Re: Notice of Data Security Incident

Dear Attorney General Labrador:

This notice is provided on behalf of the Jerome Joint School District ("JJSD"). On October 17, 2026, JJSD discovered ransomware on its computer network. JJSD immediately began working with legal counsel and a nationally recognized cyber security and digital forensics firm to contain the incident, securely restore operations, investigate the scope of the incident, and mitigate any resulting harm. JJSD notified federal law enforcement of this incident and will cooperate with any investigation.

Through its ongoing investigation, on October 26, 2026, JJSD determined that this incident likely impacted personal information, as defined by Idaho law. Upon completing its investigation, JJSD will provide written notification to affected individuals, together with an offer of complimentary credit monitoring where appropriate.

Please do not hesitate to contact me if you have any questions or concerns.

Sincerely,

Matthew H. Meade, Esq.
