## **DESCRIPTION**

This workshop is for law enforcement, probation officers, teachers, school administrators, treatment providers and counselors. This session is unique, in that it provides over 120 visual aids for attendees to hold and become familiar with. In today's culture everything is person-specific and has different meanings to different individuals. For each person to help prevent youth and adult substance abuse, you **MUST** know what is going on in your community.

This session will not only identify what some of those products are, it will show attendees behaviors associated with them and how that can impact a young person, family or community, who might be associated with this environment.

## **TOPICS COVERED IN THE TRAINING**

This workshop covers alcohol and drug clothing, alcoholic energy drinks, alcopops, alcohol and drug concealment methods and containers, drug paraphernalia, drug related music and groups, logos, stickers, new technology, youth party tendencies, party games, non-traditional alcoholic beverages, social networking sites, synthetic drugs, OTC drugs, inhalants, concentrates, E-cigarettes, and popular party drugs.

---

Good Morning Stephanie –

In response to the email and pursuant to the conversation we had earlier today, we ask that you consider the information and below/attached in support of our use of the opioid funds.

**\$718 for Registration to attend the Northwest Alcohol Conference:**

- Please see the attached information regarding the Conference scheduled on July 24-25.
- Please note that the event was not limited to alcohol use. It included speakers specifically addressing opioid use.
- The two Washington County Employees that attended the event were Juan Sanchez (Washington County Juvenile Probation Officer) and Sgt Jamie Rebman (Washington County Sheriff's Office).

**\$500.00 – DUI Car**

- Please change classification from I.1 to G.9 (school-based or youth-focused programs or strategies that have demonstrated effectiveness in preventing drug misuse and seem likely to be effective in preventing the uptake and use of opioids).
- The vehicle purchase was used as a visual aid at local schools for discussions regarding impaired driving, which included opioid/alcohol use.

Please let me know if you have any questions or if you require anything additional.

I look forward to hearing from you whether the additional information provided was sufficient.

Thank you.

*Brenda Lee*
