RE: Notice of Disclosure of Personally Identifiable Information

To Whom it May Concern:

In accordance with Idaho Code §33-133, the purpose of this letter is to notify you of an unauthorized data disclosure that occurred in the Bliss School District #234 on December 9, 2024. An unauthorized data disclosure is the intentional or unintentional release of personally identifiable information (“PII”) to an unauthorized or untrusted environment. I have personally investigated this matter and determined that the disclosure was accidental.

The District holds its responsibility to protect student data and confidential information in the highest regard. As we continue to follow up on this matter, we will review our existing policies and work with our staff to ensure that the procedures we have in place provide proper protection of confidential student information as required by Idaho and federal law. We also welcome your questions should you have continued concerns about your child’s information.

Sincerely,

Matt Valadao
Superintendent
Bliss School District #234
