**NOTICE OF SECURITY INCIDENT**

Dear Attorney General,

Dechert LLP, outside counsel for Humana, notified Humana on February 27, 2026 that Pillsbury Winthrop Shaw Pittman LLP, outside counsel for the plaintiff in AAAPC v. Humana, experienced a cybersecurity incident affecting Humana documents. The breach occurred when an unauthorized threat actor used social engineering tactics to convince a Pillsbury employee to enable access to the firm's systems. The unauthorized user accessed a file server containing discovery documents and exfiltrated certain materials produced by Humana in the litigation. Dechert, which continues to defend Humana in the underlying ongoing antitrust matter, initially communicated the breach notification.

The event is still under investigation. Further information will be provided as it becomes available.

Sincerely,

Privacy Office
