Re: The Prosecution of Child Sexual Abuse

With this letter, we submit the annual report for Fiscal Year 2021 on the prosecution of child sexual abuse in Idaho.

Fiscal Year 2021 saw an increased number of reported incidents of child sexual abuse over the previous year, with 801 reported incidents compared to 796 the previous year, representing a 0.6% increase. Likewise, the total number of child sexual abuse cases filed rose to 1,033 cases, representing a 6.2% increase over the previous year. Both the number of reported incidents and filed cases are the highest numbers reported since data collection began.

Although it is unknown exactly why these numbers increased, it is likely that the Covid-19 pandemic was a contributing factor, as many people stayed home during work and school hours. Similarly, Idaho continues to experience a growing population, which logically translates into more incidents of child sexual abuse. Regardless of the exact cause for the increased number of incidents, this report emphasizes the serious nature of the problem, and highlights the need for enhanced efforts to combat child sexual abuse.

Those efforts require an ongoing commitment of public and private resources, supported by a strong collaboration that includes families, schools, churches, community and professional organizations, law enforcement and other public agencies. It is only through vigilance and a dedicated commitment by society, supported by adequate funding and resources, that we can meet our responsibility of protecting Idaho's children.

Sincerely,

State of Idaho

HISTORICAL OVERVIEW OF ANNUAL REPORT

With the passage of House Bill 362 in 1989 (adding § 67-1405 to the Idaho code), the duties of the Attorney General were expanded to include preparation of an annual statistical report regarding child sexual abuse in Idaho. The annual reports presented to the Idaho Legislature since 1990 are available at <https://www.ag.idaho.gov/office-resources/sexual-child-abuse-reports/>.

The collection of data and preparation of this report for FY2021 is the result of the Attorney General's staff efforts to prepare a report that complies with the statutory directives of I.C. § 67-1405. This report is jointly submitted by Governor Brad Little and Attorney General Lawrence Wasden.

DATA COLLECTION PROCESS

This report includes data on FY2021 (July 1, 2020 to June 30, 2021) child sexual abuse incidents reported to the Department of Health and Welfare, the adult and juvenile child sexual abuse cases filed by county prosecutors, the dispositions of the child sexual abuse cases, and information concerning the discharge of inmates who were convicted of child sexual abuse crimes. The process of gathering information included in this report was initiated at the close of the fiscal year in July 2021.

In keeping with the intent of I.C. § 67-1405, the Office of the Attorney General collected data through systems and processes presently utilized by the contributing governmental entities. For example, information concerning the reporting of child sexual abuse incidents was gathered from “Facts, Figures, Trends, 2020-2021: A report prepared by the Idaho Department of Health and Welfare.” FY2021 case and disposition information was initially obtained through the Supreme Court’s statewide case management database and then presented to each county prosecutor’s office for review and verification. Discharge and parole release information was collected from existing Commission of Pardons and Parole FY2021 data.

In this report, the Office of the Attorney General has endeavored to collect and include child sexual abuse data pertaining to: (1) incidents; (2) cases; (3) dispositions; and (4) discharged inmates as required by I.C. § 67-1405. This report includes cases involving the following statutory sexual offenses involving children:

- Injury to Children (I.C. § 18-1501)
- Sexual Abuse of a Child Under the Age of Sixteen Years (I.C. § 18-1506)
- Ritualized Abuse of a Child (I.C. § 18-1506A)
- Sexual Exploitation of a Child (I.C. § 18-1507)
- Possession of Sexually Exploitative Materials (I.C. § 18-1507A)
- Lewd Conduct With a Minor Child Under Sixteen (I.C. § 18-1508)
- Sexual Battery of a Minor Child Sixteen or Seventeen Years of Age (I.C. § 18-1508A)
- Enticing of Children (I.C. § 18-1509)
- Enticing of Children Over the Internet (I.C. § 18-1509A)

Consistent with the statutory mandate, this report includes only information available through existing systems and resources relating to reported incidents, cases filed, dispositions, and offenders discharged in child sexual abuse cases involving the above statutory sections.
