to help diffuse the situation, specifically if attempts were made to save the deceased and if the cuffs could be removed.

I told the Yantis family that I would find out what I could and return. I quickly walked to EMT Gipe and stated the family would like to know why nothing was done. Gipe indicated that he was shot at least four times in the abdomen. I looked down and to my experience saw the blood around the body which led me to believe there was enough blood on the ground that lifesaving measurers would not have been successful, knowing the EMS Basic capabilities of the rural EMS unit. At about this time I found Sheriff Zollman on scene. He was also attempting to diffuse the situation. He indicated to the Yantis party (specifically Mr. Rowdy Paradis) that he would find out why the cuffs were on him and go from there.

There was enough discussion of violence (retaliation) that I began to speak to Sarah Yantis and Mrs. Yantis to try to find a place for them to go. It was at this point that I and Sarah Yantis noticed that Mrs. Yantis began holding her fist tightly to her chest. I requested our 12-Lead machine (which monitors vital signs) and was able to get a blood pressure on Mrs. Yantis and eventually we were able to get her to sit on an UTV. A measurement of an extremely high blood pressure indicated that Mrs. Yantis health was of a major concern at this time. We moved her to a gurney and loaded her into our ambulance which had been pulled up. We performed a 12-Lead on Mrs. Yantis and the machine indicated an "Acute MI" with ST Elevation. We called for an air ambulance and once en route requested them to meet us somewhere between Council & Cambridge.

At one point during the transport, Sarah who was riding with us took a phone call. Mrs. Yantis' vital signs were not stable. Mrs. Yantis began to ask if she is flown to Boise, who would tell her story to the cops. I advised her that I could take a video of her telling her story. She did tell the story and that video was transferred to Detective Troy DeBie with Idaho State Police as promised around 11pm on the night of the incident.

My goals while on scene were first the safety of myself and my crew, the participants' safety and the bystanders. Subjectively I have always found it better to remove witnesses and/or victims from the immediate scene and to separate parties involved to help diffuse tense situations.

A few afterthoughts -

On arrival of our ems units the cow was still alive and seemed agitated. It appeared to be severely injured, but was still attempting to get up.

Mrs. Yantis' demeanor did not match that of what I thought would be for someone that just lost a spouse, but could have been masked by her acute myocardial infarction (heart attack).

Sarah Yantis, Rowdy Pardis and the other gentleman in handcuffs demeanor was that of anger, but not quite rage. By separating and encouraging Sarah Yantis to come with her mother away from the scene in the ambulance, her anger seemed to diminish slightly.

Completed 11/2/2015 - 1800 hours

Jacob "Mac" Qualls, EMS Chief - Meadows Valley Ambulance Service

On further thoughts -

Mrs. Yantis may have been very quiet not because of the incident but because of the cardiac distress. One thing that I did not see anyone move anything that I would have considered evidence, neither shell casings, the body of Mr. Yantis, the bull or vehicles.

Mrs. Yantis, as well as Sarah stated that Mrs. Yantis had been placed in cuffs and 'spread eagle' for a time. I did not notice any bruising on Mrs. Yantis' wrists and she was not wearing handcuffs when I saw her.

## Narrative

I did not see Susan Greggerson at the scene, which was widely advertised on social media. The only semi-truck that I saw on scene was afterwards in the large pullout south of the scene several hundred yards. The semi was facing north towards the scene. There were no semi's in the southbound lane on the north side of the scene.

I want to reiterate that Deputy Brian Wood was very emotional and upset. He would only hand over his weapon to Doug Buys. (AR-15, I believe).

## EVANOW INT Idaho State Police

- 1. On November 3, 2015 at approximately 6:12 PM, Idaho State Police Sergeant Boone and I conducted an interview of Conrad and Tami Evanow at 700 S Stratford Dr, Meridian, ID. The interview was in reference to the critical incident involving Jack Yantis which occurred November 1, 2015. The location of the incident was 2562 HWY 95, Council, ID 83612. The Evanow's told us the following:
- a. They were on their way home from a cross country meet in Coeur d'Alene. As they got close to Council Idaho on US 95 they saw emergency lights ahead so they slowed down.
- b. There was a green truck in front of them. They put their emergency lights on and stopped behind the green truck.
- c. An officer walked up to the green truck and said something to the occupants, walked back to their vehicle and asked them to drive farther down the road and park in the turnout on the right side of the highway. The officer did not explain why.
- d. They saw ambulances parked in the northbound lane, but the southbound lane looked open enough to get through.
- e. They drove down to the turnout and parked behind the green truck.
- f. As they drove down, she looked to her left and saw a big black bull lying on the ground; head up and pointing towards the north.
- g. They were there for 10 to 15 minutes and the bull never moved. The bull tried to get up after the shots but was only able to get up on its front legs then went back down.
- h. After they pulled over she rolled down her window.
- i. As she pulled over, she saw a gentleman with a rifle who had a brown coat on. He had grey hair and was standing over the top of his bull which was lying next to a white dodge pickup.
- j. As they drove down to the turnout there was a tractor coming down the hill. (Yantis driveway)
- k. Everything looked calm and no one looked excited.
- I. She believed they were going to shoot that bull and she didn't want to see it.
- m. She was looking out her mirror and she saw the guy with the gun (Yantis) point down at the bull, then put his hand over up to his forehead like he had wiped it. There were also officers present.
- n. She thought he couldn't do it and then heard someone yell "shoot that thing" and just kept screaming at him (Yantis), "Shoot that thing". They did not know who was yelling.
- o. While still looking in her mirror, she saw the man (Yantis) turn to face whoever was yelling at him. She did not know who was yelling because there was a police car parked right behind her which obstructed her view. When he turned, the gun was still pointing toward the animal. She then heard approximately 4 to 5 gunshots.
- p. Her husband grabbed her head and pulled her down when she stuck her head out the window to see. He was in the passenger seat and looked up but could not tell where the shots were coming from.
- q. He said they were all pistol shots; he has been around guns his whole life, and there were no rifle shots unless it was a very small rifle.
- r. When he looked up he saw them (the deputies) throw a man to the ground, with a knee in the back and handcuffing the man. He did not know if it was someone different who was being arrested, but he thought it was the same guy that had a rifle before (Yantis).
- s. She said "Conrad, they just shot him", she was shaking and nervous. She was confused as to why the man did not go down and thought maybe they shot in the air.
- t. He said he could not describe the rifle the man had but it had a scope.

Report Officer	Printed At	
3468/HORST, JASON M	12/01/2015 13:32	Page 2 of 3

# EVANOW INT Idaho State Police

- u. She said it had a brown stock and the guy who was holding it had a brown coat on.
- v. He said an officer was leaned over the hood of a car with a gun already up and pointed, (he did not clarify a direction) but he does not know if the officer shot the guy. The car was between the officer, the bull, and the guy (Yantis).
- w. He said he did not know for sure if the man with the handgun was an officer; it was a presumption on his part. She said he (the officer) screamed at the guy (Yantis) "are you fucking stupid" right after the shots.
- x. The officers then told the man to get down, which confused her because he was still standing.
- y. They did not remember if there was an officer up by the man with the gun (Yantis) but they remember there were a lot of people around whom they thought were first responders and there were also officers in the area.
- z. She said they (the officers) backed away when he (Yantis) started to shoot his animal.
- aa. She said he (Yantis) never shot, he (Yantis) only turned towards the man she heard say "shoot that thing" who she could not see. She said his (Yantis) rifle was never pointed up or she would have freaked, because it (the bullet) would have went right past her car.
- bb. He said he never heard a rifle shot and he knows what rifles sound like. He didn't know what caliber the rifle was but there never was a rifle shot, it was a different kind of sound.
- cc. He said the other gentleman who was parked in front of them was outside of his car.
- dd. They did not remember if the skid loader was running and did not know where it parked.
- ee. After all the gunfire an emergency responder approached their car and asked them if they could get their car moved out of the area because they had to land a life flight helicopter and turn an ambulance around. That was when they left the area.
- ff. Before they left they asked the responder if they (the officers) shot that guy (Yantis). The responder told them he did not know, he thought they were just there to shoot a bull.
- gg. The bull was still alive when they left.
- At approximately 6:38 PM the interview was ended.

### **Summary Narrative**

On November 3, 2015, Idaho State Police Detective Sergeant Robert Boone and Detective Lieutenant Jack Catlin obtained a witness statement from Sam McConnell at the scene of the officer involved critical incident located 2562 Hwy 95. Council Idaho. The statement was documented but not audio recorded.

- 1. On November 3, 2015, at approximately 12:10 a.m., Idaho State Police Detective Lieutenant Jack Catlin and I obtained a witness statement from Sam McConnell. The interview took place at the scene and was not recorded. Sam McConnell stated the following:
- a. He was dispatched to a vehicle crash involving a car and a bull. He was informed that there was a female trapped in the vehicle requiring extrication.
- b. He arrived on the scene, parked facing South just off the North bound lane of traffic. His pickup was the pickup parked next to the dead bull.
- c. At the time he arrived on the scene, he did not initially see the bull. He eventually observed the bull off of the road way. He began assisting by stopping traffic on the North side of the accident.
- d. He was holding traffic back on the South Bound lane when the deputy shot the bull.
- e. Deputy Wood then requested him to move the traffic stopped to the North out of the scene. There were two cars he had stopped to the North and he opened up the lane of traffic to move them South past where the bull had been shot.
- f. He observed the owner of the bull and a track loader coming down from the Yantis drive way as he was moving the cars out of the way.
- g. He overheard Yantis yelling something like "put the fucking gun away". Then he heard more gun shots fired. The shots sounded like the AR.
- h. He advised there was a lot of yelling after the shots but he was not sure what was being said. At the time of the shooting, his back was to the officers and he did not see what happened.
- He knew that the EMTs were quickly on the scene.

OTH	LAW	1	ROLAND, CODY W	W	M
DOB					
Nar	rative				

- 1. On November 3, 2015 at approximately 9:41 AM, Idaho State Police Sergeant Boone and I conducted an interview of Cody Roland at 201 Industrial Ave, Council, Adams County, Idaho. The interview was in reference to the critical incident involving Jack Yantis which occurred November 1, 2015. The location of the incident was 2562 HWY 95, Council, ID 83612.
- 2. We explained to Roland this was a criminal investigation and he was not required to make a statement to us. Roland agreed to make a statement without an attorney present. Roland told us the following:
- a. He is a deputy with the Adams County Sheriff's Office and his badge number was 2302.
- b. He began working for Adams County July 7, 2015.
- c. Prior to working for the Adams County Sheriff he worked for the Canyon County Sheriff starting in 2000 as a Deputy.
- d. He attended the Idaho POST patrol academy in 2002 while working for Parma Police department.
- e. He started working for Parma Police Department in 2001 until 2004.
- f. In 2004 he began working for Gooding City Police Department.
- g. He was never fired from any of his former employers.
- h. While working for Gooding City Police he was also a reserve officer for Wilder Police Department.
- i. During this time George Norse was the Sheriff (Unknown County), the Wilder Police Chief was Jeff Perry, the Parma Police Chief was Lenny Elfering, who were all good friends at the time.
- j. It was a strange circumstance why he had so many jobs but it was never because of being in trouble. The Wilder Police Chief went to Gooding and wanted him to work for him as a detective.
- k. At the time he was working for Parma he was doing detective work for Canyon County; he also had a Canyon County dog (Police K9)
- I. He just wanted to make it very clear he was never in trouble, and the law enforcement leadership in the area were friends. He was not being traded; he was just trying to work for everyone because he was young and gung ho.
- m. He only worked for Gooding for one year helping the agency get started. The leadership needed a sex crimes detective and he had experience doing internet crimes against children with Canyon County.
- n. After Gooding Police, he went to work at the Valley County Sheriff's office. He worked for Valley County Sheriff twice, first as a patrol sergeant; he left to do police missions in Iraq in 2008, then returned to Valley County in 2010 as a patrol deputy.
- o. In 2012 left Valley County and started a pressure washing business in North Dakota. He also worked for his uncle's business hauling frack water in North Dakota.
- p. In November 2014 he went to work in the gas fields in Pennsylvania until June 26, 2015 and still currently works for the company. He was scheduled to leave Saturday (November 7, 2015) to go back to Pennsylvania.
- q. He currently works for Adams County. He wanted to work as a reserve deputy to keep his POST certification current but the Sherriff talked him into full time temporary.
- r. He started his shift at 8:00 AM or 9:00 AM the morning of November 1, 2015 and it was not his regular shift. He had been on swing shift but was covering the shift for a deputy who was on vacation.
- His radio designator was 2302.

Supplement No 0029

## ROLAND INT Idaho State Police

- t. He did not recall anything out of the ordinary with his sleep cycle the night prior to the incident and estimated getting six or seven hours of sleep. He has two young children and doesn't get large amounts of sleep.
- u. The last time he ate was approximately two hours before the incident. He ate stew, cake, biscuits, and bread.
- v. He said he was not on any medication and had not consumed any alcohol prior to the incident.
- w. He said it had not been a busy shift. He was scheduled to leave the state for his other employment the following Saturday (November 7, 2015) and was only taking the calls he had to so he did not generate reports and court time. Other than livestock in the road he only remembered doing a vandalism complaint.
- x. Nothing out of the ordinary had happened to him that day.
- y. He had a recorder in the vehicle but was not using it at the time of the incident. Any calls for service which could result in arrest, complaints, all traffic stops responding to citizens residences. He never takes it out for car crashes, vehicle verses cow, deer, or elk.
- z. When he arrived at the initial crash scene he parked back behind the traffic and ran up to the crash scene and had never thought about the camera or had a reason to get it.
- aa. The weapon he used in the incident was a Glock Model 30. He had owned it since sometime between 2000 and 2002 and uses it as his primary duty weapon. He keeps extended magazines in his pouch, and the short magazine in the weapon itself.
- bb. The short magazine holds 10 rounds and he normally fully loads the magazine. He has a few of the short magazines and some of them do not function correctly if he fully loads them. Some of the magazines are carried minus one round. He did not know if the magazine he had in the weapon had nine or ten rounds prior to the shooting. But he would have had no less than ten because he always loads it with one round in the chamber.
- cc. The ammunition used was department issued Winchester Ranger 230 grain jacketed hollow point rounds.
- dd. The last time he qualified with the weapon was July 2015.
- ee. He did not have any other weapons on him at the time of the incident. He had a rifle in his patrol vehicle but was not accessible at the time of the incident.
- ff. He carries an ASP and OC spray as less lethal on his duty belt. He also carries a Gerber multi-tool, two sets of handcuffs, a radio holder, holster, and a magazine pouch on his duty belt. He does not have a TASER.
- gg. He was wearing green pants, tan undershirt, vest, and a basic off white yellowish polo shirt with embroidery (badge) on the left chest. The shirt did not have any Adams County Sheriff's Department patches on the shoulders. He was also wearing a ball cap with an Adams County Badge and the department name on it.
- hh. Prior to the crash, he was out on another livestock on the road call on Council Cuprum road.
- ii. He heard the call to EMS for an injury crash two miles north of Council so he responded to the scene. While en-route he saw EMS lights and heard EMS request dispatch call for extrication.
- jj. When he arrived on scene he parked behind the line of vehicles which he believed to be a mix of first responders and people travelling on the roadway. He ran to the crash scene on foot.
- kk. There were swarms of people helping at the car involved in the crash, and he radioed the license plate to dispatch. He went back to his patrol vehicle to grab his camera and returned to the crash scene. He was unable to get any pictures of the crash but heard Deputy Wood check out on the radio and walk down to the crash scene.
- II. He and Wood discussed trying to locate the animal involved in the crash. He said the car was just destroyed and it was a little bit shocking. They walked north to see if they could find the location of the crash. He saw a large bolder under the car, he did not know if the car went off the road or if the boulder had been placed there by EMS to keep the car from moving.

### Supplement No 0029

## ROLAND INT Idaho State Police

### **Narrative**

mm. He commented to Wood that he had been to hundreds of crashes and had never seen that much glass, and whatever was hit must be laying dead somewhere.

nn. He didn't remember the exact distance from the crash, but they found a large Black Angus bull up a dirt hill to the east side of the highway (Yantis' driveway). He knew it was a Black Angus bull because he grew up in a ranching community, he's owned cattle, and he knew exactly what it was.

oo. Wood began walking up the hill, the bull had its tail up and head down, which meant he's likely to charge you. He yelled at Wood to get away from the bull. He saw blood and a strip of hide on its left flank and believed it to be the animal involved in the crash. He warned Wood to stay away from the bull because it was likely to be aggressive.

pp. He and Wood remained there to try to keep the bull there. The bull wasn't charging anyone at that time. He estimated the bull to be 100 feet up the road and 30 feet to the east of the crash site.

qq. At some point he left and walked back down to the crash scene. When he was at the crash scene, Deputy, Bauer who was there in an EMS capacity, told him the bull had a 4Y brand.

rr. He had heard the "Yantis" name before but he thought Bauer was saying "Jantis" or "Jauntis" so he radioed to dispatch the bull had a 4Y brand.

ss. He walked back up to where the bull was. The bull had come down the road and was standing in a corner where two fences met in some tall grass.

tt. Deputy Wood's vehicle was facing south on the east side of the highway helping block the bull in. There was also an old ambulance nosed in towards the northeast with its headlights on the bull. They stood there watching the bull.

uu. He did not know when but he radioed dispatch once or twice to let them know the bull was agitated and they needed someone to respond to the scene. He told Deputy Wood several times they could not shoot the bull unless they absolutely had to.

vv. One of the reasons he told Wood, was he could not shoot the bull with his handgun because it would only agitate the bull. Wood already had his rifle out in case the bull did charge. He told Wood he would be lucky if the rifle did anything to the bull.

ww. They stood there talking; it was fairly calm except for the mess at the traffic crash scene.

xx. This wasn't anything new; he had recently dealt with a rancher and his injured animal in New Meadows. You really need to treat them (the ranchers) with kid gloves because ranchers care about their animals, which was another reason he explained to Wood to let the rancher kill the animal.

yy. Soon after the bull turned towards them and took a step. He yelled at the bull and it stopped. A few moments went by and the bull came at them again. He threw up his arms and yelled and the bull stopped. This went on several times and the bull kept working closer to the pickup.

zz. He and Deputy Wood were both around the driver's side door, front fender of Wood's pickup. As the bull got closer Wood took a position behind the front of the pickup. He moved to the rear passenger side where he was out of the bull's sight. He and Wood were still able to converse.

aaa. The bull made another charge toward the pickup and ended up near the front of the bed by the rear driver's side door and stood there. He did not know how long it was but the bull moved to the back of the pickup and stood there.

bbb. There was an EMS person flagging traffic on the other side of the highway. Wood took up a position near the person flagging traffic.

ccc. He said his memory was a little bit fuzzy.

ddd. The bull then walked out on the highway close to the centerline and stopped. He was standing at

Report Officer	Printed At

Supplement No 0029

## ROLAND INT Idaho State Police

### **Narrative**

approximately a 90 degree angle to Wood. He said he couldn't shoot at the bull because his handgun would not be effective and also he would have been shooting in the direction of the flagger.

eee. The bull put its head down and went after Wood. He saw some of the shots Wood fired and heard the rest. He did not remember how many shots Wood fired but estimated an initial three followed by an additional three. The bull did not flinch but it stopped and walked back toward the other side of the highway (east side) and laid down facing north on the fog line next to a white dodge pickup.

fff. As soon as it happened a four-wheeler pulled up. He was still by the center line and Deputy Wood approached the four-wheeler. There was a man and a woman on the four-wheeler and they had a rifle.

ggg. He thought it was the owner. He felt this was a tough situation because it is one of the few incidents or calls for service where there is going to be someone you don't know in your scene with a loaded gun and you allow them do it. Like his previous call in New Meadows, he is just there if the rancher needs any help.

hhh. When Deputy Wood approached the four-wheeler the male (hereafter referred to as Yantis) said, "Get that piece of shit away from my animal." He will never forget for the rest of his life and felt he should have acted on it then. He assumed Yantis was talking about Wood's rifle.

iii. It was not their first time dealing with ranchers and their wounded livestock. The incident he handled a month or two prior to the night with Yantis, the rancher showed up with a loaded gun and was very upset because the rancher had to shoot his animal which was his livelihood.

jjj. He should have put more stock in the words Yantis spoke, (Get that piece of shit away from my animal) but he understood Yantis was upset.

kkk. Neither he nor Wood said a word to Yantis who walked north towards the bull and stood with his back to him. Yantis' rifle barrel was in the air and he could tell Yantis was loading the rifle. After Yantis finished loading the rifle he walked toward the bull. He thought he remembered Wood was standing to Yantis' right side and they all started walking towards the bull.

III. There was a lot of light on the scene but for a few moments he used his flashlight to illuminate the bull's head so Yantis could get a good sight picture.

mmm. Wood instructed the flagger to clear the southbound traffic, letting the vehicles waiting to the north to pull forward so the north was clear. He thought it was safe to put the bull out of its misery.

nnn. Yantis first walked around the side of the bull and he thought Yantis was going to shoot it under the ear but there was a pickup behind it. He got ready to say something to Yantis who then moved around to the head of the bull. He thought Yantis might just be trying to decide where to shoot the bull. Wood was right there with Yantis.

ooo. Yantis suddenly pulled up like he was going to shoot straight south. The female (Donna Yantis) was right behind the bull to the south along with all the EMS personnel.

ppp. He knows how thick bull's skulls were and regardless, He was not going to let Yantis shoot in the direction to the south.

qqq. He does not remember what his exact words were, "no, no, no, or hey, hey" but he said something to Yantis. Wood said something to the effect of, "we're not doing this".

rrr. Yantis lifted his head up taking his attention away from firing but then re-aimed like he was going to shoot anyway and Wood tried to intervene.

sss. He didn't know if Wood grabbed the gun or pushed the gun but he used his left hand to try to stop the situation.

ttt. He thought as he started moving, because he was a little ways away, he was not sure how far; he was trying to get up to them.

uuu. Yantis, for whatever reason, shoved Wood sideways. Wood's left leg was in the air and he hopped to the

# ROLAND INT Idaho State Police

### **Narrative**

side on his right foot.

vvv. As soon as Wood lost control of Yantis' loaded gun he reached down to try to un-holster his pistol.

www. It had really been bothering him, but he didn't know why Yantis turned to him. He did not want Yantis to turn on anyone. He didn't know whether he was complacent or if he let the delicate situation take over, he didn't know why (Yantis turned to him).

xxx. Yantis pulled up and fired from the hip.

yyy. By the time Yantis was facing him he did not know how far he had drawn his pistol but it was almost simultaneous.

zzz. He remembered the blast of the rifle and for lack of a better term, it rung his bell.

aaaa. Between Yantis' rifle going off and his pistol, he just started getting his hearing back yesterday (November 2, 2015).

bbbb. He knew he was zeroed in on Yantis' rifle and had some tunnel vision because he didn't recall anything from the peripheral. All he remembered was zeroing in on Yantis' rifle.

cccc. He thought he might be way off but he estimated he fired three or four rounds. He said he needed to back up. (In his story)

dddd. When the rifle went off, the best way he could explain it was to say he felt a light breeze on his leg, and a heavy one (breeze) underneath his armpit, between his armpit and the side protection on his vest. He had a pain in his ribs.

eeee. His left hand was over his right side (he motioned like he was holding his right ribs with his left hand). It had spun him so his left side would have been canted toward the suspect (Yantis). He thinks he started to move. (tactical movement)

ffff. He remembered after the first shot Yantis was fidgeting with the gun.

gggg. Some of it was super slow motion in his head, he knew it was seconds if not hundredths of seconds, but the gun going off was like 10 minutes in his head.

hhhh. The last shot he fired, he remembered the rifle barrel went back down and Yantis started going backwards, back and to Yantis' right.

iiii. When Yantis' gun barrel went down he stopped firing. If he remembered correctly, he could not fire anymore because he lost his balance and did not know where the bullet would have gone.

jijj. When the gun barrel went down and Yantis started to tip, it was the last shot he fired at Yantis.

kkkk. There was a skidsteer (skid loader) which was in the southbound lane coming north. There was a man (hereafter referred to as Rowdy Paradis) who began screaming and yelling. He believed he was the person who was driving the skidsteer. There was also a woman (hereafter referred to as Donna Yantis) who began screaming and yelling. He believed she was the woman who was on the four-wheeler.

IIII. He backed up to get behind Paradis and Donna Yantis and began giving them commands to get on the ground.

mmmm. He saw Wood dealing with Yantis. He saw Wood grab Yantis' rifle and throw it.

nnnn. Paradis complied after several commands to get on the ground. Wood handcuffed Paradis.

oooo. He holstered his pistol and attempted to handcuff Donna Yantis. He cuffed her left hand but she was physically unable to put her right hand behind her back. He patted her down for weapons and allowed her sit on the four-wheeler after he searched it for weapons.

pppp. He only had one pair of handcuffs because another Deputy, (he believed possibly Bauer), took his second

Report Officer	Printed At	
3468/HORST, JASON M	12/02/2015 13:44	Page 6 of 10

### Supplement No 0029

# ROLAND INT Idaho State Police

### **Narrative**

pair of handcuffs to handcuff another suspect.

qqqq. Wood went back to where Yantis was laying. Paradis told him the handcuffs were too tight. He put a second set of cuffs on Paradis and explained to him, after what just happened, the deputies didn't know who everyone was, and he didn't want to be shot in the back. He told Paradis he was not in any trouble but he was not going to let Paradis out of handcuffs. Paradis told him he was Yantis' nephew.

rrrr. He didn't know exactly what he was doing or where he was when he was checking his hand for blood, but believed it was after he walked Paradis back to the four-wheeler.

ssss. He could not remember exactly when he was checking his side. He did not know why the pain was in his side. It may have been the way he moved or if it was the shock from the rifle (Yantis' rifle).

tttt. Donna Yantis was screaming at him "why did you shoot him?" He replied to Donna Yantis, "Because he shot me in the side."

uuuu. After Donna Yantis and Paradis were back at the four-wheeler, he remembered Wood ran over to him and started pulling his shirt up and running his (Wood's) hand up his side and asked him, "where are you hit, where are you hit?"

vvvv. He told Wood "I don't know I'm not seeing any blood."

wwww. He wasn't sure how much time went by but another person entered the scene. Wood asked the person who he was. He said he was a neighbor or something about someone's pickup being in his driveway. The man was asked to leave.

xxxx. The man (hereafter referred to as Joe Rumsey) came back into the scene and started talking to Paradis about how the deputies shot Yantis for no reason. He asked Rumsey to leave a second time at which point Rumsey began picking up shell casings.

yyyy. He grabbed Rumsey by the back of the coat and told Rumsey he was under arrest for tampering with a major crime scene. Rumsey didn't throw the casings off the road, and he didn't know how many casings Rumsey had picked up, but believed at least one of them were from his pistol. Rumsey tossed the casings back on the ground.

zzzz. He had Rumsey against Wood's pickup and asked Wood for another set of handcuffs. Wood came over to assist him with Rumsey. Rumsey resisted a little but they got Rumsey handcuffed and sat him in Wood's pickup.

aaaaa. They spoke with Rumsey and got him calmed down. He told Rumsey whatever happened was not up to him or Wood, it would be up to the Idaho State Police if Rumsey would be arrested.

bbbbb. At some point afterwards, EMS ran up to him and told him to get in the ambulance. Once he was in the ambulance, EMS began pulling up his cloths looking for wounds. Wood was already in the ambulance.

ccccc. It was a chaotic scene and they were short on help. At some point during the incident, he radioed dispatch requesting anyone else who was responding needed to hurry. He didn't remember his exact words.

ddddd. When he was in the ambulance, he remembered two people with them. One of whom was coming and going. Wood made the statement someone needed to stay in the ambulance because he and Wood could not be together. One of the EMS persons told them they understood and one person would stay with them.

eeeee. Someone provided him with a piece of paper (Item XX tag XX) which he wrote notes on.

fffff. At some point while in the ambulance someone asked him to call for a coroner but then called for a coroner themselves.

ggggg. He didn't know how long he was in the ambulance, before Idaho State Troopers Mark Wright and Vic McCarthy showed up on scene.

hhhhh. He was begging people to take his cloths. He was not sure if he was close enough for gunshot residue to be on his clothes. He thought gunshot residue would show up at a range of three to seven feet and was unsure if

Report Officer	Printed At	
3468/HORST, JASON M	12/02/2015 13:44	Page 7 of 10

## ROLAND INT Idaho State Police

### **Narrative**

he was that close or not. He was not willing to take the chance of losing potential gunshot residue from his clothes.

iiii. He asked Trooper Wright to please take his clothes. He believed he had some time before they would lose gunshot residue evidence but he wanted his clothes gone.

jjjjj. He didn't remember how long he sat in the ambulance but at some point someone, possibly the Chief Deputy (Jeff Brown) had him get in Trooper Wright's vehicle.

kkkkk. He said Trooper Wright made a tiny mistake by pulling up to the crime scene tape where he could see them working on Yantis.

IIII. He said Trooper Wright immediately recognized his mistake and turned the car around.

mmmmm. Sometime later, an Idaho State Police Sergeant (Kirk Grothaus) drove him to the Adams County Sheriff's Office which is where he began working with Idaho State Police Detectives.

nnnnn. The bull was facing north. When Yantis was loading the rifle they were closer to the four-wheeler. He was standing somewhere close to the centerline possibly to the east side of the centerline. He remembered facing the four-wheeler (east) because he kept looking left to watch for cars.

ooooo. When Wood and Yantis walked up they were right at the head of the bull.

ppppp. When the struggle began, he remembered moving toward Wood to assist him before the gun went off or a fight occurred; emotions were high.

qqqqq. He didn't remember how many steps he took, things happened so fast, in his mind it took a half an hour, but he knew it was seconds if not hundredths of a second.

rrrrr. After his last shot, he immediately was trying to watch Paradis and Donna Yantis. He tried to move to a position where Paradis and Donna Yantis were in front of him so he didn't get shot in the back.

sssss. When Rumsey was picking up shell casings, they were close to the centerline in front of the skidsteer. He didn't remember where he was standing. He remembered where he was standing before it all started when Yantis was loading his rifle.

ttttt. He and Wood walked up to the bull with Yantis. He stopped somewhere to the west and rear.

uuuuu. When Yantis turned and fired his rifle, he spun to the right and was moving because he thought he was hit.

vvvvv. He didn't see the bullet. It could have gone ten feet over his head or it could have hit the pavement, he did not know.

wwww. All he knew was he felt the slight gust on his leg, and a pain in his ribs. Something went by his side, possibly a bullet or shockwave, he did not know.

xxxxx. The bull was in a position where if Yantis shot it through the side of the head (towards the east), Yantis would have put a hole in the door of the pickup.

yyyyy. Wood and Yantis were right at the bulls head.

zzzzz. Yantis was facing to the south; Yantis looked at the bulls head. He was nervous Yantis was going to shoot through the side into the pickup. When Yantis moved towards the front he thought Yantis was checking the bull out trying to decide what to do.

aaaaaa. Yantis pulled up the rifle like he was going to shoot to the south. He did not remember what he yelled at Yantis but it was the only words he ever spoke to Yantis.

bbbbbb. It was when Wood tried to intervene.

cccccc. It was not that he didn't remember where Wood was standing; it was that he wasn't watching Wood; he was watching Yantis because he was starting to get nervous about which direction Yantis was going to shoot the

# ROLAND INT Idaho State Police

### **Narrative**

bull.

dddddd. He thought Wood might have been to the side or rear of the bull and then moved towards Yantis to intervene with Yantis shooting towards the south.

eeeeee. He knew Wood was there but could not remember where Wood was standing.

ffffff. He thought he told the Sheriff he was six to ten feet away. He thought six feet was a little close, he was a little bit farther away until Wood got into a struggle with Yantis.

gggggg. He was possibly ten feet away, it was not necessarily a guess, he wasn't one hundred percent sure it was a good estimate of distance.

hhhhhh. When Yantis first looked at the side of the bull's head he began to get nervous. When Yantis moved around and faced south and looked at the bull's head, not pointing the rifle at it, his nervousness went down. He thought Yantis was just looking at the bull.

iiiiii. In a split second Yantis pulled the rifle up and took aim at the bull. It was then he yelled at Yantis, though he didn't remember exactly what he yelled at him.

jjjjjj. The reason he yelled at Yantis was because there was no way he was going to let Yantis shoot south toward the EMTs or Donna Yantis. They were just trying to stop him.

kkkkkk. Wood and Yantis were almost shoulder to shoulder and Wood was either pushing Yantis' rifle or trying to get a hold of it.

IIIII. Yantis shoved Wood. Yantis put his hands on Wood's left side and shoved Wood to the right. Wood went off balance and was standing on the right foot.

mmmmmm. One of the small things that stuck in his head was that he when he first started working for Adams County he ordered a new level three holster he never used before. He practiced, and practiced with it. It was still a little bit slow and he intended on getting a new level two holster when he got back in the spring time but that he would keep the level three holster for the remainder of this year.

nnnnnn. He would never forget for the rest of his life, when the gun went off, he thought how did this happen? He believed he should have been so much faster (drawing out of the holster).

oooooo. When he felt the shock he was thinking "that round should have never gone off", "I should have beat him."

ppppppp. He had just left his one year old's birthday party. He remembers when he was sitting in the ambulance, he was looking at a picture from her birthday party thinking "I should have ditched that goddamn holster a long time ago and got something quicker."

qqqqqq. He explained that when cops in general see their partners or fellow law enforcement get into a struggle automatically they move towards it to help.

rrrrrr. At the point where he saw Wood and Yantis get in a struggle, he called it complacency; he never in a million years would have expected Yantis to turn on them. He should have, it was emotional, and Yantis had to put down his bull.

ssssss. He thought it would be a struggle and they would have to take Yantis' gun. If Yantis was going to shoot to the south they would have to get someone else to do it.

tttttt. He remembered after Yantis fired the rifle, Yantis looked down at the rifle after he had already fired at Yantis. He remembered thinking "why wasn't Yantis stopping". It was a split second and he thought Yantis was reloading to go again.

uuuuuu. He didn't know if he missed Yantis.

vvvvvv. When Yantis was initially loading the rifle, Yantis had his back to him so he didn't know how many rounds

### Supplement No 0029

## ROLAND INT Idaho State Police

### **Narrative**

Yantis loaded. He didn't remember if Donna Yantis handed Yantis the rifle of if Yantis retrieved it from the four-wheeler but he thought the rifle might have been a lever action.

wwwwww. He thought Yantis was trying to lever another round into it. He could not see at the angle he was at if the lever was moving. He just remembered thinking Yantis was going to get another round in the rifle and he would not be standing there if Yantis was able to shoot again.

xxxxxx. He has never had any contact with Yantis in the past. He did not know if he ever met Yantis.

yyyyyy. What he liked about working in Adams County was the slow pace, you could talk to people and get to know them. He does not write a lot of tickets or make a lot of arrests. He does not think he met Yantis but does not know for sure.

zzzzzz. He believed he fired three to four times.

aaaaaaa. He knew Wood fired because when he was in the ambulance he told the ambulance crew he could not hear and Wood commented to him "Sorry about that". It was the only reason he knew Wood fired.

bbbbbbb. He thought all the running around in the scene and EMT persons running through the scene may have caused the scene to change. He remembered hearing brass clicking on the pavement and Rumsey picking up spent casings.

cccccc. He never walked up to Yantis' body.

ddddddd. He did not know how Yantis got from the head of the bull to where Yantis fell. He thought as Yantis gun barrel went down, and started going sideways and to the rear, was when he started backing up to try and control Paradis and Donna Yantis. He did not want other guns to come into play.

eeeeeee. Wood threw Yantis' rifle across the road.

fffffff. The area was fairly well lit.

ggggggg. He thought it may have been cloudy but not raining. He wasn't cold.

hhhhhhh. Yantis could have prevented himself from being shot if Yantis wouldn't have shot at him.

3. At approximately 11:04 AM the interview was ended.

3468/HORST, JASON M	12/02/2015 13:44	Page 10 of 10

Bull charged Deputy ward and multiple shots fired at the Bull. Bull layed down on eastside of road. Owner arrived on a 4 wheeler and told beputy wood to "get that piece of shit away from my animal" Noner had a rifle and began what I believed to be loading it his back was turned to me. Owner then walked up to the bull. Myster and Deputy wood hald our Plashlights on the bull to provide the safest shot. The owner walked to the front of the bull and aimed back to the south where numerous 1st responders were afterding to victims of a car crash. I Said something like "no were not doing that! Deputy Wood then told him not to shoot and attempted to stop him. The owner then shoved deputy wood sideways and began to raise the rifle toward beporty wood. I drew my sidearm and as I was drawing, the owner twent toward me and fixed from the hip, I returned fine I believe 3 or 4 times until I observed the suspect fall. I did not observe deputy wood fire but I believe I heard him fire. When the suspect ind I saw the muzzle blast and felt the shock. I then croned out 2 offer people that were with the owner. Bothe were handenfted and searched for more weapons, Deputy wood took the suspect rifle and threw it to the side of the road, Il attempted to Keep everyone out of the scene except EMT's. 'eaple I observed were a female that identified herself as the suspects ife and a male that said he was suspects neplow. There was another nale that I told to leave but he returned and began picking up shell casings E placed him in cutte and olored him in Noute 1000 1:10

- 1. On November 3, 2015 at approximately 9:41 AM, Idaho State Police Sergeant Boone and I conducted an interview of Cody Roland at 201 Industrial Ave, Council, Adams County, Idaho. The interview was in reference to the critical incident involving Jack Yantis which occurred November 1, 2015. The location of the incident was 2562 HWY 95, Council, ID 83612.
- 2. We explained to Roland this was a criminal investigation and he was not required to make a statement to us. Roland agreed to make a statement without an attorney present. Roland told us the following:
  - a. He is a deputy with the Adams County Sheriff's Office and his badge number was 2302.
  - b. He began working for Adams County July 7, 2015.
  - c. Prior to working for the Adams County Sheriff he worked for the Canyon County Sheriff starting in 2000 as a Deputy.
  - d. He attended the Idaho POST patrol academy in 2002 while working for Parma Police department.
  - e. He started working for Parma Police Department in 2001 until 2004.
  - f. In 2004 he began working for Gooding City Police Department.
  - g. He was never fired from any of his former employers.
  - h. While working for Gooding City Police he was also a reserve officer for Wilder Police Department.
  - i. During this time George Norse was the Sheriff (Unknown County), the Wilder Police Chief was Jeff Perry, the Parma Police Chief was Lenny Elfering, who were all good friends at the time.
  - j. It was a strange circumstance why he had so many jobs but it was never because of being in trouble. The Wilder Police Chief went to Gooding and wanted him to work for him as a detective.
  - k. At the time he was working for Parma he was doing detective work for Canyon County; he also had a Canyon County dog (Police K9)

- I. He just wanted to make it very clear he was never in trouble, and the law enforcement leadership in the area were friends. He was not being traded; he was just trying to work for everyone because he was young and gung ho.
- m. He only worked for Gooding for one year helping the agency get started. The leadership needed a sex crimes detective and he had experience doing internet crimes against children with Canyon County.
- n. After Gooding Police, he went to work at the Valley County Sheriff's office. He worked for Valley County Sheriff twice, first as a patrol sergeant; he left to do police missions in Iraq in 2008, then returned to Valley County in 2010 as a patrol deputy.
- o. In 2012 left Valley County and started a pressure washing business in North Dakota. He also worked for his uncle's business hauling frack water in North Dakota.
- p. In November 2014 he went to work in the gas fields in Pennsylvania until June 26, 2015 and still currently works for the company. He was scheduled to leave Saturday (November 7, 2015) to go back to Pennsylvania.
- q. He currently works for Adams County. He wanted to work as a reserve deputy to keep his POST certification current but the Sherriff talked him into full time temporary.
- r. He started his shift at 8:00 AM or 9:00 AM the morning of November 1, 2015 and it was not his regular shift. He had been on swing shift but was covering the shift for a deputy who was on vacation.
- s. His radio designator was 2302.
- t. He did not recall anything out of the ordinary with his sleep cycle the night prior to the incident and estimated getting six or seven hours of sleep. He has two young children and doesn't get large amounts of sleep.
- u. The last time he ate was approximately two hours before the incident. He ate stew, cake, biscuits, and bread.
- v. He said he was not on any medication and had not consumed any alcohol prior to the incident.
- w. He said it had not been a busy shift. He was scheduled to leave the state for his other employment the following Saturday (November 7, 2015) and was only taking the calls he had to so he did not generate reports and court time. Other than livestock in the road he only remembered doing a vandalism complaint.

- x. Nothing out of the ordinary had happened to him that day.
- y. He had a recorder in the vehicle but was not using it at the time of the incident. Any calls for service which could result in arrest, complaints, all traffic stops responding to citizens residences. He never takes it out for car crashes, vehicle verses cow, deer, or elk.
- z. When he arrived at the initial crash scene he parked back behind the traffic and ran up to the crash scene and had never thought about the camera or had a reason to get it.
- aa. The weapon he used in the incident was a Glock Model 30. He had owned it since sometime between 2000 and 2002 and uses it as his primary duty weapon. He keeps extended magazines in his pouch, and the short magazine in the weapon itself.
- bb. The short magazine holds 10 rounds and he normally fully loads the magazine. He has a few of the short magazines and some of them do not function correctly if he fully loads them. Some of the magazines are carried minus one round. He did not know if the magazine he had in the weapon had nine or ten rounds prior to the shooting. But he would have had no less than ten because he always loads it with one round in the chamber.
- cc. The ammunition used was department issued Winchester Ranger 230 grain jacketed hollow point rounds.
- dd. The last time he qualified with the weapon was July 2015.
- ee. He did not have any other weapons on him at the time of the incident. He had a rifle in his patrol vehicle but was not accessible at the time of the incident.
- ff. He carries an ASP and OC spray as less lethal on his duty belt. He also carries a Gerber multitool, two sets of handcuffs, a radio holder, holster, and a magazine pouch on his duty belt. He does not have a TASER.
- gg. He was wearing green pants, tan undershirt, vest, and a basic off white yellowish polo shirt with embroidery (badge) on the left chest. The shirt did not have any Adams County Sheriff's Department patches on the shoulders. He was also wearing a ball cap with an Adams County Badge and the department name on it.
- hh. Prior to the crash, he was out on another livestock on the road call on Council Cuprum road.
- ii. He heard the call to EMS for an injury crash two miles north of Council so he responded to the scene. While en-route he saw EMS lights and heard EMS request dispatch call for extrication.

- jj. When he arrived on scene he parked behind the line of vehicles which he believed to be a mix of first responders and people travelling on the roadway. He ran to the crash scene on foot.
- kk. There were swarms of people helping at the car involved in the crash, and he radioed the license plate to dispatch. He went back to his patrol vehicle to grab his camera and returned to the crash scene. He was unable to get any pictures of the crash but heard Deputy Wood check out on the radio and walk down to the crash scene.
- II. He and Wood discussed trying to locate the animal involved in the crash. He said the car was just destroyed and it was a little bit shocking. They walked north to see if they could find the location of the crash. He saw a large bolder under the car, he did not know if the car went off the road or if the boulder had been placed there by EMS to keep the car from moving.
- mm. He commented to Wood that he had been to hundreds of crashes and had never seen that much glass, and whatever was hit must be laying dead somewhere.
- nn. He didn't remember the exact distance from the crash, but they found a large Black Angus bull up a dirt hill to the east side of the highway (Yantis' driveway). He knew it was a Black Angus bull because he grew up in a ranching community, he's owned cattle, and he knew exactly what it was.
- oo. Wood began walking up the hill, the bull had its tail up and head down, which meant he's likely to charge you. He yelled at Wood to get away from the bull. He saw blood and a strip of hide on its left flank and believed it to be the animal involved in the crash. He warned Wood to stay away from the bull because it was likely to be aggressive.
- pp. He and Wood remained there to try to keep the bull there. The bull wasn't charging anyone at that time. He estimated the bull to be 100 feet up the road and 30 feet to the east of the crash site.
  - qq. At some point he left and walked back down to the crash scene. When he was at the crash scene, Deputy, Bauer who was there in an EMS capacity, told him the bull had a 4Y brand.
  - rr. He had heard the "Yantis" name before but he thought Bauer was saying "Jantis" or "Jauntis" so he radioed to dispatch the bull had a 4Y brand.
  - ss. He walked back up to where the bull was. The bull had come down the road and was standing in a corner where two fences met in some tall grass.
  - tt. Deputy Wood's vehicle was facing south on the east side of the highway helping block the bull in. There was also an old ambulance nosed in towards the northeast with its headlights on the bull. They stood there watching the bull.

- uu. He did not know when but he radioed dispatch once or twice to let them know the bull was agitated and they needed someone to respond to the scene. He told Deputy Wood several times they could not shoot the bull unless they absolutely had to.
- vv. One of the reasons he told Wood, was he could not shoot the bull with his handgun because it would only agitate the bull. Wood already had his rifle out in case the bull did charge. He told Wood he would be lucky if the rifle did anything to the bull.
- ww. They stood there talking; it was fairly calm except for the mess at the traffic crash scene.
- xx. This wasn't anything new; he had recently dealt with a rancher and his injured animal in New Meadows. You really need to treat them (the ranchers) with kid gloves because ranchers care about their animals, which was another reason he explained to Wood to let the rancher kill the animal.
- yy. Soon after the bull turned towards them and took a step. He yelled at the bull and it stopped. A few moments went by and the bull came at them again. He threw up his arms and yelled and the bull stopped. This went on several times and the bull kept working closer to the pickup.
- zz. He and Deputy Wood were both around the driver's side door, front fender of Wood's pickup. As the bull got closer Wood took a position behind the front of the pickup. He moved to the rear passenger side where he was out of the bull's sight. He and Wood were still able to converse.
- aaa. The bull made another charge toward the pickup and ended up near the front of the bed by the rear driver's side door and stood there. He did not know how long it was but the bull moved to the back of the pickup and stood there.
- bbb. There was an EMS person flagging traffic on the other side of the highway. Wood took up a position near the person flagging traffic.

ccc. He said his memory was a little bit fuzzy.

- ddd. The bull then walked out on the highway close to the centerline and stopped. He was standing at approximately a 90 degree angle to Wood. He said he couldn't shoot at the bull because his handgun would not be effective and also he would have been shooting in the direction of the flagger.
- eee. The bull put its head down and went after Wood. He saw some of the shots Wood fired and heard the rest. He did not remember how many shots Wood fired but estimated an initial three followed by an additional three. The bull did not flinch but it stopped and walked back

toward the other side of the highway (east side) and laid down facing north on the fog line next to a white dodge pickup.

- fff. As soon as it happened a four-wheeler pulled up. He was still by the center line and Deputy Wood approached the four-wheeler. There was a man and a woman on the four-wheeler and they had a rifle.
  - ggg. He thought it was the owner. He felt this was a tough situation because it is one of the few incidents or calls for service where there is going to be someone you don't know in your scene with a loaded gun and you allow them do it. Like his previous call in New Meadows, he is just there if the rancher needs any help.
  - hhh. When Deputy Wood approached the four-wheeler the male (hereafter referred to as Yantis) said, "Get that piece of shit away from my animal." He will never forget for the rest of his life and felt he should have acted on it then. He assumed Yantis was talking about Wood's rifle.
  - iii. It was not their first time dealing with ranchers and their wounded livestock. The incident he handled a month or two prior to the night with Yantis, the rancher showed up with a loaded gun and was very upset because the rancher had to shoot his animal which was his livelihood.
  - jjj. He should have put more stock in the words Yantis spoke, (Get that piece of shit away from my animal) but he understood Yantis was upset.
  - kkk. Neither he nor Wood said a word to Yantis who walked north towards the bull and stood with his back to him. Yantis' rifle barrel was in the air and he could tell Yantis was loading the rifle. After Yantis finished loading the rifle he walked toward the bull. He thought he remembered Wood was standing to Yantis' right side and they all started walking towards the bull.
  - III. There was a lot of light on the scene but for a few moments he used his flashlight to illuminate the bull's head so Yantis could get a good sight picture.
- to the north to pull forward so the north was clear. He thought it was safe to put the bull out of its misery.
- nnn. Yantis first walked around the side of the bull and he thought Yantis was going to shoot it under the ear but there was a pickup behind it. He got ready to say something to Yantis who then moved around to the head of the bull. He thought Yantis might just be trying to decide where to shoot the bull. Wood was right there with Yantis.

- ooo. Yantis suddenly pulled up like he was going to shoot straight south. The female (Donna Yantis) was right behind the bull to the south along with all the EMS personnel.
- ppp. He knows how thick bull's skulls were and regardless, He was not going to let Yantis shoot in the direction to the south.
- qqq. He does not remember what his exact words were, "no, no, or hey, hey" but he said something to Yantis. Wood said something to the effect of, "we're not doing this".
- rrr. Yantis lifted his head up taking his attention away from firing but then re-aimed like he was going to shoot anyway and Wood tried to intervene.
- sss. He didn't know if Wood grabbed the gun or pushed the gun but he used his left hand to try to stop the situation.
- ttt. He thought as he started moving, because he was a little ways away, he was not sure how far; he was trying to get up to them.
- uuu. Yantis, for whatever reason, shoved Wood sideways. Wood's left leg was in the air and he hopped to the side on his right foot.
- vvv. As soon as Wood lost control of Yantis' loaded gun he reached down to try to un-holster his pistol.
- www. It had really been bothering him, but he didn't know why Yantis turned to him. He did not want Yantis to turn on anyone. He didn't know whether he was complacent or if he let the delicate situation take over, he didn't know why (Yantis turned to him).
- xxx. Yantis pulled up and fired from the hip.
- yyy. By the time Yantis was facing him he did not know how far he had drawn his pistol but it was almost simultaneous.
- zzz. He remembered the blast of the rifle and for lack of a better term, it rung his bell.
- aaaa. Between Yantis' rifle going off and his pistol, he just started getting his hearing back yesterday (November 2, 2015).
- bbbb. He knew he was zeroed in on Yantis' rifle and had some tunnel vision because he didn't recall anything from the peripheral. All he remembered was zeroing in on Yantis' rifle.

- cccc. He thought he might be way off but he estimated he fired three or four rounds. He said he needed to back up. (In his story)
- dddd. When the rifle went off, the best way he could explain it was to say he felt a light breeze on his leg, and a heavy one (breeze) underneath his armpit, between his armpit and the side protection on his vest. He had a pain in his ribs.
- eeee. His left hand was over his right side (he motioned like he was holding his right ribs with his left hand). It had spun him so his left side would have been canted toward the suspect (Yantis). He thinks he started to move. (tactical movement)
- ffff. He remembered after the first shot Yantis was fidgeting with the gun.
- gggg. Some of it was super slow motion in his head, he knew it was seconds if not hundredths of seconds, but the gun going off was like 10 minutes in his head.
- hhhh. The last shot he fired, he remembered the rifle barrel went back down and Yantis started going backwards, back and to Yantis' right.
- iiii. When Yantis' gun barrel went down he stopped firing. If he remembered correctly, he could not fire anymore because he lost his balance and did not know where the bullet would have gone.
- jjjj. When the gun barrel went down and Yantis started to tip, it was the last shot he fired at Yantis.
- kkkk. There was a skidsteer (skid loader) which was in the southbound lane coming north. There was a man (hereafter referred to as Rowdy Paradis) who began screaming and yelling. He believed he was the person who was driving the skidsteer. There was also a woman (hereafter referred to as Donna Yantis) who began screaming and yelling. He believed she was the woman who was on the four-wheeler.
- IIII. He backed up to get behind Paradis and Donna Yantis and began giving them commands to get on the ground.
- mmmm. He saw Wood dealing with Yantis. He saw Wood grab Yantis' rifle and throw it.
- nnnn. Paradis complied after several commands to get on the ground. Wood handcuffed Paradis.
- oooo. He holstered his pistol and attempted to handcuff Donna Yantis. He cuffed her left hand but she was physically unable to put her right hand behind her back. He patted her down for weapons and allowed her sit on the four-wheeler after he searched it for weapons.

- pppp. He only had one pair of handcuffs because another Deputy, (he believed possibly Bauer), took his second pair of handcuffs to handcuff another suspect.
- qqqq. Wood went back to where Yantis was laying. Paradis told him the handcuffs were too tight. He put a second set of cuffs on Paradis and explained to him, after what just happened, the deputies didn't know who everyone was, and he didn't want to be shot in the back. He told Paradis he was not in any trouble but he was not going to let Paradis out of handcuffs. Paradis told him he was Yantis' nephew.
- rrrr. He didn't know exactly what he was doing or where he was when he was checking his hand for blood, but believed it was after he walked Paradis back to the four-wheeler.
- ssss. He could not remember exactly when he was checking his side. He did not know why the pain was in his side. It may have been the way he moved or if it was the shock from the rifle (Yantis' rifle).
- tttt. Donna Yantis was screaming at him "why did you shoot him?" He replied to Donna Yantis, "Because he shot me in the side."
- uuuu. After Donna Yantis and Paradis were back at the four-wheeler, he remembered Wood ran over to him and started pulling his shirt up and running his (Wood's) hand up his side and asked him, "where are you hit, where are you hit?"
- vvvv. He told Wood "I don't know I'm not seeing any blood."
- wwww. He wasn't sure how much time went by but another person entered the scene. Wood asked the person who he was. He said he was a neighbor or something about someone's pickup being in his driveway. The man was asked to leave.
- talking to Paradis about how the deputies shot Yantis for no reason. He asked Rumsey to leave a second time at which point Rumsey began picking up shell casings.
- yyyy. He grabbed Rumsey by the back of the coat and told Rumsey he was under arrest for tampering with a major crime scene. Rumsey didn't throw the casings off the road, and he didn't know how many casings Rumsey had picked up, but believed at least one of them were from his pistol. Rumsey tossed the casings back on the ground.
- zzzz. He had Rumsey against Wood's pickup and asked Wood for another set of handcuffs. Wood came over to assist him with Rumsey. Rumsey resisted a little but they got Rumsey handcuffed and sat him in Wood's pickup.

- aaaaa. They spoke with Rumsey and got him calmed down. He told Rumsey whatever happened was not up to him or Wood, it would be up to the Idaho State Police if Rumsey would be arrested.
- bbbbb. At some point afterwards, EMS ran up to him and told him to get in the ambulance. Once he was in the ambulance, EMS began pulling up his cloths looking for wounds. Wood was already in the ambulance.
- ccccc. It was a chaotic scene and they were short on help. At some point during the incident, he radioed dispatch requesting anyone else who was responding needed to hurry. He didn't remember his exact words.
- ddddd. When he was in the ambulance, he remembered two people with them. One of whom was coming and going. Wood made the statement someone needed to stay in the ambulance because he and Wood could not be together. One of the EMS persons told them they understood and one person would stay with them.
- eeeee. Someone provided him with a piece of paper (Item XX tag XX) which he wrote notes on.
- fffff. At some point while in the ambulance someone asked him to call for a coroner but then called for a coroner themselves.
- ggggg. He didn't know how long he was in the ambulance, before Idaho State Troopers Mark Wright and Vic McCarthy showed up on scene.
- hhhhh. He was begging people to take his cloths. He was not sure if he was close enough for gunshot residue to be on his clothes. He thought gunshot residue would show up at a range of three to seven feet and was unsure if he was that close or not. He was not willing to take the chance of losing potential gunshot residue from his clothes.
- iiii. He asked Trooper Wright to please take his clothes. He believed he had some time before they would lose gunshot residue evidence but he wanted his clothes gone.
- jjjjj. He didn't remember how long he sat in the ambulance but at some point someone, possibly the Chief Deputy (Jeff Brown) had him get in Trooper Wright's vehicle.
- kkkkk. He said Trooper Wright made a tiny mistake by pulling up to the crime scene tape where he could see them working on Yantis.
- IIII. He said Trooper Wright immediately recognized his mistake and turned the car around.

- mmmmm. Sometime later, an Idaho State Police Sergeant (Kirk Grothaus) drove him to the Adams County Sheriff's Office which is where he began working with Idaho State Police Detectives.
- nnnnn. The bull was facing north. When Yantis was loading the rifle they were closer to the four-wheeler. He was standing somewhere close to the centerline possibly to the east side of the centerline. He remembered facing the four-wheeler (east) because he kept looking left to watch for cars.
- ooooo. When Wood and Yantis walked up they were right at the head of the bull.
- ppppp. When the struggle began, he remembered moving toward Wood to assist him before the gun went off or a fight occurred; emotions were high.
- qqqqq. He didn't remember how many steps he took, things happened so fast, in his mind it took a half an hour, but he knew it was seconds if not hundredths of a second.
- rrrrr. After his last shot, he immediately was trying to watch Paradis and Donna Yantis. He tried to move to a position where Paradis and Donna Yantis were in front of him so he didn't get shot in the back.
- sssss. When Rumsey was picking up shell casings, they were close to the centerline in front of the skidsteer. He didn't remember where he was standing. He remembered where he was standing before it all started when Yantis was loading his rifle.
- ttttt. He and Wood walked up to the bull with Yantis. He stopped somewhere to the west and rear.
- uuuuu. When Yantis turned and fired his rifle, he spun to the right and was moving because he thought he was hit.
- vvvvv. He didn't see the bullet. It could have gone ten feet over his head or it could have hit the pavement, he did not know.
- wwww. All he knew was he felt the slight gust on his leg, and a pain in his ribs. Something went by his side, possibly a bullet or shockwave, he did not know.
- xxxxx. The bull was in a position where if Yantis shot it through the side of the head (towards the east), Yantis would have put a hole in the door of the pickup.
- yyyyy. Wood and Yantis were right at the bulls head.

- zzzzz. Yantis was facing to the south; Yantis looked at the bulls head. He was nervous Yantis was going to shoot through the side into the pickup. When Yantis moved towards the front he thought Yantis was checking the bull out trying to decide what to do.
- aaaaaa. Yantis pulled up the rifle like he was going to shoot to the south. He did not remember what he yelled at Yantis but it was the only words he ever spoke to Yantis.
- bbbbbb. It was when Wood tried to intervene.
- cccccc. It was not that he didn't remember where Wood was standing; it was that he wasn't watching Wood; he was watching Yantis because he was starting to get nervous about which direction Yantis was going to shoot the bull.
- dddddd. He thought Wood might have been to the side or rear of the bull and then moved towards Yantis to intervene with Yantis shooting towards the south.
- eeeeee. He knew Wood was there but could not remember where Wood was standing.
- ffffff. He thought he told the Sheriff he was six to ten feet away. He thought six feet was a little close, he was a little bit farther away until Wood got into a struggle with Yantis.
- gggggg. He was possibly ten feet away, it was not necessarily a guess, he wasn't one hundred percent sure it was a good estimate of distance.
- hhhhhh. When Yantis first looked at the side of the bull's head he began to get nervous. When Yantis moved around and faced south and looked at the bull's head, not pointing the rifle at it, his nervousness went down. He thought Yantis was just looking at the bull.
- iiiiii. In a split second Yantis pulled the rifle up and took aim at the bull. It was then he yelled at Yantis, though he didn't remember exactly what he yelled at him.
- jjjjjjj. The reason he yelled at Yantis was because there was no way he was going to let Yantis shoot south toward the EMTs or Donna Yantis. They were just trying to stop him.
- kkkkkk. Wood and Yantis were almost shoulder to shoulder and Wood was either pushing Yantis' rifle or trying to get a hold of it.
- IIIII. Yantis shoved Wood. Yantis put his hands on Wood's left side and shoved Wood to the right. Wood went off balance and was standing on the right foot.
- mmmmmm. One of the small things that stuck in his head was that he when he first started working for Adams County he ordered a new level three holster he never used before. He

- practiced, and practiced, and practiced with it. It was still a little bit slow and he intended on getting a new level two holster when he got back in the spring time but that he would keep the level three holster for the remainder of this year.
- nnnnnn. He would never forget for the rest of his life, when the gun went off, he thought how did this happen? He believed he should have been so much faster (drawing out of the holster).
- oooooo. When he felt the shock he was thinking "that round should have never gone off", "I should have beat him."
- ppppppp. He had just left his one year old's birthday party. He remembers when he was sitting in the ambulance, he was looking at a picture from her birthday party thinking "I should have ditched that goddamn holster a long time ago and got something quicker."
- qqqqqq. He explained that when cops in general see their partners or fellow law enforcement get into a struggle automatically they move towards it to help.
- rrrrr. At the point where he saw Wood and Yantis get in a struggle, he called it complacency; he never in a million years would have expected Yantis to turn on them. He should have, it was emotional, and Yantis had to put down his bull.
- ssssss. He thought it would be a struggle and they would have to take Yantis' gun. If Yantis was going to shoot to the south they would have to get someone else to do it.
- tttttt. He remembered after Yantis fired the rifle, Yantis looked down at the rifle after he had already fired at Yantis. He remembered thinking "why wasn't Yantis stopping". It was a split second and he thought Yantis was reloading to go again.
- uuuuuu. He didn't know if he missed Yantis.
- vvvvvv. When Yantis was initially loading the rifle, Yantis had his back to him so he didn't know how many rounds Yantis loaded. He didn't remember if Donna Yantis handed Yantis the rifle of if Yantis retrieved it from the four-wheeler but he thought the rifle might have been a lever action.
- wwwww. He thought Yantis was trying to lever another round into it. He could not see at the angle he was at if the lever was moving. He just remembered thinking Yantis was going to get another round in the rifle and he would not be standing there if Yantis was able to shoot again.
- xxxxxx. He has never had any contact with Yantis in the past. He did not know if he ever met Yantis.

yyyyyy. What he liked about working in Adams County was the slow pace, you could talk to people and get to know them. He does not write a lot of tickets or make a lot of arrests. He does not think he met Yantis but does not know for sure.

zzzzzz. He believed he fired three to four times.

aaaaaaa. He knew Wood fired because when he was in the ambulance he told the ambulance crew he could not hear and Wood commented to him "Sorry about that". It was the only reason he knew Wood fired.

bbbbbbb. He thought all the running around in the scene and EMT persons running through the scene may have caused the scene to change. He remembered hearing brass clicking on the pavement and Rumsey picking up spent casings.

cccccc. He never walked up to Yantis' body.

ddddddd. He did not know how Yantis got from the head of the bull to where Yantis fell. He thought as Yantis gun barrel went down, and started going sideways and to the rear, was when he started backing up to try and control Paradis and Donna Yantis. He did not want other guns to come into play.

eeeeeee. Wood threw Yantis' rifle across the road.

fffffff. The area was fairly well lit.

ggggggg. He thought it may have been cloudy but not raining. He wasn't cold.

hhhhhhh. Yantis could have prevented himself from being shot if Yantis wouldn't have shot at him.

3. At approximately 11:04 AM the interview was ended.

- 1. On November 3, 2015 at approximately 9:41 AM, Idaho State Police Sergeant Boone and I conducted an interview of Cody Roland at 201 Industrial Ave, Council, Adams County, Idaho. The interview was in reference to the critical incident involving Jack Yantis which occurred November 1, 2015. The location of the incident was 2562 HWY 95, Council, ID 83612.
- 2. We explained to Roland this was a criminal investigation and he was not required to make a statement to us. Roland agreed to make a statement without an attorney present. Roland told us the following:
  - a. He is a deputy with the Adams County Sheriff's Office and his badge number was 2302.
  - b. He began working for Adams County July 7, 2015.
  - c. Prior to working for the Adams County Sheriff he worked for the Canyon County Sheriff starting in 2000 as a Deputy.
  - d. He attended the Idaho POST patrol academy in 2002 while working for Parma Police department.
  - e. He started working for Parma Police Department in 2001 until 2004.
  - f. In 2004 he began working for Gooding City Police Department.
  - g. He was never fired from any of his former employers.
  - h. While working for Gooding City Police he was also a reserve officer for Wilder Police Department.
  - i. During this time George Norse was the Sheriff (Unknown County), the Wilder Police Chief was Jeff Perry, the Parma Police Chief was Lenny Elfering, who were all good friends at the time.
  - j. It was a strange circumstance why he had so many jobs but it was never because of being in trouble. The Wilder Police Chief went to Gooding and wanted him to work for him as a detective.
  - k. At the time he was working for Parma he was doing detective work for Canyon County; he also had a Canyon County dog (Police K9)

- I. He just wanted to make it very clear he was never in trouble, and the law enforcement leadership in the area were friends. He was not being traded; he was just trying to work for everyone because he was young and gung ho.
- m. He only worked for Gooding for one year helping the agency get started. The leadership needed a sex crimes detective and he had experience doing internet crimes against children with Canyon County.
- n. After Gooding Police, he went to work at the Valley County Sheriff's office. He worked for Valley County Sheriff twice, first as a patrol sergeant; he left to do police missions in Iraq in 2008, then returned to Valley County in 2010 as a patrol deputy.
- o. In 2012 left Valley County and started a pressure washing business in North Dakota. He also worked for his uncle's business hauling frack water in North Dakota.
- p. In November 2014 he went to work in the gas fields in Pennsylvania until June 26, 2015 and still currently works for the company. He was scheduled to leave Saturday (November 7, 2015) to go back to Pennsylvania.
- q. He currently works for Adams County. He wanted to work as a reserve deputy to keep his POST certification current but the Sherriff talked him into full time temporary.
- r. He started his shift at 8:00 AM or 9:00 AM the morning of November 1, 2015 and it was not his regular shift. He had been on swing shift but was covering the shift for a deputy who was on vacation.
- s. His radio designator was 2302.
- t. He did not recall anything out of the ordinary with his sleep cycle the night prior to the incident and estimated getting six or seven hours of sleep. He has two young children and doesn't get large amounts of sleep.
- u. The last time he ate was approximately two hours before the incident. He ate stew, cake, biscuits, and bread.
- v. He said he was not on any medication and had not consumed any alcohol prior to the incident.
- w. He said it had not been a busy shift. He was scheduled to leave the state for his other employment the following Saturday (November 7, 2015) and was only taking the calls he had to so he did not generate reports and court time. Other than livestock in the road he only remembered doing a vandalism complaint.

- x. Nothing out of the ordinary had happened to him that day.
- y. He had a recorder in the vehicle but was not using it at the time of the incident. Any calls for service which could result in arrest, complaints, all traffic stops responding to citizens residences. He never takes it out for car crashes, vehicle verses cow, deer, or elk.
- z. When he arrived at the initial crash scene he parked back behind the traffic and ran up to the crash scene and had never thought about the camera or had a reason to get it.
- aa. The weapon he used in the incident was a Glock Model 30. He had owned it since sometime between 2000 and 2002 and uses it as his primary duty weapon. He keeps extended magazines in his pouch, and the short magazine in the weapon itself.
- bb. The short magazine holds 10 rounds and he normally fully loads the magazine. He has a few of the short magazines and some of them do not function correctly if he fully loads them. Some of the magazines are carried minus one round. He did not know if the magazine he had in the weapon had nine or ten rounds prior to the shooting. But he would have had no less than ten because he always loads it with one round in the chamber.
- cc. The ammunition used was department issued Winchester Ranger 230 grain jacketed hollow point rounds.
- dd. The last time he qualified with the weapon was July 2015.
- ee. He did not have any other weapons on him at the time of the incident. He had a rifle in his patrol vehicle but was not accessible at the time of the incident.
- ff. He carries an ASP and OC spray as less lethal on his duty belt. He also carries a Gerber multitool, two sets of handcuffs, a radio holder, holster, and a magazine pouch on his duty belt. He does not have a TASER.
- gg. He was wearing green pants, tan undershirt, vest, and a basic off white yellowish polo shirt with embroidery (badge) on the left chest. The shirt did not have any Adams County Sheriff's Department patches on the shoulders. He was also wearing a ball cap with an Adams County Badge and the department name on it.
- hh. Prior to the crash, he was out on another livestock on the road call on Council Cuprum road.
- ii. He heard the call to EMS for an injury crash two miles north of Council so he responded to the scene. While en-route he saw EMS lights and heard EMS request dispatch call for extrication.

- jj. When he arrived on scene he parked behind the line of vehicles which he believed to be a mix of first responders and people travelling on the roadway. He ran to the crash scene on foot.
- kk. There were swarms of people helping at the car involved in the crash, and he radioed the license plate to dispatch. He went back to his patrol vehicle to grab his camera and returned to the crash scene. He was unable to get any pictures of the crash but heard Deputy Wood check out on the radio and walk down to the crash scene.
- II. He and Wood discussed trying to locate the animal involved in the crash. He said the car was just destroyed and it was a little bit shocking. They walked north to see if they could find the location of the crash. He saw a large bolder under the car, he did not know if the car went off the road or if the boulder had been placed there by EMS to keep the car from moving.
- mm. He commented to Wood that he had been to hundreds of crashes and had never seen that much glass, and whatever was hit must be laying dead somewhere.
- nn. He didn't remember the exact distance from the crash, but they found a large Black Angus bull up a dirt hill to the east side of the highway (Yantis' driveway). He knew it was a Black Angus bull because he grew up in a ranching community, he's owned cattle, and he knew exactly what it was.
- oo. Wood began walking up the hill, the bull had its tail up and head down, which meant he's likely to charge you. He yelled at Wood to get away from the bull. He saw blood and a strip of hide on its left flank and believed it to be the animal involved in the crash. He warned Wood to stay away from the bull because it was likely to be aggressive.
- pp. He and Wood remained there to try to keep the bull there. The bull wasn't charging anyone at that time. He estimated the bull to be 100 feet up the road and 30 feet to the east of the crash site.
- qq. At some point he left and walked back down to the crash scene. When he was at the crash scene, Deputy, Bauer who was there in an EMS capacity, told him the bull had a 4Y brand.
- rr. He had heard the "Yantis" name before but he thought Bauer was saying "Jantis" or "Jauntis" so he radioed to dispatch the bull had a 4Y brand.
- ss. He walked back up to where the bull was. The bull had come down the road and was standing in a corner where two fences met in some tall grass.
- tt. Deputy Wood's vehicle was facing south on the east side of the highway helping block the bull in. There was also an old ambulance nosed in towards the northeast with its headlights on the bull. They stood there watching the bull.

- uu. He did not know when but he radioed dispatch once or twice to let them know the bull was agitated and they needed someone to respond to the scene. He told Deputy Wood several times they could not shoot the bull unless they absolutely had to.
- vv. One of the reasons he told Wood, was he could not shoot the bull with his handgun because it would only agitate the bull. Wood already had his rifle out in case the bull did charge. He told Wood he would be lucky if the rifle did anything to the bull.
- ww. They stood there talking; it was fairly calm except for the mess at the traffic crash scene.
- xx. This wasn't anything new; he had recently dealt with a rancher and his injured animal in New Meadows. You really need to treat them (the ranchers) with kid gloves because ranchers care about their animals, which was another reason he explained to Wood to let the rancher kill the animal.
- yy. Soon after the bull turned towards them and took a step. He yelled at the bull and it stopped. A few moments went by and the bull came at them again. He threw up his arms and yelled and the bull stopped. This went on several times and the bull kept working closer to the pickup.
- zz. He and Deputy Wood were both around the driver's side door, front fender of Wood's pickup. As the bull got closer Wood took a position behind the front of the pickup. He moved to the rear passenger side where he was out of the bull's sight. He and Wood were still able to converse.
- aaa. The bull made another charge toward the pickup and ended up near the front of the bed by the rear driver's side door and stood there. He did not know how long it was but the bull moved to the back of the pickup and stood there.
- bbb. There was an EMS person flagging traffic on the other side of the highway. Wood took up a position near the person flagging traffic.

ccc. He said his memory was a little bit fuzzy.

- ddd. The bull then walked out on the highway close to the centerline and stopped. He was standing at approximately a 90 degree angle to Wood. He said he couldn't shoot at the bull because his handgun would not be effective and also he would have been shooting in the direction of the flagger.
- eee. The bull put its head down and went after Wood. He saw some of the shots Wood fired and heard the rest. He did not remember how many shots Wood fired but estimated an initial three followed by an additional three. The bull did not flinch but it stopped and walked back

- toward the other side of the highway (east side) and laid down facing north on the fog line next to a white dodge pickup.
- fff. As soon as it happened a four-wheeler pulled up. He was still by the center line and Deputy Wood approached the four-wheeler. There was a man and a woman on the four-wheeler and they had a rifle.
- ggg. He thought it was the owner. He felt this was a tough situation because it is one of the few incidents or calls for service where there is going to be someone you don't know in your scene with a loaded gun and you allow them do it. Like his previous call in New Meadows, he is just there if the rancher needs any help.
- hhh. When Deputy Wood approached the four-wheeler the male (hereafter referred to as Yantis) said, "Get that piece of shit away from my animal." He will never forget for the rest of his life and felt he should have acted on it then. He assumed Yantis was talking about Wood's rifle.
- iii. It was not their first time dealing with ranchers and their wounded livestock. The incident he handled a month or two prior to the night with Yantis, the rancher showed up with a loaded gun and was very upset because the rancher had to shoot his animal which was his livelihood.
- jjj. He should have put more stock in the words Yantis spoke, (Get that piece of shit away from my animal) but he understood Yantis was upset.
- kkk. Neither he nor Wood said a word to Yantis who walked north towards the bull and stood with his back to him. Yantis' rifle barrel was in the air and he could tell Yantis was loading the rifle. After Yantis finished loading the rifle he walked toward the bull. He thought he remembered Wood was standing to Yantis' right side and they all started walking towards the bull.
- III. There was a lot of light on the scene but for a few moments he used his flashlight to illuminate the bull's head so Yantis could get a good sight picture.
- mmm. Wood instructed the flagger to clear the southbound traffic, letting the vehicles waiting to the north to pull forward so the north was clear. He thought it was safe to put the bull out of its misery.
- nnn. Yantis first walked around the side of the bull and he thought Yantis was going to shoot it under the ear but there was a pickup behind it. He got ready to say something to Yantis who then moved around to the head of the bull. He thought Yantis might just be trying to decide where to shoot the bull. Wood was right there with Yantis.

- ooo. Yantis suddenly pulled up like he was going to shoot straight south. The female (Donna Yantis) was right behind the bull to the south along with all the EMS personnel.
- ppp. He knows how thick bull's skulls were and regardless, He was not going to let Yantis shoot in the direction to the south.
- qqq. He does not remember what his exact words were, "no, no, no, or hey, hey" but he said something to Yantis. Wood said something to the effect of, "we're not doing this".
- rrr. Yantis lifted his head up taking his attention away from firing but then re-aimed like he was going to shoot anyway and Wood tried to intervene.
- sss. He didn't know if Wood grabbed the gun or pushed the gun but he used his left hand to try to stop the situation.
- ttt. He thought as he started moving, because he was a little ways away, he was not sure how far; he was trying to get up to them.
- uuu. Yantis, for whatever reason, shoved Wood sideways. Wood's left leg was in the air and he hopped to the side on his right foot.
- vvv. As soon as Wood lost control of Yantis' loaded gun he reached down to try to un-holster his pistol.
- www. It had really been bothering him, but he didn't know why Yantis turned to him. He did not want Yantis to turn on anyone. He didn't know whether he was complacent or if he let the delicate situation take over, he didn't know why (Yantis turned to him).
- xxx. Yantis pulled up and fired from the hip.
- yyy. By the time Yantis was facing him he did not know how far he had drawn his pistol but it was almost simultaneous.
- zzz. He remembered the blast of the rifle and for lack of a better term, it rung his bell.
- aaaa. Between Yantis' rifle going off and his pistol, he just started getting his hearing back yesterday (November 2, 2015).
- bbbb. He knew he was zeroed in on Yantis' rifle and had some tunnel vision because he didn't recall anything from the peripheral. All he remembered was zeroing in on Yantis' rifle.

- cccc. He thought he might be way off but he estimated he fired three or four rounds. He said he needed to back up. (In his story)
- dddd. When the rifle went off, the best way he could explain it was to say he felt a light breeze on his leg, and a heavy one (breeze) underneath his armpit, between his armpit and the side protection on his vest. He had a pain in his ribs.
- eeee. His left hand was over his right side (he motioned like he was holding his right ribs with his left hand). It had spun him so his left side would have been canted toward the suspect (Yantis). He thinks he started to move. (tactical movement)

ffff. He remembered after the first shot Yantis was fidgeting with the gun.

- gggg. Some of it was super slow motion in his head, he knew it was seconds if not hundredths of seconds, but the gun going off was like 10 minutes in his head.
- hhhh. The last shot he fired, he remembered the rifle barrel went back down and Yantis' started going backwards, back and to Yantis' right.
- iii. When Yantis' gun barrel went down he stopped firing. If he remembered correctly, he could not fire anymore because he lost his balance-and did not know where the bullet would have gone.
- jjjj. When the gun barrel went down and Yantis started to tip, it was the last shot he fired at Yantis.
- kkkk. There was a skidsteer (skid loader) which was in the southbound lane coming north. There was a man (hereafter referred to as Rowdy Paradis) who began screaming and yelling. He believed he was the person who was driving the skidsteer. There was also a woman (hereafter referred to as Donna Yantis) who began screaming and yelling. He believed she was the woman who was on the four-wheeler.
- IIII. He backed up to get behind Paradis and Donna Yantis and began giving them commands to get on the ground.
- mmmm. He saw Wood dealing with Yantis. He saw Wood grab Yantis' rifle and throw it.
- nnnn. Paradis complied after several commands to get on the ground. Wood handcuffed Paradis.
- oooo. He holstered his pistol and attempted to handcuff Donna Yantis. He cuffed her left hand but she was physically unable to put her right hand behind her back. He patted her down for weapons and allowed her sit on the four-wheeler after he searched it for weapons.

- pppp. He only had one pair of handcuffs because another Deputy, (he believed possibly Bauer), took his second pair of handcuffs to handcuff another suspect.
- qqqq. Wood went back to where Yantis was laying. Paradis told him the handcuffs were too tight. He put a second set of cuffs on Paradis and explained to him, after what just happened, the deputies didn't know who everyone was, and he didn't want to be shot in the back. He told Paradis he was not in any trouble but he was not going to let Paradis out of handcuffs. Paradis told him he was Yantis' nephew.
- rrrr. He didn't know exactly what he was doing or where he was when he was checking his hand for blood, but believed it was after he walked Paradis back to the four-wheeler.
- ssss. He could not remember exactly when he was checking his side. He did not know why the pain was in his side. It may have been the way he moved or if it was the shock from the rifle (Yantis' rifle).
- tttt. Donna Yantis was screaming at him "why did you shoot him?" He replied to Donna Yantis, "Because he shot me in the side."
- uuuu. After Donna Yantis and Paradis were back at the four-wheeler, he remembered Wood ran over to him and started pulling his shirt up and running his (Wood's) hand up his side and asked him, "where are you hit, where are you hit?"
- vvvv. He told Wood "I don't know I'm not seeing any blood."
- wwww. He wasn't sure how much time went by but another person entered the scene. Wood asked the person who he was. He said he was a neighbor or something about someone's pickup being in his driveway. The man was asked to leave.
- talking to Paradis about how the deputies shot Yantis for no reason. He asked Rumsey to leave a second time at which point Rumsey began picking up shell casings.
- yyyy. He grabbed Rumsey by the back of the coat and told Rumsey he was under arrest for tampering with a major crime scene. Rumsey didn't throw the casings off the road, and he didn't know how many casings Rumsey had picked up, but believed at least one of them were from his pistol. Rumsey tossed the casings back on the ground.
- zzzz. He had Rumsey against Wood's pickup and asked Wood for another set of handcuffs. Wood came over to assist him with Rumsey. Rumsey resisted a little but they got Rumsey handcuffed and sat him in Wood's pickup.

- aaaaa. They spoke with Rumsey and got him calmed down. He told Rumsey whatever happened was not up to him or Wood, it would be up to the Idaho State Police if Rumsey would be arrested.
- bbbbb. At some point afterwards, EMS ran up to him and told him to get in the ambulance. Once he was in the ambulance, EMS began pulling up his cloths looking for wounds. Wood was already in the ambulance.
- ccccc. It was a chaotic scene and they were short on help. At some point during the incident, he radioed dispatch requesting anyone else who was responding needed to hurry. He didn't remember his exact words.
- ddddd. When he was in the ambulance, he remembered two people with them. One of whom was coming and going. Wood made the statement someone needed to stay in the ambulance because he and Wood could not be together. One of the EMS persons told them they understood and one person would stay with them.
- eeeee. Someone provided him with a piece of paper (Item XX tag XX) which he wrote notes on.
- fffff. At some point while in the ambulance someone asked him to call for a coroner but then called for a coroner themselves.
- ggggg. He didn't know how long he was in the ambulance, before Idaho State Troopers Mark Wright and Vic McCarthy showed up on scene.
- hhhhh. He was begging people to take his cloths. He was not sure if he was close enough for gunshot residue to be on his clothes. He thought gunshot residue would show up at a range of three to seven feet and was unsure if he was that close or not. He was not willing to take the chance of losing potential gunshot residue from his clothes.
- iiiii. He asked Trooper Wright to please take his clothes. He believed he had some time before they would lose gunshot residue evidence but he wanted his clothes gone.
- jjjjj. He didn't remember how long he sat in the ambulance but at some point someone, possibly the Chief Deputy (Jeff Brown) had him get in Trooper Wright's vehicle.
- kkkkk. He said Trooper Wright made a tiny mistake by pulling up to the crime scene tape where he could see them working on Yantis.
- IIII. He said Trooper Wright immediately recognized his mistake and turned the car around.

- mmmmm. Sometime later, an Idaho State Police Sergeant (Kirk Grothaus) drove him to the Adams County Sheriff's Office which is where he began working with Idaho State Police Detectives.
- nnnnn. The bull was facing north. When Yantis was loading the rifle they were closer to the four-wheeler. He was standing somewhere close to the centerline possibly to the east side of the centerline. He remembered facing the four-wheeler (east) because he kept looking left to watch for cars.
- ooooo. When Wood and Yantis walked up they were right at the head of the bull.
- ppppp. When the struggle began, he remembered moving toward Wood to assist him before the gun went off or a fight occurred; emotions were high.
- qqqqq. He didn't remember how many steps he took, things happened so fast, in his mind it took a half an hour, but he knew it was seconds if not hundredths of a second.
- rrrrr. After his last shot, he immediately was trying to watch Paradis and Donna Yantis. He tried to move to a position where Paradis and Donna Yantis were in front of him so he didn't get shot in the back.
- sssss. When Rumsey was picking up shell casings, they were close to the centerline in front of the skidsteer. He didn't remember where he was standing. He remembered where he was standing before it all started when Yantis was loading his rifle.
- ttttt. He and Wood walked up to the bull with Yantis. He stopped somewhere to the west and rear.
- uuuuu. When Yantis turned and fired his rifle, he spun to the right and was moving because he thought he was hit.
- vvvvv. He didn't see the bullet. It could have gone ten feet over his head or it could have hit the pavement, he did not know.
- wwwww. All he knew was he felt the slight gust on his leg, and a pain in his ribs. Something went by his side, possibly a bullet or shockwave, he did not know.
- xxxxx. The bull was in a position where if Yantis shot it through the side of the head (towards the east), Yantis would have put a hole in the door of the pickup.
- yyyyy. Wood and Yantis were right at the bulls head.

- zzzzz. Yantis was facing to the south; Yantis looked at the bulls head. He was nervous Yantis was going to shoot through the side into the pickup. When Yantis moved towards the front he thought Yantis was checking the bull out trying to decide what to do.
- aaaaaa. Yantis pulled up the rifle like he was going to shoot to the south. He did not remember what he yelled at Yantis but it was the only words he ever spoke to Yantis.
- bbbbbb. It was when Wood tried to intervene.
- cccccc. It was not that he didn't remember where Wood was standing; it was that he wasn't watching Wood; he was watching Yantis because he was starting to get nervous about which direction Yantis was going to shoot the bull.
- dddddd. He thought Wood might have been to the side or rear of the bull and then moved towards Yantis to intervene with Yantis shooting towards the south.
- eeeeee. He knew Wood was there but could not remember where Wood was standing.
- ffffff. He thought he told the Sheriff he was six to ten feet away. He thought six feet was a little close, he was a little bit farther away until Wood got into a struggle with Yantis.
- gggggg. He was possibly ten feet away, it was not necessarily a guess, he wasn't one hundred percent sure it was a good estimate of distance.
- hhhhhh. When Yantis first looked at the side of the bull's head he began to get nervous. When Yantis moved around and faced south and looked at the bull's head, not pointing the rifle at it, his nervousness went down. He thought Yantis was just looking at the bull.
- iiiiii. In a split second Yantis pulled the rifle up and took aim at the bull. It was then he yelled at Yantis, though he didn't remember exactly what he yelled at him.
- jjjjjj. The reason he yelled at Yantis was because there was no way he was going to let Yantis shoot south toward the EMTs or Donna Yantis. They were just trying to stop him.
- kkkkkk. Wood and Yantis were almost shoulder to shoulder and Wood was either pushing Yantis' rifle or trying to get a hold of it.
- IIIII. Yantis shoved Wood. Yantis put his hands on Wood's left side and shoved Wood to the right. Wood went off balance and was standing on the right foot.
- mmmmmm. One of the small things that stuck in his head was that he when he first started working for Adams County he ordered a new level three holster he never used before. He

practiced, and practiced, and practiced with it. It was still a little bit slow and he intended on getting a new level two holster when he got back in the spring time but that he would keep the level three holster for the remainder of this year.

- nnnnnn. He would never forget for the rest of his life, when the gun went off, he thought how did this happen? He believed he should have been so much faster (drawing out of the holster).
- oooooo. When he felt the shock he was thinking "that round should have never gone off", "I should have beat him."
- ppppppp. He had just left his one year old's birthday party. He remembers when he was sitting in the ambulance, he was looking at a picture from her birthday party thinking "I should have ditched that goddamn holster a long time ago and got something quicker."
- qqqqq. He explained that when cops in general see their partners or fellow law enforcement get into a struggle automatically they move towards it to help.
- he never in a million years would have expected Yantis to turn on them. He should have, it was emotional, and Yantis had to put down his bull.
- ssssss. He thought it would be a struggle and they would have to take Yantis' gun. If Yantis was going to shoot to the <u>south they wou</u>ld have to get someone else to do it.
- tttttt. He remembered after Yantis fired the rifle, Yantis looked down at the rifle after he had already fired at Yantis. He remembered thinking "why wasn't Yantis stopping". It was a split second and he thought Yantis was reloading to go again.

uuuuuu He didn't know if he missed Yantis

- vvvvvv. When Yantis was initially loading the rifle, Yantis had his back to him so he didn't know how many rounds Yantis loaded. He didn't remember if Donna Yantis handed Yantis the rifle of if Yantis retrieved it from the four-wheeler but he thought the rifle might have been a lever action.
- wwwww. He thought Yantis was trying to lever another round into it. He could not see at the angle he was at if the lever was moving. He just remembered thinking Yantis was going to get another round in the rifle and he would not be standing there if Yantis was able to shoot again.
- xxxxxx. He has never had any contact with Yantis in the past. He did not know if he ever met Yantis.

yyyyyy. What he liked about working in Adams County was the slow pace, you could talk to people and get to know them. He does not write a lot of tickets or make a lot of arrests. He does not think he met Yantis but does not know for sure.

ZZZZZZ.

He believed he fired three to four times.

aaaaaaa. He knew Wood fired because when he was in the ambulance he told the ambulance crew he could not hear and Wood commented to him "Sorry about that". It was the only reason he knew Wood fired.

bbbbbbb. He thought all the running around in the scene and EMT persons running through the scene may have caused the scene to change. He remembered hearing brass clicking on the pavement and Rumsey picking up spent casings.

cccccc. He never walked up to Yantis' body.

ddddddd. He did not know how Yantis got from the head of the bull to where Yantis fell. He thought as Yantis gun barrel went down, and started going sideways and to the rear, was when he started backing up to try and control Paradis and Donna Yantis. He did not want other guns to come into play.

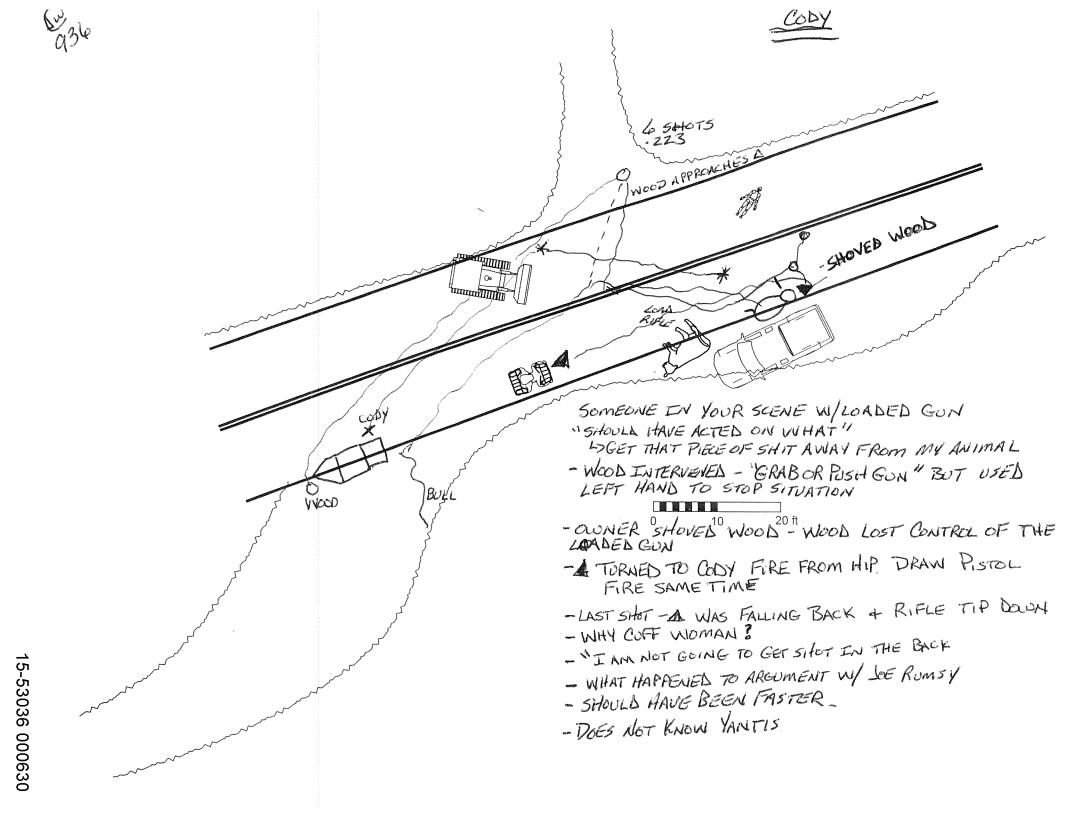

eeeeeee. Wood threw Yantis' rifle across the road.

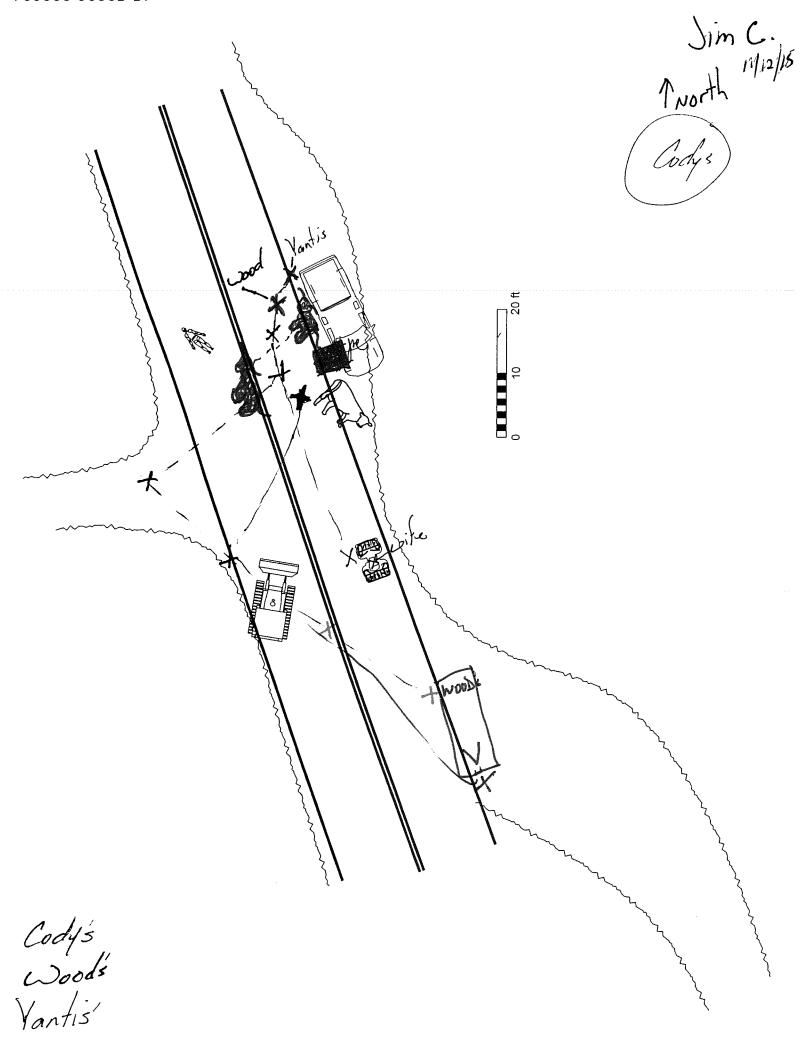

fffffff. The area was fairly well lit.

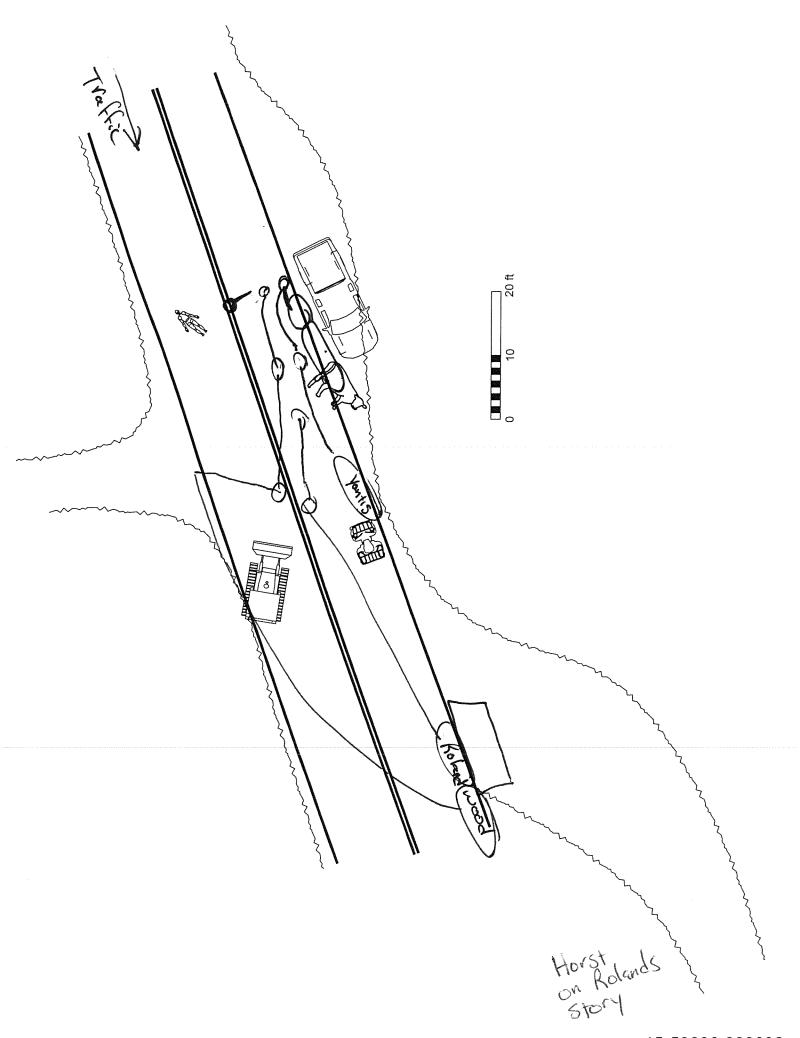

ggggggg. He thought it may have been cloudy but not raining. He wasn't cold.

hhhhhhh. Yantis could have prevented himself from being shot if Yantis wouldn't have shot at him.

3. At approximately 11:04 AM the interview was ended.

#### **Narrative**

1. On November 10, 2015, Idaho State Police Detective Corey Gates and I interviewed Kenneth FELTY regarding his knowledge of the officer involved shooting which had taken place on November 01, 2015 in Adams County, Idaho. The interview, which took place at the Idaho State Police office in Meridian, Idaho, began at approximately 1:58 PM. FELTY stated the following:

Supplement No 0030

## FELTY INTERVIEW Idaho State Police

	п					
- 10	н	•	-	٠.	•	$I \cap$
- 1	ч	а				/e

Narradive		
a. His name is Kenneth FELTY and his date of birth is	His telephone number is	. He
lives at		
b. He works at the which is located at		

- c. He is a friend to Adams County Deputy Cody ROLAND. He has known ROLAND for almost 20 years. They went to High School in Homedale, Idaho together. They graduated in 1996.
- d. He knows where ROLAND is currently living in Council, Idaho. He doesn't know the physical address, but he has been to ROLAND's house. ROLAND had just purchased the house about a month ago and he helped ROLAND and his wife move.
- e. He and ROLAND had gone elk hunting the week before the shooting. He was supposed to stop by ROLAND's house on the day of the shooting. It was ROLAND's daughter's birthday. However, he had had a busy day and didn't stop in on his way by.
- f. He and ROLAND have spoken about the shooting a couple of times.
- g. He doesn't have a television and didn't hear about the shooting right away. However, his family and friends started calling him on the day of the shooting and asked what was going on. It had to be on Tuesday (November 03, 2015) when he texted ROLAND about the shooting. ROLAND texted back, stating he was involved and was on administrative paid leave.
- h. ROLAND called him later that night, or the next day. They spoke about the shooting. He knew it was a bad idea but it seemed like ROLAND wanted to talk. During that conversation ROLAND did not say anything about the details of the shooting. He was very vague.
- i. About a week later he texted, or called, ROLAND to see if he needed any help, or if he wanted to go steelhead fishing. ROLAND called him back and they spoke for about ten minutes. During this conversation ROLAND elaborated a little more on what had happened. ROLAND told him they had coordinated with the rancher and had him pointed in a safe direction to put the bull down. He said the rancher had a kind of "glazed over" look and spun around with the rifle.
- j. ROLAND said he had never been muzzle blasted like that before, it was like a grenade going off. ROLAND told him he was so deafened he didn't even hear when his own gun went off. ROLAND also said he thought his bullets ricocheted off the gun, or the stock, or something to that effect. ROLAND also said he may have caught the guys arm. ROLAND didn't say whether it was the right or left arm, he wasn't that detailed. (FELTY didn't know how many times ROLAND shot)
- k. ROLAND also told him he didn't think his shots were the fatal ones.
- I. ROLAND only talked about his involvement and did not talk about the other officer. He also did not talk about what happened after the shooting.

m.He was at the Eagle Fish hatchery and one of the workers said his cousin is a veterinarian, who was having dinner at the rancher's house on the night of the shooting. (FELTY called his friend after the interview and got the veterinarian's name, Joe RUMSEY. RUMSEY had already been interviewed by Detective Sergeant Bob Boone and Detective Jason Horst)

2. The interview with Kenneth FELTY ended at approximately 2:14 PM.

#### **Narrative**

down the driveway. He got as far as the gate post when he observed the bull down in the grassy area off the road. The bull was hurt and "on the fight".

- 3. When he observed the condition of the bull, he determined that he did not have enough of a gun to take care of the bull safely and humanely so he headed back to the house.
- 4. Jack Yantis was on the four wheeler and he told Jack about the condition of the bull. Jack told him to grab a rifle and to bring down the "little cat" which was the skid steer front end loader.
- 5. About that time, Donna had got off the phone and put her shoes on. He met Donna at the gate and told her they would need a rifle. He told her to grab the .204 rifle.
- 6. Jack went ahead on the four wheeler, he (Paradis) grabbed a chain and the "little cat". Jack made it to about the gate when the officers started shooting the bull.
- 7. When he (Paradis) first saw the bull, it was over in the grass by the loading shoot. This was when he first saw the bull was hurt and "on the fight".
- 8. He turned around to go get the rifle and let Jack know what was going on.
- 9. Paradis stated the officers were trying to keep the bull at bay. According to Paradis, this was the worse thing they (the officers) could have done because the bull was wounded. Paradis advised that the officers could have just kept everybody back. The officers knew Jack was coming down to take care of it, and he could have just taken care of it.
- 10. He brought the "little cat" down. He had to take the little cat off the hill a little bit to avoid a fire / rescue truck and a Sheriff's pickup that were blocking the drive way.
- 11. He pulled the little cat down the bank then crossed the road where he pivoted the little cat to point the lights right at the bull.
- 12. He observed a dodge pickup parked off the road. The bull was near the front tire of the dodge pickup angled out into the northbound lane of traffic.
- 13. The bull's head was up in line with the front tire and front blinker of the pickup. The bull was positioned on its stomach, trying to get up. One leg was out and broken and the front legs were under the bull.
- 14. The bull appeared to be wounded and was frothing "lung blood".
- 15. When he pivoted the skid steer, He directed the cab lights to where the bull was positioned on the road.
- 16. He observed Jack with the rifle standing over the bull facing toward the East. Jack moved North slightly so as not to be shooting in the direction of the pickup. Jack was facing in a South West direction facing the large fenced hole.
- 17. It was dark at the time, Jack was not going to use the scope. Jack had the ability to shoot either right or left handed. He could not tell if Jack was shooting with the right or left hand. He observed that Jack had both hands on the rifle and Jack's finger was on the trigger.
- 18. He was over by the skid steer in front of the bucket facing north.
- 19. The deputies were over in the south bound lane, one was over by the center line, the other one with the rifle was positioned further away. Both officers had their backs turned toward Jack.
- 20. The deputy (referring to the one near the center line) reached over and grabbed Jack and pulled Jack back toward the center line.
- 21. Jack was leaned forward and focused on what he was doing. Jack was in a dangerous place because if the bull would have kicked, it could have knocked Jack's feet out from under him and then Jack would have been down on the road with the bull.
- 22. He observed the officer step over and grab Jack then pull Jack toward the center of the road. The other

## Supplement No 0032

## PARADIS 2ND INTERVIE Idaho State Police

#### **Narrative**

officer steps in. Jack was stumbling trying to get his feet under him. Jack stumbled back but kept both hands on the rifle.

- 23. The officer had Jacks vest in his left hand and the scope of the rifle in his right hand.
- 24. If the gun had gone off it was pointed down and away and no one would have been hurt. He advised both Jack's hands were on the rifle, it was a bolt action rifle and Jack was not trying to re-charge the rifle.
- 25. He did not hear the gun go off. He did not think that Jack fired the gun but he could not say with all certainty that it did not get fired. Paradis advised that had he been in that situation and been pulled away in that fashion with his finger on the trigger, he may have accidently fired the gun.
- 26. He stated the deputy that grabbed Jack, had Jack under control. Jack still did not have his feet under him. If the officer thought there was a threat the officer could have put Jack on the ground. Jack was a sixty two year old man who did not have his feet under him. He knew that if the officers had a problem it would have only taken half a second to put Jack on the pavement and control the situation. Instead, the officer pushed Jack away and grabbed his gun. This action led to both officers shooting.
- 27. Paradis indicated he was still in front of the "cat". When the officers started shooting. Paradis dropped the chain and started Yelling.
- 28. Paradis stated he had just stepped out of the skid steer, reached down and grabbed the chain when this was going on. He was going to hook the chain up to the bull and get the bull out of the way. He had done this a hundred times, it was no big thing. The ranch was on the Highway and it happend frequently.
- 29. Paradis advised that from the time the deputy grabbed Jack until the the deputy pushed away from Jack, Jack never had his feet under him. Jack's hands never left the rifle and Jack did a better job than he would have controlling the rifle. Jack kept the rifle down and across his body the whole time.
- 30. He advised that Jack was stumbling when the officers started shooting. Jack turned to his left and fell into the South bound lane. Paradis advised he observed the officer fire the last round at Jack while Jack was laying on the ground and not moving. Paradis remembered seeing the sparks come off the pavement.
- 31. He and Donna were yelling for the officers to stop shooting.
- 32. He was trying to figure out what happened. He stated "The deputies had a smug almost a celebratory moment between the two of them". Paradis stated "The officers "did everything but high five acting like they did the world a favor."
- 33. Paradis stated he headed for Jack and the officer with the AR-15 pointed the rifle at him (Paradis). Paradis indicated that he had enough training and experience to know when a person was going to shoot. He had no doubt the officer would shoot him. He only made it about a step and a half toward Jack when the officers started yelling at him to get on the ground.
- 34. While on the ground, He (Paradis) continued to yell at Jack "not to quit, not to quit". Paradis stated Jack had not moved and he knew it was bad deal. The officers would not let anyone get to him.
- 35. Paradis complied with the officers commands and laid down. The officer then stood on his back and hand cuffed him then the officer put the gun to the back of his head.
- 36. The other officer was yelling at Donna who was over behind the four wheeler.
- 37. He did not understand how it ended up where it was.
- 38. The other deputy went over to Donna and put her on the ground, Donna was on her hands and knees when the officer came over and drove her into the pavement.
- 39. Other than the State Police, Jeff Brown was the only one to treat them like humans. Until the State Police arrived, he believed he was being held at gun point. Every time he would move, an officer would grab for his gun.
- 40. After the officer slammed Donna down, he and Donna continued yelling. The officers would not let anyone

## PARADIS 2ND INTERVIE Idaho State Police

#### **Narrative**

get to Jack.

- 41. The one officer said "I got shot, I got shot" but there was not a mark on him.
- 42. Paradis stated, the gun was a .204 with a Hornady V-max bullet designed to explode on a blade of grass if that is what you hit with it. He believed that if the officer had been shot, he would have been missing a chunk of t-shirt the size of a volley ball even with the vest.
- 43. Paradis advised "The entire situation was created and escalated by the officers".
- 44. He did not see anyone shoot the bull. He went back to the house and Joe came down and was down by the highway when the officers shot the bull.
- 45. He was bringing the "little cat" down. He and Donna were still up in the driveway when the officers shot the bull. Donna still had the rifle so they knew it was not Jack shooting the bull.
- 46. When he came down, the bull was back in the roadway, it had been shot and was down.
- 47. The little cat was running. It is a diesel, there were a number of vehicles also running.
- 48. When he got down to the road with the little cat, Jack had already walked up to the bull.
- 49. There were two officers. One officer with the rifle and another officer with a hand gun in his holster. It was the officer with the handgun who grabbed Jack. When the officer grabbed Jack, he pulled Jack backwards.
- 50. The officer with the handgun grabbed Jack by the vest with his left hand. Jack stumbled backward and turned slightly, where upon the officer grabbed the rifle scope with his right hand.
- 51. Jack still did not have his balance when the officer pushed away from Jack and went for his gun. That action set off the officer who had the rifle. The officer with the rifle stepped to the side so both officers were facing North, facing Jack who was facing South. From where he was standing, he could see the back of the officers heads and he could see Jack beyond the officers, standing there with a dumb look on his face. Both officers were shooting.
- 52. The officer with the pistol shot through the gun. It was just "boom, boom,boom and they followed him to the ground".
- 53. Paradis stated he saw Jack on the ground, not moving when the officer fired the last round. He remembered seeing sparks come off the pavement. (Directed detectives to a specific divot located in the southbound lane)
- 54. Jack was laying on the ground on his left side with the rifle barrel at his feet. The officers detained him and Donna, then came back together.
- 55. The officer with the rifle went up and grabbed what was left of the rifle and tossed it over behind the dodge truck.
- 56. Then they let Joe come up and was up at the body with an EMT when they rolled Jack over. Paradis advised he was still handcuffed and yelling and arguing with the deputies trying to figure out what they were thinking.
- 57. Joe had come up from down below where the ambulance was.
- 58. When the officer with the handgun pushed off and pulled his gun, the officer with the rifle steped around. The officer with the AR had a quick sling on his rifle. He pivoted and begins shooting.
- 59. Paradis stated he did not hear any conversation between the officers and Jack or between Jack and the officers prior to the shooting.
- 60. The little cat has a couple of equipments lights on top and he was able to light up the area all the way to the corral.
- 61. The bull's head was up rubbing up against the pickup. Paradis believed it may have broken the blinker light.
- 62. Jack was lined up in such a way that if Jack missed, the round would have went over by the hole.

Supplement No 0032

## PARADIS 2ND INTERVIE Idaho State Police

#### **Narrative**

- 63. The bull was positioned between the front tire and the front bumper.
- 64. Jack was leaned out over the back of the bull.
- 65. Paradis realized the focus of the investigation was the actual shooting of Jack, but believed the officers began making mistakes when they cornered the bull. The officers knew he and Jack were coming down to deal with the bull and should have let them deal with it. He believed the whole thing was negligent on the officers part. The officers created the situation and then escalated the situation. He believed this to be completely contrary to their training as they would have been trained to deescalate it.
- 66. He did not see or hear the Yantis's gun go off. He was not saying that the gun did not go off, just that he did not hear it go off before the officers began shooting.
- 67. Jack maintained control of the gun the whole time.
- 68. When the officer pushed off, Jack was leaning back at a considerable angle. He believed if Jack had pulled up the gun, it would have off set Jack's shoulders and Jack would have fallen on the other side.
- 69. Paradis maintained that the gun was pointing down when Jack fell and that had he pulled the gun up, then the gun would have been positioned upward when Jack fell.
- 70. The guy with the pistol started shooting him and believed it hit Jack in his upper abdomen. Paradis observed one round hit the gun and one went into the upper abdomen. He remembered the down feathers coming off Jack's vest.
- 71. Jack, when getting shot, kind of rolled away from the officers and the rifle stayed down the entire time.
- 72. The deputy with the rifle was positioned on the West side of the deputy with the pistol.
- 73. He recalled brass hitting him from the AR-15 as he was standing in front of the little cat.
- 74. He maintained that the officer with the AR-15 was the farthest officer West and the officer with the pistol was the one closest to Jack.
- 75. The officer with the pistol was the officer that made contact with Jack and pulled him away from the bull and was the first officer to shoot Jack.
- 76. He did observe Joe pick up some brass at the scene.
- 77. He did not know the officers. Paradis believed he had met one of the officers, Deputy Woods, at a sweet sixteen birthday party at the home of a mutual friend. Paradis advised he never had any issues with the officers.
- 78. He and Jack had a beer with dinner, he and Jack drank beer throughout the course of the day. He did not believe anyone was intoxicated. He and Jack were lifetime beer drinkers.

At approximately 2:10 p.m., Detective Horst and I concluded the interview. The Interview in its fullness was recorded and secured as evidence. (Tag number 150002903 Item #1.)

#### Summary Narrative

On November 11, 2015, Idaho State Police Detective Sergeant Robert Boone and Detective Jason Horst conducted a voluntary interview with Donna Yantis at the St. Alfonsus hospital, Boise, Idaho. Donna Yantis was under the care of the Cardiology Intensive Care unit recovering from heart issues. Present at the interview were Paul Winward, the attorney representing the Yantis family, Donna Yantis and her daughter Loretta Yantis.

THE STATE OF													

On November 11, 2015, at approximately 10:09 a.m., Idaho State Police Detective Jason Horst and I conducted a voluntary interview with Donna Yantis regarding her observations during the officer involved shooting on November 1, 2015. Present at the interview was Paul Winward, the attorney representing the Yantis family and Loretta Yantis the daughter of Donna Yantis. The interview was recorded. During the interview, Donna Yantis provided the following details:

1. They received a telephone call around 7 p.m. from the Adams County Sheriff's Dispatch who advised them that they had a bull that had been hit on the highway and it was mad and upset. The Sheriff's Department wanted them to come to the scene. She knew if the bull had been hit by a car it was hurt and would need to be put down. They (Jack, Rowdy, Joe and her) headed down to the scene.

Report Officer	Printed At	
2968/BOONE, ROBERT	12/10/2015 10:32	Page 1 of 3

### DONNA YANTIS INTERVI Idaho State Police

#### **Narrative**

- 2. Jack told Rowdy to get the cat skid steer so they could get the bull off the road and she was told to get the gun. She went in and got the gun. Jack went down in front of her and Rowdy on the four wheeler. Before she got to the end of the drive way, the police opened fire on the bull. She did not know how many shots were fired but it was a lot.
- 3. When she got there, the bull was laying on the road. She handed Jack his gun and Jack checked it to get it ready to put the bull out of its misery. Jack walked up by the bull and she stepped back to get out of the way.
- 4. Jack walked up to the bull to put the shot behind the ear and the officer came up, grabbed Jack's arm and jerked him back almost off his feet and back across to the other side of the highway and then the cop closest to her pulled his gun and opened fire. Jack fell down, then the officer turned and pointed his gun at her and told her to get on the ground and handcuffed her.
- 5. She had Joe Rumsey call her daughter Sarah.
- 6. The officers let her up but kept Joe and Rowdy handcuffed. She then left in the ambulance.
- 7. She remembered that Jack brought the gun up to line up his shot and that is when the officer grabbed Jack with both hands and jerked him backwards.
- 8. She could not see if the officer who grabbed Jack had a gun pointed at Jack or not. She was not looking for a gun and she saw the officer grab Jack with both hands.
- 9. She had a direct view but it was dark.
- 10. (Detective Horst demonstrates by mimicing Jack's angle with a simulated gun) She indicated by the demonstration that Jack was facing in a South East Direction when he pulled up to shoot the bull.
- 11. The officer that grabbed Jack was taller and thinner than Jack, the officer was wearing a uniform. The officer closest to her had on a khaki shirt, initially she believed it to be a long sleeve shirt but then decided it was a short sleeve shirt.
- 12. The officer closest to her turned around and pointed his gun at her.
- 13. (Break in the interview because of medical issues)
- 14. The Officer located closest to her was not the one who pulled Jack backwards. He (the officer closest to her) was standing in the middle of the highway.
- 15. She did not remember what color the officer's hair was, but the officer had a tan shirt with an Adams County Police patch.
- 16. After, the officer closest to her, shot (Jack), the officer said "I'm hit, I'm hit". She advised she was looking right at the officer and there was no hole in his shirt, no blood, there was nothing to indicate he was shot.
- 17. It was the other officer on the other side that grabbed Jack.
- 18. The officer closest to her drew his pistol from a holster.
- 19. The other officer walked up behind Jack and grabbed Jack and pulled him backwards.
- 20. She did not hear Jack say anything to the officers or the officers say anything to Jack. She did not hear the officers say "don't" or "stop" or anything.
- 21. (She reviewed a drawing of the scene and marked the document where she, the officers, Jack and Rowdy were located at the time of the shooting) (See Attached)
- 22. (Interview Continued after Donna Yantis receives additional treatment)
- 23. After the officers shot Jack, The officer with the pistol told her to get down on the ground. The officer was trying to handcuff her and she told the officer that he could not put the handcuff on her because of her shoulder. The officer did not leave her handcuffed too long.

Supplement No 0033

### DONNA YANTIS INTERVI Idaho State Police

#### **Narrative**

- 24. She was yelling at the officer about why he had done what he had done.
- 25. The officer then released her. She tracked down Joe because she could not get a hold her daughter.
- 26. Mike and Sarah, her daughter, showed up on the scene, Sarah tried to get over to check her father but the cops would not let her.
- 27. Sarah came back to where she was and helped get her into the ambulance and started helping her.
- 28. During that time, she and Rowdy were yelling at the officers to put the bull out of its misery. The bull could not get up, it's leg was broken and it was suffering. The same cop that was dealing with her said "I'm not worried about that, I have got things to take care of here".
- 29. She gave up on the idea that they were going to take care of the bull.
- 30. Joe told her that the bull finally bled out.
- 31. Rowdy was saying things like "for god sakes don't let it suffer, put the bull out of its misery".
- 32. The officer jerked Jack backwards, almost off of his feet. A couple of years ago, Jack had broken his pelvis so Jack was not very steady.
- 33. As far as she could see, Jack complied with where the officer wanted him to go.
- 34. She believed the officer was just showing his authority and he went up to Jack and yanked him backwards and that threw Jack off balance. Jack was facing the officer closest to her.
- 35. She never saw Jack point his rifle at the officers, the officers started shooting and she heard the rifle hit the highway.

At approximately 12:11 p.m., Detective Horst and I concluded the interview with Donna Yantis.

Summary Narrative

On November 02, 2015, and on November 04, 2015, Idaho State Police Detective Victoria M. Gooch and other members of the Idaho State Police District III Investigations Office processed the involved officers uniforms, weapons, and equipment at the Meridian Idaho State Police Complex, 700 So. Stratford Drive, Meridian, Ada County, Idaho.

On November 02, 2015, Idaho State Police Detectives Victoria M. Gooch and Jason Horst processed the weapons associated with Adams County Sheriff's Department Deputies Cody Roland and Brian Wood.

On November 04, Idaho State Police Detective Victoria M. Gooch, Detective Sergeant Jim Christensen, Investigative Assistant Danielle Hendershot, and Boise State University Intern Nate Long processed the deputie's uniforms and equipment.

Photographs of the processing of the uniforms, weapons, and equipment were taken by Detective Gooch over the course of November 02, 2015 and November 04, 2015, and downloaded onto CD's.

The CD's were assigned Tag #150002920 (01 and 02) by the Tiburon Case Management System on November 19, 2015.

Both CD's were maintained in Detective Gooch's care, control and custody until entered into evidence on November 19, 2015 at the Meridian ISP Complex.

On November 04, 2015, Idaho State Police Detective Jason Horst and Investigative Assistant Danielle Hendershot took photograph's of the rifle belonging to Jack YANTIS. The photograph's had been requested by the Ada County Coroner's Office Forensic Pathologist Dr. Glen Groben. The photograph's were downloaded onto a CD and provided to Detective Victoria M. Gooch, who then took the CD to the Ada County Coroner's Office where the CD was submitted at the request of Dr. Groben.

On November 16, 2015, Detective Horst requested Detective Gooch to obtain the CD given to Dr. Groben, and on November 17, 2015, after it was determined the CD was no longer available, Dr. Groben was requested to make a CD of the photographs provided to him by ISP. Dr. Groben had downloaded the photographs from the ISP CD onto his computer and placed into a file. Dr. Groben then destroyed the CD.

On November 19, 2015, Detective Gooch traveled to the Ada County Coroner's Office and obtained the CD of the photographs of Jack YANTIS's rifle.

The CD was brought back to the Meridian ISP Complex and a copy was made of the CD. The original CD provided by Dr. Glen Groben was entered into evidence at Tag# 150002926(01) was assigned to the CD by the Tiburon Case Management System on this same date.

Narrative									

- 1. On November 4, 2015 at approximately 2:57 pm, Idaho State Police Sergeant Boone and I conducted an interview of Brian Wood at 5680 E Franklin Rd, Ste 130, Nampa, Canyon County, Idaho. The interview was in reference to the critical incident involving Jack Yantis which occurred November 1, 2015. The location of the incident was 2562 HWY 95, Council, ID 83612.
- 2. We explained to Wood this was a criminal investigation and he was not required to make a statement to us. Wood's attorney Kevin Dinius was present and Wood agreed to make a statement. Wood told us the following:
- a. He is a deputy with the Adams County Sheriff's Office and his badge number was 2307.

Report Officer	Printed At	
3468/HORST, JASON M	12/02/2015 13:48	Page 1 of 7

#### **Narrative**

- b. He began working for Adams County approximately 26 months ago (September 2013), summer 2013.
- c. Prior to working for the Adams County Sheriff he worked for the McCall Police Department. He started with McCall PD in the beginning of 2010 through most of 2011.
- d. He had a gap in his law enforcement when he finished with McCall PD in 2011 and when he began with Adams County in 2013. During this time he did odd jobs and worked for the McCall airport.
- e. He attended the Idaho POST academy and currently holds a POST Basic certificate.
- f. He is on night shift and works from 2 pm to 2 am on weekdays and 3 pm to 3 am on weekends.
- g. The night of the incident with Yantis, he thought he checked into service at approximately 2 pm and it was his normal shift.
- h. His radio designator is 2307.
- i. He slept the morning of November 1, 2015 from 3 am to 9 am.
- j. The last time he ate was right before his shift started. He had chicken enchiladas and other food at a church potluck before he started his shift.
- k. He had not taken any medication or consumed any alcohol prior to the incident.
- I. Prior to the crash which started the incident, it was a slow day and he didn't even remember making traffic stops. He did respond to a fire on Meadows Drive south of New Meadows but it was the only thing he remembered.
- m. He didn't believe he had any audio or video recording of the incident. He explained he was wearing a chest camera but doesn't normally record incidents like traffic crashes. He did turn it onto the first setting which keeps it running all day. If he needed to record something, he could push a button which would go back and capture the previous thirty seconds. He had it in the standby mode and thought he turned it on after the bull incident. He later checked the status check button which indicated he had not been recording. It was the only recording device he had.
- n. The weapon he used is a registered short barreled rifle. The lower receiver is a Lewis Machine and Tool (LMT). The barrel is a ten and a half inch barrel made by Noveske. The rifle was built by ADCO Firearms. He has an EOTECH holographic red dot sight an adjustable magnification sight, a surefire flashlight, sling, and flip up iron sights.
- o. The ammo used was department issued Speer Gold Dot 62 grain, .223 caliber.
- p. He believed he had a minimum of 28 rounds to 30 rounds. He said he starts with a 30 round magazine, if he chambers a round he will discard that round after he clears it because the round is made less reliable by the free floating firing pin in an AR-15. He does not rely on those rounds if he needs to defend himself and doesn't always remember to top the magazine off when he discards those rounds.
- q. He did not remember the last time he qualified with his rifle.
- r. He had a Glock 17 handgun on his duty belt. Both weapons were personally owned by him. The Sheriff's Department issues rifles but gives the officers the option to carry their own personal weapons.
- s. He did not have any less lethal options available at the time of the incident.
- t. He was wearing black 5-11 style pants and grey boots. A black nylon duty belt with nylon handcuff cases, black plastic handgun holster, and a black plastic light holder. A tan uniform shirt with Adams County patches on both shoulders and a silver star with circle metal badge on his chest.
- u. The date of the incident, he was near New Meadows, Idaho getting ready to take a lunch break and watch the World Series game with a couple friends. He heard EMS dispatch medics to a crash on Fort Hall Hill Road.
- v. He knew Deputy Cody Roland was working in the area. He heard dispatch call for extrication and checked with dispatch to see if Roland needed additional help. Dispatch advised him there was lane blockage so he responded

Report Officer	Printed At		
3468/HORST, JASON M	12/02/2015 13:48	Page 2 of 7	

#### **Narrative**

with lights and sirens.

- w. He believed he may have arrived on scene slightly before Roland.
- x. He parked his vehicle on the left side (on the east shoulder) of the northbound lane facing south in a driveway.
- y. There were multiple ambulances and first responders on scene. He went down to the crash site and the drives seat was already empty. The first responders were cutting apart the car to get the passenger. The roof was pressed against the female passenger's head and she looked like she was in bad shape with blood all over her face and hands.
- z. He assisted by trying to hold the up the roof and windshield so it did not come down on the female passenger as they cut the roof away.
- aa. Someone relieved him from assisting at the crash which was when he met up with Roland.
- bb. He and Roland went to look for the cow which was involved in the crash. They located it in the same driveway where he parked his patrol vehicle which he believed was Yantis' driveway.
- cc. The bull was close to the road when they found it. It had steady streams of blood and mucus from its nose. He could also see cuts on its side and it appeared to have a broken hind leg.
- dd. He and Roland commented to each other the bull looked pissed.
- ee. He thought Roland asked dispatch to contact the owner.
- ff. The reason they contact the owner is because they do not want to make the decision for the rancher as to whether the animal can be rescued or not. They do not have the experience to make that determination and it's a financial liability issue as well. He said it was the standard so it is what they did.
- gg. At some point the bull went to a spot in the bushes where it was in a corner where two fences met so they wanted to leave it there where it wasn't bothering anyone.
- hh. There was a first responder directing traffic directly west across the highway from the bull. He was concerned for the flagger's safety and told the flagger to get his attention if the bull came back to the road.
- ii. He went back to the crash to check if there was anything he could do help at the crash. He was not needed at the crash scene so he and Roland went back up to check on the bull.
- jj. The bull had moved over by his car. Roland positioned himself behind the rear tailgate of the vehicle and he was in front of the vehicle by the hood. The bull was looking back and forth at both.
- kk. The bull would take a few steps toward Roland and Roland would yell at it. The bull would stop sometimes and sometimes it would keep going. At one point when the bull walked toward him he turned his weapon mounted light on towards the bull. The bull did not stop and zeroed in on his light.
- II. He did not want to shoot. At one point he and Roland had a discussion about how sometimes a bull worth X amount of dollars for meat turns into a \$50,000 prize bull after you shoot it. They did not want to make that call.
- mm. Wood backed up into the road to stay away from the bull.
- nn. Roland told dispatch a second time the cow was getting really aggressive because it was doing some little motions towards them.
- oo. He backed up across the road until he could feel his heals off the shoulder of the road. The bull went past the front of his car, started coming across the road, and started picking up speed.
- pp. It was hard to describe because the back leg was injured. It wasn't like a super fast charge but it was getting a gallop like motion, going straight at him.
- qq. He brought the rifle up and fired three times at its head, the bull started to turn and he kept firing several more times into its body. The bull stumbled forward and collapsed up against a dodge pickup parked in the same

Report Officer	Printed At	
3468/HORST, JASON M	12/02/2015 13:48	Page 3 of 7

#### **Narrative**

direction on the same side of the highway behind his truck.

- rr. His desire with any suffering animal is to put it out of its misery if it's going to die.
- ss. The bull was already injured from the crash and he just fired rounds into it so he intended to put the animal down.
- tt. He walked up to the bull. Its head was facing north and behind its head was the wheel well of the dodge truck. He was not going to shoot and risk damaging the truck. He could not shoot it from the north because all the first responders were to the south.
- uu. While he was trying to figure out a safe way to shoot the bull, the rancher, Jack Yantis, arrived.
- vv. He was standing approximately ten feet away from the bull. Yantis walked in between him and the bull while Yantis was loading a rifle.
- ww. He saw Yantis pushing shells into the top of the action and thought it was a bolt action rifle with a scope, wooden stock, and blued barrel.
- xx. He thought the rancher could take care of the bull so he was happy.
- yy. He stood back and Yantis walked around the front of the bull and was facing south. Yantis leaned forward, down low, and brought the rifle up.
- zz. He remembered as Yantis walked past him Yantis said, "put that piece of shit away" as Yantis loaded the rifle he was holding. He assumed he was talking about his (Wood's) rifle. He assumed Yantis was pissed because he shot the bull and didn't put it down.
- aaa. Yantis leaned down like he was going to shoot the bull between the eyes. Yantis was pointing in the direction of all the first responders.
- bbb. He told Yantis, "Whoa whoa, stop, hang on". He stepped forward toward Yantis. He had his rifle slung with his hand on the grip. He reached forward with his left hand not expecting he would have to grab Yantis rifle. He thought Yantis would stop.
- ccc. Yantis stepped back and swung the rifle across his belly and down at the first responders.
- ddd. Yantis had a really weird stance and thought Yantis was having an incredible safety problem. He did not think Yantis was going to shoot him but it was really weird and he did not know.
- eee. He yelled at Yantis "point that rifle down". Yantis did not.
- fff. He put both hands on his rifle. Roland stepped up to his left side which drew the attention of Yantis towards Roland.
- ggg. He doesn't remember what Roland said but he remembered Roland issuing some kind of command.
- hhh. Yantis took his rifle and shoved it forward in the direction of Roland directly towards Roland's chest.
- iii. He started bringing his rifle up and before he got his rifle anywhere near Yantis' chest, he heard a gunshot.
- jjj. His belief at the time was it was Yantis' rifle that went off because of the motion he saw Yantis make.
- kkk. He began firing into Yantis as fast as he could.
- III. He then heard more shots which he believed were from Roland.
- mmm. He believed Yantis turned to his left past him with his rifle pointing up and to Yantis left side.
- nnn. He was expecting, with both he and Roland firing, Yantis would either fall down or drop the rifle. He was expecting and hoping Yantis would fall or drop the rifle but Yantis didn't.
- ooo. With Yantis still holding the rifle pointed in their direction, and the shot that had just been fired, he kept

Report Officer	Printed At

## Supplement No 0037

## WOOD INT Idaho State Police

#### **Narrative**

shooting expecting either the rifle or Yantis to fall.

ppp. Yantis ended up falling and holding the rifle the whole time as he fell.

qqq. He believed he remembered Roland radioing dispatch, "shots fired".

rrr. He also radioed dispatch "shots fired" and requested medics. He thought he asked several times and thought it was strange there were so many medics close but no one came. He thought the medics might have thought they were just putting the bull down and didn't realize what had happened.

sss. The first medic who came up was a male and he had to tell the medic several times Yantis had multiple gunshot wounds and the medic just looked at him.

ttt. A second medic, Crissy Gripe, arrived and helped work on Yantis.

uuu. Right after he radioed dispatch, he went up to Yantis. He put a hand on his shoulder and rolled him over a little and checked for a pulse. He yelled, "Can you hear me, can you hear me". He heard Yantis make some kind of sound, possibly a groan, so he stopped looking for a pulse. He thought if Yantis was making a sound he assumed Yantis had a pulse.

vvv. As the medics came up, the male medic pointed out to him Roland was struggling with someone over by his car.

www. There were family members or friends of Yantis present. By the time he got down to his car there was one of those persons in handcuffs sitting somewhere near the four-wheeler.

xxx. Roland was holding a man against his car and asked him for handcuffs. He got his handcuffs out and assisted Roland handcuffing the man Roland was holding. They had the man sit in his car. The man was claustrophobic so they left the door open. Roland told him the man was told to leave several times. Roland also witnessed the man picking up spent shell casings off the ground, which was a concern for evidence.

yyy. Sometime later, a female approached them. He thought someone had said it was Yantis' daughter. She attempted to go to Yantis. He held her back because he did not want her to see her father (badly injured), and because it was a scene which needed to be investigated.

zzz. The female explained to him she was the highest level medical person on the scene. The others were just EMTs and she was something higher. She left the decision up to Gripe because he did not want to take the chance if there was a possibility of saving Yantis.

aaaa. Gripe allowed the female to enter the scene and tried explaining to her there wasn't any reason to try to work on Yantis based on the wounds. The female was frantic and was asking if they had various medical equipment available at the scene, none of which was available.

bbbb. He was able to identify the female's husband who helped remove her from the scene.

cccc. Meadows Valley ambulance soon arrived with medical personnel he was familiar with who escorted him to an ambulance.

dddd. At some point, he radioed dispatch requesting supervisors and a coroner.

eeee. Once he was in the ambulance, he handed his rifle to a man he was familiar with whose name was Doug.

ffff. He did not make physical contact with Yantis when Yantis was aiming the rifle at the bull.

3. He illustrated for us on a map where the three of them were standing and which way everyone was facing.

gggg. He did not know if Yantis fired first.

hhhh. He was not sure what the distances were and did not know if we stood up if it would help him remember the distances.

iiii. He wanted us to figure out and know exactly what happened. He wanted to be as helpful as he could; his

Printed At	
12/02/2015 13:48	Page 5 of 7
	Printed At 12/02/2015 13:48

#### **Narrative**

concern was he could be wrong about distances.

jjjj. The reason he engaged Yantis with lethal force was because he was in fear for Roland. He thought Roland was about to be or had been shot so he returned fire to stop the threat. He kept shooting until he thought the threat was stopped.

kkkk. He knew Yantis was pissed by the sound of his voice and what he said "put that piece of shit away". So he thought Yantis was angry either at the situation or by what he did (shooting at the bull).

IIII. He did not know if it made Yantis angrier when he told Yantis not to shoot; but Yantis was clearly agitated. He couldn't tell if it was just a horrible safety problem when Yantis pointed his rifle, or if it was worse (Yantis' intent to point the rifle at people). He couldn't believe it could be worse than a safety problem because they were only there for an accident and a cow. It didn't make sense to him it would rise to the level of anger.

mmmm. He was concerned for his own safety when Yantis swept the rifle across his belly and all the other people to the south. At that point he didn't think it was a violence thing. He felt like he should have recognized it (Yantis' anger) sooner.

nnnn. When Yantis was facing in Roland's direction, he could tell Yantis was angry. He knew Yantis was angry when he walked by him and said "put that piece of shit away". When Yantis shoved the rifle forward at Roland was when everything clicked and he thought "oh my gosh, Cody's about to get shot". He then heard a shot.

oooo. His concern was, as he was bringing up his rifle, he heard a shot and thought he was too late. He knew Roland had been hit and he wasn't going to take the time to look over and see if he had been hit. He thought Roland was either being shot or had been shot.

pppp. As soon as he heard the one shot, he thought his first shot was next. He didn't know if the first shot came from Yantis or Roland. He hadn't talked to Roland about it.

gggg. The best of his recollection was Yantis fired the shot right at Roland.

rrrr. He thought one of the bullets hit Yantis' gun because the stock shattered.

ssss. The reason he threw the rifle away from Yantis was because he was not going to let paramedics work on a person clutching a rifle.

tttt. He was on the west side of Yantis and got down on both knees. He reached over Yantis and grabbed the Yantis' rifle. He threw Yantis' rifle towards the dodge pickup. Yantis' rifle ended up lying by the back tire of the pickup.

uuuu. After he and Roland fired he assumed Yantis was very badly injured and wasn't afraid of Yantis' being an aggressor. He believed he went up to Yantis' and grabbed the rifle right away.

vvvv. Yantis never fired the gun at the bull. The only time Yantis could have fired was when the gun (Yantis' gun) was pointing more or less at Roland.

wwww. He did not know Yantis. He did not realize it that night, but he had dealt with Yantis one time before a few miles away from Yantis residence on the same highway. There was a cow hit by a vehicle and if he recalled correctly the cow was already dead in the incident. He called dispatch to notify the rancher. When Yantis arrived at he was unpleasant with the driver of the vehicle who hit the cow but he would not call it a confrontation. Yantis was agitated with the driver but he did not recall if Yantis was agitated towards him.

xxxx. He did not know of any reputation Yantis may have had for being aggressive toward law enforcement.

yyyy. He estimated he fired nine or ten rounds but fully expected his estimate would be wrong.

zzzz. He could see fairly well and there were emergency lights on from his vehicle. The lighting varied throughout the course of the incident but there was a fair amount of light. He didn't need to activate his flashlight.

aaaaa. He could not remember seeing the recoil of Yantis' rifle. He did not know if Roland's gun was out. He did not know who fired first; he assumed it was Yantis.

Report Officer	Printed At	
3468/HORST, JASON M	12/02/2015 13:48	Page 6 of 7

## Supplement No 0037

## WOOD INT Idaho State Police

#### **Narrative**

bbbbb. He did not know if Roland had been hit. After Yantis went down and they finished getting the scene under control, Roland asked him "Am I hit?" He knows sometimes people can be hit in a gunfight and do not know it until after the adrenaline wears off. He asked Roland where Roland thought he was hit. Roland told him on his side. He checked Roland for injuries. He did not take Roland's body armor off and did not see any blood or apparent injuries.

cccc. He did not need to use his sights because he was so close to Yantis.

ddddd. He didn't remember any precipitation; it was dark, except for the lights, and the wind was blowing roughly 5 to 8 miles an hour uphill (to the north). He remembers the breeze because some of the stuffing from Yantis' jacket was blowing in that direction.

eeeee. If Yantis had not pointed a rifle at Roland, it would have prevented Yantis from being shot.

fffff. It occurred to him in the moment after he began to fire at Yantis, if Yantis had not fired at Roland there would still be a round in the chamber, and Yantis would still be a threat.

ggggg. He gave two verbal commands, telling Yantis to point his rifle down prior to shooting. He remembered Roland giving Yantis verbal commands but did not remember what those commands were.

3. At approximately 4:13 pm the interview was ended.

#### **Narrative**

when he first encountered Deputy Brian Wood.

- e. He and Wood talked about the brand on the bull. He told Wood it was a 4Y brand and the bull belonged to Yantis.
- f. Wood notified dispatch regarding the bull and he returned to the crash scene.
- g. He continued to assist with the woman who had been extricated. A second ambulance arrived and they loaded the woman onto it. When he finished loading the woman onto the ambulance he heard gunshots followed by Deputy Roland calling shots fired and requesting back up on his handheld radio.
- h. He yelled to the other EMTs to follow him and he ran to help Deputies Roland and Wood.
- i. When he arrived up the hill he saw Deputy Roland handcuffing a woman. There was also a male (Rowdy Paradis) lying in a prone position in the road.
- j. He grabbed a pair of Roland's handcuffs and handcuffed Paradis.
- k. Deputy Roland asked him to notify the Sheriff and Undersheriff of the situation which he did through dispatch.
- I. He returned to the crash scene and told EMT Dan Huter to go up and assist the other EMTs working on the gunshot victim.
- m. He remembered hearing a first round of gunfire right after he had the conversation with Deputy Wood.
- n. When he spoke to Wood about the bull, it was standing approximately 20 yards away from Woods pickup and was acting very aggressive.
- o. He briefly spoke to Yantis that evening. Yantis drove down to the crash scene on his four-wheeler looking for the bull. He told Yantis it was up by his driveway. Yantis left in the direction towards his driveway. Yantis was alone on the four-wheeler.
- p. He did not see anyone shooting or anything that happened at the shooting because he was directly involved in the rescue of the crash victim.
- 2. At approximately 2:30 PM the interview was ended.

## STANFORD INT Idaho State Police

#### **Narrative**

- d. Approximately one to two minutes later, he heard voices getting amped up and excited about something. He thought whoever it was, may have been arguing but it was difficult to hear over the engines running and the noise at the scene.
- e. He heard more gunfire about the time the second ambulance arrived at the crash scene.
- f. The second time he heard gunfire, it sounded like more shots than the first time, and possibly two different guns; one gun was louder than the other.
- g. After they loaded the woman they extricated from the car into the second ambulance, he heard Royce Bauer call for EMTs to respond to the location of the gunfire to the north.
- h. He remembered Bauer asking for oxygen and an airway which Lakey brought up to the shooting scene.
- i. He, at some point brought up a backboard and a blanket. He assisted with securing Yantis on the backboard.
- j. He remembered when he first arrived at the shooting scene; Yantis was lying on the road in a pool of blood. He didn't know at the time Yantis had been shot. He thought maybe while trying to shoot the bull the bull somehow got to Yantis.
- k. While treating Yantis he asked Lakey if Yantis was deceased; Lakey told him yes.
- I. He remembered seeing someone throw a rifle from the center of the road to the east side of the road. He could not tell who threw it but he remembered it looked like it was broken. He also remembered seeing a part of a broken stock lying next to Yantis' body.
- m. He remembered at one point, Crissy Gipe told him they were looking for a piece of Yantis' finger. He assumed a bullet must have split the stock of Yantis' rifle and taken off a part of Yantis' finger.
- n. He remembered the first shots might have been three or four.
- o. It took him several minutes before he realized what had happened and could not believe or understand how or why it happened.
- At approximately 2:44 PM the interview was ended.

#### Narrative

On November 11th, 2015 at approximately 11:03 a.m., Idaho State Police Detective Jason Horst and I conducted an interview with Joe Rumsey at the St. Alphonsus Medical Center. Present during the interview was Paul Winward, an attorney representing the Yantis family. The interview was recorded. (Tag#150003022 Item 1) During the interview, Joe Rumsey provided the following details:

- 1. He is a large animal veterinarian specifically an Equine Veterinarian.
- 2. He works in Nampa at "Rumsey Equine Hospital".
- 3. He was at the Yantis residence when they were notified of the injured bull. He was having dinner with Mr. and Mrs. Yantis and Rowdy.
- 4. He knows the Yantis family through their son-in-law, Mike. He has been acquainted with the Yantis family for approximately ten to twelve years.
- 5. His purpose for being at the Yantis home on the evening of November 1st, was elk season. He had been elk hunting that day.
- 6. The call came in from the Sheriff's Department, Donna answered the phone handed it to Jack and Jack talked to the Sheriff. Joe was watching television when the call came in. He could not remember who answered the

## INTERVIEW RUMSEY 2 Idaho State Police

#### **Narrative**

phone. Jack told Donna and she said "damn it". Jack said "okay lets go".

- 7. He was the first one out the door headed down towards the bull.
- 8. He got to the bull, looked at it and could tell it had a broken right hind leg.
- 9. He headed back to the house, told Jack that the bull would need to be put down. Jack indicated that they could not "salvage the bull" because the insurance would not pay for it. He understood what Jack meant by the issue of salvaging the bull. So he told Jack he would go down to the accident and find out if the driver had insurance because if the driver was not insured, Jack would need to salvage the bull in order to get paid.
- 10. So he headed down to the accident scene. Jack and Donna went to get the gun. He did not hear any of their conversation but he did hear Rowdy fire up the cat.
- 11. He had assumed that the drivers were not hurt as bad as they were but when he saw the accident scene he decided to let the issue of insurance go for the time being. When he saw how bad the passengers of the car were, he decided they just needed medical attention so he forgot about the insurance issue.
- 12. He turned to walk back up to the bull and that was when the shooting started. This was when the bull was shot. He has been called to a lot of scenes and been with a lot of deputies that either wait for him to get to the scene or shoot an animal or they have already shot the animal. He had never seen one where the officer did not shoot the animal right between the eyes. When he heard all the shooting, rapid fire from two different calibers, He thought, "what are they doing shooting the bull". He believed it should have been one shot.
- 13. He then heard another barrage of gun fire, just when he came around the corner that was when he saw Jack hit the pavement. That was all he saw. What started the shooting or who shot first, he did not know.
- 14. It took him a second to process what he was seeing.
- 15. He ran to Jack. There was a lot of confusion and a lot of noise. The cat was rattaling, the truck was running causing a lot of noise. He did not hear any conversation between Jack and the officers.
- 16. When he got his whits about him, he ran to Jack with a paramedic. Jack was on his left side. They rolled Jack to his back. Jack was unconscious struggling to breath. Jack coughed up about a coffee cup amount of blood.
- 17. He told the Sheriff "you guys are going to prison for this. You are in a lot of trouble". As he walked back from Jack's body, he bent over and picked up two shell casings. The shell casings were .223. He picked them up from the roadway on the South side of the scene.

(Interrupted so that Rumsey could identify the location were the shell casings were picked up on a drawing of the scene)

- 18. He identified that the ambulance he was behind at the scene, when the shooting took place, was not drawn in on the drawing he was looking at. He was informed that the ambulance parked at the scene had been moved before the scene had been measured.
- 19. He identified the brass having been picked up from in front of the cat bucket. He advised that he dropped the shell casings a few feet away.
- 20. There was a lot of confusion but he did not believe he moved the two casings more than just two feet from where he picked them up.
- 21. Following the brass incident, he confronted one of the officers asking the officer why he did that. (shot Jack Yantis) The officer responded "he shot me". He (Rumsey) responded "What? Where?". The officer said the bullet grazed him on the right side. He looked at the officers right side and said "Where, there is no blood, no torn threads, no powder burns, how can you say he shot you"? It was at this point the officer placed the cuffs on Rumsey and the conversation ended.
- 22. When the officer arrested him, he did not throw him to the ground or use any excessive force, the officer did what he thought the officer would do. The officer pushed him up against a pickup.

## INTERVIEW RUMSEY 2 Idaho State Police

#### **Narrative**

- 23. He remained by the pickup. He sat in the rear seat of the officers pickup with his feet hanging out the door. There was still a lot of back ground noise but he could hear most of what was going on.
- 24. The officers involved in the shooting and arresting him and Rowdy were there for a few minutes longer then they disappeared. There was no one there for a while and then the Sheriff arrived.
- 25. When he saw the Sheriff, he asked him to get the cuffs off of him and Rowdy. Donna was having a heart attack. The Sheriff said he needed to check things out. He went and talked with the officers who were still somewhere on the scene. The Sheriff came back and took the cuffs off of him and Rowdy. The Sheriff told he and Rowdy to stay there because the police were going to need their statements.
- 26. After asking the officer about where he was shot, and getting handcuffed, he did not have any additional interaction with that officer.
- 27. He did not notice much verbal exchange between the two officers but noted they appeared to him to have a "proud almost smug look on their faces".
- 28. Rowdy continued to spout off to the officers, Rowdy was very emotional but he did not disrupt the crime scene.
- 29. They uncuffed him and Rowdy, the paramedics hooked Donna up to an ECG machine and determined she was having serious problems so they transported her. About that time, a barrage of Adams County Deputies came to the scene and it was chaos after that until the State Police arrived.
- 30. He was still concerned about how the bull was killed as the bull died a slow agonizing death and it should not have happened.
- 31. He did not have any additional discussion about killing the bull nor did he direct anyone to shoot it. He did not want the officers to touch another gun. He did not think anyone felt comfortable about even picking up a gun and taking care of the bull under those circumstances. He advised that the last guy that had a gun in his hand was dead.
- 32. Sarah was very vocal when she arrived. He called Mike and Sarah, the son-in-law and daughter of Jack, and told them about Jack being shot. Sarah and Mike were just down the road and got there pretty quick. When Sarah arrived, she was asking about the bull "what are you going to do about the bull?".
- 33. He was sitting in the deputy's pickup with handcuffs on and he was not going to add to the confusion by yelling about the bull.
- 34. He thought they would walk up and shoot the bull in the head but they never did.
- 35. He thought Rowdy was shouting about the bull as well.

At approximately 11:31 a.m., Detective Horst and I concluded the interview.

#### Narrative

- 1. On November 30, 2015, I entered a disc (Tag #150003021 Item #1) containing Adams County dispatch audio recordings and recorded phone calls recorded November 1, 2015.
- 2. I scanned and entered the following E-Files:
- a. Adams County Incident Summary for incident #01-2015-01757
- b. Event Detail for event #8320
- c. Activity Log for Officer 2302 (Deputy Roland)
- d. Activity Log for Officer 2307 (Deputy Wood)

On November 19, 2015 Idaho State Police Detectives constructed a recreation of the shooting scene involving Jack Yantis and Adams County Deputies Cody Roland and Brian Wood. Roland and Wood agreed along with their attorney Kevin Dinius to conduct a walkthrough of their actions the night of November 1, 2015. The scene was reconstructed on the POST driving track located at 700 S Stratford Dr, Meridian ID.

#### **Narrative**

- 1. On November 19, 2015 Idaho State Police Detectives constructed a re-creation of the shooting scene involving Jack Yantis and Adams County Deputies Cody Roland and Brian Wood. Detectives used measurements from a scaled drawing of the original crime scene using a substitute location and vehicles.
- 2. Both Roland and Wood agreed along with their attorney Kevin Dinius to conduct a walkthrough of their actions the night of November 1, 2015 when they were involved in an officer involved shooting resulting in the death of Jack Yantis.
- 3. Both Roland and Wood were recorded separately explaining their personal recollection of events and actions which occurred during the shooting.
- 4. The scene was constructed by Idaho State Police Sergeant Christensen and Idaho State Police Detectives DeBie, Kessinger, and White. The scene was reconstructed on the POST driving track located at 700 S Stratford Dr, Meridian ID.
- 5. The walkthroughs were recorded by Detective Kessinger. See Detective Kessinger's report (M15000140 Sup 44) for information on the audio and video recordings of the walkthroughs.

### ROLAND DOCUMENTS Idaho State Police

M15000140

Supplement No 0046

#### **Narrative**

- 2. Dinius provided Sergeant Boone with two sets of documents pertaining to his client Cody Roland's statement.
- 3. The first document (Tag #150003041 Item #1) contained clarification to Roland's statement (M15000140 Sup 29) given to Idaho State Police Detective Jason Horst and Sergeant Boone on November 3, 2015. Clarifications of Roland's statement were made in M15000140 Sup 29 lines I. nn. pp. ccc. fff. hhh. nnn. rrr. sss. vvv. nnnn. oooo. ooooo. ppppp. ttttt. vvvvv. yyyyy. ddddddd.
- 4. The second document (Tag #150003041 Item #2) was a statement authored by Roland.
- 5. Both items were entered into evidence.

		Printed At	Report Officer

)	Page 2 c	12/09/2015 08:21	3468/HORST, JASON M

- 1. I was never terminated or forced to resign and was in good standing.
  - nn. The animal was approximately 25-30' up a dirt/gravel roadway. Due to my experience with cattle, I recognized it as a black bull.
  - pp. The bull was approximately 25-30' up a dirt/gravel road and approximately 30' from the road edge.
  - Ccc. Having trouble remembering every detail.
  - Fff. The female was standing at the 4-wheeler on the east side of it as if she had just stepped off.
  - Hhh. Mr. Yantis' remark "get that piece of shit away from my animal" was not unlawful and there was nothing to act on.
  - Nnn. Deputy Wood was near Yantis.
  - Rrr. Yantis lifted his head and looked at me and appeared agitated. I was at an approximate 45 degree angle to the south west of Yantis.
  - Sss. I did not observed Deputy Wood touch Yantis' rifle, I observed the rifle barrel move toward the east. Deputy Wood had his rifle slung on his right side and kept his left side to Yantis.
  - Vvv. Yantis used his right hand to push Deputy Wood. When this occurred Yantis also moved north and west creating distance. I observed the rifle pointing in the direction of Deputy Wood as I moved toward Yantis. Yantis turned toward me with the rifle pointing at me. I stopped and started backing up as I drew my sidearm. Yantis was still moving sideways toward the west. Yantis fired his rifle. This caused me to turn to my right. I returned fire as I side stepped to the south.
  - Nnnn. Royce Bauer handcuffed Paradis.
  - Oooo. I placed a handcuff on her left wrist, Mrs. Yantis said she could not put her right hand behind her back due to a shoulder issue. I checked her for any other weapons, then removed the handcuff and helped her to the 4-wheeler. I checked the 4-wheeler for weapons and let her sit on the 4-wheeler.
  - Ooooo. When Yantis was near the head of the bull, I am unsure where Deputy Wood was at this point.
  - Ppppp. When Deputy Wood attempted to stop Yantis from firing toward the emt/firefighters, I moved toward Yantis to assist Deputy Wood.
  - Ttttt. When Yantis moved toward the bull, I am unsure of Deputy Wood's movements at this point.
  - Vvvvv. I do not know how close the bullet came to hitting me, however I did feel the muzzle blast.

Yyyyy. Deputy Wood and Yantis were near the bull's head when Deputy Wood attempted to stop Yantis from firing his rifle into a crowd of emt's/firefighters.

Ddddddd. Yantis was moving toward the west when he fired his rifle at me and when I returned fire. I did not observe Yantis fall.

On 11/01/2015 at approximately 1845hrs, I Deputy Cody Roland with Adam's County Sheriffs Office was dispatched to a vehicle versus animal accident with reported injuries. At the time of dispatch I was on Council-Cuprum Road removing cattle from the roadway. I responded to the crash and located it near milepost 142 on US95. There was a substantial amount of traffic backed up and I was unable to drive all the way to the scene. I parked my patrol vehicle approximately 4-6 vehicles south of the vehicle that was involved in the crash. I walked to the involved vehicle and observed it facing south in the northbound lane. There were numerous first responders working on removing a female passenger. At this point there was not anything I could do to help the injured party. I returned to my vehicle to get a camera to begin photographing the scene. I returned to the crash and provided dispatch with the plate number. During this time I met with Deputy Wood and asked him if he knew where the animal was located. Deputy Wood had not observed it. Myself and Deputy Wood walked north on the highway and observed a black bull up a dirt/gravel roadway. The bull was approximately 25-30' up the roadway and approximately 30' east of the US95 roadway. The bull was facing northwest and I could see what appeared to be a wound near it's left flank. The bull was standing but not moving. I returned to the crash scene and spoke with Deputy Royce Bauer who was working in the capacity of a volunteer firefighter this night. Royce told me the name of the animal's owner and it was a "4Y" brand. Royce told me the owner's name several times but I could not understand due to all the noise at the scene. I informed dispatch it was a "4Y" brand.

I returned to Deputy Wood's location and observed the bull had moved back down to the highway but was in a fenced corner. The bull was facing northeast. Deputy Wood's patrol vehicle was facing south near the east edge of the road helping to keep the bull contained. There was also an older ambulance facing northeast toward the bull and south of Deputy Wood's vehicle. The ambulance was also helping to contain the bull. I stood with Deputy Wood near the driver's door of his patrol vehicle. I told Deputy Wood I would not be able to put the bull down with my sidearm. After several minutes, the bull turned around and faced us. The bull then took several aggressive steps toward us with his head down and tail up. I yelled at the bull and waived my arm. The bull stopped. This sequence occurred numerous times until the bull was close enough to us we changed positions. I walked around and stood on the passenger side rear fender of Deputy Wood's patrol vehicle. I could not see Deputy Wood but knew him to be near the front of his vehicle and I was able to maintain a conversation. During this time I had advised dispatch the bull was agitated. The bull had charged up to the driver side doors of the patrol vehicle, then moved to the driver side rear fender and looked over the bed at me. I drew my sidearm and aimed at the bulls head unsure of what the bull was going to do. After approximately I minute, I holstered my sidearm. The bull then continued to move north as if he was going to come around to the passenger side of the patrol vehicle. Deputy Wood then crossed the highway and moved north to protect an EMT/firefighter that was flagging traffic. The bull turned west and went behind the patrol vehicle. I changed positions and moved west and south and stood near the center of the southbound lane of traffic. The bull continued west toward Deputy Wood and the EMT/firefighter. The bull appeared to charge Deputy Wood as it crossed the center line. Deputy Wood fired approximately 6 rounds from his patrol rifle. The bull then crossed back over to the east side of the highway and layed down facing north. The bull layed down beside a Dodge pickup. The bull was laying with his legs somewhat underneath his body and his head was in the air.

Moments after Deputy Wood fired his patrol rifle, I observed a 4-wheeler pull up behind the bull facing north. I was parallel to the front of the 4-wheeler and observed a male getting off the 4-wheeler and a female standing on the east side of it as if she had just stepped off. As the male was getting off, he told

Deputy Wood "get that piece of shit away from my animal" in an aggressive tone. It appeared that the male person was the owner of the animal, and upset that Deputy Wood had shot it. I observed the male retrieve a rifle from the direction of the 4-wheeler. I did not see if the female handed it to him, or if it had been on the 4-wheeler. The male later identified as Jack Yantis, stood in front of the 4-wheeler with his back to me. The rifle barrel was pointed in the air and toward the northwest. I could tell Yantis was loading the rifle. Yantis then walked up to the bull's head, it appeared he was going to shoot toward the east even though there was a pickup on the east side of the bull's head. I am unsure of Deputy Wood's location other than he was north of me and close to Yantis. Yantis then walked around to the front of the bull and aimed his rifle to shoot the bull in the front of the head. The bull's head was approximately 3' above the ground and Yantis was aiming at the female (later identified as Donna Yantis) and the EMT/firefighters. I immediately began moving north to get behind the muzzle blast and yelled something at Yantis to get him to stop. Yantis looked away from his rifle and stared at me as if he was agitated. I was at an approximate 45 degree angle. Yantis then began to take aim again and Deputy Wood stepped in to attempt to stop him. Deputy Wood told Yantis something to get him to stop. I observed Deputy Wood had his back to me and his left side toward Yantis. Deputy Wood had his rifle slung on his right side. Deputy Wood used his left hand and reached toward Yantis' rifle. I did not observe Deputy Wood touch the rifle but I did see the rifle barrel move toward the east. I then observed Yantis put his hand on Deputy Wood's left shoulder and push him toward the south. When the push occurred, Deputy Wood moved toward the south on his right foot only and Yantis moved back and to the west. At this point I was moving toward Yantis. Yantis brought the gun into a position that was pointed at Deputy Wood and other persons to the south. I remember yelling but not what words I used. Yantis then began turning toward me. I began drawing my sidearm. Yantis then fired at me and turned me to my right. I had stopped moving toward him before he fired. I felt a light gust of wind down my right leg, a heavier gust of wind on my right side between my armpit and side protection of my protective vest, and an extremely sharp pain in my ribs on my right side. I know he fired his weapon at me due to the muzzle blast across my right side and observing the blast from the muzzle. I immediately returned fire while moving sideways toward the south. My right arm was across my chest pointing north. I fired approximately 4 rounds from my Glock model 30 chambered in .45acp. I was using department issued Winchester Ranger 230 grain ammunition. I stopped firing due to my positioning as I felt I was becoming off balance and I observed Yantis tipping backward and the rifle did not appear to be pointed directly at me. I continued moving toward the south to get behind Donna Yantis. I observed Donna yelling at me, I immediately began instructing her to get on the ground. I was fearful that other weapons had been brought to the scene. I observed Deputy Wood with what appeared to be Yantis' rifle. Deputy Wood took approximately 1 step away from where Yantis was laying and threw the rifle across to the east side of the highway. I did not observe Deputy Wood remove the rifle from Yantis. Another male person (later identified as Rowdy Paradis) came from behind me and positioned himself between me and Deputy Wood. Rowdy was also yelling. I began instructing Rowdy to get on the ground. I could not hear what Rowdy or Donna were yelling due to the ringing in my ears. I continued to yell at Donna and Rowdy to get on the ground. Deputy Wood was attending to Yantis. Due to the severe pain in my side, I believed I had been wounded and was trying to make the scene safe for Deputy Wood. Eventually Donna and Rowdy both layed down. I attempted to self assess myself. Deputy Wood ran to me and began running his hands under my shirt and body armor checking for wounds. Deputy Wood then returned to Yantis and I walked to Donna. I instructed Donna to place her left hand behind her back. I then placed a handcuff on her left wrist and instructed her to bring her other hand behind her back. Donna said she could not do that due to a shoulder injury/problem. I instructed her not to move and I was going to check her for weapons. I checked her coat pockets and waist line. I did not locate any weapons. During the search, Royce had come behind me and took 1 pair of my handcuffs to handcuff Rowdy. I immediately removed the handcuff from her left wrist and helped her to stand. I then walked her approximately 2-3 steps to the 4-wheeler. I checked the 4wheeler for weapons then advised her she could sit on the 4-wheeler. I walked over to Rowdy and helped him stand up. A moment later another male walked into the scene and began talking to Rowdy. The male was immediately told to leave the scene, he complied. Rowdy then asked if I could loosen the handcuffs. I walked him over to the 4-wheeler and loosened the handcuffs. I advised him I could not take them off due to his demeanor at this time. Rowdy asked if I could use 2 pairs of handcuffs and remove his gloves. I added a second set of handcuffs and removed his gloves.

While paramedics and Deputy Wood were attending to Yantis, the male that had previously been instructed to leave the scene returned. I again instructed the male to leave, he became agitated but turned around and began to leave. The male then leaned over and began picking up shell casings. I then told him he was under arrest for tampering with evidence. The male lightly tossed the casings back onto the pavement after taking approximately 1-2 steps to the southeast. I walked the male over to the rear passenger side fender of Deputy Wood's patrol vehicle and instructed him to put his hands behind his back. The male actively resisted and tried to fight. I pinned him against the vehicle and began yelling for help and another set of handcuffs. Deputy Wood ran to me and assisted with putting the male in handcuffs. The male was placed into Deputy Wood's patrol vehicle but was allowed to keep his feet out and the door open. I stood with the male while waiting for other deputies or state police. The male wanted to be set free and was apologizing. I instructed the male it would be up to the Idaho State Police if he goes to jail or not. A short time later Deputy Merritt relieved me and I was taken to a nearby ambulance.

While I was in the ambulance I was checked by EMT personnel. They untucked my clothing and checked for wounds. I also wrote down some general notes about the incident. Deputy Wood was also in the ambulance and asked personnel to stay with us to insure we were not talking about the details. A short time later Chief Deputy Jeff Brown arrived and escorted me to ISP Trooper Mark Wright's patrol vehicle. I sat in the vehicle until an ISP Sergeant transported me to the Adams County Sheriff's Office. While in the ambulance, driving to the Sheriff's Office, and while at the Sheriff's Office I made numerous requests for someone to take my clothes for GSR evidence. My clothes were finally taken after 4-5 hours. I provided a urine sample and a blood sample. I was released to return home at approximately 0200hrs.

Deputy Cody Roland

#2302

# WOOD DOCUMENTS Idaho State Police

M15000140 Supplem 0047

Supplement No 0047

#### **Narrative**

- 2. Dinius provided Sergeant Boone with two sets of documents pertaining to his client Brian Wood's statement.
- 3. The first document (Tag #150003042 Item #1) was an amended version of Wood's statement (M15000140 Sup 37) given to Idaho State Police Detective Jason Horst and Sergeant Boone on November 4, 2015.
- 4. The second document (Tag #150003042 Item #2) was a statement authored by Wood.
- 5. Both items were entered into evidence.

Report Officer	Printed At	
3468/HORST, JASON M	12/09/2015 08:21	Page 2 of 2

- 1. On November 4, 2015 at approximately 2:57 pm, Idaho State Police Sergeant Boone and I conducted an interview of Brian Wood at 5680 E Franklin Rd, Ste 130, Nampa, Canyon County, Idaho. The interview was in reference to the critical incident involving Jack Yantis which occurred November 1, 2015. The location of the incident was 2562 HWY 95, Council, ID 83612.
- 2. We explained to Wood this was a criminal investigation and he was not required to make a statement to us. Wood's attorney Kevin Dinius was present and Wood agreed to make a statement. Wood told us the following:
  - He is a deputy with the Adams County Sheriff's Office and his badge number was 2307.
  - b. He began working for Adams County approximately 26 months ago (September 2013).
- c. Prior to working for the Adams County Sheriff he worked for the McCall Police Department. He started with McCall PD in the beginning of 2010 through most of 2011.
- d. He had a gap in his law enforcement when he finished with McCall PD in 2011 and when he began with Adams County in 2013. During this time he did odd jobs and worked for the McCall airport.
  - He attended the Idaho POST academy and currently holds a POST Basic certificate.
  - f. He is on night shift and works from 2 pm to 2 am on weekdays and 3 pm to 3 am on weekends.
- g. The night of the incident with Yantis, he thought he checked into service at approximately 2 pm and it was his normal shift.
  - h. His radio designator is 2307.
  - i. He slept the morning of November 1, 2015 from 3 am to 9 am.
- j. The last time he ate was right before his shift started. He had chicken enchiladas and other food at a church potluck before he started his shift.
  - k. He had not taken any medication or consumed any alcohol prior to the incident.
- I. Prior to the crash which started the incident, it was a slow day and he didn't even remember making traffic stops. He did respond to a fire on Meadows Drive south of New Meadows but it was the only thing he remembered.
- m. He didn't believe he had any audio or video recording of the incident. He explained he was wearing a chest camera but doesn't normally record incidents like traffic crashes. He did turn it onto the first setting which keeps it running all day. If he needed to record something, he could push a button which would go back and capture the previous thirty seconds. He had it in the standby mode and thought he turned it on after the bull incident. He later checked the status check button which indicated he had not been recording. It was the only recording device he had.
- n. The weapon he used is a registered short barreled rifle. The lower receiver is a Lewis Machine and Tool (LMT). The barrel is a ten and a half inch long barrel made by Noveske. The rifle was built by ADCO Firearms. He has an EOTECH holographic red dot sight and adjustable magnification sight, a surefire flashlight, sling, and flip up iron sights.
  - o. The ammo used was department issued Speer Gold Dot 64 grain, .223 caliber.
- p. He believed he had a minimum of 28 to 30 rounds loaded in his rifle. He said he starts with a 30 round magazine. If he chambers a round he will discard that round after he clears it because the round is made less reliable by the free floating firing pin in his rifle. He does not rely on those rounds if he

needs to defend himself and doesn't always remember to top the magazine off when he discards those rounds.

- q. He did not remember the date of the last time he qualified with his rifle.
- r. He had a Glock 17 handgun on his duty belt. Both weapons were personally owned by him. The Sheriff's Department issues rifles but gives the officers the option to carry their own personal weapons.
  - s. He did not have any less lethal options available at the time of the incident.
- t. He was wearing black 5-11 style pants and grey boots. A black nylon duty belt with nylon handcuff cases, black plastic handgun holster, and a black plastic light holder. A tan uniform shirt with Adams County patches on both shoulders and a silver star with circle metal badge on his chest.
- u. The date of the incident, he was near New Meadows, Idaho getting ready to take a lunch break and watch the World Series game with a couple friends. He heard EMS dispatch medics to a crash on Fort Hall Hill Road.
- v. He knew Deputy Cody Roland was working in the area. He heard dispatch call for extrication and checked with dispatch to see if Roland needed additional help. Dispatch advised him there was lane blockage so he responded with lights and sirens.
  - w. He believed he may have arrived on scene slightly before Roland.
- x. He parked his vehicle on the left side (on the east shoulder) of the northbound lane facing south in near a driveway entrance.
- y. There we multiple ambulances and first responders on scene. He went down to the crash site and the drivers seat was already empty. The first responders were cutting apart the car to get the passenger out. The roof was pressed against the female passenger's head and she looked like she was in bad shape with blood all over her face and hands.
- z. He assisted by trying to hold the up the roof and windshield so it did not come down on the female passenger as they cut the roof away.
  - aa. Someone relieved him from assisting at the crash which was when he met up with Roland.
- bb. He and Roland went to look for the cow which was involved in the crash. They located it in the

same driveway where he parked his patrol vehicle which he now believes was Yantis' driveway.

- cc. The bull was close to the road when they found it. It had steady streams of blood and mucus running from its nose. He could also see cuts on its side and it appeared to have a broken hind leg.
  - dd. He and Roland commented to each other the bull looked pissed.
  - ee. He thought Roland asked dispatch to contact the owner.
- ff. The reason they contact the owner is because they do not want to make the decision for the rancher as to whether the animal can be rescued or not. They do not have the experience to make that determination and it's a financial liability issue as well. He said it was the standard so it is what they did.
- gg. At some point the bull went to a spot in the bushes where it was in a corner where two fences met so they wanted to leave it there where it wasn't bothering anyone.
- hh. There was a first responder directing traffic directly west across the highway from the bull's location. He was concerned for the flagger's safety and told the flagger to let him know if the bull came back to the road.

- ii. He went back to the crash to check if there was anything he could do help at the crash. He was not needed at the crash scene so he and Roland went back up to check on the buil.
- jj. The bull had moved over by his patrol vehicle. Roland positioned himself on the opposite side of the patrol vehicle and he was in front of the vehicle by the hood. The bull was looking back and forth at both.
- kk. The bull would take a few steps toward Roland and Roland would yell at it. The bull would stop sometimes and sometimes it would keep going. At one point when the bull walked toward him he turned his weapon mounted light on towards the bull. The bull did not stop and zeroed in on his light.
- II. He did not want to shoot. At one point he and Roland had a discussion about how sometimes a bull worth X amount of dollars for meat turns into a \$50,000 prize bull after you shoot it. They did not want to make that call.
  - mm. Wood backed up into the road to stay away from the bull.
- nn. Roland told dispatch a second time the cow was getting really aggressive because it was doing some little motions towards them.
- oo. He backed up across the road until he could feel his heels off the shoulder of the road. The bull went past the front of his car, started coming across the road and started picking up speed.
- pp. It was hard to describe because the back leg was injured. It wasn't like a super fast charge but it was getting a gallop like motion, going straight at him.
- qq. He brought the rifle up and fired three times at its head, the bull started to turn and he kept firing several more times into its body. The bull stumbled forward and collapsed against a Dodge pickup parked behind his patrol vehicle.
  - гг. His desire with any suffering animal is to put it out of its misery.
- ss. The bull was already injured from the crash and he just fired rounds into it so he intended to put the animal down.
- tt. He walked up to the bull. Its head was facing north and behind its head was the wheel well of the dodge truck. He was not going to shoot and risk damaging the truck. He could not shoot it from the north because all the first responders were directly to the south.
  - uu. While he was trying to figure out a safe way to shoot the bull, the rancher, Jack Yantis, arrived.
- vv. He was standing approximately ten feet away from the bull. Yantis walked in between him and the bull while Yantis was loading a rifle.
- ww. He saw Yantis pushing shells into the top of the action and thought it was a bolt action rifle with a scope, wooden stock, and blued barrel.
  - xx. He thought the rancher could take care of the bull so he was relieved.
- yy. He stood back and Yantis walked around the front of the bull and was facing south. Yantis leaned forward, down low, and brought the rifle up.
- zz. He remembered as Yantis walked past him Yantis said, "put that piece of shit away" as Yantis loaded the rifle he was holding. He assumed he was talking about his (Wood's) rifle. He assumed Yantis was pissed because he shot the bull and didn't put it down.

aaa. Yantis leaned down like he was going to shoot the bull between the eyes. Yantis was pointing in the direction of all the first responders.

bbb. He told Yantis, "Whoa whoa, stop, hang on". He stepped forward toward Yantis. He had his rifle slung with his hand on the grip. He reached forward with his left hand not expecting he would have to grab Yantis rifle. He thought Yantis would stop.

- ccc. He did not make physical contact with Yantis when Yantis was aiming the rifle at the bull.
- ddd. Yantis stepped back and swung the rifle across his belly and down at the first responders.
- eee. Yantis had a really weird stance and he initially thought Yantis was having an incredible safety problem. He did not think Yantis was going to shoot him but it was really weird and he did not know.
- fff. He yelled at Yantis "point that rifle down." Yantis did not. He yelled again at Yantis a second time, "point that rifle down." Yantis did not.
- ggg. He put both hands on his rifle. Roland stepped up to his left side which drew the attention of Yantis towards Roland.
- hhh. He doesn't remember what Roland said but he remembered Roland issuing some kind of command.
- iii. Yantis took his rifle and shoved it forward in the direction of Roland directly towards Roland's chest.
- jjj. He started bringing his rifle up and before he got his rifle anywhere near Yantis' chest, he heard a gunshot.
- kkk. His belief at the time was it was Yantis' rifle that went off because of the motion he saw Yantis make.
  - III. He began firing into Yantis as fast as he could.
  - mmm. He then heard more shots which he believed were from Roland.
- nnn. He believed Yantis turned to his left past him with his rifte pointing up and to Yantis' left side.
- ooo. He was expecting, with both he and Roland firing, Yantis would either fall down or drop the rifle. He was expecting and hoping Yantis would fall or drop the rifle but Yantis didn't.
- ppp. With Yantis still holding the rifle pointed in their direction, and the shot that had just been fired, he kept shooting expecting either the rifle or Yantis to fall.
  - qqq. Yantis ended up falling and holding the rifle the whole time as he fell.
  - rrr. He believed he remembered Roland radioing dispatch, "shots fired".
- sss. He also radioed dispatch "shots fired" and requested medics. He thought he asked several times and thought it was strange there were so many medics close but no one came. He thought the medics might have thought they were just putting the bull down and didn't realize what had happened.
- ttt. The first medic who came up was a male and he had to tell the medic two times Yantis had multiple gunshot wounds and the medic initially just looked at him, apparently not understanding.
  - uuu. A second medic, Crissy Gripe, arrived and helped work on Yantis.
- vvv. Right after he radioed dispatch, he went up to Yantis. He put a hand on his shoulder and rolled him over a little and checked for a pulse. He yelled, "Can you hear me, can you hear me". He heard

Yantis make some kind of sound, possibly a groan, so he stopped tooking for a pulse. He thought if Yantis was making a sound he assumed Yantis had a pulse.

www. As the medics came up, the male medic pointed out to him that Roland was struggling with someone over by his car.

xxx. There were family members or friends of Yantis present. By the time he got down to his car there was one of those persons in handcuffs sitting somewhere near the four-wheeler.

yyy. Roland was holding a man against his patrol vehicle and asked him for handcuffs. He got his handcuffs out and assisted Roland handcuffing the man Roland was holding. They had the man sit in his patrol vehicle. The man was claustrophobic so they left the door open. Roland told him the man was told to leave the scene several times. Roland also witnessed the man picking up spent shell casings off the ground, which was a concern for preservation of the scene.

zzz. Sometime later, a female approached them. He thought someone had said it was Yantis' daughter. She attempted to go to Yantis. He held her back because he did not want her to see her father (badly injured), and because it was a scene which needed to be investigated.

aaaa. The female explained to him she was the highest level medical person on the scene. The others were just EMTs and she was something higher. He left the decision up to Gripe because he did not want to take the chance if there was a possibility of saving Yantis.

bbbb. Gripe allowed the female to enter the scene and tried explaining to her there wasn't any reason to try to work on Yantis based on the wounds. The female was frantic and was asking if they had various medical equipment available at the scene, none of which was available.

cccc. He was able to identify the female's husband who helped remove her from the scene.

dddd. Meadows Valley ambulance soon arrived with medical personnel he was familiar with who escorted him to an ambulance.

eeee. At some point, he radioed dispatch requesting supervisors and a coroner.

ffff. Once he was in the ambulance, he handed his rifle to a man he was familiar with whose name was Doug.

3. He illustrated for us on a map where the three of them were standing and which way everyone was facing.

gggg. He did not know for sure if Yantis fired first but believed that he did because the timing of the first shot fit with Yantis' actions.

hhhh. He wanted us to figure out and know exactly what happened. He wanted to be as helpful as he could; his concern was he could be wrong about distances.

iiii. The reason he engaged Yantis with lethal force was because he was in fear for Roland. He thought Roland was about to be or had been shot so he returned fire to stop the threat. He kept shooting until he thought the threat was stopped.

jjjj. He knew Yantis was pissed by the sound of his voice and what he said "put that piece of shit away." So he thought Yantis was angry either at the situation or by what he did (shooting at the bull).

kkkk. He did not know if it made Yantis angrier when he told Yantis not to shoot; but Yantis was clearly agitated. He couldn't tell if it was just a horrible safety problem when Yantis pointed his rifle at him, or if it was worse (Yantis' intent to point the rifle at people). He couldn't believe it could be worse

than a safety problem because they were only there for an accident and a cow. It didn't make sense to him it would rise to the level of anger.

IIII. He was concerned for his own safety when Yantis swept the rifle across his belly and all the other people to the south. At that point he didn't think it was a violence thing. He felt like he should have recognized it (Yantis' agression) sooner.

mmmm. When Yantis was facing in Roland's direction, he could tell Yantis was angry. He knew Yantis was angry when he walked by him and said "put that piece of shit away." When Yantis shoved the rifle forward pointing directly at Roland was when everything clicked and he thought "oh my gosh, Cody's about to get shot." He then heard a shot.

nnnn. His concern was, as he was bringing up his rifle, he heard a shot and thought he was too late. He thought Roland had been hit and he wasn't going to take the time to look over and see if he had been hit. He thought Roland was either being shot or had been shot.

oooo. As soon as he heard the one shot, he thought his first shot was next. He didn't know for sure if the first shot came from Yantis or Roland. He hadn't talked to Roland about it.

pppp. The best of his recollection was Yantis fired the shot right at Roland.

qqqq. He thought one of the bullets hit Yantis' gun because the stock shattered.

rrrr. The reason he threw the rifle away from Yantis was because he was not going to let paramedics work on a person clutching a rifle.

ssss. He was on the west side of Yantis and got down on both knees. He reached over Yantis and grabbed the Yantis' rifle. He threw Yantis' rifle towards the dodge pickup. Yantis' rifle ended up lying by the back tire of the pickup.

tttt. After he and Roland fired he assumed Yantis was very badly injured and wasn't afraid of Yantis' being an aggressor. He believed he went up to Yantis' and grabbed the rifle right away.

uuuu. Yantis never fired the gun at the bull. The only time Yantis could have fired was when the gun (Yantis' gun) was pointing at Roland.

vvvv. He did not know Yantis. He did not realize it that night, but he had dealt with Yantis one time before a few miles away from Yantis residence on the same highway. There was a cow hit by a vehicle and if he recalled correctly the cow was already dead in the incident. He called dispatch to notify the rancher. When Yantis arrived at he was unpleasant with the driver of the vehicle who hit the cow but he would not call it a confrontation. Yantis was agitated with the driver but he did not recall if Yantis was agitated towards him.

wwww. He did not know of any reputation Yantis may have had for being aggressive toward law enforcement.

xxxx. He estimated he fired nine or ten rounds but fully expected his estimate would be wrong.

yyyy. He could see fairly well and there were emergency lights on from his vehicle. The lighting varied throughout the course of the incident but there was a fair amount of light. He didn't need to activate his flashlight.

zzzz. He could not remember seeing the recoil of Yantis' rifle. He did not know if Roland's gun was out. He did not know who fired first; he believed it was Yantis.

aaaaa. He did not know if Roland had been hit. After Yantis went down and they finished getting the scene under control, Roland asked him "Am I hit?" He knows sometimes people can be hit in a

gunfight and do not know it until after the adrenaline wears off. He asked Roland where Roland thought he was hit. Roland told him on his side. He checked Roland for injuries. He did not take Roland's body armor off and did not see any blood or apparent injuries.

bbbbb. He did not need to use his sights because he was so close to Yantis.

ccccc. He didn't remember any precipitation; it was dark, except for the lights, and the wind was blowing roughly 3 to 5 miles an hour uphill (to the north). He remembers the breeze because some of the stuffing from Yantis' jacket was blowing in that direction.

ddddd. If Yantis had not pointed a rifle at Roland it would have prevented Yantis from being shot, eeeee. It occurred to him in the moment after he began to fire at Yantis, if Yantis had not fired at Roland there would still be a round in the chamber, and Yantis would still be a threat.

fffff. He gave two verbal commands, telling Yantis to point his rifle down prior to shooting. He remembered Roland giving Yantis verbal commands but did not remember what those commands were.

4. At approximately 4:13 pm the interview was ended.

#### Statement By Deputy Brian Wood 11-30-2015

On November 1st 2015, sometime after 6pm, I heard Council EMS dispatched to a vehicle vs. cow collision on Fort Hall Hill (near milepost 142 on Hwy 95). Dispatch advised that there was lane blockage, so I activated my emergency lights and siren and drove quickly to the scene. I parked on the north end of the crash site, on the east side of the highway, partially blocking a driveway. It was dark but the area was partially lit by the headlights and flashing emergency lights of various emergency vehicles.

I walked down to the wrecked vehicle and began helping the EMTs and fire fighters who were extricating the female passenger. Another fire fighter arrived and took my place. Deputy Roland was now on scene and we both walked north along the highway looking for the injured cow.

We located the animal (a large black bull) a short distance up the driveway that I had partially blocked with my patrol vehicle. There was blood and torn hide on its side, and it appeared to have a broken back leg. There was a constant stream of blood from its nose. The bull was aggressive and made several advances toward us and toward an EMT who was providing traffic control. Deputy Roland asked Dispatch to notify the bull's owner. The bull walked away and stopped against a fence so Deputy Roland and I went back to the crashed vehicle. As we left the EMT that was providing traffic control expressed concern for his safety because of the bull. I told him I'd come back and told him to yell for us if it got close again.

After a short time at the wrecked vehicle, Deputy Roland and I returned to check on the bull. It was now much closer and walking toward my patrol vehicle. Deputy Roland and I kept my vehicle between us and the bull. Deputy Roland told me that if the bull charged and needed to be shot, I would have to be the one to shoot it because Roland only had his handgun and I was carrying an AR-15. The bull made several short charges to get around the vehicle toward us but stopped if we yelled at it. It then advanced toward me out into the highway and this time it didn't stop when I yelled at it. I backed away from the bull until I was at the west edge of the highway. The bull began to charge at me. I yelled at it with no effect. When the bull reached the center line of the highway, I fired several rounds into the front of the bull with my AR-15 to stop its charge. The bull didn't stop moving but turned north (I was still firing as it began turning north). Deputy Roland was a short distance away from me and (as he and I had discussed) did not fire his pistol at the bull. The bull walked several steps to the north and collapsed against a white Dodge truck. The truck was just north of my vehicle parked on the shoulder of the northbound lane of the highway facing south. The bull was facing north with its head up beside the front passenger wheel of the truck.

The bull now definitely needed to be put down. This would normally be a simple task but there was a truck beside it and people both north and south of it on the highway. The EMT controlling traffic let the southbound vehicles through which opened up a more safe direction to shoot (the bull could now be shot in the back of the head, shooting north).

At this point in time, a man (later identified as Jack Yantis) walked by me. He was loading a rifle and said, "Put that piece of shit away" (presumably referring to my AR-15). His tone was gruff (he sounded angry). I assumed he was the bull's owner so I stepped back to let him put the animal down. I stood

next to Deputy Roland, behind the center line of the highway and slightly south of the bull.

Instead of firing to the north (at the back of the bull's head) Yantis stood in front of the bull, leaned down, put his finger on the trigger and pointed his rifle south, toward the front of the bull's head.

His rifle was pointed directly toward all the fire fighters, EMTs, bystanders and victims at the crash site.

Seeing the serious danger posed to all the people at the crash site I approached Yantis and told him to stop what he was doing. He looked over at me but didn't change where he was pointing the rifle. I was approaching Yantis from his right side and slightly in front of him. I extended my left hand toward his rifle's barrel to signal that it needed to move from where it was pointing (and if necessary, to push it away) so that it would no longer be pointed at all the people at the crash site.

I did not touch Yantis or his rifle. When I got very close (standing right next to Yantis), he yanked the rifle back and stepped back away from me (north, up the road). Yantis was now holding the rifle at waist level. As he stepped back he swung his rifle across my stomach. He began taking large steps sideways toward the center line of the highway. His rifle was still pointed toward all the fire fighters, EMTs, bystanders and victims at the crash site.

Yantis's complete disregard for human life in the careless and dangerous way he handled his loaded rifle was of great concern to me but I still thought I was dealing with a very serious gun safety problem and didn't expect Yantis to further escalate the situation to violence.

I ordered Yantis to point his rifle down. He did not.

I ordered Yantis a second time, to point his rifle down. He did not.

Yantis was still holding the rifle at waist level pointed toward the people at the crash site.

I heard Deputy Roland to my left giving a command and immediately Yantis turned from me to Deputy Roland (slightly to Yantis's right).

Yantis then shoved his rifle forward and upward directly toward Deputy Roland's chest.

Recognizing Yantis's obvious threat, or attempt, to murder Deputy Roland, I raised my rifle toward Yantis's chest. While I was raising my rifle, I heard a gunshot. I believe the gunshot was from Yantis's rifle. The next shot I heard was from my own rifle. I fired my rifle at Yantis's chest multiple times. I also heard Deputy Roland's handgun firing. Yantis turned from Deputy Roland, past me, sweeping his rifle across my neck. I kept firing as he turned and stopped as soon as he began to fall to the north. Yantis never dropped the rifle and he fell holding it against his chest.

I heard Deputy Roland call out shots fired over his radio and I immediately asked Dispatch to send medics to the north end of the crash site.

I checked Yantis for a pulse and to see if he was responsive. I received a very weak response from Yantis. I threw his rifle away from him so that EMTs could tend to him without any delay when they arrived.

An EMT walked up from the crash site. I told him Yantis had multiple gunshot wounds and then I went to help Deputy Roland handcuff a man next to my patrol vehicle. Roland told me the man had been ordered away from the scene twice and then was caught picking up spent casings from the scene. After he was handcuffed he appeared very agitated about being put in the back of my patrol vehicle and he said he was claustrophobic. We had him sit in the vehicle but left the door open to ease his fears. A woman (later identified as Donna Yantis) sitting on a four wheeler asked, "What happened? What happened? Did you shoot him?" I don't know where she was during the shooting, but I assumed she was not a witness because she was asking questions a witness would know.

Deputy Roland had sharp pain in his right side, very close to where I had seen Yantis pointing his rifle when I heard the first shot. I checked him for obvious injuries but didn't find any. I decided the pain was probably from the muzzle blast of Yantis's rifle rather than a bullet wound.

An EMT, Crissy Gipe, told me Yantis was deceased. I could see what appeared to be gunshot wounds in Yantis's chest, and Gipe told me that, due to the massive trauma, further medical efforts would be ineffective. I asked Dispatch to send supervisors to the scene and to notify the coroner. Deputy Roland and I protected the scene (keeping non-medical personnel out) for several minutes.

A woman approached me and identified herself as Yantis's daughter. She said she had more medical training than the EMTs on scene and she wanted to help Yantis. Knowing it was too late to help Yantis, and not wanting the woman to see her father dead, I held her back and called Gipe over to me. Gipe seemed to know the woman and I asked Gipe to make the decision. Gipe tried to explain that nothing could be done but the woman was adamant that she be allowed to try. Gipe led her over to Yantis. The woman asked for several items (I assumed the items were medical equipment) and Gipe explained that those items were not available. The woman was frustrated and becoming hysterical and panicked. I found her husband and asked him to remove her from the scene (expecting this would be less traumatizing than having an unfamiliar deputy pull her away). The husband took the woman away from Yantis.

Meadows Valley EMTs arrived on scene. Other first responders were still arriving. EMTs brought me into an ambulance. From there I was taken to the Adams County Sheriff's Office where I cooperated fully with Idaho State Police Critical Incident Task Force detectives investigating the incident.

7		INTERVIEW WITH BRIAN WOOD
8		Q=Det. Jason Horst
9		Q1=Sgt. Bob Boone
10		Q2=(Kevin Denius)
11		A=Brian Wood
12		
13		
14	Q:	It's Wednesday, November 4, 2015, approximately 2:57 pm. Detective Horst
15		of the Idaho State Police, Sergeant Bob Boone of the Idaho State Police. Uh,
16		we'll be conducting an interview. Can you state your name for the record?
17		
18	A:	Brian Wood.
19		
20	Q:	Brian Wood. And you work for who, Brian?
21		
22	A:	Adams County Sheriff's Office.
23		
24	Q:	Okay. As in what capacity do you work?
25		
26	A:	Patrol deputy.
27		
28	Q:	Okay. And, uh, present also is his attorney, um, Mr. (Denius).
29		
30	Q2:	Yes.
31		
32	Q:	Y- your first name is?
33		· · · · · · · · · · · · · · · · · · ·
34	Q2:	(Kevin).
35		
36	Q:	(Kevin)? Okay. All right. So we can go ahead and you remember
37		
38	Q1:	Get started - I got
39		6
40	Q:	(unintelligible) one? Okay.
41	~	017 37) 3172 3 7 3174 3 3 3 3 3 3 3 3 3 3 3 3 3 3 3 3 3 3 3
42	Q1:	Yeah, I got one.
43	<b>~</b> · ·	
44	Q:	Just wanted to make sure you had one too. All right. As you know, the
45	ζ.	interview is being recorded. Um, up front we need to make sure that it's clear
		mer it is being recorded. Only up from the fleed to make sure that it s clear

46 47 48 49		in your mind that this is a criminal investigation. Uh, you don't have to talk to us, uh, you already have your attorney present and you guys have already had a chance to discuss this. Is that
50 51	A:	Th- that's correct.
52 53	Q:	correct? Okay. Great. And so you do wanna
54 55	A:	Yes.
56 57	Q:	talk to us obviously or you wouldn't be here.
58 59	A:	Yes, I do.
60 61 62 63	Q:	All right. So we're gonna go ahead and just start with, uh, simple stuff and we'll go through your background information, uh, real quick. So your full name is?
64 65	A:	Brian, B-R-I-A-N, Steele, S-T-E-E-L-E, Wood.
66 67	Q:	And what's your date of birth, Brian?
68 69	A:	
70 71	Q:	Thank you. And do you have a badge number?
72 73	A:	Yes. 2307.
74 75	Q:	All right. So when were you hired by Adams County?
76 77 78	A:	Um, approximately 26 months ago. Um, it'd be the m- um, I guess mid-summer of 2013.
79 80	Q:	Okay. So July, August?
81 82	A:	Somewhere right in there.
83 84 85	Q:	Okay. We'll just call it summer of '13. Okay. Did you work anywhere, uh, in a law enforcement capacity prior to
86 87	A:	Yes.
88 89	Q:	Adams County? Where did you work?
90	A:	I worked for McCall Police Department. I don't have the exact dates. It was

91		almost exactly two years starting in 2010.
92 93	Q:	Okay. So you worked roughly from summer 2010
94		
95	A:	Yeah. I believe it was - it was
96 97	Q:	Or tw- or w-
98	ζ.	
99	A:	it's - it's - it was
100 101	Q:	or '11.
101	Q.	01 11.
103	A:	ear- early - no, it was, uh, I don't remember my hire date, but it'd be
104		towards the beginning of 2010, so most of 2010, most of 2011.
105 106	Q:	So you have a gap in your law enforcement?
107	Q.	30 you have a gap in your law emoreement:
108	A:	I did.
109		
110 111	Q:	What'd you do?
112	A:	With the gap?
113		
114	Q:	Yeah.
115 116	A:	Um, all kinds of stuff. Odd jobs, uh, I worked the, uh, airport in McCall, um,
117	A.	all kinds of stuff.
118		
119	Q:	So 2010, uh, in through 2011. Is that what we said?
120 121	A:	Yeah, tow- I think it was - it'd be most 2010, most of 2011.
122	11.	Tean, tow-1 tillik it was - it d be most 2010, most of 2011.
123	Q:	You've been through POST?
124	Α.,	V
125 126	A:	Yes.
127	Q:	Currently what, uh, certificate do you hold?
128		
129	A:	Uh, basic.
130 131	Q:	Basic?
132	ζ.	
133	A:	Yeah.
134 135	0:	Any other law enforcement experience prior?
133	Q:	Any other law emoreement experience prior?

136		
137	A:	Uh, no.
138		
139	Q:	Nope? Okay. All right. So you're a patrol deputy, uh, what shift do you
140		typically work?
141		* ** ** ** ** ** ** ** ** ** ** ** ** *
142	A:	Um, we rotate what the shifts are roughly every two months. Um
143		
144	Q:	Okay.
145		
146	A:	so it can be a day, a mid, or a night, which, uh, our nightshifts are - are what
147		most people call a swing. It's, uh, 2:00 pm to 2:00 am, or 3:00 pm to 3:00 am,
148		depending on what day - what the officer wants.
149		depending on what any what in our our waller
150	Q:	What are you working right now?
151	ζ.	want me you worming a give no my
152	A:	Nightshift and, uh, um, during the weekdays, I work 2:00 to 2:00 - work
153	10.00	during the weekend, so Friday, Saturday I start at 3:00 and then work till 3:00
154		as a general rule. There's a little bit of flexibility in there.
155		as a general rate. There is a name of or nomently in there.
156	Q1:	I'm sorry. Can you say - what it was on weekends again?
157	<b>~</b>	I m sorry. Curryou suy what it was on womenas again.
158	A:	Um, 3:00 to 3:00.
159		
160	Q1:	Okay.
161		
162	A:	Just give you a little later night coverage for the weekend.
163		
164	Q1:	Gotcha.
165		
166	Q:	All right. As far, um, as far as the night that we, um, are talking about here
167	3.5	where, uh, you were involved in a critical incident involving, um, Mr. Yantis,
168		uh, what time did you come into, uh, work that day?
169		
170	A:	Um, I believe it was 2:00 - 2:00 pm.
171		\$ \$ \$ \$ \$ \$ \$ \$ \$ \$ \$ \$ \$ \$ \$ \$ \$ \$ \$
172	Q:	Okay. And
173		
174	A:	It would have been close to that at least.
175		
176	Q:	and were you working on normal duty or was this an extra shift? Is it
177		
178	A:	It's a nor-
179		
180	Q:	was this your normal shift?
395 S		error a range person of the first the set of the second se

181		
182	A:	normal shift.
183		
184	Q:	Okay. All right. What is your radio designator?
185	ζ.	omj. m ngar mar a jeur mare acagnater.
186	A:	Uh, 2307. Same as the badge number.
187		on, ze ov. sume us me suage numer.
188	Q:	Okay. Prior to the incident, when would you say was the last time you slept?
189	ζ.	onay. There is the merasin, when would jou out was the last time jou stept.
190	A:	Um, I - I slept the night before, um, that was a, uh, then the night before that
191		was a Saturday so I would have got home about 3:00 and gone to sleep about
192		3:10 or so, um, and woken up pretty close to 9:00 in the morning.
193		5.10 of 50, and, and worken up protty close to 5.00 in the morning.
194	Q:	I'm sorry what time did you think you wake - woke up?
195	Q.	I in sorry what time did you timk you wake - woke up.
196	A:	Um, right around 9:00.
197	A.	Oni, right around 7.00.
198	Q:	9:00 am?
199	Q.	9.00 am:
200	A:	Van
201	Α.	Yep.
202	0:	And that would have been the marring
203	Q:	And that would have been the morning
203	A:	Yes, that's be Sunday morning
204	A.	res, that's be suitay morning
206	0:	uh Cunday mamina
	Q:	uh, Sunday morning
207	۸.	io vihan I
208	A:	is when I
209	0.	November 1st?
210	Q:	November 1st?
211	۸.	Van
212	A:	Yep.
213	0.	Olean
214	Q:	Okay.
215	A -	V
216	A:	Yep.
217	0.	D
218	Q:	Do you remember what the last time you ate prior to?
219	A .	Var Day Day and a second of the latest the l
220	A:	Yes. I'm - I'm pretty sure - so we had a potluck at church, I went to church,
221		um, and actually checked on, um, as soon as I left church, so, uh, I would have
222		eaten right before my shift started, um, and I think that's - I think that's the
223		last time I ate.
224	0	D. 1 1 1 10
225	Q:	Do you remember what you had?

226 227 228 229	A:	I had mostly some sort of a enchilada lookin' chicken thing. It was fantastic, uh, th- it's a potluck so there's lots of little, you know, you sample everything.
230 231 232	Q:	Okay. Uh, had you taken any medication? Do you - are you prescribed any medication?
233 234	A:	No, sir.
235 236	Q:	Anything like that? Okay. So nothing in the last 24 hours?
237 238	A:	No.
239 240	Q:	Okay. Uh, what about alcohol?
241 242	A:	Nothing.
243 244	Q:	You - you weren't under the influence of alcohol at the time?
<ul><li>245</li><li>246</li></ul>	A:	Nothing.
<ul><li>247</li><li>248</li></ul>	Q:	Okay.
249 250	A:	Not at all.
<ul><li>251</li><li>252</li><li>253</li></ul>	Q:	Uh, prior to the incident, what types of calls had you been, uh, involved in and how busy was shift pri- and - and when I say prior
254 255	A:	Mm-hm.
256 257 258	Q:	I think what would be safe to do is say prior to the response to the crash because
259 260	A:	Right.
261 262	Q:	if - if I'm not mistaken, the crash is what initially
263 264	A:	Right.
265 266	Q:	brought us to the scene. Is that correct?
267 268	A:	That's - that's correct.
269 270	Q:	Okay.

271 272 273 274 275	A:	Um, it was a, uh, you know, you could check the - the call record to know for sure. Uh, as I recall, it was a very slow day, uh, there was very little goin' on, um, and I don't know if I even made a traffic stop. It was, um, it was one of the - those dead days.
276 277	Q:	Okay.
278 279 280	A:	Um, they're - if - if something's in the call log that would job my memory, great, but I - I remember it being pretty slow.
281 282	Q:	Okay. No - no- I mean, obviously no major incidents
283 284	A:	No.
285 286	Q:	'cause nothing really stands out in your mind?
287 288	A:	Exactly.
289 290	Q:	Okay. Did anything out of the ordinary, uh, happen prior to the incident?
291 292	A:	Um, actually if I could go back to that last question.
293 294	Q:	Go ahead.
295 296 297 298 299 300	A:	Um, I just remembered earlier in the day, it wasn't a major thing, but there was a fire at a - there was a garage fire that the, uh, you know the fire department was called out to, I went as well, at, uh, on Meadows Drive, uh, which is just south of New Meadows. Uh, anyway, that's the only call I recall from that day, but
301 302	Q:	Okay.
303 304	A:	anyway. Sorry.
305 306	Q:	Okay. No, it's - it's all right.
307 308	A:	Yeah.
309 310 311	Q:	Um, I think we already know the answer to this one, but do you have any audio or video recordings of the incident?
312 313	A:	I don't believe I do. Would you like me to explain
314 315	Q:	Yeah, go for it.

INTERVIEW WITH BRIAN WOOD Interviewer: Det. Jason Horst 11-04-15/2:57 pm Case # M15-140 Page 8

316	A:	Um, I was wearing chest camera.
317	0	
318	Q:	Okay.
319 320 321 322 323 324 325 326 327	A:	Um, we normally, um, at least most of us normally we don't have a - a policy that we specifically have to follow, but most of us don't run that on a traffic accident. It's - it's not something that would - anyway, so most of us don't. Um, I guess we'll get into it later, but, uh, I did it turn it on as two settings. As on and that you can on more or less all day and it records but doesn't save. Once I press the center button twice, i- it saves from 30 seconds back so if something happens and I realize I should have been recording, I can hit that and it te- catch it 'cause it goes back 30 seconds.
328 329	Q:	Okay.
330		
331 332 333 334 335 336 337 338 339 340 341 342	A:	Um, so I - I had it in the standby mode. Once I realized there was an issue with the bull - right after the bull incident, I turned it on - what I thought I turned it on, um, and so it should have gone back and caught the incident with the bull. It should have also then been running through the rest of it when I later - there's a button you can - and it's a status check button you can press, uh - uh, either red flashing light or a green flashing light comes on to tell you what it's doing. I was expecting to see a red flash and telling me it's recording because of what I had done. Um, and for whatever reason, it was green flashing. Um, in the past I've had that mean that I didn't hit the button hard enough the two times or that the memory was full. So it's got battery, but the memory is full so it's not recording.
343	Q:	Okay.
344 345	A:	So I don't believe I recording because of that.
346	****	
347 348	Q:	Okay. We couldn't find any.
349 350	A:	Okay.
351 352 353	Q:	So, um, I think the question was more to the - to the, uh, effect of whether or not maybe you happened to be running the
354 355	A:	No.
356 357	Q:	you know, like an
358 359	A:	No.
360	Q:	audio or something like that

261		
361	7 <b>2</b> 20	
362	A:	Nope, that's the
363	750	
364	Q:	to
365		
366	A:	only device.
367		
368	Q:	Yeah. Okay. All right. Do you wanna get into the incident itself, or do you
369		wanna go over the weapon and all the rest and stick to the general stuff or?
370		
371	Q1:	We'll go to the weapon.
372	Q1.	we it go to the weapon.
	0.	Olsay, I lb. lat's talls about the weepen that you used in the incident
373	Q:	Okay. Uh, let's talk about the weapon that you used in the incident.
374	X <b>X</b> 752	
375	A:	Mm-hm.
376		
377	Q:	Uh, can you tell me what, um, make, model, caliber, modifications
378		
379	A:	Yes. Um, i- the - it's a registered short barreled rifle, um, the lower receiver is
380		L-M-T, which stands for Lewis Machine & Tool. Um, and, uh, the barrel is a
381		10 1/2 inch barrel made by Noveske. Um, I had, uh, if you want, I can detail
382		all the parts I can think of. I had a company called Adco Firearms build it.
383		They're very experienced and they - they do all the - putting things together
384		properly and so I had them build it and then send it back to me.
385		
386	Q:	Adco?
387	ζ.	
388	A:	Yep. A-D-C-O.
389	Λ.	Тер. А-Б-е-о.
390	0.	Olsay I lb what types of a what type of agginment do you have on that rifle?
	Q:	Okay. Uh, what types of e- what type of equipment do you have on that rifle?
391		H H FOT 1 '14 '22 1 1 1' 114 '14 H
392	A:	Um, I have a EOTech sight, um, it's a holographic red dot sight. Um, a
393		magnifier, uh, which was flipped out of the way at the time, but it is mounted
394		to the rifle. Um, it can be flipped up behind the sight. Um, had a Surefire
395		flashlight mounted to the weapon and a sling, um, you, it's - I don't know how
396		detail you want. I mean, it's al- it's got flip up iron sights and some other
397		stuff, but it's
398		
399	Q:	Mm-hm.
400		
401	A:	um, I think that's
402		,
403	Q:	Okay. What about the ammunition?
404	ζ.	only and about the animometer.
405	A:	Ammunition is our department issued. It's Speer Gold Dot. Um, it's 223
403	11.	Ammunition is our department issued. It's speci Gold Dot. On, it's 223

INTERVIEW WITH BRIAN WOOD Interviewer: Det. Jason Horst 11-04-15/2:57 pm Case # M15-140 Page 10

406 407 408		caliber and I believe it's 55 - no, I'm sorry, I believe it's 62 grain. They - they make 55 and 62 and I think ours is 62.
409 410	Q:	Okay. And you mentioned that's department issue, right?
411 412	A:	That's correct.
413 414	Q:	So how many rounds would you say that were in the weapon before the shooting began?
415 416 417	A:	Um, be- before any of the shooting be-
418 419	Q:	Before. Yeah.
420 421	A:	Okay. Um, I
422 423	Q:	'Cause we're gonna walk through all the
424 425	A:	Yeah.
426 427	Q:	steps leading up to it.
428 429 430	A:	Um, what, uh, um, I believe there would have been roughly 30. There could have been 28, but it'd be somewhere right in that range. Uh
431 432	Q:	Why do you think that?
433 434 435 436 437 438 439 440 441 442 443 444 445	A: Q:	Um, I - th- the magazines I use, um, I typically start with 30 rounds. We do, um, as a - whether it's p- for any reason I have to chamber my rifle, I discard, well, I set that s- round aside and later use it to either put down a deer or whatever. I don't - I don't rechamber that and use it for something where I'd need to protect myself, uh, 'cause that round has been made less reliable by the free-floating firing pin in an AR-15. So, um, if I chambered once or twice throughout the week on other calls, um, I might not have topped off that one round so I might be one or two rounds down, but I shouldn't be more than one or two rounds. I - I keep a generic idea in my head. Okay, I - I'm - if I get down to 27 rounds, I'm gonna go, you know, grab a box and top it off (unintelligible)  Okay.
446 447	A:	that's why I expect it'd be 28 to 30.
448 449 450	Q:	So typically you would start - you- you'll fully load your magazine

A:	Yes.
Q:	30 rounds?
A:	Yep.
0.	And you go out and - and - an incident, whatever that incident may be
Q.	And you go out and - an incident, whatever that incident may be
4	44.4
A:	Mm-hm.
Q:	um, that causes you to, um, to chamber a - a round
Α.	Mm-hm.
***	THE IIII.
0.	
Q.	you'll take that round and basically use it as a set aside round
A:	Mm-hm.
Q:	for dispatching animals or whatever
Δ.	Yeah.
11.	Touri.
0.	1-4
Q:	later on down the line because you don't want to use that round because of
	the, uh, the - the nick basically that happens with the free floating fire pin?
A:	Exactly.
O:	You just don't wanna, y- you feel that that would be less than reliable?
	<b>J</b>
۸.	Exactly.
A.	Exactly.
Q:	Okay.
A:	Yep.
0.	And so you're not sure if - if you had done that prior to the incident, so
Ψ.	This so you to not sale it if you had done that prior to the mordent, so
۸.	That's correct.
A.	That's correct.
2	4 4 4 4 4 4 4 4 4 4 4 4 4 4 4 4 4 4 4
Q:	that's why you're estimating about 28ish
A:	Yep.
0.	to 30 rounds? Okay.
ζ.	2 v roundo. Omj.
	<ul> <li>Q:</li> <li>A:</li> <li>A:</li> <li>Q:</li> <li>A:</li> <li>A:</li> <li>Q:</li> <li>A:</li> <li>A:</li> <li>Q:</li> <li>A:</li> &lt;</ul>

496 497	A:	That's exactly correct.
498 499	Q:	All right. Uh, when was the last time you qualified on your weapon?
500 501 502 503	A:	Um, I would need, uh, my lieutenant would have that record. It's - it's gonna be a while back, um, uh, quite a few months. I couldn't tell you exactly when I - I'd - my lieutenant would have that record.
504 505	Q:	Are - am I understanding that you're
506 507	A:	Hm.
508 509	Q:	estimating a - a few months, or?
510 511	A:	I - I'd rather not put a number on it.
512 513	Q:	Okay. That's
514 515	A:	It's been a while.
516 517 518	Q:	Okay. We'll just say y- you don't know how long. What other firearms did you have access to at the time of the incident?
519 520 521	A:	Um, the only other firearm I had on me was my, um, my duty handgun. It's a Glock 17. I had other weapons in the car.
522 523	Q:	Okay.
524 525 526	Q1:	Uh, these weapons are all - they're your own personal weapons? They're not department issue, right?
527 528	A:	That's correct.
529 530	Q:	All right. Does your department issue?
531 532 533	A:	Um, they issue hand- I mean, uh, rifles, um, and if you choose to, you know, carry own, assuming it's approved by the range master, you can. Uh
534 535	Q:	Okay.
536 537 538	A:	they do not issue handguns so you have to buy your own when you - when you join.
539 540	Q:	Okay. Solet's talk about the use of force options that you had available on your person. Uh, and by - by that I mean like your OC ASP.

541		
542	A:	Uh-huh.
543		
544	Q:	What other types of
545		• •
546	A:	Right.
547		rught.
548	0.	use of force stuff did you
	Q:	use of force stuff and you
549	***	D 1-1.6
550	A:	Right.
551		
552	Q:	have available at the time?
553		
554	A:	Um, as far as equipment or tools, I - I didn't, except my flashlight. Um, I - I'm
555		probably the most reactive to OC that POST has ever seen to I don't dare
556		carry it myself and get it on myself. Um, and, uh, my Taser that I was issued
557		quit working and I have yet to be reissued a Taser so I didn't have either of
558		those.
559		mose.
	0.	Lib no no ACD9
560	Q:	Uh, no - no ASP?
561	2000	
562	A:	That's correct.
563	No.	
564	Q:	Okay. All right. Let's talk about your dress, uh, can you describe the clothing
565		that you were wearing at the time of the incident?
566		
567	A:	Yes. I was wearing black pants, uh, couldn't tell you the brand, but they're the
568		generic 511 style. Um, wearing our department issued boots, which area a
569		gray color, um, a duty belt, which is black nylon with black nylon, um, you
570		know, ha- handcuff case and - and - and then black plastic for the holster and
571		light holder. Um, wearing a tan uniform shirt, uh, believe 511 brand with
572		Adams County patches on both shoulders and a silver star with circle badge
573		on my left chest.
		on my left chest.
574	0	
575	Q:	Is that, uh, star embroidered, s-
576	70.75	
577	A:	Uh, no. It's - it's a metal badge.
578		
579	Q:	And that kind of goes into the markings, so, uh, is it safe to say that the
580		markings that you had were the shoulders and then the metal badge, did you
581		have anything on the rear or - or anything like that? Any other markings?
582		
583	A:	I don't believe so.
20.1		
	71.	
584 585	Q:	Okay. Okay. I think that pretty well covers the

586 587 Q1:

What we want you to do is just kind of go back and kind a cover - well, cover in detail your response to the accident, the - the shooting of the bull, right on through, um, the critical incident itself.

591 A: 592 Okay. Um, I was, um, I was up near New Meadows. I was going to take a lunchbreak and watch the World Series game with a couples friends a- and - at a house that's also on Meadows Drive, the same - same road where that fire was earlier in the day. Um, and I had just pulled onto that road off of Highway 95, you know, southbound, pull onto it, maybe 50 yards, and I heard the medics get dis- uh, dispatched to a wreck, um, on Fort Hall Hill. I knew that Cody Roland, the other deputy, was working that area and so I thought, okay, we've got a wreck down there, you know, typically we have one guy for a wreck. It's not that big of deal. I thought maybe I'll - maybe I won't, so I listened for a second, um, and dispatch said that, you know, there was extrication needed. I thought, "Okay, shoot. It's a bigger one." Still wasn't sure so I got on the radio and asked dispatch to have - check with Cody if he wanted help. And, um, we have a - a fantastic dispatcher on and she just responded that there was lane blockage so he probably would need help and I thought, "She knows what she's talking about." So I, uh, I turn on the lights and sirens and - and went to go because of the lane blockage, went to go help. Um, I drove through the canyon, passed a couples car, uh, and arrived on scene. I don't remember for sure. I think I got on scene a little bit before Cody, like two minutes or so. Um - um, that's the way I remember anyway. Um, parked on the left side of the roadway which is northbound lane, um, but I was parked facing south. I was, uh, you (unintelligible) take a diagram of where I was parked I guess, but, um, more or less in a driveway. Um, got out, um, multiple ambulances and - and, uh, first responders are already on scene so I went down. They were - the driver's seat was already empty so they had apparently already removed the driver and they were cutting apart the car to get the passenger out. The roof was pressed against her head. She was in least looked like very bad shape, um - um, m- you know blood all over her face and hands. And the windshield was pressed, touching her - her forehead. So as they were cutting apart the car, I was reaching in and another guy was reaching in to push up so that it wouldn't come down on her when - when things came, you know, disconnected. Um, one of the either firefighters or or, uh, um, other responders, you know, I was wearing short sleeved, uh, my uniform is short sleeve and I didn't have, uh, I had latex gloves on, but, uh, anyway, he came in, he had long sleeves and leather gloves. He said, "Here. Let me take over so you don't get hurt." So he reached in and started pushing up so I backed out. Um, I believe that's when I met up with Cody. H- he had parked on the - on the south end of the wreck 'cause that's the direction he came from and he walked up and we met and, uh, one of us said, "Let's go look for the cow." I don't recall who. And so we walked back up hill, um, broken safety glass from - from the wreck everywhere, you know, both lanes

all over. Um, so looking to - to figure out where the impact was and - and find the cow. And we located it in that same, um, driveway that I had parked in front of which I - I believe end, you know, ends up being Yantis' driveway. Um, and it was, uh, it was pretty close to the road at that time and I - I don't recall - well, right now I only recall for sure is that it was in the driveway there and it was, uh - uh, a steady stream. It wasn't like dripping. It was a steady stream for its nose to the ground, multiple streams of - of, um, mucus and blood, um, which I've seen before and usually a pretty - pretty bad sign for a cow. And it also had - trying to make sure I get it right what side it was. Um, towards the back on the one side of it it had cuts and something hanging down like it had been hit by a car. Um, and, uh, its - one of its back legs was broken to where it would - it would hobble, um, you know, because of th- I assume the pain. Um, we both recognized - Cody and I both recognized - I don't remember what we said about it, but that it was - it was looking pissed and you can't - I guess you can't blame it, but it was looking pissed, um, so, um, I believe it was Cody on the radio asked dispatch to contact the owner of the bull, um, and he had a guess as to who it was. I don't recall if that was Yantis, what his guess was, but he asked dispatch to contact the owner. Um um, would you like me to explain why we do that, or is that...

Sure.

A:

Q:

A:

Um - um, we - anytime a - a cow was injured, um, we don't like to make the decision for the rancher i- in terms of can that cow be rescued or not. That's - that's - we just don't have that experience and it's a- it's a financial liability issue that, you know, we'd rather make them the decision, uh, have them make the decision. That's their cow, their decision kind of thing. So, uh, we, uh, anytime a cow is hit, it's sort of standard for us get a hold of the rancher, let them come down, and, uh, and make that determination. So, um, that's, uh, something that's helpful to us and - and I imagine they appreciate getting to make that call so that's what, uh, sort of standard and that's what we did is to have him located to come down. Um, it - I don't remember at this point if it went on its own or if it was from us yelling but it went up the driveway, which would be south, um, 20 yards, um, and so it was - I'm gonna screw up. I - I don't wanna...

Just relax.

Yeah. I think the first place it went was north. There's a - a spot in the bushes where the two fences come together and it got itself nosed in the corner and we thought, "Okay, it's not bugging anyone there. We'll leave it alone for a while." And directly, I guess west on the highway from where that was, um, there was one of the first responders doing flagging for traffic. And - and, uh, um, I was concerned for him that we have a - an injured and upset bull, you know, very close to him. So I just to him, "Okay, I'm gonna leave. It looks

719

720

like it's, you know it's not bothering anybody, but yell at me if - if it comes back down towards the road." And, uh, he said, "Okay." Um, I went back, I don't remember where Cody was at this point, but I know I went back towards the wreck to see if there was anything I could help with there and, um, I don't think there was, um, and I don't recall if it was just the passage of time or if there was - there was nothing I could do down there. I decided to go back and make sure the bull wasn't still being a problem. And I know at this point Cody was with me again. Um, and the bull had come back down and it was more or less sideways to my car that was sort of sideways in that driveway. Um, Cody got on the backend of my car by the tailgate. I was at the front by the hood, and the bull was sort of in between and it'd look at him and look at me and it'd take a few steps towards him and he'd yell at it and it would stop sometimes or keep going sometimes, then it'd take a couple t- steps towards me. Um, at one point, I turned my light, uh, that light mounted to rifle, uh, turn the light on it and, um, you know, 'cause yelling didn't work. As it's coming towards me, I'd turn the light on, thinking maybe that would help, and it didn't, it just sort of zeroed in on that and kept coming. And I really didn't wanna shoot. In fact Cody - I couldn't tell you exactly when, but it was - I think it was probably the first time we s- we were dealing with the cow, we had a brief discussion about how, you know, a cow's worth X amount of dollars, you know, depending - or a bull, you know, depending - or for meat. If you shoot it, oftentimes then that ends up being a prized bull that's worth \$50,000. We don't wanna make that - that call. Sort of like, uh, what I discussed earlier. So we had actually had a brief discussion about that that we really didn't wanna shoot this thing. So I backed up into the road as it approached the hood of my car so I could just stay away from it. I don't wanna shoot it. Um, and, uh, um, at - somewhere around here, uh, Cody on the radio, Cody Roland, um, said a second, um, to dispatch that the cow is getting really aggressive, um, 'cause it kept doing these little, uh, motions towards us, um, and, uh, and I think at that time he also asked either is the rancher en route or - or re-asked 'em to get the rancher en route. I don't recall the response. Um, I backed up across the road, keeping my light off 'cause I didn't wanna piss the thing off more that the light did seem to help the first time, um, and I got to where, uh, my heels - I could feel I was off, you know, I was into the shoulder and the - the bull went past the front of my car and started coming across the road and then it started picking up speed. It - it hard to describe because the back leg was injured and so it wasn't like a superfast charge, but it was - it - getting, I don't know what you call - a gallop type - type motion to it, coming - coming straight at me, um, and, uh, anyway, so, um, brought the rifle and I fired I think about three times at its head and it started to turn and then I kept firing I know several more times. I don't know how many, um, in- into its body. Um, and it s- sort of stumbled forward and it collapsed, um, I think up against but more or less right up against a Dodge truck that was parked the same direction as mine so pointed south in the, uh, in the northbound lane, uh, you know, towards - towards the shoulder and it...

Q1:

Behind your truck?

That's correct. Behind my truck. Um, and, uh, you know, my - my natural desire with any animal that's suffering is - is to put it out of its misery if it's if it's the kind of thing where it's gonna die, I'd rather not see it suffer. Um, so my expectation at that point was okay. It's already injured from the car and now I just put rounds in it. I gotta go up and put this thing down and I walked up and the cow was faced with its head faced north, um, and just behind its head is, uh, if I remember right, the wheel well area of this Dodge truck and I wasn't gonna shoot and risk the guy's truck. I would have loved to get in front of it for - for a shot i- you know, into the - the brain area in between the eyes, but that would have been directly ev- all the first responders are downrange for that. So while I'm trying to figure out that little, um, problem as far as there's - there's not really good safe way to put him down, um, the rancher showed up, um, uh, I now know it's Jack Yantis. I didn't know that at the time, um, and, uh, he walked - I - I don't know the exact distance. I was probably less than 10 feet from the full. He walked between me and the bull, loading a rifle. Um, I'm naturally interested in guns and so I - I peeked to try to figure out what it was, just out of curiosity and I - just the light was at that particular moment and spot, I couldn't see what he had, but I could see he was pushing shells (unintelligible) actions - near as I could tell, it was a bolt action rifle, uh, with a scope, wood stock, and blue barrel. It's, you know, under the conditions and the light and him walking by, that's what it looked like. Um, and I thought, "Okay, well great. Now the rancher's here. He can - he can make the, you know, he can take care of that. He's probably put down lots of these. He knows what he's doing." Uh, so I was happy, you know, that - that the bull's gonna be put out of its misery and - and, uh, and that he arrived. Um, so I stood back a little bit or - or stood there. I don't - I think I stepped back. Uh, he walked around to the front of the bull so he's now facing south down - directly down the highway and he leaned forward way down low and brought the rifle...

752 753

755

757

751

754 Q1:

Oh, no.

756

A:

Okay.

758 759

Q1: Did he say anything when he came passed you?

760

Oh, yes, he did. Um, right as he was walkin' passed me, he said, "Put that A: piece a shit away." As he was loading his rifle and I - I assumed he was 761 762 talking about my rifle. I don't - I guess I don't know that but that's - that was 763 my assumption. So, um, thank you. Um, so a- he - he was - I assumed he was 764 pissed either 'cause I had shot it and not put it down. I - anyway, so he - he 765 leaned down to, uh, what I assumed to shoot it between the eyes, um, and he's

809

810

pointing directly - directly down at all of our ambulance guys and fire guys. And I said, um, uh, "Whoa, whoa. Stop. Hang on." And I stepped forward. I had my - my rifle because I had just shot the bull. I had my rifle slung across my chest, my hand on the grip, and I stepped forward with my left hand to put my hand out, um, sort of a - I di- I didn't really expect I was gonna grab the rifle 'cause I expect he'd stop and - anyway, put the hand out like this and hum, and, uh, I said, uh, you know, um, something along the lines of, "Stop. Hang on." Um, and he stepped back like this and swung the rifle across the belly and right down at all the responders and it was a really weird stance, but all I could think is because of the incredible safety problem I'd just seen, I thought, "Okay. He just is, um, having an incredible safety problem with where he's pointing at." I didn't expect he was going to shoot me, but it was all so really weird and I didn't know. Um, and, uh, so then I yelled at him, "Point that rifle down. Point that - point it down." Um, and he didn't. Um, and at that point, I put my other hand on the rifle, 'cause I wasn't sure what was happening. Um, I - I don't recall if I heard or saw Cody stepped up, but I know Cody Roland stepped up to my left side and that brought the attention that he was either angry or frustrated or whatever with me on- onto Cody. Um, and Cody - I have no idea what he said, but I could hear him issuing some kind of command and - and Mr. Yantis turned towards him and immediately shoved the rifle, he was already holding it sort of waist level like this, and shoved it out towards him like that. Um, so at that point, I brought my rifle. It was, I mean, literally directly towards Cody's chest. I brought my rifle up and before I got my rifle anywhere near Mr. Yantis' chest, I heard a gunshot, um, and, uh, um, so my - my belief at the time was that was Mr. Yantis' rifle, uh, because that's the motion I'd just seen. The gun came up and I heard a shot. Um, so I started firing into Mr. Yantis', uh, really as fast as I could. Um, I then heard more shots, um, which I believed had to be Cody, um - um, he - I know Mr. Yantis turned - I believe he turned to his left, um, so past me again and then his rifle was something along the lines of pointing up an angle, sort of maybe like just past me. Um, I was expecting, with both Cody and I firing, that he would either fall down or that he would drop the rifle and that's what I was expecting and, uh, I - absolutely hoping. I don't, um, he didn't, um, and with him still holding a rifle pointed like that and with the shot that had just been fired, I kept shooting, expecting again for the, you know, for that rifle and, you know, or Mr. Yantis to fall. Um, he ended up falling and holding the rifle the whole time. When he fell he was - he was holding onto it. Um, I believe, um, the first - right after that, I heard on the radio, which, uh - uh, I heard Cody on the radio, uh, he grabbed his radio and said, "Shots fired." I don't know if he said anything else, but he said, "Shots fired." Um, and then I grabbed my radio and said, "Shots fired. We need medics to the no- the north end of the wreck." And, um, it - I - if I remember I had - had to ask for 'em a couple times. It was - it was strange. They were all, I don't know, 80 yards away or something. It just seemed like there's medics, there's gunfire, they'd come, but they probably thought we were puttin' the bull down and so no one

854

855

realized what was going on. And when I did get a medic there, it was a - the first medic was a male. I don't know his name, um, I'd recognize him I think, but he, uh, I had to tell him a couple times, "There's multiple gunshot wounds right here." And he just looked at me, like, what? Like, uh, so it was hard to explain to him, I - you know, anyway, so I told him a couple times and then he came, uh, one of our dispatchers, who's also a - a, uh, EMT came, uh, (Chrissy Gripe), and so the two of them I think were the two primary medics that worked on - on Mr. Yantis. Um, let me back up. Before they got there, and I don't know the exact timing, um, I went, uh, I think it was right after I called for the medics. It would have been right after I called for the medics, I went to Mr. Yantis and he's holding the rifle like this and I - I put a hand on his should, rolled him up a little bit and reached to feel for a pulse and velled. you know, "Can you hear me? Can you hear me?" Um, he made some kind of sound, um, I don't know if it's a groan or what, but some kind of sound and so I quit looking for a pulse 'cause if you're making a sound I assume you got a pulse. Um, and, uh, shortly thereafter, that's when the medics came up, pointed, you know, explained to 'em twice that - that this guy had gunshot wounds and then as the medics were coming to - and my focus was on Mr. Yantis, as the medics were coming to help with him, the male medic said, "Hey, over there." And pointed and I saw Cody struggling with someone over near my car and, um, there were either family members or friends of Mr. Yantis present and, uh, by the g- by the time I got to my car, I believe one of those people was in handcuffs, um, either sitting on the ground or on a 4wheeler or sitting over there somewhere and, um, Cody was holding a - a man against my car and asked me if I had cuffs so I pulled my cuffs out and we cuffed t- both of us together. We set him in my car, um, he was claustrophobic. We ended up leaving the door open and - and, uh, and he - he sat in the car, it's a small cage, he sat in the car with his - with his feet out at least for a little bit. Um, and Cody explained to me at that time, um, that he had - that gentleman had been told to leave the crime scene 'cause it's - that's, uh, anyway, told to leave the scene twice, um, it was either multiple times or twice. I don't remember what he told me, but it was - it was one of the two. Anyway, told to leave. He kept coming back and the last time he came back, Cody witnessed him picking up, um, spent shell casings off the ground and that obviously was a concern for - for evidence and so he - he, uh, in - in addition to being told to leave a couple times and not, so he was - he was put in the - in the car. Um, I don't, um, somewhere - somewhere after that point, um, a female, um, approached and I - someone, I don't remember if she said or someone said that that was the daughter of Mr. Yantis, um, and, uh, Cody had asked me to - to throw some cones out, just to protect where we saw shells, um, so I grabbed a couple cones out of my car and had 'em in my hands still, um, and she tried to pass a whole bunch of people to go to him and both for her own - I don't want her to see her father like that and it's now a - a scene that needs to be investigated. I didn't want her over there, uh, so I had the - the cones in one hand and still had my rifle. Anyway, I sa- basically held

her back with those cones for a minute and she was explaining to me that she's the highest level medical person on scene, that the others were just EMTs and she was something higher. And I thought well, "Shoot. I - I don't, uh, I don't want to have any chance that this - this man could be helped or not. I also don't want this - this gal to see her father and - and, uh, you know, uh, a traumatizing s- situation more than necessary." Anyway so I turned to (Chrissy) and - and called her over. I said, "(Chrissy), you make the call." You know, 'cause I didn't know hi- his exact condition if - if there was something where there was hope of - of someone with more experience or whatever so (Chrissy) Came over and, uh, she ended up brining this lady, um, over to her father and, um, uh, (Chrissy) and the lady sort of went back and forth. (Chrissy) basically was trying to show her that - that based on the wounds, she didn't expect there was any - any reason to try whatever it is they could have tried. Um, and the - the gal was frantic saying, "Well do you have this?" Sshe was naming some equipment. I don't know the name of the medical equipment, but it sounded like medical equipment. She was asking if she had these things and (Chrissy) was saying, "No, we don't have those." Um, and, uh, so (Chrissy), I'm pretty sure it was (Chrissy), pointed and said that that gal's father - or, uh, her husband was in the crowd and so I went over and I said, you know, "Who's - wh- who's the husband of this gal?" And this guy said he was and I asked him to come remover her from the scene and he did. Um, I don't know how long after that, but I believe it was fairly soon after that, Meadows Valley - 'cause all this happened near Council, it was mostly Council responders, uh, Meadows Valley, um - um, ambulance sh- uh, two ambulances showed up with - with people I'm used to seeing and working with in the Meadows, um, showed up and a couple of them grabbed, um, me by the arms to take me into, y- you know, into an ambulance, um, and, uh, I don't recall - backup - somewhere shortly - shortly after calling paramedics, it may have been after they got there, I got back on the radio with dispatch and told 'em we ne- uh, supervisors and to notify the coroner, um, and s- sorry, that's out of order somewhere. Um, anyway, the paramedics were - were pulling me into the - the ambulance and I thought, um, I - I - I clearly wasn't thinking clearly, but I - I - I had my rifle and I knew once I got in the ambulance I was gonna be taken somewhere and my rifle was part of the situation and so, um, I didn't wanna take it with me and have that mess up the scene. That's probably what I should a done. Anyway, I - I looked around for someone I knew I could trust and we have a guy who's our tow truck driver, who's also our - one of the lead paramedics and he's a whole bunch of other things, ci- city employee, anyway, um - um, so I looked at - I said, "Doug, you know, take my rifle." And I gave him my rifle and apparently in, um, ianyway, I gave him my rifle and I had my radio in my hand at that same and he took that, so, um, and that I got into the ambulance.

899 Q:

897

898

900

Oh. Okay. Okay. Okay. Let's go back to the point where Mr. Yantis is facing down to the south and he brings the gun up to dispatch the animal. Do you

901		make physical contact with him?
902 903	A:	No.
904	Α.	NO.
905	Q:	Okay. So you don't touch him?
906		
907	A:	No.
908	0.	Ol II
909 910	Q:	Okay. Um, and you said something to him? Do you recall what you said?
911	A:	I - I recall I said s- I think I said, "Whoa. Stop." Or, "Whoa, hang on." I think
912		I said, "Whoa, hang on."
913		
914	Q:	Mm-hm.
915	×	BULL 1 1 2 14 1 1 11 1 1 1 1 1 1 1 1 1 1 1 1
916 917	A:	Did the hand motion and then he pulled back, um, yeah - yeah
918	Q:	Where are you in - in
919	ζ.	note are you in this
920	Q1:	You want this?
921		
922	Q:	Yeah. Let's put a - now this is - this is the scene that - when we got there.
923 924	A:	Okay.
924	A.	Okay.
926	Q:	Recognize the bull is facing the other direction?
927		
928	A:	Right.
929	0	
930 931	Q:	Um, where are you and where is he and where
931	A:	Okay.
933	11.	Okuy.
934	Q:	is Cody?
935		
936	A:	Would you like me to mark on this or point?
937 938	0.	Y- you can mark on it.
939	Q:	1 - you can mark on it.
940	A:	That's be great. Um, so the cow was faced the other way. If you don't mind,
941		I'll j-
942	w.	
943	Q:	Yep, go ahead.
944 945	A:	the head's right about here and the hody's healt, healt this way. He when
243	Λ.	the head's right about here and the body's back - back this way. Um, when

he - I was somewhere right about here. Minner - Mr. Yantis is, you know, right in front of it, pointed this way, and so I stepped up and put my hand out. And like I said, I - I expected, you know, I mean that if someone's told to stop, hang on, there's the hand motion that he'd put the gun down or back or somethin', so I didn't expect I was actually gonna grab it. I - I guess in my mind if - if it got to that, I could of, but it - h- he didn't. He s- he stepped back a couple big steps and that's when he swept it across me like this and I thought, you know, I - I, like I said, wasn't sure what that, um, what the reasoning for that was. Um, so I was somewhere back in here and I - I know I took a couple big steps at least to get towards him to be like, "No, no, no. Hang on." 'Cause I didn't - I didn't want him to - to fire before...

989 Q: 990

...you know, he stepped back, uh, 'cause the - the direction was, I mean, I - I probably got this, I mean, he was perfectly right down at all the, uh...

Where is Cody?

Cody, I believe, was somewhere right back over here. So when I came forward and stuck my hand out and - and told him, "Whoa, hang on." I think I - my - I think I said, "Who, whoa. Hang on. We're not gonna do this." Or "We're not gonna do that." Something - it was one of those two. So he took a couple big, I - I don't know how to describe it, but a couple sort of big steps back, um, at an angle, somewhere - somewhere off - off this way, um, and, uh, that's when he's - he's pointing towards me. I don't know - I don't - if that's where he ended up, I don't know if it was more steps than I realized, but - but to me it looked like, you know, two or three big steps, um, out this way. Um, I don't know - at that point, I don't think I moved forward, but I know that's when his attention and what seems like frustration - anger towards me, shifted because I, like I said, either heard or saw Cody out of the corner of my s- eye step up and that drew that - the rifle and the attention from me to him, um, and that's when he shoved it out towards me.

Okay. Which direction does he fire?

Um, s- a- the way I recall it, I - I wish I hadn't seen this hear because that's the way I recall it, we would have been very close to the center lane. Um, he would have been somewhere near the center, um, I would have been somewhere here and like I said, Cody had stepped up so at this point, uh, this'll be Cody, me and Mr. Yantis. Cody had the rifle still already like this and then shoved it directly out towards Cody's chest it looked like...

Okay.

991	Q2:	You mean Mr. Yantis did?
992		
993	A:	Yeah, sorry, Mr. Yantis
994		
995	Q:	Right.
996		
997	A:	shoved the rifle forward towards - towards Cody. It looked to me like it was
998		under the armpit level, so somewhere in here and it looked like it was right at
999		his che- they were very close to- together and it's a rifle so I mean just the -
1000		the pointing of it, you could see, um, and, uh - uh, and then like I said
1001		immediately after that, I heard a shot.
1002		•
1003	Q:	Okay. Do you know if that shot came from Mr. Yantis' gun or from
1004		
1005	A:	I don't know. I - I don't know.
1006		
1007	Q:	Okay. Um, any - any kind of give me a direction where he may
1008		
1009	A:	Yeah.
1010		
1011	Q:	have been firing which direction if he'd
1012	ζ.	
1013	A:	Um
1014		
1015	Q:	fired - if Mr. Yantis had fired that gun
1016		C
1017	A:	Right, um, I believe that it was pointed just like - more or less just like that it
1018		would have gone, you know, if it didn't hit Cody, you know, out this way
1019		somewhere
1020		
1021	Q:	Okay.
1022		·
1023	A:	um, into that field. Um
1024		
1025	Q:	And then you engage Mr. Yantis?
1026		
1027	A:	That's correct.
1028	27/45	
1029	Q:	Okay. And you're firing basically in this direction here?
1030	ζ.	only. The you to make outloanly in this direction note.
1031	A:	Yep.
1032		1-46.
1033	Q:	Can we, uh
1034	ζ.	
1035	A:	Can I inter- interject somethin'?
1000	• ••	Can't meet meetjeet cometime.

1036		
1037	Q:	Sure.
1038		
1039	Q1:	Of course.
1040		
1041	A:	The - the distances in my head are - I'm sure what the distances were, so if
1042		I'm - as far as drawing this, I
1043		
1044	Q:	If we - if we s- if we stood up
1045	2	
1046	A:	Yeah.
1047		
1048	Q:	would you - would that help you
1049	ζ.	, , , , , , , , , , , , , , , , , , ,
1050	A:	Right. Um, I don't know. I tried to think about that. I, um, you know, i- in my
1051	33.73	head somewhere around 10 feet sounds right, but then when I look at that, I - I
1052		think, "Well, maybe it was further." I - it's - it - I don't know.
1053		think, wen, maybe it was farther. I to be I don't know.
1054	Q:	Okay.
1055	ζ.	Only.
1056	A:	I'm - I'm - I'm happy to try i- and we can stand up and try to visualize what
1057	11.	that looked like, but I don't know, um, if that'll help or not.
1058		that tooked like, but I don't know, am, if that if help of hot.
1059	Q:	Well, I - I'm - I'm only saying it for your benefit.
1060	ζ.	wen, i i in a monty saying to lot your benefit.
1061	A:	Yeah.
1062	11.	Tean.
1063	Q:	It - it'd be something that only if you wanted to do it.
1064	ζ.	it it doe something that only it you wanted to do it.
1065	A:	Right. Well, um, I - I want you guys to figure out and or know exactly what
1066	71.	happened here and, uh, so I wanna be as helpful as I can towards that. Um, I,
1067		you know, my concern is that I'd be - I could be wrong about, you know, that
1068		distance so obviously, um, n-
1069		distance so obviously, uni, n-
1070	Q:	Well, granted, whether you're talking about 10 feet or
1070	Q.	wen, granted, whether you're taiking about 10 leet or
1071	A:	Yeah.
1072	Λ.	i can.
1073	Q:	or 12 feet, this
1074	Q.	or 12 leet, tills
1075	A:	Right.
1070	A.	Right.
1077	0:	isn't - this is not
1078	Q:	1511 t - till5 15 110t
1079	Δ.	Right.
1000	A:	Night.

1081		
1082	Q:	an issue
1083	۸.	Diaha
1084	A:	Right.
1085	0.	as for as we are concerned
1086 1087	Q:	as far as we are concerned.
1087	A:	Mm-hm.
1089	A.	Willi-lilli.
1090	Q:	Okay? Um, ultimately what, you know, w- we've gotta ask you why did you
1091	Q.	engage him with lethal force?
1092		engage min with lethar force.
1093	A:	Yeah. Um, I was in fear for Cody. I thought Cody was about to be or was
1094		being shot or had been shot. Um
1095		oring short of had oven short orinin
1096	Q:	Mm-hm. Okay.
1097	ζ.	
1098	A:	and, um, so I returned fire to stop that threat and I kept shooting until I
1099		thought the threat was stopped which, like I said, I was - I was hoping to see
1100		either him fall or down or the rifle drop. Um, and that's, I guess, what I was
1101		expecting to see.
1102		
1103	Q:	Prior to this, is there anything that he does that makes you think that he's
1104		escalated this and become, I mean
1105		
1106	A:	Um, I knew he was - I - I - I don't know what the best word - I know he was
1107		pissed by the sound of his voice and the thing he said, you know, "Put that
1108		piece a shit away, " as he walks by me.
1109		
1110	Q:	Right.
1111		
1112	A:	So I know he's angry there at the situation or what I did, um, wh- when he
1113		points this way and I tell him, "Whoa, hang on. We're not doin' that." And he
1114		steps back, I don't know if he was, i- if that further made him angry that - that,
1115		you know, a- after - after his cow has been shot now and tellin' him he can't
1116		put it down the way he's planning. I don't know, but - but he - yeah, he was
1117		clearly agitated. I didn't, um, when he had the rifle leveled, I - I really
1118		couldn't tell if that just a horrible, horrible safety problem for every first
1119		responder down here, o- or if it was worse than that. I- to me, I - I - I guess I
1120		just couldn't believe that it could be worse than that. I mean, we're here
1121		because of an accident and there's a cow down. I- it - it didn't make sense to
1122		me that this would rise to the level of a - that kind of a serious anger thing, so
1123		I still - I still was thinking - I - I obviously was concerned for my own safety.
1124 1125		He was sweeping across my belly and all these other people, um, but at that
1123		point, I - I still thought it - there - there ha- it - it couldn't be a possibly a

1126		i-1
1126		violence thing. I- it - it just didn't make sense. We're here over a wreck and a
1127		cow. Uh, I probably should a recognized that sooner. I don't know. Um, but
1128		that - that just didn't seem right and then when Cody stepped forward and he
1129		turned towards Cody, um, it looked more like that 'cause now he's still
1130		leveling it, but it's still that - that - nothing about this made sense.
1131		
1132	Q:	But he's not - he's not up on his shoulder.
1133		
1134	A:	No, it's down
1135		
1136	Q:	It's down
1137		
1138	A:	here still. And
1139		
1140	Q:	Okay.
1141		
1142	A:	and so that's still - I thought, oh my gosh, and this is horrible. He's pointing
1143	***	a rifle but still I thought, um, I'm trying to think of the right word for it. I
1144		mean, it just - unbelievably horrible safety is what I was hoping and - and at
1145		least mostly assuming - as - as he's facing Cody, I could tell he's angry, I
1146		mean, like - like I knew he was angry when he walked by me and said, "Put
1147		that piece a shit away." But, um, when he shoved it forward at Cody, that's
1148		when everything clicked and I thought, "Oh my gosh. Cody's about to get
1149		shot." And, um, and then I heard a shot. And I - I m- m- my concern as I was
1150		bringing the rifle up, I heard a shot and I thought, "I'm too late. I know
1151		Cody's been hit." Or I wasn't gonna take the time to look over and see if he'd
1152		been hit, um, so that's, uh, I thought Cody was either being shot or had been
1153		shot.
1154		
1155	Q:	So from the time you begin to engage, if you can remember, what does Mr.
1156		Yantis do when you start to engage him with - with the rifle fire?
1157		
1158	A:	Um, as soon as I heard the one shot, I think my shot was next, so I don't know
1159		if the first was Mr. Yantis or Cody. I - I haven't talked to Cody about that.
1160		Um, I believe my shot was the second I heard and then I kept hearing other
1161		shots, which, like I said, I - I have to assume it's Cody. Um, my rifle's a lot
1162		louder, but somehow I could hear his, um, his handgun. Um, the best of my
1163		recollection, he had - what I believe he had fired that shot right at Cody, um,
1164		as soon as the shooting started, as far as me firing, he - if I remember right,
1165		pulled the gun in like this and turned like that. If - if you're me, like, you
1166		know, he turned like this so he's aimed a little bit off so now I'm scared that,
1167		you know, if
1168		
1169	Q1:	Because
1170		

	100	Annual and the second
1171	Q:	He's turning back in your direction?
1172		
1173	A:	Yeah, a little bit past me, but - but yeah, so he's - he's - the gun's sort a held
1174		like this so it's up and, uh, um, then as the firing continued, like I said, I - I
1175		just kept expecting to fall or drop the rifle, but if I remember right, he took a
1176		few steps and turned like this and then fell over. Um, and, uh, one of those
1177		bullets apparently hit the gun 'cause as you probably seen, there's - the stock
1178		shattered, um, so. I - I neglected a part of the story if I can go back.
1179		shallered, dim, see it i neglected a part of the story if I can go cach.
1180	Q1:	You can go back.
1181	Q1.	1 ou can go back.
1182	A:	Um, when the - when I got the paramedics after a couple tries to come up to
	A.	
1183		Mr. Yantis, um, he was still clutching the rifle or the - the parts of it that
1184	01	M 1
1185	Q1:	Mm-hm.
1186	120	
1187	A:	hadn't broken off and, uh - uh, I wasn't about to let paramedics work on a
1188		guy while he's clutching a rifle, so I was on this side so the - like the western
1189		side if Mr. Yantis, knelt down, probably on both knees, I reach over and
1190		grabbed the rifle and threw it straight ahead a me. And, uh, if I recall
1191		correctly, it ended up against either the tire or something at the back. I think it
1192		hit that truck. I think it was the tire, so I, um, chucked it that way and it slid,
1193		SO.
1194		
1195	Q1:	How long before, uh, from the time he gets - and, uh, time is irrelevant
1196		
1197	A:	Okay.
1198		•
1199	Q1:	okay, but I'm just trying to g- grasp your actions as - as - as he falls, he still
1200		had gun in hand.
1201		3
1202	A:	Mm-hm.
1203		
1204	Q1:	Okay. What do you do then?
1205	Q1.	Okay. What do you do then.
1206	A:	Um, I think - I think I immediately approached, um, the w- the way he fell on
1207	Λ.	the way it was pointed - it was pointed away from me, uh, I couldn't believe, I
1207		- I don't know how many rounds I fired, but I couldn't believe that he didn't
		1.50
1209		fall earlier or drop the weapon earlier. Um, so I had fired a number of times. I
1210		- I assumed hitting him. I still don't know. I still don't know if I hit him at all.
1211		Um, but I assume that between Cody and myself and the amount of time i-
1212		maybe it was a split second. In my mind, it dragged on because I wanted this
1213		guy to - to stop being a threat so he'd stop. Um, I assumed he was very badly
1214		injured. I - I - at that point wasn't as afraid of him being an aggression. He'd
1215		just fallen away from us and the rifle's like this. So I - if I remember right, I

1216		went up to him right away and I think that's when Cody went to deal with
1217		family members, but I think I went up to him right away to check and make
1218		sure, you know, see what happened, um
1219		
1220	Q1:	But your initial response at that point isn't to separate him from the gun, it's
1221		more to check his
1222		
1223	A:	It - it probably should have been separate from the gun, but no, I - I
1224		in producty one and a coom separate from the gain, out he, i and
1225	Q1:	I - I'm not here to critique.
1226	QI.	1 - 1 m not here to critique.
1227	A:	And - no, I - yeah.
	A.	And - 110, 1 - year.
1228	01.	T' i1.i'
1229	Q1:	I'm just askin'.
1230	×	77 1 37 7 7 11 7 7 1. 1 1 1 1 P.J 1. 1. 1. 1
1231	A:	Yeah. No, I - I thi- I - I wanted to check his condition and get him help, um,
1232		so that's why, like I said, I - I reached over and pulled his shoulder just
1233		enough to where, you know, I could see and feel for - for a pulse and - and,
1234		uh, um, you know, like I said, yelled him at twice. "Can you hear me? Can
1235		you hear me?" And - and got some kind of a groan back. Some - some a noise
1236		at least.
1237		
1238	Q1:	Okay.
1239		A * \$2,50 <b>*</b> 40
1240	A:	N- um, I - at that point, th- the noise, i- it was so, um, I - I don't know how to
1241		put words to it, but I - his reaction to me yelling that, combined with his
1242		condition and combined with what just happened, I - I had very little concern
1243		at that point that he was still a threat, even with the rifle there. I, um, I figured
1244		he was very, very badly injured.
1245		no was very, very saury injured.
1246	Q1:	When he was, uh, from the time that he - he gets to the bull, the only time he
1247	VI.	fires that gun is in the direction of Cody?
1248		thes that gain is in the direction of Cody.
1249	A:	Absolutely. Yes.
1250	A.	Absolutely, 1 cs.
	01:	Is that assessed
1251	Q1:	Is that correct?
1252	۸.	T1
1253	A:	That's correct.
1254	0.1	
1255	Q1:	So he doesn't fire into the bull
1256	****	
1257	A:	No.
1258		
1259	Q1:	he doesn't fire - that - okay, so there's
1260		

1261	A:	Uh, one
1262		
1263	Q1:	the only time that gun
1264		
1265	A:	Yeah.
1266		
1267	Q1:	could a fired is when
1268	Q1.	could a fired is when
	A:	When it's pointed more or less right at Cody. Absolutely. That's the only
1269	A.	
1270		chance it
1271		
1272	Q1:	Okay.
1273		
1274	A:	could of - that's the only time it would a happened.
1275		
1276	Q1:	Okay. 'Cause the gun was fired?
1277		
1278	A:	Yes. Yep.
1279		570575 F10 <b>1</b> 00
1280	Q2:	He's just askin' you, did he shoot at the bull?
1281	Q2.	The 5 just asking you, and he shoot at the our:
1282	A:	Absolutely not. Absolutely not. I stopped him before he did by going for it
	A.	그 가는 아이들이 가는 그들은 그들은 그들은 그를 가는 그를 가는 그를 가는 것이 되었다.
1283		and saying, "Hey, whoa. Stop."
1284	0.1	
1285	Q1:	Okay.
1286		
1287	A:	Um, no, he did not fire at the - at the cow - or the bull.
1288		
1289	Q:	Did you know Mr. Yantis?
1290		
1291	A:	I did not. Um, I didn't know it at the time, I can't remember - I can't
1292		remember when I realized, but I have dealt with him - I believe just once
1293		before
1294		
1295	Q:	Uh-huh.
1296	Q.	On-nun.
	۸.	a favor favor miles un this same highway who estimate five an six miles
1297	A:	a few - few miles up this same highway, uh, estimate five or six miles -
1298		could a been a little further, um, there were - I could point it out. Anyway,
1299		there was a cow hit, um, by a vehicle and, um, I believe that one - the cow was
1300		dead at that time. I - I - if I recall that stop, um, and I called - same thing,
1301		called for, you know, dispatch to notify the rancher and he came out with a - a
1302		trailer, um, and his - his plan was to, I guess, take the cow. That
1303		
1304	Q1:	Any - any confrontation or issues at that point from that
1305		

1306	A:	Um, I wouldn't say confrontation. Um, he was unpleasant with the driver of
1307		the vehicle that had hit the cow, um, and, uh, unpleasant, short. I don't know
1308		what the - the word would be, but, um - um, yeah, he - he - he was, uh, clearly
1309		agitated or upset about the cow being hit and, um
1310		
1311	Q1:	Was he agitated toward you?
1312		
1313	A:	I don't recall if he was or not.
1314	1.11	T don't recan it no mad of not.
1315	01.	IIm Any indication from you know wouldnow within that department Dass
	Q1:	Hm. Any indication from, you know, working within that department. Does
1316		he got a reputation for being agitating towards law enforcement or
1317		
1318	A:	Um, I
1319		
1320	Q1:	anything like that that you knew of?
1321	<b>~</b> ··	
1321	۸.	Nothing at all that I lyany of
	A:	Nothing at all that I knew of.
1323		
1324	Q1:	Okay. Do you have an estimate of the number of rounds that you may have
1325		fired at Mr. Yantis?
1326		
1327	A:	Um, I fully expect this number to be incorrect but my estimate would be
1328	20,000	somewhere around nine or ten rounds. May- maybe less. I - I don't know.
1329		Some - s- it seems like it - it - yeah, somewhere in that range.
		Some - s- it seems like it - it - year, somewhere in that range.
1330	0.1	01 - 17 1, 1 - 1, 0.171 - 1
1331	Q1:	Okay. How was lightening? Uh, I mean
1332		
1333	A:	Um
1334		
1335	Q1:	was there an issue with - I realize there was an accident down below
1336	~~	
1337	A:	Mm-hm.
	Λ.	IVIIII-IIIII.
1338	01	1
1339	Q1:	but was - were there - were there lights that were shining up into this area?
1340		
1341	A:	Uh-huh.
1342		
1343	Q1:	Could you see well?
1344		
1345	A:	Um, I could see - I could see fairly well. There were m- as I recall, if this Mr.
	Λ.	마른 사람들은 사람들은 사람들은 사람들은 사람들은 사람들은 사람들은 사람들은
1346		Yantis' driveway and my patrol car was parked more or less right here, some-
1347		somewhere in this opening.
1348		
1349	Q1:	Mm-hm.
1350		

1351	A:	Um, and I had my overhead lights as well as two black, blue - or bl- back blue
1352		flashers, um, so I'd have red and blue that go all directions and two blues to
1353		the back. So those were on, um, there's some light coming from the - the, uh,
1354		emer- you know, the scene down below and there's also traffic. And I don't
1355		recall at this moment how much there was. I know during times there was
1356		traffic stopped up here and their headlights were shining down so I'd have
1357		those as well. Um, I know, um, I believe I saw the, um, so when Mr. Yantis
1358		walked by me for example, uh, if I'm somewhere out in the road here and he
1359		walked by me, he was loading a rifle as he walked by, um, you know, if I had
1360		had two more seconds, I could of probably s- just a idea of the - the size at
1361		least of the caliber and - and a type of the rifle. There was enough light for
1362		that, it's just that he was walking by me. So there's - there's a fair amount of
1363		light and then when - when this sc- scene happened, um, I didn't activate the
1364		light on my rifle. I didn't need to. Everything going on was, um
1365		inght on my rine. I didn't need to. Everything going on was, ann
1366	Q1:	You remember any vehicles up above you? Headlights shining down into that
1367	Q1.	scene at the time?
1368		seeme at the time:
1369	A:	I don't recall any d- uh, shining down. Um, and I don't know if that's because
1370	A.	
		there weren't any or I just don't remember, but no, I don't remember any
1371		any lights at that time.
1372	01.	01
1373	Q1:	Okay.
1374	A	X7 1 T T C 1 11 T 11 11 11 11 T 11 T 11 11 11 11 1
1375	A:	You know, I - I felt like I could see the, you know, like I said, the - the actions
1376		I've described of him, you know - you know, turning and pulling the rifle and
1377		stuff like that, um, I saw those all pretty well, so I don't know, you know, it's
1378		hard to quantify how much light there was, but I - it seemed like there was
1379		enough to where that wasn't a concern to me.
1380	_	
1381	Q:	Okay. I'd - I'd really like to try and re-approach this, um, the - the distances
1382		issue and - and the reason why is I'm trying to clarify in my mind, um, so
1383		Cody's standing to your left?
1384		
1385	A:	That's correct.
1386		
1387	Q:	Approximately how far would you - would you say?
1388		
1389	Q2:	When?
1390		
1391	Q:	Wh- d- I mean, right prior to the confrontation. I'm talking about when Mr.
1392	W.	Yantis
1393		
1394	A:	Yeah.
1395		

1396	Q:	ex- you know, turns
1397		4
1398	A:	Yeah.
1399		
1400	Q:	past you.
1401		
1402	A:	I'm gonna see if I can recreate this in my mind here. Um, 'cause I wasn't
1403		looking at Cody, but I could - out of the corner of my eye I was aware of him.
1404		Um, I think it was pretty close to the distance you and I are now, so nine to
1405		eight feet - nine feet - something like that.
1406		organ toot anno toot sometimes me tauti
1407	Q:	The distance between
1408	Q.	The distance between
1409	A:	That's
	A.	That S
1410	0.	Codu and way?
1411	Q:	Cody and you?
1412		C-1 - 1 - A - 1 '
1413	A:	Cody and me. A- and again
1414		
1415	Q:	Okay.
1416	9.00	
1417	A:	this is gonna be a - the best
1418	_	
1419	Q:	That's okay.
1420		
1421	A:	estimate I can do. Um
1422		
1423	Q:	It's okay. I'm just trying to get spatial
1424		
1425	A:	Yep. Mr. Yantis
1426		
1427	Q:	relation here.
1428		
1429	A:	I believe was - was, um, sort of like a - a right angle, so - so a little bit
1430		further from me, um, and between him and Cody, it looked to me the - the
1431		barrel was maybe a couple feet from him, um, when he pushed the gun out. A-
1432		again, it happened quick, but that's the way I recall it is the barrel was pretty
1433		close to him when he shoved out. Um
1434		
1435	Q:	That the barrel was close
1436	ζ.	
1437	A:	Close - close
1438	• • •	
1439	Q:	to Cody?
1440	ζ.	2007.
1 170		

1441 1442 1443 1444 1445	A:	to Cody. He pushed out towards Cody and I - the distance I remembered was - was very close. I mean, um, you know, if they'd both taken a step forward and reached ha- uh, hands, I'm pretty sure they could of touched each other. I know they were n- I believe they were very close.
1446 1447	Q:	Okay. So when you're looking at this, you're - you're seeing that rifle out?
1448 1449 1450 1451 1452	A:	Yep. And - and that's where all my focus went. So like I said, I didn't turn to see. I - I never saw Cody's gun, so I, you know, I didn't know if it was out or if it's in a holster at the time. Um, I just saw that, um, the gun come forward, uh, you know, at Cody. Um
1453 1454	Q:	Well if you don't see Cody's gun out
1455 1456	A:	Yeah.
1457 1458	Q:	you're
1459 1460	A:	Yeah.
1461 1462	Q:	you had stated earlier that you thought
1463 1464	A:	Yeah.
1465 1466	Q:	you didn't know if Cody shot first or
1467 1468	A:	Right.
1469 1470	Q:	if Yantis shot first.
1471 1472 1473 1474 1475 1476 1477 1478	A:	Yeah, because I didn't see Cody's gun. I didn't know. I - I didn't know. I - I heard lots of shots as I'm shooting, I heard other shots so at some point Cody's gun was out. I don't know, uh, like I said, my - Mr. Yantis, at that point, was the threat so I wasn't looking to turn to Cody. I was - I was - and maybe it was a lot of tunnel vision. I don't know, but I was looking at Mr. Yantis, um, and like I said, uh, Cody - Cody came forward and that took the frustration and anger, whatever you wanna call it, from me to Cody
1479 1480	Q:	Mm-hm.
1481 1482 1483 1484 1485	A:	as we're both telling him to point the rifle down. I was telling him to point the rifle down. I - I don't recall the command Cody was giving, um, and that's part of how I know where Cody was 'cause he came forward and - and drew that attention off of me. Um, then that's

1.406	0	Will I I II I I C'CN W C'C I
1486	Q:	Well, maybe - maybe you would remember, um, so if - if Mr. Yantis fired, w-
1487		would you have noticed the recoil in his rifle?
1488		M.
1489	A:	No.
1490	0	
1491	Q:	Because you were focused on Mr. Yantis.
1492		
1493	A:	I know. Um, my rifle was, if I reca- maybe I was closer to him than I realize.
1494		Um, as I was bringing the rifle up and as the gun went out and I heard a shot,
1495		um, I don't know if my arms or rifle were blocking - so maybe the rifle's
1496		higher then. I don't know. I didn't, um, I didn't and I know - don't know if I
1497		would have seen or heard, I mean had seen recoil or - or anything like that. I
1498		don't know.
1499		
1500	Q:	Okay. What about, uh, injuries? You - you - I'm - I'm just trying to clarify,
1501		did you say that you didn't know if Cody had been hit?
1502		
1503	A:	That's correct.
1504		
1505	Q:	At any time, did you try and engage Cody about being hit or anything like
1506		that, or?
1507		
1508	A:	Um, after
1509		
1510	Q:	How did that go?
1511		
1512	A:	um, after Mr. Yantis fell, and I believe it was - it was after the - the initial
1513		confrontation with the family members, then I went over and helped them, we
1514		were standing, I believe over on this side of the road again, uh, or maybe
1515		towards the middle, but I know we were back a little ways from my vehicle,
1516		uh, it's like, maybe it was down here. Anyway, we were back a little ways and
1517		Cody said, "Am I hit?" And I was like, "Oh, shit." I know that can get happen
1518		where you get hit and you don't know because of the adrenaline or whatever.
1519		And I said, you know, "Where?" And he said, "On my side." And so I started
1520		yankin' his shirt, untucking his shirt out of his pants and - and trying to feel
1521		and look around to see if there's, you know, if there's blood or anything like
1522		that. Um, I didn't find any- I didn't take his armor off, but I didn't find any a-
1523		find any blood seeping down or anything like that. Um, and he's like, "Oh, I -
1524		I'd - I" He told me that he felt something and, uh, um, I don't recall the way
1525		he described it, but he - he said he, um, when the rifle came out, um, he said
1526		when - when it - when it was fired, he said he was turned - I think it was to
1527		avoid the bullet, but he was turned and then something hurt. So I don't know
1528		if it's a m- I don't know what it was, but - but I checked to make sure he
1529		wasn't hit.

1530

Q:	Okay. Brief- just - I'm sorry.
A:	Yeah.
Q:	Tell me one more time, when did that occur? You said that you guys stepped
A:	Yeah, and I - I believe it was after we got the second family member, s- like I
	said, the first one, um, I wasn't involved in the first on, I - but if I remember
	right, they were handcuffed either on - on the 4-wheeler or sitting down -
	something. And it was after we got the second one, that male that had been
	picking up shells off the scene, we got him in my truck, um, so maybe we're
	standing right back here. I - it was - it was after - I believe it was after we got
	some of that scene more
0:	Okay.
	,
Α.	under control.
20.00	
0.	All right. So
Α.	g 55
A·	Uh
0.	what you can remember is you guys were almost like at a moment of pause
Ψ.	maybe?
	may oc.
A·	Mm-hm.
0.	Or
ζ.	
Α.	Yeah. Yeah.
	Touri.
0.	y- that's - I get - if - if that
ζ.	y that 5 Tgot II II that
Δ.	Yeah.
11.	1 cuii.
0.	makes any sense what I just said.
Q.	makes any sense what I just said.
Δ.	Yeah, there - yeah, there wasn't a huge amount of pause 'cause we're the only
A.	two deputies on this
	two deputies on this
0.	Right. You guys were working
Q.	Right. Tou guys were working
Δ.	Yeah, but
11.	rean, but
0.	on securing the scene, etcetera, etcetera?
Q.	on securing the seeme, etectora, etectora:
	A: Q:

1576		
1577	A:	yeah, but that was pretty important when he says, "Am I hit?" I mean, that
1578		was a, you know
1579		
1580	Q:	So he didn't ask you that like right after
1581		
1582	A:	I don't think it was right after. I think
1583		
1584	Q:	You don't
1585		
1586	A:	I think it was a little bit, like I said - like you said, in a moment of pause
1587		afterwards. Uh, I don't think it was right, right after.
1588		
1589	Q:	Okay.
1590		
1591	A:	Um
1592		
1593	Q:	Okay.
1594		
1595	A:	but as you've seen, some of my, uh, it's - it's hard to recall
1596		
1597	Q:	Yeah. Sure.
1598		
1599	A:	some - some of the - the timing or exact distances. Um
1600		
1601	Q:	I'm just trying to help you refresh your memory because
1602	©	
1603	A:	Yeah.
1604		
1605	Q:	you're - you're making some statements that make me think that, you know,
1606		spatially, you're set back far enough that you see this picture
1607	¥	
1608	A:	Right.
1609	0	
1610	Q:	between Cody and Mr. Yantis
1611		V1.
1612	A:	Yeah.
1613	0.	whom a combound is coming up but you know thous's
1614	Q:	where a - a gun barrel is coming up, but, you know, there's
1615 1616	۸.	Yeah.
1617	A:	I Call.
1618	Q:	there's just some details that, you know, I - I think if you're seeing that pi-
1619	Q.	like for me if I'm seeing that
1620		inc for the first in seeing that
1020		

1621	A:	That I should have seen?
1622		
1623	Q:	picture, that
1624		
1625	A:	Yeah.
1626		
1627	Q:	that maybe you could re- recall
1628		
1629	A:	Right.
1630		
1631	Q:	like the recoil of one gun or Cody's gun being out or
1632		
1633	A:	Right.
1634		
1635	Q:	because if there's a confusion
1636		
1637	A:	That's
1638		
1639	Q:	of - of
1640		
1641	A:	what makes me think I may be much closer than I realize.
1642		
1643	Q:	Okay.
1644	ζ.	onuj.
1645	A:	Um, I - in that that would make more sense that I'm seeing him jut the rifle
1646	11.	towards him without seeing the whole scene, um, and the other thing I know,
1647		when I brought - I have a - a EOTech red dot sight. It's - it's one of the two
1648		fastest sights, I believe, for - for that type of weapon. So bringing it up and
1649		using the red dot is very easy, i- intuitive, quick, and I didn't do that. It was so
1650		close that I brought the gun up like this and I was watching Mr. Yantis while
1651		firing over my gun and at least initially I had no concern. I still don't know if I
1652		hit 'em, but I had no concern at the time about missing. He was close enough
1653		
1654		that I was looking over the gun, um, and, um, some - so maybe even based on
		that, maybe I was closer than I realized. Uh
1655	0.	Olean I was a sale was an amount of this as for as as for as that and in
1656	Q:	Okay. I wanna ask you one more, uh, thing as far as - as far as that and in -
1657		I'm not worried about distances or anything. I'm talkin', um, I - I - I'm trying
1658		to get my mind around how Mr. Yantis responded
1659		
1660	A:	Right.
1661	_	
1662	Q:	to your - to the gunfire.
1663	190	
1664	A:	Right.
1665		

1666 1667	Q:	So if - if we can say, without distance concerns or anything like that
1668 1669	A:	Mm-hm.
1670 1671	Q:	um, Cody
1672 1673	A:	Yeah.
1674 1675	Q:	you, right?
1676 1677	A:	Yep.
1678 1679	Q:	Is that - he - close to you
1680 1681	A:	Yeah, a little bit more space, but yes. Yep.
1682 1683	Q:	Yeah, sure. Cody's to your left?
1684 1685	A:	Yep.
1686 1687	Q:	And I'm Mr. Yantis.
1688 1689	A:	Yep.
1690 1691	Q:	Okay. So he comes across you
1692 1693	A:	Yep.
1694 1695	Q:	points
1696 1697	A:	Yep.
1698 1699	Q:	here. You don't know who shot fi-
1700 1701	A:	Right.
1701 1702 1703	Q:	You just know you didn't shoot first
1704 1705	A:	I know that. As I was bringing the gun up, I heard a shot and I was concerned. I was too
1706 1707	Q:	Okay.
1708 1709 1710	A:	late to help Cody.

1711	Q:	All right. And then the gunfight breaks out?
1712		
1713	A:	Mm-hm.
1714		
1715	Q:	Talk me through how to turn as
1716		
1717	A:	Yeah.
1718		
1719	Q:	I'm Mr. Yantis.
1720	Ψ.	In Ivit. I wildy.
1721	A:	Yep. Uh, during the first - very few, you know, I don't know if that's two or
1722	71.	three, but during the r- first very few rounds, you would have crossed me and
1723		then aimed right about up - ri- probably right here at first with - with the rifle.
1724		Then as more shots fired, you'd continue turning that way. Bo- bring the rifle
1724		
		close to your body and eventually fall over to your left side.
1726	0.	Olean
1727	Q:	Okay.
1728	A	
1729	A:	Or
1730	0	
1731	Q:	So he's doing
1732	4	¥
1733	A:	yeah.
1734		
1735	Q:	basically this kind of motion?
1736		
1737	A:	Yes, 'cause
1738		
1739	Q:	Here
1740		
1741	A:	Yep.
1742		
1743	Q:	and then down?
1744		
1745	A:	That's - that's the way I recall it, yes.
1746		Activated and international activities and the state of t
1747	Q:	Okay. Okay. Okay. I think that's all the clarifying questions I wanted to ask.
1748		Sergeant Boone, if you, uh, have any others.
1749		
1750	Q1:	Um, you remember weather, temperature, anything like that?
1751	Ç-,	, y
1752	A:	I don't remember any precipitation, um, obviously dark with the exception of
1753	• • •	the lights, um, the wind was blowing - I don't know miles per hour, but - but
1754		somewhere around five, six, to eight miles an hour roughly this direction, uh,
1755		a- in relation to the roadway, um, uphill. Uh, I know, uh
1733		a- in relation to the roadway, um, upinii. On, i know, un

1756		
1757	Q1:	Why do you
1758		
1759	A:	Um, I didn't notice that at the time, like right at the moment, but very shortly
1760		after, there were little bits of - what it first look like little bits of cotton ball or,
1761		you know, almost like you'd have it off a cottonwood tree, blowing up the
1762		street, and it took me a second, it was sort of surreal, to figure out what in the
1763		world is that? Uh, I believe it was stuffing from Mr. Yantis' jacket and it was
1764		moving that direction.
1765		moving that direction.
	01.	Olassa All sight
1766	Q1:	Okay. All right.
1767	0	
1768	Q:	You've had time, I mean, you've had a couple days to digest this, um, in your
1769		mind and, you know, we've - we've just re- re-lived everything from
1770		beginning to end. Is there something that he could have done different that
1771		would have prevented you guys from engaging him with lethal force?
1772		
1773	A:	Absolutely. Um, at - at - at any point, um, at any point, he could of, um, well,
1774		honestly, we - we didn't engage him when he was sweeping across me and the
1775		other I, uh - uh, um, all these first responders and myself, we didn't engage
1776		him them. So even - even not pointing the rifle down may have been just fine
1777		for him. It was, um, so - so, yes, what he could of done to - to prevent that is
1778		not shove the rifle towards Cody, um, and - and nothing other than that, um
1779		net site to the time to the day, and, and and nething other than that, and
1780	Q:	And - and
1781	ζ.	7 Hd und
1782	A:	yeah.
1783	11.	y can.
1784	Q:	in your mind, he shot at Cody?
1785	Q.	in your mind, he shot at cody:
1786	A:	Yes. I - I believe
	A.	res. 1 - 1 believe
1787	0.	A = =11 ====14
1788	Q:	A- a- all right.
1789	P <b>A</b> 100	1 11
1790	A:	yeah, I be-
1791		THE STREET, ST
1792	Q:	Well, I mean, we're
1793		
1794	A:	Yeah.
1795		
1796	Q:	You're gonna - you're gonna hear all kinds of different things, all right?
1797		
1798	A:	Yeah.
1799		
1800	Q:	But we're interested in what you believe happened.
	3.50V	The state of the

1801	T.	D' 1.
1802	A:	Right.
1803	0.	Not you become
1804	Q:	Not, you know
1805	A .	A - 1 T
1806	A:	And I - I don't - it probably sounds weird 'cause everything happened so fast.
1807		When that shot happened and I started shooting and then I - I assumed he had
1808 1809		shot at Cody and I didn't know if Cody was hit or not and I, you know, wasn't
1810		gonna take a second to look, um, as I was shooting, then I heard Cody
1811		shooting. And I didn't know, um, all of a sudden, i- I had somehow time in
1812		that moment to go, "Oh, if that wasn't him shooting." I know he threatened him. He shoved it out at him. If that wasn't him shooting, there's a still a
1813		round in that gun, and the chamber, and it's a bolt action. They usually have
1814		easy triggers so I was very concerned when it came across me and was still
1815		being held like this that - that he's ready to fire again. So I had both
1816		possibilities were in my mind. Um, not when I started - when I started
1817		shooting, I - I believe that Cody had been shot at. Um, but, you know,
1818		whatever that was a half second later, I thought, "Oh, shoot, you know, he
1819		may be ready to shoot again."
1820		may be ready to shoot again.
1821	Q1:	Okay. I'm - I'm good.
1822	<b>V</b> 1.	onay. 1 m 1 m good.
1823	Q:	All right. You have anything?
1824	ζ.	
1825	Q2:	No, I - no, no I think he's adequate. I mean, the - I think the important part,
1826		he's touched on it two or three times, is notwithstanding everything that I'm
1827		seeing on social media and the news channels, the rancher having a gun there
1828		didn't create any concern.
1829		Control of the Artificial Control of the Control of
1830	A:	No.
1831		
1832	Q2:	That was a welcome sight at that point. And, y- I think he's described that that
1833		as even as he's muzzling folks with that rifle, there's no - it's not like a typical
1834		scenario, no- but there's not urgency or that fear yet until he points at Cody.
1835		But I think he's gotten that out, 'cause it's not - this isn't a typical scenario.
1836		Not that any of them are typical.
1837		
1838	Q:	Okay. No v- um, uh, one - one last question. Do you recall s- making or do
1839		you recall Cody making any verbal commands to Mr. Yantis prior to the
1840		shots?
1841	I.N.Cor	
1842	A:	Uh
1843		
1844	Q:	As far as the, you know
1845		

1847 1848 Q: The - the - the moving around  1850 A: Okay. 1851 1852 Q:or any of it. 1853 1854 A: Um, I - I yelled at him twice, uh, to point the rifle down because he's - he's going like this with it. I yell at him twice to point it down. I heard Cody making commands and like I said, that's what, I believe, he - Cody stepped up and really, uh, helped me because he stepped up giving commands, which took the anger and the frustration or whatever away from me onto Cody, um, and I have no idea what those commands were, but he was issuing some sort of command. I, you know, we can assume that it would been something along the lines of put it down or drop it, but - but I don't know what they were. Um, so I gave two loud commands. I - and I know Cody gave commands, I just don't know what they were.  1863 Q: Okay. 1864 1865 Q: Okay. 1866 A: It was - it was either while he was making those commands or - or very, very immediately afterwards when they shoved the rifle - extended like that at Cody.  1870 Q: All right. Okay. Thank you very much. I'm gonna go ahead and conclude the interview and I have 4:13 pm. 1871 The transcript has been reviewed with the audio recording submitted and it is an accurate transcription. 1877 Signed	1846	A:	as - as far as it being jutted out or the moving around?
1849 1850 A: Okay.  1851 1852 Q:or any of it.  1853 1854 A: Um, I - I yelled at him twice, uh, to point the rifle down because he's - he's going like this with it. I yell at him twice to point it down. I heard Cody making commands and like I said, that's what, I believe, he - Cody stepped up and really, uh, helped me because he stepped up giving commands, which took the anger and the frustration or whatever away from me onto Cody, um, and I have no idea what those commands were, but he was issuing some sort of command. I, you know, we can assume that it would been something along the lines of put it down or drop it, but - but I don't know what they were. Um, so I gave two loud commands. I - and I know Cody gave commands, I just don't know what they were.  1860 Q: Okay.  1864 A: It was - it was either while he was making those commands or - or very, very immediately afterwards when they shoved the rifle - extended like that at Cody.  1870 Q: All right. Okay. Thank you very much. I'm gonna go ahead and conclude the interview and I have 4:13 pm.  1874 The transcript has been reviewed with the audio recording submitted and it is an accurate transcription.	1847		
1850 A: Okay.  1851 1852 Q:or any of it.  1853 1854 A: Um, I - I yelled at him twice, uh, to point the rifle down because he's - he's going like this with it. I yell at him twice to point it down. I heard Cody making commands and like I said, that's what, I believe, he - Cody stepped up and really, uh, helped me because he stepped up giving commands, which took the anger and the frustration or whatever away from me onto Cody, um, and I have no idea what those commands were, but he was issuing some sort of command. ### M15000140

Supplement No 0051

## YANTIS HISTORY Idaho State Police

#### **Narrative**

- 1. On November 11, 2015 I received an electronic storage device (thumb drive) (Tag #150003093 Item #1) from Adams County Chief Deputy Jeff Brown. The thumb drive contained a list of Adams County Law Enforcement contacts with Jack Yantis and Rowdy Paradis.
- 2. Yantis had a total of 76 incidents listed for himself or his residence. 72 of those listed contacts were livestock related, one driving under the influence, one suspicious circumstances involving a hitchhiker near Yantis' residence, one where Yantis was injured falling off a horse, and the officer involved critical incident.
- 3. On December 1, 2015 I searched Yantis criminal history on the Idaho repository. Yantis record showed he had a misdemeanor and infraction citations for the following:
- a. I.C. 49-1001 (Infraction) Weight exceed allowable gross load issued June 14, 2004 with a guilty disposition entered June 21, 2004 and a \$349.00 fine.
- b. I.C. 49-319 (Misdemeanor) Driving with expired license issued May 6, 2002 with a guilty disposition entered September 13, 2002 and a \$77.00 fine.
- c. I.C. 18-8004 (Misdemeanor) Driving under the influence issued May 6, 2002 with a guilty disposition entered November 18, 2002, a \$600.00 fine, 30 days in jail with 27 days suspended.
- d. I.C. 23-505 (Misdemeanor) Unlawful transport open container (alcohol) issued May 6, 2002 with a guilty disposition entered November 18, 2002 and a \$75.00 fine.
- e. I.C. 18-903 (Misdemeanor) Battery of an Officer issued June 12, 1997 which was dismissed by the court November 10, 1997.
- f. I.C. 18-705 (Misdemeanor) Resist or Obstruct Officers issued June 12, 1997 with a guilty disposition entered November 10, 1997, \$300.00 fine, and a withheld judgment.
- 4. On December 1, 2015 I received court records pertaining to Yantis' 2002 DUI/Open Container case and 1997 Battery of an Officer/Resist and Obstruct case from the Adams County Magistrate Court.

### Description

REPORTS THAT THE NEIGHBORS DOG HAS BEEN BARKING SINCE 2AM, STATES THAT HE HAS COMPLAINED ABOUT THIS DOG BEFORE, ALSO STATES THAT HE WALKED DOWN AND THE DOG IS AT

**2303**I SPOKE TO COUNCIL ANIMAL CONTROL OFFICER DAN LISH ON 08-31-2001, AT APPROXIMATELY 0835 HOURS, AND DISCUSSED THE ISSUE WITH HIM. HE SAID THAT THE OWNER OF THE DOG, ROWDY PARADIS, WAS OUT OF TOWN FOR THE NEXT MONTH, AND THAT THE GIRLFRIEND WAS SUPPOSED TO BE TAKING CARE OF THE DOG. HOWEVER, SHE IS USU ALLY NOT HOME AND ALLOWS THE DOG TO WANDER. I SUGGESTED TO LISH THAT HE IMPOUND THE DOG AND LEAVE A NOTE FOR THE OWNER, SINCE THE DOG IS NOT BEING PROPERLY CARED FOR AND IS CAUSING A NUISANCE, AND THE OWNER IS IN VIOLATION OF

**0001** DAN LISH CALLED AND ADVISED GOT AHOLD OF ROWDY'S MOTHER AND SHE WILL TAKE CARE OF THE DOG. IF ANY MORE PROBLEMS ADVISE MARLENE OVER THE WEEKEND AND SHE WILL TAKE CARE OF IT.

PARTY

Description

REPORTS THAT HE ARRIVED HOME LAST NIGHT FROM MONTANA AND HE LEFT HIS HOUSE AT APPROX 6:30. HE SAYS THAT WHEN HE ARRIVED BACK HOME THIS AM AT 5:30 HIS WINDOW WAS SMASHED AND THERE WERE BEER BOTTLES ON THE TABLE INSIDE. **2306** I ARRIVED AND THE RP ADVISED THAT IT WAS ONE OF HIS FRIENDS THAT WAS DROPED OF AND WAS COLD. RP DID NOT WISH TO PURSUE ANY COARSE OF ACTION INVOLVING THIS DEPARTMENT.

On 12/2/2015 I, Danielle Hendershot received a Gun Shot Residue kit from RJ Lee Group. The Gun Shot Residue kit was collected from the uniform shirt and uniform pants of Cody Roland Tag 150002761 Items 25 and 26. I packaged the Gun Shot Residue kit according to ISP policy and it will be kept in the ISP D3 evidence vault.

JAKE-Cel-

Annie Eich I saw this posted. "This is from a lady whom was there: Susan Gregersen Let me put you folks straight on this. The bull was hit, the cops came, dispatch called Jack to come, they knew it was his bull! One cop shot the bull but didn't kill it, Jack came like dispatch asked of him, with his gun to put the bull down, cops freaked out, and shot Jack 5 times! His wife suffered a major heart attack and was life flighted to Boise! Hope those cops had there all important body cams on!! Prayers please for our community, we are going to need it!"

NOT THERE

Re PostED.

# Roger and Marcy Combs

They arrived at the scene at the same time as a deputy in a silver pickup. They did not know about the crash until they were at the scene and saw the bull in the road. They were waived through the crash scene and did not see Jack Yantis on the scene or any interaction of Yantis with the deputies. They stated that Tom Gatlin (phone number who works for the Forest Service saw the same thing they did as they were waived through the scene at the same time.

Call Ins on CITF

Ken, Here are the two calls I took.

Took call on 11-03-15 at 1637.

Melissa Noah

She called and said she and her husband came through the crash on Sunday night. They were there before EMS or Police. They were allowed to go by the crash. She did see the bull was hurt and moving around. Nothing further.

Took call on 11-05-2015 at 1540.

Richard Johnsrud

He was the 2nd car back, going north on Highway 95. Police officers were already there. EMS were working on the car. He was allowed to pass through the crash scene.

When he got home, just north of the scene, he heard 3 or 4 real quick shots, a pause and then 3 or 4 more shots. He couldn't tell if there was a difference in the sounds of the shots.

Comment: FEMALE SAW THE ACCIDENT. RIGHT NEXT TO BULL. SAW CLOCK - 706 - RIGHT AT DRIVEWAY AND BULL WAS UP AT TOP AT GATE. WATCHED HIM WALK DOWN HILL - THOUGHT IT WAS THE PERSON WHO SHE HELPED MOVE COWS FOR. WAS LOOKING FOR COWS/BRAND AND KNOWS HOW THE BULL WAS ACTING. DIDN'T WITNESS THE SHOOTING. WAS TRYING TO CONTACT OWNER OF THE BULL. WAS TEXTING TWO MEN FOR THE AREA AND THEN A HOLD OF LARRY AND HE CALLED DISPATCH. SHE ASKED THE OFFICER WHOSE BRAND WAS THERE - HAD A RED AND YELLOW TAG AND THEY WOULDN'T TELL HER SAID

THEY HAD IT UNDER CONTROL AND SHE WAS

TO MOVE ON. SHE SAID HE WASN'T
