She stated that the Office of Emergency Management (OEM) Administrative Assistant Andrea Littlefield would be taking over management of the funds from BOCC Senior Business Analyst Nanci Plouffe.

Chair Duncan reported that the Jail had been keeping track of the amount they were spending on opioid treatment, which was about \$15,000 per month. She suggested that the Jail be considered first for reimbursement of those expenses, then to use the rest for Narcan and allowable expenses in the other public safety departments.

Commissioner Mattare asked if there would be any of the money put toward preventive services.

Chair Duncan stated that the County did not currently have a preventive program available.

Ms. Hildreth confirmed that this was not a grant, although they were tracking it the same way they would a grant, so the proper documentation could be produced, if needed.

Chair Duncan remarked that Juvenile Probation might be the best group to consider, in terms of preventive measures; they might be able to use it for part of their curriculum.

Chair Duncan thanked Ms. Plouffe for her five years of excellent service to the County and wished her well in her upcoming retirement.

Civil Deputy Prosecuting Attorney R. David Ferguson suggested that the item be brought to next week's Business Meeting as a Resolution.

Chair Duncan explained that the Restoration Partnership was accepting applications for projects for Basin cleanup. She noted that they did not give a great deal of time for it this year, so the Natural Resource Board was not able to get the BOCC the specific language that they wanted the Commissioners to support for their projects.
