Hello,

Please allow this to serve as notification concerning a recent data incident at Conquest Adventures, LLC.

On June 12, 2026, Conquest Adventures became aware of a data incident and a ransomware attack. The unknown entity briefly accessed the system and encrypted data. On July 14, 2026, we determined that certain individuals' personal data could have been accessed by the unknown intruder. To date, no evidence of misuse of any information has been found. The compromised information includes information such as name, address, driver's license numbers and passports.

868 individuals have been found to be affected by this breach, including 11 residents of Idaho.

Conquest Adventures has worked diligently to further strengthen the security of its systems to the highest possible level. As cybercriminal techniques become more sophisticated, so will the protection mechanisms to secure its systems from unauthorized access. Conquest Adventures has implemented additional safeguards to improve security within its infrastructure and will continue to take additional steps to protect related data from theft or similar cybercriminal activity in the future.

In addition, Conquest Adventures is offering identity theft protection services through IDX.

Please let me know if there is anything you require at this time.

Best,
Kyle Sullivan
