Re: PowerSchool Data Breach

To Whom it May Concern:

I am writing to inform you that the Mountain Home School District received an email notice from PowerSchool (student information system) that there has been a data breach impacting numerous school districts. We are working closely with PowerSchool to see what the impact was specifically to Mountain Home School District student information. If we can confirm that our student's information was breached, we will send a notice to our parents detailing what occurred and how it has been remedied.

If you have any additional questions, please contact me at (208)587-2570 or through email at gilbert_jg@mtnhomesd.org

Sincerely,

James G. Gilbert
Superintendent
Mountain Home School District #193
